44. DETAILED REPORT	. *

03-01-90: A clerk at the Beernstens Confectionary contacted me by telephone advising that within the last several days a subject had entered the store and identified himself as Erik Moen, asking if Penny Beernsten was in the store. The clerk stated no, that Penny was not available and asked what the nature of Erik's business was. Erik then stated that he is a friend of Steve Avery, who was convicted several years ago for assaulting Penny Beernsten and that Steve Avery is innocent. The clerk then ordered Erik Moen to leave the store and contacted me and the City PD. Tom and Penny Beernsten were out of town on vacation at the time of this incident.

03-08-90 @ 0900 hours: Contact was made with Erik Moen at 1506 S. 38th St., Manitowoc, this date reference the above complaint. Erik stated that he was in fact at Beernstens Confectionary several days ago and had stopped in to purchase some chocolates. He stated that he meant no harm and only wanted to tell Penny Beernsten that in his opinion, Steve Avery was innocent. Erik admitted that he had no new factual data that was not already brought out during the trial and that the belief of Steve Avery being innocent was only a personal belief on his part. I advised Erik that his presence at the store in attempting to contact Penny Beernsten reference this case could be interpreted as a felony charge reference harassing a witness. Erik was warned that any future attempts to contact the Beernsten family and discuss this matter would result in felony charges being brought against him. He was also informed that if he had any new information that was not already brought out at the trial, that he should contact the Sheriff's Department, which was the investigating agency, and we would be glad to look into that information. Erik stated that he understood.

03-08-90 @ 1000 hours: Contact was made with Tom Beernsten at Beernstens Confectionary by telephone and he was appraised of the information in the above case. He thanked our <u>department for handling the investigation</u>. T.Kocourek/ps
