CURRICULUM VITAE

Name: LESLIE E. EISENBERG
Current Address: 6228 Trail Ridge Court
Oregon, Wisconsin 53575
Tel.: (608) 835.8282
Fax: (608) 835.8756
E-mail: nnnsic@aol.com

MANITOWOC COUNTY
STATE OF WISCONSIN
FILED
DEC 6 2005

Business Address: Burial Sites Preservation Program
Wisconsin Historical Society
816 State Street
Madison, Wisconsin 53706
Tel: (608) 264.6503
Fax: (608) 264.6542
E-mail: leeisenberg@whs.wisc.edu

CLERK OF CIRCUIT COURT

EDUCATION:

1997 Diplomate (Board Certification), American Board of Forensic Anthropology.
1986 Ph.D. in Anthropology, New York University.
1981 M.A. in Anthropology, New York University.
1976 B.A. in Anthropology, State University College at New Paltz, New York. Senior year abroad at the Centre Linguistique and the Université de Besançon, France.

POSITIONS HELD:

2004 Acting Section Head, Office of State Archaeology & Burial Sites Programs (WHS).
2001-2004 Program Coordinator, Local Assistance Program, Division of Historic Preservation, Wisconsin Historical Society.
1999-2000 Acting Head, Compliance Section, Division of Historic Preservation, Wisconsin Historical Society, Madison.
1998-1999 Legislative Liaison, Wisconsin Historical Society, Madison, (Temporary reassignment, July 1998-July 1999).
1996-present Honorary Fellow, Department of Anthropology, University of Wisconsin-Madison.
1998-present Consultant in Forensic Anthropology, Hennepin County (MN) Medical Examiner.
1993-present Program Coordinator, Burial Sites Preservation Program, Division of Historic Preservation, Wisconsin Historical Society, Madison.
Consultant in Forensic Anthropology, State Office of Chief Medical Examiner, Hartford, Connecticut.
1992-93 Scientist in Residence, Department of Anthropology, Lehman College.
1990-1991 Assistant Professor, Department of Anthropology, New York University.
1990 Adjunct Assistant Professor, Department of Anatomical Sciences, New York Chiropractic College.
1989-1990 Adjunct Assistant Professor, Department of Anthropology, New York University, Adjunct Assistant Professor, New York University School of Continuing Education (Undergraduate Degree Program for Adults).
1989 Adjunct Assistant Professor, Department of Anthropology, New York University.
1988-1989 Visiting Scholar, Department of Anthropology, New York University.

PLAINTIFF'S EXHIBIT
No. 10 JB
12-06-05
05CF381

- 1987-1988 Archaeologist, U.S. Army Corps of Engineers, New York District.
Responsibilities included writing scopes of work, monitoring on-going projects, reviewing archaeological reports; coordination with State Historic Preservation Offices, the Advisory Council on Historic Preservation and project engineers; working knowledge of State and Federal preservation regulations and guidelines.
- 1987 Instructor, Department of Anthropology, Adelphi University, Garden City, NY.
- 1986-1993 Consulting Forensic Anthropologist, Office of Chief Medical Examiner, New York City.
- 1986-1987 Operations Assistant, Academic Computing Facility, New York University.
responsibilities included providing statistical consulting assistance to faculty and student mainframe computer users.
- 1986 Instructor, Department of Anthropology, New York University.
- 1983 Instructor, Department of Anthropology, New York University.

APPOINTMENTS:

- 2003 Member, Wisconsin Disaster Management Organization
- 2001-present Advisory Board Member, Forensic Science Certificate Program, Fox Valley Technical College, Appleton, Wisconsin.
- 2001-2003 Standards Board Member (elected) Register of Professional Archaeologists.
- 1999-2005 Board of Directors (elected), American Board of Forensic Anthropology.
- 1999-2000 Standards Board Alternate (elected), Register of Professional Archaeologists.
- 1988-2000 Invited Member, Cemetery Task Force Committee. Wisconsin Department of Regulation and Licensing.
- 1998 Certification Committee Member (elected), Register of Professional Archaeologists.
Nominations Committee Member (elected), Society for American Archaeology.
- 1996 Chair, Nominations Committee (elected), Society of Professional Archaeologists.
- 1995 Certification Committee Member (elected). Society of Professional Archaeologists.
Appointment (as Forensic Anthropologist) to Disaster Mortuary Operational Response Team (DMORT), Region V. National Disaster Medical Service.
- 1994 Nominations Committee Member (elected), Society of Professional Archaeologists
- 1988-1993 Executive Board Member (Trustee) New York State Archaeological Association, Metropolitan Chapter.
- 1988 Executive Board Member, Professional Archaeologists of New York City.

BOARDS AND COMMITTEES (Professional Service):

- 2002-2005 Secretary (elected), American Board of Forensic Anthropology.
- 2003 Chair, Standards Board, Register of Professional Archaeologists.
- 2000-2003 Standards Board Member, Register of Professional Archaeologists.
- 2001 Steering Committee Member, Midwest Archaeological Conference.
- 2000-present Wisconsin Historical Society Collections Disaster Committee.
- 1999-2005 Board Member, American Board of Forensic Anthropology.
- 1999-2000 Chair, Committee on Eligibility for Board Certification, American Board of Forensic Anthropology.
- 1999-present Member, Cemetery Task Force, State of Wisconsin Department of Regulation and Licensing.
- 1996 Co-Chair, Scientific Committee, Paleopathology Association Annual Meeting, St. Louis, Missouri, April 1-2.
- 1993-present Editorial Board Member, International Journal of Osteoarchaeology, John Wiley & Sons, Ltd., Chichester, England.
- 1990-1991 Co-Chair, Paleopathology Association Program Steering Committee.
- 1983-1994 Editorial Board Member, Paleopathology Newsletter.

1987-1988 Member, Preservation Database Committee (J. Rose, Organizer), Paleopathology Association.

PROFESSIONAL ORGANIZATIONS:

American Academy of Forensic Sciences (Fellow)
 American Board of Forensic Anthropology
 International Association for Identification
 Paleopathology Association
 Register of Professional Archaeologists
 Society for American Archaeology

REGIONAL ORGANIZATIONS:

Charles E. Brown Archaeological Society, Madison Chapter
 Middle Cumberland Archaeological Society
 Southeastern Archaeological Conference
 Tennessee Council for Professional Archaeology
 Wisconsin Archaeological Survey
 Wisconsin Association for Identification
 Wisconsin Association of Homicide Investigators
 Wisconsin Coroners and Medical Examiners Association

PUBLICATIONS:

RESEARCH GRANTS, AWARDS & HONORS:

- 2005 Elizabeth A. Steinberg Prize, University of Wisconsin Press
- 2000 State of Wisconsin Assembly Citation
- 1999-2001 Wisconsin Department of Transportation Enhancements Program Grant (to Burial Sites Preservation Program)
- 1998 Performance Recognition Award, Wisconsin Historical Society
- 1991 National Endowment for the Humanities, Travel to Collections Grant
- 1990 American Council of Learned Societies, Travel Grant to International Meetings
- Performance Recognition Award, Wisconsin Historical Society
- 1989 American Philosophical Society, Research Grant
- 1988 American Council of Learned Societies, Grant-in-Aid
- 1987 National Endowment for the Humanities, Travel to Collections Grant
- 1986 Esther DeBerg Kahn Key Pin Award in Anthropology
- 1984-85 New York University Dean's Dissertation Fellowship

1983-84 New York University Fellowship
 1983 Claire Garber Goodman Fellowship in Archaeology
 1981-82 New York University Club Award
 1979-80 New York University Scholarship

FIELD EXPERIENCE:

- 1974 Excavation and laboratory analysis of materials from Twin Fields (Paleo-Indian) in Walkill, New York. Under the direction of Dr. Leonard Eisenberg (no relation), State University College at New Paltz.
- 1978 Survey and excavation of prehistoric and historic sites in western New York State. Under the direction of Dr. Neil Trubowitz, State University of New York at Buffalo Archaeological Survey.
- 1979 Excavation of a prehistoric site in Northport, New York. Under the direction of Arnold Pickman, Vollmer Associates.
- Survey and excavation of prehistoric and historic sites in western New York State. Under the direction of Dr. Neil Trubowitz, State University of New York at Buffalo Archaeological Survey.
- 1980 Analysis of lithic materials from the Goodrich Site, Staten Island, New York.
- 1981 Excavation of an historic block (Hanover Square) in downtown New York City. Under the direction of Dr. Nan Rothschild and Diana Rockman.
- Excavation, survey and laboratory analysis of archaeological material from Blagden's Mill and Piney Branch sites in Rock Creek Park, Washington, D.C. Under the direction of Dr. Bert Salwen, New York University, in cooperation with the National Park Service.
- 1982 Excavation of prehistoric sites on Staten Island, New York. Under the direction of Drs. S. Kardas and E. Larrabee, Historic Sites Research, Princeton, New Jersey.
- Pilot survey of the Paleolithic in the Middle Dordogne Valley, France; field assistant to Dr. Randall K. White, New York University.
- Test excavations at Mala, a Middle and Upper Paleolithic open air site in the Vézère Valley, France; field assistant to Dr. Randall K. White.
- Excavation at Le Flageolet I, a Paleolithic rock shelter, Bézenac, France (Dordogne). Under the direction of Dr. Jean-Philippe Rigaud, University of Bordeaux I, Talence, France.
- 1983 Excavation and analysis of Paleolithic materials from Le Flageolet I. Under the direction of Dr. Jean-Philippe Rigaud.
- Refitting experimentation of non-local chert from selected levels at Le Flageolet I.
- Preliminary testing and excavation at La Grotte XVI, Cénac-et-Saint-Julien (Dordogne), France. Under the direction of Dr. Jean-Philippe Rigaud.

- 1980-83 Research Assistant in Archaeology to Dr. Bert Salwen, Professor of Anthropology, New York University. Responsibilities included teaching, library research, correspondence and organization of the Summer Field Schools in Archaeology.
- 1984 Excavation of a 19th century block on 53rd Street, New York City. Under the direction of Drs. Fred Winter and Karen Rubinson, Institute for Research in History.
- Sullivan Street Excavation, New York City. Under the direction of Dr. Bert Salwen and Arnold Pickman, New York University.
- 1986 Excavation at Henry Lloyd Manor, Long Island, New York. Under the direction of Annette Silver, New York University.
- 1987 Paleopathological analysis of the burials from the Gordon Town site; National Endowment for the Humanities supported research conducted in the Department of Anthropology, The University of Tennessee, Knoxville.
- 1988 Excavation at La Grotte XVI, Cénac-et-Saint-Julien (Dordogne), France. Under the direction of Drs. Jean-Philippe Rigaud and Jan Simek.
- Paleopathological analysis of additional burials from the Gordon Town site; American Council of Learned Societies supported research visit to the Department of Anthropology, Smithsonian Institution.
- 1989 Excavation at La Grotte XVI, Cénac-et-Saint-Julien (Dordogne), France. Under the direction of Drs. Jean-Philippe Rigaud and Jan Simek.
- 1989 Laboratory Director and excavation at La Grotte XVI, Cénac-et-Saint-Julien (Dordogne), France.
- 1990 Paleopathological analysis of skeletal material from the Arnold and Ganier sites; American Philosophical Society supported research visit to the Department of Anthropology, Vanderbilt University, Nashville, Tennessee.
- Paleopathological analysis of skeletal material curated by the Department of Anthropology and the Frank H. McClung Museum, The University of Tennessee, Knoxville; American Philosophical Society supported research.
- 1991 Laboratory Director and excavation at La Grotte XVI, Cénac-et-Saint-Julien (Dordogne), France.
- 1991-present Paleopathological and demographic analysis of the burials from the site of Saint-Sauveur (Somme). Under contract to the Direction d'Antiquités de Picardie, Amiens, France, and in collaboration with the Centre National de Recherches Scientifiques/Centre de Recherches Archéologiques, Valbonne, France.
- 1991-92 Consulting Physical Anthropologist, Foley Square/Broadway site, Metropolitan Forensic Anthropology Team, Lehman College (CUNY).
- 1992 Laboratory Director and excavation at La Grotte XVI, Cénac-et-Saint-Julien (Dordogne), France.

1993-present Archaeological excavation, recovery and osteological analysis, Burial Sites Preservation Program, Wisconsin Historical Society, Madison, Wisconsin.

CONFERENCE AND INVITED PAPERS:

- 1984 Biocultural Adaptation at the Averbuch Site. Paper presented to a graduate seminar in Human Biology, Department of Anthropology, The University of Tennessee, Knoxville.
- The Goodrich Site: A Late Archaic Site on Staten Island. New York State Archaeological Association, Metropolitan Chapter.
- 1985 Possible Evidence for Mycotic Disease in a Late Prehistoric Population from Middle Tennessee. Paper presented at the 12th Annual Meeting of the Paleopathology Association, Knoxville, Tennessee, April 9-10.
- Bioarchaeological Perspectives on Disease in a "marginal" Mississippian Population. Paper presented at the 54th Annual Meeting of the American Association of Physical Anthropologists, Knoxville, Tennessee, April 10-13.
- New Perspectives on Mississippian Adaptation, Subsistence and Settlement in the Southeastern United States. Paper presented at the 50th Annual Meeting of the Society for American Archaeology, Denver, Colorado, May 1-5.
- Mississippian Cultural Terminations: What the Bioarchaeological Evidence Can Tell Us. Paper presented for the Symposium, "What Mean These Bones? The Dynamic Integration of Physical Anthropology and Archaeology in the Southeast," at the 42nd Annual Meeting of the Southeastern Archaeological Conference, Birmingham, Alabama, November 7-9.
- 1986 The Patterning of Trauma at Averbuch: Activity Levels and Conflict During the late Mississippian Period. Paper presented at the 55th Annual Meeting of the American Association of Physical Anthropologists, Albuquerque, New Mexico, April 9-12.
- 1987 The Methodological Morass: Coding and Differential Diagnosis at Averbuch. Paper presented in the Symposium, "Methods in the Study of Prehistoric Health," at the 27th Annual Meeting of the Northeastern Anthropological Association, Amherst, Massachusetts, March 18-21.
- 1988 Some Preliminary Observations on the Association Between Late Prehistoric Health and Settlement Pattern Diversity in the Middle Cumberland Region of Tennessee. Paper presented at the 45th Annual Meeting of the Southeastern Archaeological Conference, New Orleans, Louisiana, October 20-22.
- Measures of Community Health During the Late Prehistoric Period in Tennessee: A Biocultural Approach. Paper presented for the Symposium, "A Matter of Life and Death: The Concept of Health Among Prehistoric Populations," at the 10th Annual Theoretical Archaeology Group Conference, University of Sheffield, Department of Archaeology, Sheffield, England, December 13-15.
- 1989 Guest Lecturer, "Prehistoric Civilizations in the New World" class, Department of Anthropology, University of South Carolina, Columbia.

Late Prehistoric Adaptations in Middle Tennessee: A View from the Uplands. Invited Lecture, Department of Anthropology, University of South Carolina, Columbia, January 16.

Early Archaeological Research in Middle Tennessee: An Historical Overview. Invited paper presented in the Symposium, "Middle Tennessee Regional Archaeology: Past Investigations and Future Goals," at the 46th Annual Meeting of the Southeastern Archaeological Conference, Tampa, Florida, November 8-11.

1990 The Sacred and the Profane: Determining Time Since Death in an Urban Environment. Paper presented at the 42nd Annual Meeting of the American Academy of Forensic Sciences, Cincinnati, Ohio, February 19-24.

Late Prehistoric Population Health: The Skeletal Evidence from Middle Tennessee. Invited Lecture, Department of Anthropology, University of Tennessee, Knoxville, April 20.

The Possible Relationship Between Levels of Disease Stress and Settlement Location in the Late Prehistoric Period: A Southeastern United States Example. Paper presented at the 8th European Meeting of the Paleopathology Association, Cambridge University, Cambridge, England, September 19-22.

1992 Redefining the "Field": Applied Physical Anthropology in the New York City Metropolitan Area. Invited Lecture, Queens College Anthropology Club, April 15.

Aspects of Forensic Anthropology. Invited Lecture to the Continuing Medical Education Conference, Office of Chief Medical Examiner, New York University Department of Forensic Medicine, November 12.

1993 Two Early Cases of Leprosy from Northern and Southern France (with J. Blondiaux, J.F. Duvette, S. Vatteoni). Poster presented to the Twentieth Annual Meeting of the Paleopathology Association, Toronto, Ontario.

1994 Microradiographs of Leprosy from an Osteoarchaeological Context (with J. Blondiaux, J.F. Duvette, S. Vatteoni) International Journal of Osteoarchaeology 4: 13-20.

Burial Sites and Cemetery Preservation. Invited lecture to the Wisconsin State Old Cemetery Society Annual Meeting, January 22.

Wisconsin's Burial Law. Wisconsin Coroners and Medical Examiner's Association Annual Meeting, Oshkosh, June 7.

Wisconsin's Burial Law: Jurisdiction and Implementation. Badger Sheriff's Association, Wisconsin Rapids, Wisconsin, August 11.

Protecting Burial Mounds in Wisconsin through Surveying and Cataloguing. University of Wisconsin-Madison, Department of Civil and Environmental Engineering Survey and Photogrammetry Seminar, September 28.

- Protecting Archaeological and Cultural Resources. Department of Natural Resources Statewide Parks Conference "Managing Change," Appleton, Wisconsin, October 20.
- 1995 Burial Sites Preservation in Wisconsin. Dodgeville Kiwanis Club, February 27.
- Cemeteries and Burial Site Preservation. Badger State Cemetery Association Annual Meeting, Madison, Wisconsin, September 13.
- 1996 A 3-D View of the Late Prehistoric Southeast: Demographics, Depopulation and Disease. University of Chicago, Department of Anthropology, May 21.
- Burial Sites Preservation in Wisconsin. Belleville Kiwanis Club, September 5.
- Health and Disease in the Late Prehistoric Southeast. Robert Ritzenthaler Chapter of the Wisconsin Archaeological Society, Oshkosh, May 14.
- 1997 The First Decade: Burial Sites Protection and Preservation in Wisconsin. Ancient Earthworks Society, Madison, Wisconsin, April 16.
- Skeletons: The Tales They Tell. Invited Lecture (and workshop), International Association of Arson Investigators, Wisconsin Chapter Annual Education Seminar, Stevens Point, Wisconsin, June 4.
- Paper Skeletons from the Milwaukee School of Engineering's Rapid Prototyping Lab. Wisconsin Teacher Enhancement Program in Biology, University of Wisconsin-Madison Department of Genetics, July 25.
- Instructor, Short Course on 'Laboratory Methods in Forensic Anthropology,' University of Indianapolis, Department of Biology, August 13-16.
- The Contribution of Forensic Anthropology to Recovery and Identification in Mass Disasters. Invited Lecture, Wisconsin Dental Association Mass Fatalities Response Training Seminar, Milwaukee, Wisconsin, September 12.
- Search, Recovery and Analysis of Human Remains from Fire Scenes. Department of Criminal Investigation, Advanced Arson Investigation for Law Enforcement School, Oshkosh, Wisconsin, November 4.
- 1998 'Syphilis in Mound Builder's Bones': Treponematosi in the prehistoric Southeast (with Mary L. Powell). Paper presented at the Annual Meeting of the American Association of Physical Anthropologists, Salt Lake City, Utah, April 3.
- Forensic Anthropology lecture and laboratory workshop, Wisconsin Association for Identification, Annual Educational Conference, Appleton, April 29.
- Locating and Protecting Wisconsin's Burial Sites, Society of Southeastern Wisconsin Land Surveyors, Brookfield, May 7.
- Identification of Human Remains from Archaeological and Forensic Contexts. West-Central Information Association, Chippewa Falls, June 2.

Investigating Recent and not-so-recent Deaths: An Anthropological Perspective, Wisconsin Coroners and Medical Examiner's Association Annual Meeting, Waupaca, June 9.

The Burial Sites Preservation Program at the Wisconsin Historical Society. Board of Curators meeting, June 12.

Instructor, Short Course on 'Laboratory Methods in Forensic Anthropology,' University of Indianapolis, Department of Biology, August 12-15.

Forensic Anthropology. The Academy, Madison, Wisconsin.

1999

Instructor, National Foundation for Mortuary Care Mass Fatalities Incident Management Annual Conference, Waukesha, Wisconsin, April 12.

Faculty, Twelfth Annual Forensic Anthropology Course, Uniformed Services of the Health Sciences, Bethesda, Maryland, May 3-7.

Moderator, Links for Understanding, Awareness, and Partnership Between Native Americans and the Wisconsin Department of Transportation. TRB Summer Workshop (Integrating the Environment and Engineering), Madison, Wisconsin, July 28.

2000

Forensic Anthropology and its Application in Medico-Legal Contexts. Honorary Medical Staff Meeting, Meriter Hospital, Madison, Wisconsin, September 22.

Picking Up the Pieces: Osteology and Human Variability in Forensic Contexts. Presented to the Department of Anthropology, Lehman College, New York, March.

Whose Body is That? Women & Science Day (grades 9 & 10), University of Wisconsin-Stevens Point, February 18.

Forensic Anthropology. Marquette University, Department of Clinical Laboratory Science, Introduction to Forensic Science course, February 9.

Forensic Anthropology. Edgewood College, Criminal Justice System class, Madison, Wisconsin, March 6.

Locating and Protecting Wisconsin's Burial Sites in the New Millennium: Using New Technologies and Forging New Partnerships. Rock River Archaeological Society, March 15.

Burial Sites Archaeology in Wisconsin. Central Wisconsin Archaeological Society, Stevens Point, Wisconsin, April 27.

2001

Team Approach Leads to Positive Identification of Mutilated Human Remains (with Emily Craig, *et al.*). Presented at the Annual Meeting of the American Academy of Forensic Sciences, Seattle, Washington, February 22.

Forensic Anthropology. Edgewood College, Criminal Justice System class, Madison, Wisconsin, November 20.

Instructor (class & field) for Skeletal Disinterment/Clandestine Grave Workshop, sponsored by the Shawano County Sheriff's Department and Northeast Wisconsin Technical College, August 1-3.

Whose Body is That? Women & Science Day (grades 9 & 10), University of Wisconsin-Stevens Point, March 2, November 2.

Evening with the Archaeologists. Kenosha Public Museum, May 18.

Archaeology from the Ground Up: Protecting Wisconsin's Cemeteries and Native American Mound Sites. Brown County Library, May 14.

Indian Mounds of Wisconsin. Invited lecture to Employee Trust Funds, Madison, Wisconsin, November 15.

Investing in Wisconsin's Historic and Prehistory Legacy: A (Re?) Balancing Act. Wisconsin Historical Foundation Annual Meeting, December 12.

2002 Murder, Mayhem and Maggots: The Unglamorous Life of a Forensic Anthropologist. History Sandwiched In, Wisconsin Historical Museum, Madison, November 5.

Using Archaeological Techniques to Maximize the Recovery of Human Remains and Associated Objects from Death Scenes. Wisconsin Coroners and Medical Examiner's Association, Madison, Wisconsin, January 15.

Forensic Anthropology. Marquette University, Department of Clinical Laboratory Science, Introduction to Forensic Science course, February 6.

Burial Sites in Your Backyard. Dudgeon-Monroe Neighborhood Association (Madison) Annual Meeting, April 21.

Locating and Protecting Wisconsin's Burial Sites in the New Millennium: Using New Technologies and Forging New Partnerships. Jewish Women's Network, Madison, Wisconsin, May 9.

Homicide Investigation - A Team Effort. Wisconsin Coroners and Medical Examiner's Association Annual Meeting, Appleton, Wisconsin, June 13.

Protecting Wisconsin's Burial Sites: Partnerships and Possibilities in Green Lake. Green Lake Association summer lecture series, July 25.

2003 Anthropology at Fresh Kills: Recovery and Identification of the World Trade Center Victims (with M.W. Warren, H. Walsh-Haney & J.M. Saul). Paper presented at the 55th Annual Meeting of the American Academy of Forensic Sciences, Chicago, Illinois, February 17-22.

Forensic Anthropology. Marquette University, Department of Clinical Laboratory Science, Introduction to Forensic Science course, February 5.

Forensic Anthropology and the Criminal Justice System. Invited lecture, Edgewood College, Madison, Wisconsin, April 7. Sponsored by the Criminal Justice Association and the Department of Social Science.

Forensic Anthropology. Invited lecture, University of Wisconsin-Platteville, Department of Criminal Justice and Criminal Justice Association, December 1.

2004 The Anthropology of Fetal Remains. Invited lecture to the Wisconsin Coroner's and Medical Examiner's Association Annual Coroner Training, Wisconsin Rapids, January 13.

Postmortem Changes and Their Effects on Scene Reconstruction, Evidence Collection and Time Since Death Estimates. Invited lecture to the Wisconsin Association for Identification 38th Annual Educational Conference, Shawano, Wisconsin, March 5.
