**Re: State of Wisconsin vs. Steven A. Avery**  
**Manitowoc County Case No. 05-CF-381**

Dear Attorney Buting:

In response to your letter dated October 23, 2006, and your supplemental discovery demand dated October 23, 2006, please find attached the following materials:

1. Contamination logs from the Wisconsin State Crime Laboratory for the time period of January 1, 2004, to the present date.
2. Proficiency test summary sheets for Crime Lab Analyst Sherry Culhane
3. Curriculum vitae for Sherry Culhane
4. A list of cases where Sherry Culhane has testified from January 1, 2005, to date
5. A copy of the Madison Crime Lab's Accreditation Certificate

Please be advised that Sherry Culhane's current wages are \$30.98 per hour. Her wages for fiscal year 2006 were \$28.41 per hour, and her wages for fiscal year 2005 were \$27.85 per hour. Benefits are calculated as 36.01% of wages.

Sherry Culhane has been subpoenaed and has testified for the defense on several cases. The crime lab does not distinguish between court appearances for the prosecution and those for the defense. Ms. Culhane has never been hired by the defense or received any compensation from the defense.

The only unit deviation report submitted by Ms. Culhane pertains to the above matter.

Concerning number 7 of your supplemental discovery demand, please make more definite and certain exactly what you are looking for.

Pursuant to your request, which you made on October 19, 2006, during our meeting with Judge Willis, please be advised that the bullets and extraction tubes and the Toyota key and extraction tube are available for independent DNA testing. Furthermore, visible staining remains on items A1, A3, A4, A8, A9, A6, A12 and A7. These are stains from the Toyota. Other items may contain biological substance for testing. The extraction tubes are also available for testing. Of course, additional stains remain in the vehicle itself.

Sincerely,

Norman Gahn

Dear Attorney Strang:

Upon reviewing the significant number of photographs taken in this case, I determined that you may not have received copies of three photographs. I have enclosed a copy of those photographs.

As you know, each of the photographs sent to you were numbered. Please be advised that law enforcement used that numbering system to ensure that all of the photographs in our possession were forwarded to you. These numbers may not correspond with the photos introduced as exhibits at trial, and you may wish to ignore those numbers for your use. When "exhibit" numbers are assigned to the photos the State intends to use, I'll notify you of that.

If you have any questions or need additional information, please feel free to contact me.

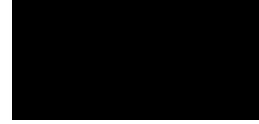

Sincerely,

Kenneth R. Kratz
