DATE: March 11, 2014

SUBJECT: Early Intervention (EIP) Notification – 2013 Annual Report

Records indicate **Officer Daniel Holtzclaw 1782**, of Springlake Division second shift, has been identified as meeting the established threshold for identification in the Annual Early Intervention Program review for calendar year of 2013.

In accordance with the procedures set forth in the EIP guidelines, the employee's immediate supervisor and chain of command will assist in the analysis of any employee identified as qualifying for EIP. The analysis will consist of a collective review of the incidents as documented in the EIP report and, if necessary, the investigative files maintained in the Office of Professional Standards. The analysis report will include the supervisor's findings and conclusions based on the review of each incident and/or complaint and a recommended disposition.

All report summaries should be forwarded to the Office of Professional Standards by April 15, 2014. You are reminded that all investigative files are maintained in the Office of Professional Standards and available for an in-house review by the supervisor preparing the EIP report upon request.
