Hey boss, pls ck out this website.....newstalk1130.com.....the name of the show is "Debunking Making a Murderer" by Dan O'Donnell.....it exposes every lie in every episode of the Netflix story. Some other facts I have come up with is: 1.) The documentary continues to re-victimize the Halbach family and destroys the closure the Halbach family sought and gained thru the conviction. 2.) The Manitowoc County District Attorney's Office had little to no direct involvement in the 2005 prosecution of Steven Avery, and the DA from the 1985 prosecution was gone long before the 2005 case. 3.) The primary investigative agencies for the 2005 case was the Calumet County Sheriff's Office and DCI. However, due to the enormity of the scene, assistance was sought from MTSO, the Wisconsin State Patrol, MTPD, and the Wisconsin State Crime Lab. 3.) At NO time were MTSO investigators searching or collecting evidence without a CASO deputy present, and at times also a Crime Lab tech was present. 4.) Steven Avery's residence was searched several times due to that being the direction of DCI and CASO. Each search was a targeted search for specific items. For example, one search consisted of locating and collecting Avery's computer and related computer hardware. 4.) Jim Lenk and I had NO involvement in the 1985 investigation of Steven Avery. In 1985 I was in the United States Air Force stationed at Nellis AFB, NV. Jim Lenk was a resident of and living in the State of MI. 5.) Neither Jim Lenk or I was EVER sued by Steven Avery. MTSO and Tom Koucerec was the target of Avery's lawsuit. 6.) Prior to the 2005 homicide investigation, I had never investigated a case involving Steven Avery, nor had I ever had a negative contact with him. I barely knew who he was as I did not step foot in Manitowoc County until 1991. I am not from here and when I was hired by MTSO, Steven Avery was in prison. 6.) I have never done a traffic stop with ANY vehicle operated by Theresa Halbach. On the night she was reported missing to me by CASO, I requested her vehicle description as well as registration plate number. I had no way of running the information given to me by CASO from my patrol car, so I had to call in to dispatch to have them run Theresa's registration plate thru WI DOT to ensure I had copied down the plate number correctly. I HAD to have this information verified in case I located her vehicle at either of the two locations I was requested to check in Manitowoc County. 7.) I made contact at BOTH locations that CASO requested I check for Theresa, not just at Avery's Salvage Yard. 8.) NO evidence was planted at any time by ANY law enforcement officer during the course of this investigation. The key to Theresa's vehicle was NOT discovered laying next to a pair of shoes in the open, but was instead located cleverly hidden behind a bookcase, in Steven Avery's bedroom. It should be also noted that during a court preparation at CASO, a CASO deputy informed me, Jim Lenk, Ken Kratz, Mark Weigert and Tom Fassbender that during a movement of Steven Avery at CASO, Avery had stated mockingly to this CASO deputy "I can't believe it took you guys 8 times to find that key." I am unaware if that statement was used at Avery's trial, and if not, why?? 9.) At NO time have I ever had access to any container of Steven Avery's blood, sweat and/or any other bodily fluid connected with Steven Avery. 10.) AT NO TIME did any of the aforementioned law enforcement agencies, along with the FBI, enter into ANY SORT of conspiracy to frame Steven Avery of this homicide. 11.) MTSO was not involved in the interview of Brennan Dassey. 12.) Steven Avery has now claimed, during his appeals, that his brothers, Charles (Chuck) Avery and Earl Avery killed Theresa and "set him up" in order to deny Steven a portion of the salvage business. 13.) I would be willing to sign any release to allow access to both my military service records and/or my personnel file at Manitowoc County as I have NEVER been the target of suspicion and I feel my service to both my country and Manitowoc County has always been performed to the best of my ability.
