**General Information**

Terms: This bill reflects the charges incurred by you during your most recent billing period for the services provided to you by Alltel. These services are subject to Alltel's terms and conditions, which are found on the back of your customer service agreement and at www.alltel.com. By paying this bill, you acknowledge that you are bound by these terms and conditions. Billing is in advance or arrears based on selected services. The minimum service period is 30 days. A past due amount is due upon receipt of your bill. Late payment fees may be applied to the total amount carried forward as of your next billing date.

Payments: When you send us a check as payment, you authorize us to clear your check electronically. This electronic transaction will appear on your bank statement although your check will not be presented to your financial institution or returned to you. Any resubmission due to insufficient funds may also occur electronically. Please be aware that all checking transactions will remain secure and payment by check constitutes acceptance of these terms.

eCheck Authorization: 54129 By entering this 5-digit code when paying by phone, I hereby authorize Alltel and the financial institution designated by me to charge the account I have specified for payment of my Alltel services. I understand that a fee will be charged to my Alltel account for each request returned unpaid. If two requests are returned unpaid, I will be excluded from this option. In addition, I understand that Alltel and the financial institution reserve the right to terminate this payment option. This authorization can be revoked by notifying Alltel at the customer service number listed on my bill prior to 4:00 P.M. CST on my specified payment date.

## Explanation of Taxes, Surcharges and Fees

**Regulatory Cost Recovery Fee:** This fee is charged to all customers to recover Alltel's costs incurred to comply with government required programs including wireless number portability, number pooling, and CALEA (Communications Assistance for Law Enforcement Act). This fee is not a government mandated tax or surcharge.

**E911:** This fee is charged to recover the costs incurred by Alltel associated with construction, maintenance and upgrades of 911 services and related facilities. This fee also recovers the costs of local government providing 911 services in states that have enacted a 911 surcharge, in which case the amount of the fee is set in accordance with state law.

**Telecom Connectivity Fee:** This fee is charged to wireless customers to recover a portion of the costs incurred by Alltel for completing wireless calls to and from other carriers' networks. This is not a government mandated tax or surcharge.

**Access Charge per FCC Order / GLEC Network Access:** Local telephone companies recover a portion of the costs incurred to provide interstate telecommunications service to customers through a monthly charge on the local telephone bill. This charge, the Federal Subscriber Line Charge or "SLC", is regulated by the FCC.

**Federal USF Fee:** The Federal Universal Service Fund (USF) was established by the FCC to ensure that telecommunications services are affordable for customers with low incomes and customers living in rural areas where the cost of providing service is high. The fund also provides discounted telecommunication services to schools, libraries and rural healthcare providers. Through this fee, Alltel recovers the cost of its mandated contribution to the FUSF as permitted by the FCC.

**State USF Fee:** Some states have implemented a State Universal Service Fund (SUSF) similar to the federal USF. In those states, telecommunications companies must contribute a percentage of billed revenue to the SUSF. The states, in turn, allow telecommunications companies to recover their mandatory contribution to SUSF from their customers.

**Relay Service Surcharge:** The Americans with Disabilities Act requires all companies offering voice service to provide access to a Telecommunications Relay Service (TRS) and to contribute to a shared fund to support this service. This service enables an individual who is hearing or speech impaired to communicate with others through access to a Teletypewriter (TTY) and/or Telecommunications Device for the Deaf (TDD).

**Intrastate Toll Tax:** A usage-based tax levied by some individual states on long distance calls made in the state.

**Surcharge/Taxes on Roaming:** All the applicable sales and excise taxes levied on roaming charges -- charges incurred while using your wireless service outside of your coverage areas. This is a usage-based tax applied only if roaming occurred. This charge applies only to wireless usage only.

**Federal Tax:** A federal excise tax is levied by the Federal Government from all wireless and wireline companies. This is listed under the "Taxes" heading on your bill.

**State Tax:** A state tax is levied on wireless and wireline customers. The tax may take the form of a sales tax, a telecommunications tax, a utility tax, or an excise tax. The application of this tax will vary by state. This is listed under the "Taxes" heading on your bill.

**County, City and Local Taxes:** This is a county or city tax levied on wireless and wireline customers. The tax may be a sales tax, a franchise fee, a utility tax, a communications services tax, an occupancy fee, or a license tax. The application and rate of this tax will vary by state and may vary by locality. This is listed under the "Taxes" heading on your bill.
