SPECIAL BULETIN

RE: ABDUCTION AND SEXUAL ASSAULT

DATE: 28 MAY 1985

~~Revised in:~~

On Tuesday May 28, 1985 at approximately 10AM an 11 year old town of Stephenson girl who had missed the school bus and was walking to school, was abducted and sexually assaulted.

~~Completed:~~

The girl was walking on Newton Lake Road near North Zak Lane in the Township of Stephenson approximately 7 miles north/west of Crivitz when an unknown male ran from the woods, grabbed her and pulled her into the woods where he made her lay face down, removed (pulled down) her jeans and underpants and began assaulting her [REDACTED]. She screamed and he cupped his left hand over her mouth. She bit him between the left thumb and forefinger and he let her go. He removed her shoes, threw them into the brush and ran in a northwesterly direction back across Newton Lake Road.

SUSPECT: W/M, 5-7, dark brown hair, heavy build with a "beer belly."
When he grabbed the girl he was not wearing any clothing. He had a red and brown plaid flannel shirt tied around his head and wore ankle length moccasins on his feet.

Prior to the assault, a vehicle passed her three times while she was walking. Vehicle may have been driven by suspect.

VEHICLE: Brown pickup truck, make and license unknown, with one or more orange stripes on the bed.

NOTE: When victim was first interviewed she described the vehicle as looking something like a cut down van, van front end and pickup box, however when talked to a second time victim stated that the vehicle did have a nose on it similar to a pickup.

so we are presently looking for any pickup or cutdown type vehicle, (own with the orange stripes).

ATTN: MENOMINEE PD

Be advised that a citizen reported seeing an old Ford econolin type cut down brown pickup fitting description at Henes Park on the afternoon of 6-5-85
