DATE OF BIRTH: [redacted]

Tues. morning 11:45 a.m. I saw a 1984-1987 GMC Suburban prime gray with some dark green on top. Parked at Pick 'n Save Shawano.

News last night said 15 year old boy killed near Mantowau (clover) 2 a.m. walking on road. Hit and Run. Gray parts of grill from Suburban^{found}. I thought this might only be a small chance, but you never know.

He does have friends in that area so may possibly been driving on CR. 935/lms

(MTPN)

01-11-99 Officer Weyer checked address and area, no veh. matching in sight. However, Officer Weyer also remembers looking for this veh. and would match description given above, that it was invloled in a H&R in Manitowoc early last summer (someone else was driving). The veh. was found in garage, shades drawn over windows and padlocked. 938/KB KB

01/12/99 Contact was made by Lt. Bushman with Shawn Mott at [redacted] S.12thMtwc. He was very cooperative and invited Off. to accompany him to the locked garage. It was full of personal items from the recent move to the residence. He does not have nor did he have any Chev. matching the suspect vehicle. He did say a friend of his who stops often did have a blue Chev 4WD matching the description. Last name Luedke living on a farm off English Lake Rd. near Newtonburg Road. Vehicle was checked and found to not have damage. M.J. Bushman

01/12/99 @ 0647 Hrs.: I, Deputy E. Glaeser, checked the address of [redacted] S 30th St #8, Manitowoc, reference a possible hit and run vehicle. Telephone contact was made with the owner of the vehicle, ROBERT HOCHKAMMER. HOCHKAMMER was very compliant and did show me his vehicle. The vehicle is a 1986 blue GMC truck bearing WI RP EWA605.

Upon checking the front of the vehicle which was located in a garage at this property, it did have very minor grill damage on the right side consisting of a crack near the frame around the lights, and there was one small area where approximately 3" of 1/2" wide flange was missing.

It should be noted this vehicle does not match the suspect vehicle description.

01/14/99 @ 1628 Hrs.: I, Lt. M. Bushman, attempted contact at [REDACTED] CTH U, but no one was home. An old Toyota pickup truck was noted to be standing in the yard.

01/14/99 @ 1945 Hrs.: A second attempt was made, and I was invited in to speak with MARK VETTER. VETTER currently owns an old Toyota pickup, a 1953 Chevrolet truck, 2 old Buicks, and an Isuzu Trooper--no Chevrolet trucks. He has not repaired any Chevrolet trucks recently either. VETTER was very cooperative. He is not a suspect at this time.

0	Marquardt,	3/317	Cathlyn	A.			Columbus St.		

On 01-23-99 I, Deputy Jost, made contact with Cathlyn reference the attached crimestopper report. She advised she does not own a van and allowed me to look in her garage, described in the report. No van was found in the garage. She told me that one of her nephews friends, a Scott Miller, owns a gray or blue colored Chev truck. An in house check indicated Scott lives at [redacted] Broadway St.. He is out of town according to Cathlyn.

I also talked to a subject that resides at [redacted] Columbus. The garage behind this residence also somewhat matched the description. He told me the occupants downstairs and the resident in the front upper apt's. have the two garages in back. No contact made at either of those two residences. Follow-up should be conducted. *[Signature]* JMJ

012399 2054 hrs: MTPD Officers Ladwig and Weyer attempted to check both residences at [redacted] Columbus St. No one was at home. They talked to neighbors and they were pretty sure that either party did not own a veh matching the description. 935/lms

01-24-99 at 1703 hrs. I, Deputy Jost, checked on Scott Millers residence, [redacted] Broadway St., reference his truck that Cathlyn informed me of. The 10-28 is attached and as indicated it is a 88 Chev S-10 truck. Not a match and no damage. *[Signature]* JMJ

orange. Partial plate on Blazer is TDE---. It was seen off Taylor Drive in the parking lot of a gas station/McDonald's around 1530 hrs today. Caller stated the driver was a f/w, about 30 years of age with sandy brown hair. TTY was sent to Sheboygan PD and Sheboygan County Sheriff's Dept. to attempt to locate. TTY is attached. 932/mh

Photographs of the vehicle described above arrived from Sheboygan County Sheriff Department. They were taken of the above which was a Chev S-10 Blazer in very poor condition. If vehicle was not confirmed to be a full size truck chassis this would be a strong possibility, however vehicle size is no match. M.J.Bushman

01-25-99 I, Deputy Jost, attempted contact at the above address, no one home, and no vehicles in the yard. JMJ

01/28/99 1100 Hrs Deputy Glaeser checked the address at [REDACTED] CIH CR and found no one at home. No vehicles were observed in the driveway or near the house trailer. Attempt will have to be made by other officers. EJG

01/29/99 @ 0640Hrs I Deputy E. Glaeser attempted contact with the party listed in the reverse directory at the address of [REDACTED] CIH CR. I met with negative results and was informed that number was disconnected. I traveled to the residence to check it again and found it to be dark and no cars around. Contact was made with the next door neighbor who did provide the owners name of LEE SCHMITZ of the Newton area.

An inhouse records check provided an address and phone number for Schmitz and arrangements were made for the party to meet me at the trailer house before noon on this date.

01/29/99 @ 0910 Hrs Deputy Glaeser contacted Lee Schmitz at [REDACTED] Cth CR and questioned him in refference this crimestoppers repoert. Schmitz said he was the owner of the property and had been renting the trailer to a RANDY BERGENE untill December 15th, 1998. Schmitz said the trailer has been empty since then.

Lee Schmitz was asked if he has any trucks stored on the property and he stated he did have his 1969 Chevy truck stored in the garage and agreed to show me the vehicle. The truck was a 1969 Chevy C-10 pick-up colored TAN with a WHITE front and rear bumper. INSpecting the truck I found the grill and front end to NOT BE DAMAGED and in original condition. SCHMITZ was thanked for his cooperation. EJG This vehicle can be eliminated.

On 01-25-99 at 1900hrs a anonymous party came to MTSO and provided the following information ref. 10-50 fatal on Cth CR.

A Chuck Steinke who works 2nd shift at K.I.(3pm-11pm) had a conversation with a male hispanic name unknown. The male Hispanic apparently made comments to the fact he has a truck in his garage. The other comment made was that the male Hispanic " needs to get out of town for awhile"

At this point the party doesnt know the name of the male Hispanic but heard that the subject hasnt gone to work for the last four days.

Chuck Steinke also would not know the male Hispanic but was going to attempt to learn the Identity of this person.

I Sgt Schetter learned that a contact person at K.I. would be Human Resource Manager Jo Anne Jones at [redacted]. This officer will make contact at K.I. on 01-26-99 and try to confirm this information.

G Schetter

Sgt Hermann recieved a call from informant stating that she was informed that they believe this is the person responsible and want info passed along.

I Sgt Schetter spoke with Det Michels who also recieved information that this same person may be a suspect in this matter. Det. Michels learned that the suspect would be I.D. as Kevin Seal, considered a male indian. We will follow up on this together.

On 01-26-99 I spoke with Human Resources Div at K.I. and confirmed that they have a employee I.D. as Kevin Seal. They also confirmed that Mr Seal has not shown up for work since last Weds. 01-20-99. K.I. has not heard from Mr Seal since Weds and do not know as to why he hasnt called or came to work.

This officer did recieve the lastest address of [redacted] State st MIWC with Ph# of [redacted] for Mr Seal.

G Schetter

01-26-99 at 1350hrs Det Michel check the address of [redacted] State st and noted that the vehicle owned by Mr Seal does not match nor does it match vehicle were looking for. No further action needed unless something else would come forward to show more evidence. CJ

01/25/99: I, Deputy J. J. Froelich, was informed of this Crime Stopper report reference a possible suspect in the hit and run fatal. I responded to [redacted] CTH Q, Two Rivers, to speak with MICHAEL POSVIC. Information received was that POSVIC possibly was looking for body work to be done on a Chevy Blazer, unknown year. Information was passed on from Lt. Brotski of TRPD.

I met with POSVIC. He showed me an S series Blazer which was parked in the yard with no damage. POSVIC also allowed me to check the barns and garage on the property. No other vehicles were even close to the description of the suspect vehicle.

01/28/99: I, Deputy P. Herrmann, along with Lt. M. Bushman met with GBPD Officer S. Bickett at GBPD reference this incident. Officer Bickett directed Lt. Bushman and me to an apartment complex located on Broadway St in the City of Green Bay where we were able to make contact with FRANK ORLA-BUKOWSKI.

I introduced myself to ORLA-BUKOWSKI as a police office from MTSO. I asked ORLA-BUKOWSKI if he would be willing to answer questions regarding his whereabouts and damage to his vehicle to which he stated yes. I advised ORLA-BUKOWSKI he was not under arrest and was free to leave at any time he wished to which he stated he understood.

ORLA-BUKOWSKI stated he works at the shelter at this address in the kitchen on the weekends beginning at 1800 hours and working until midnight. This was verified through the shelter's work schedule. I asked ORLA-BUKOWSKI if he has ever traveled to Manitowoc or the Manitowoc area within the recent past to which he stated no. ORLA-BUKOWSKI stated his Chevy Blazer received extensive front end damage as a result of an accident in Stiles, WI, back in October or November 1998.

I found ORLA-BUKOWSKI to be cooperative and consistent with his explanation of the damages and his whereabouts on the night in question as it relates to this incident. ORLA-BUKOWSKI and his vehicle do not appear to be involved in this hit and run fatality.

COMP/VICTIM Bickett TIME 4:16 p.m.
VIN: [REDACTED]

On Wednesday January 27, 1999 at 4:16 p.m. I was traveling southbound on S. Chestnut Ave from W. Walnut St, when I observed a green Chev K5 Blazer parked in front of the entrance/exit doors of West Side Liquor [REDACTED] W. Walnut St. The vehicle did not have a hood and had extensive front end damage. I recalled seeing a news report from the Manitowoc County Sheriff Department, that they were looking for an older Blazer type vehicle with heavy front end damage relating to a Hit and Run Homocide that happened several weeks ago. As I drove past the vehicle I observed a tan Wisconsin disabled plate on the front DIS2137. I turned into the parking lot where the vehicle was parked and pulled in a short distance behind the vehicle. I observed the rear plate on the vehicle was a Wisconsin truck plate AL47-479.

I was on a different call at the time I spotted this vehicle, I quickly tried to close the call and at the same time a male exited the liquor store and got into the passenger side of the vehicle. The vehicle left northbound on S. Chestnut Ave and turned westbound onto W. Walnut St. I followed the vehicle and as it turned North onto N. Ashland Ave, I radioed headquarters of my traffic stop and activated my red lights and siren. The vehicle stopped in the curb lane on N. Ashland just south of Hubbard St.

I told the driver I was pulling him over because he was driving without a hood and this was a violation of Trans.305 and also because He had two different plates on the vehicle. I asked him where his hood was and he told me it was getting repaired at a body shop. When I asked him what body shop he said it was none of my business. I then asked him why he had two different plates on the vehicle. He told me he just registered the vehicle and the plate on the back was his new one, he said he just didn't take the

old one off the front. He gave me a Photo Wisconsin License identifying him as Frank K. Orla-Bukowski [REDACTED]. The address on his license was [REDACTED] Wayside Rd, Greenleaf, WI. I asked if that was his correct address. Orla said no that he moved to [REDACTED] N. Broadway, room #25 in Green Bay. I asked him how long ago and he told me it was none of my business.

I returned to my vehicle and when I did there was a message from Officer Weiss stating he stopped this same vehicle last week and Orla was warned for Improper display of registration plates. I asked Officer Weiss if he knew anything about the front end damage and Officer Weiss told me that he did not and that the damage was there when he stopped it last week. I wrote Orla a citation for Improper display of registration plates and a written warning for not having a hood on his vehicle. When I returned to the vehicle to give Orla his citation, warning and drivers license back I again asked him about the damage to his vehicle and he told me it was none of my business. He then drove away.

I contacted the Shift Commander Captain Secor and informed him of my suspicions and the demeanor of Orla. Captain Secor said to get Lieutenant Demro to meet me at [REDACTED] N. Broadway. Lieutenant Demro met me in the alley behind that address. I explained my suspicions about the vehicle and the demeanor of Orla. Lieutenant Demro photographed the vehicle. I observed the vehicle had square type headlights, one on each side. It is a 79 K5 Blazer. It does not have a hood emblem obviously because it has no hood. There is no front grill and the metal radiator support is bent in. There is no fan cover. The front bumper is indented in, in a very long type bend approximately 3 feet long. There is a sharp bend in the top of the framework where the grill would normally be. The drivers side market light is cracked out. The front windshield is missing

the metal trim around the entire windshield. The tires are B.F. Goodrich radial tires with a good amount of tread. The photographs should show a distinct tread pattern. The front bumper is 12 to 14 inches off the ground and the license plate on the front is tan in color and has the same bend as the front bumper. I removed the plate as evidence.

I returned to the Police Station and contacted Lt. Bushman with Manitowoc County Sheriff Department. Lt. Bushman is in charge of their case. He stated he would be interested in seeing a copy of our case file and the photographs we have. This case has went unsolved in Manitowoc County since January 10th and Lt. Bushman states they have few leads. He did say there was small tan chips in the victims clothing, and that there is a distinct tire pattern and the tires are 7 1/4 wide from outside edge to inside edge.

I placed the License plate into evidence locker 14. I placed the photo card into the slot in Photo ID. I completed my details. Nothing further at this time.

O	CHIZEK TRUCKING	22151			CTH F, Newton		

01/22/99 @ 1015 Hrs.: I, Lt. O'Hearn, arrived at CHIZEK TRUCKING where I met with MARY JO GRUPE who is an employee there. I informed her we received a Crime Stoppers report that inside the CHIZEK TRANSPORT, a Blazer-type vehicle (silver and black in color) is being worked on and grill damage is being repaired. I advised GRUPE about the incident with the hit and run. She stated she was aware of that and would allow me to view the area of CHIZEK TRUCKING.

I was escorted by GRUPE to all of the enclosed areas within the facility of CHIZEK TRUCKING. I saw no vehicles matching the description of the hit and run vehicle being worked on or any type of parts around that would lead to any type of suspicion that any activity concerning the hit and run would be there.

There is an individual who works at CHIZEK TRUCKING, PHILIP REICHWALDT, who owns a 1984 Chevy pickup truck, 6000-pound model. I saw this vehicle and checked further into it. I found this vehicle bearing RP BJ95556 has been inspected by Lt. M. Bushman and also can be cleared.

At this point, this Crime Stopper report can be closed as the area has been checked, and no vehicle bearing this make/model/resemblance to our vehicle is being worked on in the area viewed by me. TKOHearn /bjc

01/23/99 Deputy E. Glaesser checked the address of *[Redacted]* S 25th for the vehicle and also found the residence to be dark. *AT 0700 HRS.*

01/23/99 @ 0825 hrs contact was made with Nernig, Gary W. ref this complaint and Nernig did state he owns an '85 GMC Jimmy and further said that the vehicle is stored near Kiel as it is undriveable. Nernig claimed he was involved in a PD 10-50 on 01-13-99 in Sheboygan Co and hit a culvert which wiped out the Drivers side of the truck leaving it undriveable. Contact was made with SBSO and they confirmed the 10-50 information as relayed by Nernig including the exact time. It should be noted this vehicle would not match our suspect description and can be eliminated. EJC *ATG*

O	HENDRIES	WALTER	J	[REDACTED]	[REDACTED] Pine Ridge Rd, Mishicot	

01/20/99: I, Deputy Tisler, II, was assigned to check 2 vehicles in the Mishicot area for damage that possibly would fit with what we are looking for the hit and run fatal on CTH CR.

The first location I checked was [REDACTED] Pine Ridge Rd, Mishicot. I made contact at the HENDRIES residence. They had a 1988 GMC Blazer which was bearing RP JYH360. I looked at the truck. The grill was intact. There was damage on the hood of the truck which appeared to be old damage. The grill along with the truck had the GMC emblems attached to it and did not have any Chevy emblems on it. The damage would not be consistent with what we are looking for.

The second location I checked was [REDACTED] Jambo Creek Rd. Information was that a truck was behind this residence missing a grill. I checked at this residence and located 2 older vehicles. Both vehicles were Ford products. Only one of the 2 vehicle was missing its grill. RTislerII /bjc

01/16/99 @ 2200 Hrs.: I, Lt. M. Bushman, was cruising the area, looking for the vehicle described in this complaint. I observed a blue 1986 Chevrolet pickup with a cap--farm RP 22570F. This comes back to the RICHARD RATAJCZAK farm at [REDACTED] Silver Creek Rd, Manitowoc.

While I got out to observe the caved-in grill, RICKY RATAJCZAK left the residence and came to speak with officers. There was damage to the front grill of the truck; however, there was no damage to the hood or metal edges or anywhere other than just the grill being pushed in. Some of the pieces in the grill were not missing when compared to the parts that were collected. The tire design is different. The damage is not sufficient for the type of impact. This is not the suspect vehicle.

Officers spoke with RICKY who stated that since the accident happened, he was afraid too many people would stop and comment about his smashed grill which happened approximately 1 year ago. He kept the vehicle inside until recently and toyed with the idea of calling police to have them come and check it off the list. He was fully understanding that officers needed to check the grill. 01-17-99 @ 0845 hrs I received a phone call from Officer Pagels of the Calumet County Sheriff's Dept. in reference to our investigation of the fatal H & R that happened in our county. At this time he indicated that he had some information that may or may not turn out to be something. He informed me that he himself used to own a vehicle matching that description. He stated that this would have been a 1985 Chevrolet Suburban, blue in color with a grey stripe down the side. He went on to state that he would sold the vehicle to a female by the name of Brenda J. Zylka *CTH H Chilton, WI 53014*. He stated that Brenda is a exotic dancer/stripper and may have been working in our area, but he does not know for sure. He stated that he has not seen this vehicle in the area or parked at her residence since the report of the accident. Pagels went on to state, *what was* he really felt was out of the ordinary, was that he recently had seen Brenda Zylka in the area and had a chance to speak with her. He stated that he was just goofing around and had mentioned something about the incident and her Suburban. He stated she immediately stated that the vehicle had broken down somewhere up north on November 9th. Pagels felt that this was *kinda* strange that she would recall the exact date that this would have occurred and at how fast that she had responded with this statement.

Officer Pagels stated that he feels somebody should check on this vehicle and/or it's whereabouts. He stated that he does not want his name brought up to Zylka that he provided any of this information. Pagels stated that if any investigating officer needed to speak with him in regards to this info, they could contact CASO. I do not recall if Pagels knew the exact whereabouts of the vehicle at this time, but stated that somebody could talk to Zylka and inform her we were checking vehicles in the area as a result of our investigation and could contact the jurisdiction where the *vehicle* currently was being kept to check on it. Pagels stated that her residence would be around the New Holstein area which could put her choice for her direction of travel home, through the scene and along the suspected direction of travel after the accident.

Sgt. T. Beilke

01/17/99: I, Deputy A. Colborn, was briefed on this incident by Sgt. T. Beilke. Sgt. Beilke suggested I run an alpha check which would reveal any vehicles registered to BRENDA ZYLKA.

INCIDENT: _____

DATE AND TIME: _____

REPORT CONTINUED:

An alpha check was performed which revealed a 1988 Chevy truck bearing WI RP BK30649 was registered to BRENDA ZYLKA.

I, Deputy Colborn, responded to the City of Chilton in Calumet Co. where I made contact with Officer Pagels. Officer Pagels advised he sold BRENDA ZYLKA a Chevy Suburban. He further advised he had been informed by ZYLKA that the vehicle became disabled "up north." ZYLKA was not precise on the location where the vehicle became disabled. Officer Pagels stated he asked ZYLKA what the nature of the problem with the vehicle was. She stated "the engine blew." Officer Pagels stated he thought this was odd because he knew ZYLKA put a new engine in the Suburban and did not feel this engine could possibly have worn out in the short length of time it was in the vehicle.

Lt. M. Bushman and I made several checks at [REDACTED] CTH H, Chilton, which is in Calumet Co. in an attempt to locate ZYLKA or her Chevy Suburban. Each time we checked the residence, she was unable to be located. No one was at the residence at this time.

We also checked with ZYLKA'S employer which we found to be BEESCHEL STONE. They stated ZYLKA works on 01/18/99, starting at 0645 hours and working until approximately 1530 hours.

No further action taken by myself at this time. Pending weather conditions, Lt. Bushman stated he will attempt contact with ZYLKA during the 2000-0400-hour shift (see his addition to this report).

It should be noted, while speaking with Officer Pagels, I specifically asked him if he thought ZYLKA was the type of person who could run someone over and then leave them lying there without contacting anyone. Officer Pagels' answer to the question was, "It wouldn't surprise me in the least."

Further follow-up will be conducted by Lt. Bushman. ALColborn *ALC* /bjc

01/17/99 @ 1430 Hrs.: I, Lt. M. Bushman, received a phone call from Deputy A. Colborn at my residence reference a possible tip as to the location of a fatal hit and run vehicle.

A phone call was placed from Officer Pagels of CASO to MTSO reference an investigation of the hit and run accident. Officer Pagels stated he used to own a vehicle matching the description. The vehicle would have been a 1985 Chevy Suburban, blue with a gray strip down the side. He went on to state he sold the vehicle to a female by the name of BRENDA ZYLKA who resides at [REDACTED] CTH H, Chilton. He stated ZYLKA is an exotic dancer/stripper and may have been working in our area; however, he does not know this for sure. He stated he has not seen the vehicle in the area or parked at her residence since the reported accident.

Officer Pagels went on to state he recently ran into ZYLKA and had a chance to speak with her. He stated he was "just goofing around" and mentioned something about the incident and his Suburban. She immediately stated the vehicle was broken down somewhere up north and that this should have occurred on 11/09/98. Officer Pagels felt it was quite strange as

she would recall the exact date of the occurrence. He thought it would be a good idea if we attempted contact and verified that the vehicle has no damaged.

01/17/99 @ 1500 Hrs.: I, Lt. Bushman, along with Deputy Colborn attempted contact at [REDACTED] CTH H, Chilton. There was no answer at the door. There were no vehicles in the yard. One small car was in the garage which apparently does not get used very often. It was learned ZYLKA would be working at BEUCHAL STONE on CTH H, approximately 3 miles to the east.

Contact was made at BEUCHAL STONE with a secretary who happened to be there doing paperwork. She stated ZYLKA is due to work on Monday, 01/18/99, at 0645 hours. She did not have any information as to where ZYLKA would be at this time.

01/17/99 @ 2056 Hrs.: I along with a CASO officer attempted contact at [REDACTED] CTH H, Chilton, a second time. There were no lights on. There were no vehicles in the yard. There did not appear to be anyone home.

A 10-28 of the vehicle was left with the instructions for the CASO officer. He stated he was done at 2200 hours; however, he would pass it on to the next shift coming on duty. Contact will be made with MTSO if ZYLKA shows up at her residence sometime before midnight.

01/18/99 @ 1200 Hrs.: Contact was made by phone with CASO Dispatch. I requested any notes that were left behind reference follow-up with ZYLKA. There were no notes, and the dispatcher was unaware of any. The information was forwarded to him. I requested an officer swing by her place of employment or residence to make contact and get a name as to where the vehicle is being kept.

01/18/99 @ 1530 Hrs.: Officer Pagels from CASO was assigned to make contact with ZYLKA as he knew her and the vehicle. He called me in my squad, requesting how much follow-up had been attempted. The attempt to make contact times were forwarded to him. He was informed contact, as of this time, has not been made. The phone conversation with her employer earlier in the day showed that ZYLKA was at work and would be completed around 1500 hours. Officer Pagels agreed to make contact and question as to where the vehicle is.

01/18/99 @ 1900 Hrs.: Upon arrival to the Shift Commander's Office, I received a phone call from WOSO officers. They were called by Officer Pagels with a name and address of an individual where ZYLKA'S vehicle is parked in Wood Co. The WOSO officers were out at this time with the vehicle and personally called stating there was extensive damage to the front, right front fender, continuing past the right front wheel into the side door on the passenger side of the vehicle. The officers stated the vehicle apparently struck something solid such as a bridge abutment, leaving severe tearing damage in the middle. There was no damage to the grill or hood area of the vehicle. Also, the people in Wood Co. stated ZYLKA'S vehicle had been there since October 1998 and that the engine had been blown. WOSO officers advised the vehicle had been stored in an old barn and was covered with dust.

This would not be the vehicle we are looking for. MJBushman

01/17/99 @ 1845 Hrs.: I, Sgt. Seim, arrived at the SHAWN DEHNE residence to examine his pickup truck. I examined the pickup truck which was a GMC, not a Chevy. There was no front end damage on the pickup truck, and it was parked in the driveway.

The inquiry was done at the request of an anonymous party who called Crime Stoppers, indicating he had not seen DEHNE'S vehicle around for a while and thought it might be the suspect vehicle.

After assuring that this was not the vehicle in question, I left the area.

On 01-21-99 I, Deputy Jost, made contact at the above location with Thomas's parents. They advised Thomas was at work with the older of his two trucks. I observed the 1997 Chev trk. in the drive-way red in color no damage and wrong year/body style. The parents advised a third shift officer stopped in on the Sunday after the accident and looked at both of Thomas's vehicle. *Jost* MJ

This veh. is a blk full
size Blazer. It was parked
on S. 9TH ST S. of Lincoln
H.S. Had front end damage
to ^{front left} bumper and R. headlight
area. The grill was covered
but what I could see of
it it looked intact. Before
I could get a picture I
got a 10-33 call and
could not get back to
it.

01-20-99 @ 0809 Lt. recd. call from dispatch concerning crimestopper tip. A vehicle had been brought into Ernst Auto Company of TR. by either Peitroske or First Chrysler Plym. The vehicle was a 86 Custom/Delux Chev. Trk. it had damage to the driver side of grill. I viewed the vehicle and saw that a piece of the Grill portion of the drivers side, approx. 8 inches in length was missing from the grill, there was no other damage to this front of the vehicle. A VIN check indicated that Mr. Lowery was the owner and a check of his residence produced no one home. Officer will check on next day on to obtain info on damage. At this point this damage is not as extensive as the damage from our suspect vehicle and can be ruled out as a suspect vehicle. TKO *TKO*

01/21/99 @ 0600 hrs. Met W/ Timothy Lowery he stated that the vehicle he owned had the part damaged when he bought it. He stated he traded the vehicle in to Pietroski's that way. Again a check of the vehicle indicated that the damage was not relevant to the evidence we have obtained and this can be closed. TKO *TKO*

(Cont'd) . Caller states FORKINS travels CTH CR, and he has a drinking problem. She had no further information, other than Michelle Rabe (sp) lives near Pigeon River. DB/930 DB

01/21/99 @ 1915 Hrs.: I, Lt. M. Bushman, made contact with MICHELLE RABE at her residence at Pigeon Lake Rd, Valders. Prior to me getting out of the squad, RABE came from the house and stood on the east deck. She was questioned about her 1988 Chevrolet truck. She stated the vehicle was not there at this time. She advised she did own the vehicle; however, it was at DJ'S TRANSMISSIONS in Sheboygan for transmission repair. The vehicle is a red and black Blazer. It was taken in for service on 01/11/99.

RABE was asked if there was any damage to the front of the vehicle. She looked away from me at this time as her boyfriend, DANIEL FORKINS, was coming out onto the porch. She was distracted from my question. She told FORKINS to go back in the house as she would handle this. FORKINS appeared to be under the influence of alcohol, and it appeared as if he was on the verge to come out and discuss the matter with me. RABE again told him to go back inside, she would handle it. RABE was questioned a second time if there would be any damage to the front of the vehicle. She did not immediately respond and looked in the direction of FORKINS, giving him a stern stare. After the third question of whether there would be damage on the vehicle, RABE finally stated she did not think there was any damage to the front of it. She and FORKINS delivered the 4-wheel drive Blazer to the garage and at that time, she stated there was no damage on it. I got the distinct impression RABE was being evasive and possibly knew more than what she was telling us.

RABE then invited me inside as she wanted to consult a calendar as to the exact date she took the Blazer to Sheboygan--that being 01/11/99. At this point and time, FORKINS began badgering me with questions; and he was abruptly cut off by RABE. FORKINS was asked about his 1983 Chevrolet Blazer which he owned and was involved in with an accident on 05/18/96. He stated the vehicle was junked after the accident as it was not driveable and too expensive to repair.

As I was escorted to the door, I requested RABE to step outside one more time. I

questioned her a fourth time, whether or not I would find damage on her vehicle. She then began to cry at which time FORKINS again came out on the deck. Eventually, she escorted me to my squad and told me that she was in the process of getting a Restraining Order and having FORKINS removed from her residence. She inquired about this today and obtained paperwork; however, she did not complete the paperwork, stating the reason for her wanting him off the property is because of his drinking and continued problems.

01/21/99 @ 2100 Hrs.: I, Lt. Bushman, made contact with the Shift Commander for SBPD. A request was made for an officer to swing by DJ'S TRANSMISSIONS to check on the RABE vehicle which should be in for service.

Within 15 minutes, a return call was made. The red and black S10 Blazer is definitely at DJ'S TRANSMISSION with the transmission in numerous pieces on the floor. This vehicle does not match the description of the suspect vehicle we are looking for.

RABE was also questioned as to any other vehicles that FORKINS may have access to. None of them matched the description close to the hit and run accident. MJBushman /bjc

01/20/99 @ 1120 Hrs.: I, Lt. O'Hearn, received a call from Sgt. Larry Zimney of MTPD who stated that he had very sketchy information, but he received information from an employee at the WEYERHAEUSER CORP. by the name of [REDACTED] at a phone number of [REDACTED]. He wishes to remain anonymous and not have his name used.

The information received by Sgt. Zimney stated that [REDACTED] sold a vehicle--a 1986 Chevy Celebrity 4-door, blue in color--to an individual only known to him as SERGIO. He stated [REDACTED] advised him the individual lives in Manitowoc in the [REDACTED] block of S 12th St, a house that is way in the back behind LLOYD'S PHOTO. He stated he drove his 1986 Celebrity over to SERGIO'S residence, met with him, and then was given a ride back to his residence by SERGIO in a Chevy truck which appeared to be a Suburban-type vehicle. He stated it was nighttime and he did not look at the dash or grill area; however, he stated it had a broken windshield. He stated this occurred on 01/10/99. [REDACTED] asked SERGIO what happened, and he stated he did not know due to the fact the truck he was driving he claimed belonged to his brother. He was unsure who the vehicle actually belonged to.

01/21/99 @ 0530 Hrs.: [REDACTED] was contacted and all this information was confirmed.

Approximately 10-15 minutes later, it should be noted I drove to the area of S 12th St where I located SERGIO ESCOBAR who resides at [REDACTED] S 12th St, Manitowoc.

SERGIO stated he was driving a red and bluish Chevy Suburban on the day he picked up [REDACTED]. He stated the vehicle was owned by a girl only known to him as CINDY. He stated the windshield is broken, but the grill seemed to be in good shape.

I advised SERGIO about his revoked DL status and stated that if he would obtain the name of the individual that owns the Chevy Suburban vehicle and then refrains from driving, at this point, nothing would take place reference him operating a motor vehicle. He stated he would contact his girlfriend who has the number of CINDY. He attempted to give me directions, that CINDY lives somewhere in one of the trailer parks on Johnston Dr. I then departed.

REPORT CONTINUED:

I, Lt. O'Hearn, checked all 3 of the trailer parks, not coming up with any type of vehicle matching the description given to me by SERGIO. I had 2 trucks similar in nature to the one we are looking at. One was a 1986 Chevy vehicle bearing RP SSM356 which comes back to THOMAS PRESTON, and this vehicle was intact. Second was a 1988 Chevy vehicle with RP KMV111 which comes back to GEORGE VANSLUYS, and this vehicle was intact.

At this time, I am still waiting to hear from SERGIO as to the location and owner of the vehicle that he was operating so that can be checked.

This Crime Stopper report should still remain open. TKO Hearn  /bjc

0520 hrs. 1/22/99 Spoke with Sandra Moreno who owned the Suburban in question, she stated that she has damage to her vehicle in the windshield and rear bumper area, and this was due to the fact that her ex-husband did cause this damage. She stated that I could check the damage at anytime and that she would make the vehicle accessible for officers. She resides at  Johnson dr. MIWC Lot  Trail INN. Phone number  Blk and red. sub. 01/21/99 @ 0400 Hrs.: I, Lt. O'Hearn, received a fax transmission, Crime Stopper report, from GARY SHEAHAN of TRPD. This information was relayed to our officer by Officer Strouf who received possible information on the suspect in the fatal hit and run accident on CTH CR. The information came from EMMANUEL BURMEISTER who stated, a few days after the accident, his son-in-law (JAMES GILPATRICK) showed up at his house with the grill on his red Blazer-type vehicle knocked out. It was indicated BURMEISTER did not see this himself, but his wife did. BURMEISTER could not provide the year of the vehicle, RP, or anything like that; however, he stated GILPATRICK lives in a house trailer off CTH T on the east side of the road, south of CTH K.

01/21/99 @ 0754 Hrs.: I found the residence which is just north of CTH V on the east side of the road. The address is [redacted] CTH T, Whitelaw. There was no vehicle in the driveway, and I met with the wife of GILPATRICK. She stated the Blazer they had owned they sold over 1 year ago. She stated she knew this for sure due to the fact they were separated at the time, had just gotten back together, got rid of the vehicle, and purchased the vehicle they have now which is a mini-van, Chrysler product. I left my card and advised her that her husband should contact me so we could clear up the matter in this incident.

01/21/99 @ 0822 Hrs.: I spoke with BURMEISTER and questioned him as to the Blazer-type vehicle. He stated he was confused on the make of the vehicle, that the son-in-law does not actually have a Blazer but has a mini-van.

At this point, I will be awaiting the return call from GILPATRICK reference his vehicle; but at this time, this does not prove to be a successful lead in this case.

01/21/99 @ 0950 Hrs.: I, Deputy O'Connor, arrived on Gass Lake Rd, approximately 0.25 miles south of Clover Rd. I was informed there was a piece of vehicle near a field access which may be pertinent to the hit and run fatality which was being investigated by MTSO (see incident S99-00242). I located the piece which would be part of the air intake for an unknown vehicle. The piece was black and color and approximately 4" long. The item was brought to MTSO and given to the investigating officer, Lt. M. Bushman. I also took a Polaroid photograph of this item. POConnor *[Signature]* /bjc

0	HOCHSTETLER	KIRK	A		Route 10, Germantown NY 42526	518/	

01-15-99 @ 1401 hrs.: I, Deputy Jost, made contact at [redacted] CTH CR ref. to some vehicle parts that had been found at that location. Upon arrival, I made contact with KIRK HOCHSTETLER and he directed me to a red pickup truck that was parked in the driveway. In the back of the pickup truck was a piece of plastic from a veh. that appeared to be from a newer style car. It would have been a section of head light housing, having the numbers stamped into it towards the bottom of the lens, SAEA1R. It did not appear as though the section of vehicle was from the hit & run fatality accident; however, was taken in my possession and I later checked with Lt. Bushman. He also did not believe the pieces I had were from the veh. he was looking for.

KIRK told me that SYLVIA HYNEK had found the piece out by the end of the driveway at [redacted] CTH CR. I made contact with SYLVIA and she walked me out to the end of the driveway and pointed to the right corner as you are exiting the driveway. She informed me that in the snow is where she found the piece of head lamp housing and as we walked out to the end of the driveway, I also observed three other pieces of plastic lying just around the corner. The one section of plastic was silver in color with clear front, this piece matched up to the larger section of head lamp housing that SYLVIA had found. I also found two pieces of what appeared to be a signal light cover. One of the pieces having the letter "R" stamped in it. The two pieces match together and is it is a very good possibility they also go along with the larger section head lamp housing.

Again as indicated above, I checked with Lt. Bushman, and due to the fact the pieces looked newer, he did not believe they belong to the suspect veh. on the hit & run fatality. The veh. pieces that I received were taken to MTSO and property tagged and placed into the temporary evidence room at MTSO for safe keeping in ref. to the hit & run fatality just in case the pieces would be needed. At this time no further follow up will need to be done.

I, Lt. Thorrrington was off duty when approached by the comp. ref. some information regarding the hit and run fatal accident. Comp. states he delivers newspapers normally at night and early morning hours. Since the accident the comp. has not seen the usual delivery van that delivers the Post Crescent newspaper. The vehicle is described as a chev van, older possibly black or tan. Comp. states that this vehicle was int he area every saturday and sunday prior to the accident. Comp. further staqted that he had seen the vehicle around the 2:00AM mark normally around the Manitowoc area.

The above info. was given to P. Herrmann verbally. Lt. Thorrrington *HT*

01/28/99: I, Deputy P. Herrmann, along with Lt. M. Bushman met with GBP D Officer S. Bickett at GBP D reference this incident. Officer Bickett directed Lt. Bushman and me to an apartment complex located on Broadway St in the City of Green Bay where we were able to make contact with FRANK ORLA-BUKOWSKI.

I introduced myself to ORLA-BUKOWSKI as a police office from MTSO. I asked ORLA-BUKOWSKI if he would be willing to answer questions regarding his whereabouts and damage to his vehicle to which he stated yes. I advised ORLA-BUKOWSKI he was not under arrest and was free to leave at any time he wished to which he stated he understood.

ORLA-BUKOWSKI stated he works at the shelter at this address in the kitchen on the weekends beginning at 1800 hours and working until midnight. This was verified through the shelter's work schedule. I asked ORLA-BUKOWSKI if he has ever traveled to Manitowoc or the Manitowoc area within the recent past to which he stated no. ORLA-BUKOWSKI stated his Chevy Blazer received extensive front end damage as a result of an accident in Stiles, WI, back in October or November 1998.

I found ORLA-BUKOWSKI to be cooperative and consistent with his explanation of the damages and his whereabouts on the night in question as it relates to this incident. ORLA-BUKOWSKI and his vehicle do not appear to be involved in this hit and run fatality.

01-15-99 con't... and may be an alcoholic. This person may be a neighbor of last name, [REDACTED] who resides in a brick house. Would drive a silver pick-up. 938/KB KB

01/16/99 @ 2100 Hrs.: I, Lt. M. Bushman, made contact with [REDACTED] and his wife at his residence at [REDACTED], Manitowoc. This anonymous Crime Stopper complaint was read to him. The complaint stated that [REDACTED] heard a rumor at LINCOLN HIGH SCHOOL that a male who lives at the above location (Clover Rd, between S 26th St and CTH CR) has been gone since the fatal hit and run and may be an alcoholic. This person may be a neighbor of the last name [REDACTED] who resides in a brick house. This person would drive a silver pickup truck. [REDACTED] and his wife live in a brick house, and they do live between S 26th St and CTH CR. They were unable to provide me with any information that would match the description given on the complaint. They were, however, able to advise me of several suspect vehicles in the area that should be checked:

First, one should be checked approximately 0.1 miles east on Clover Rd, north side of the road, just prior to the tracks, last name of KOPE. There should be a 1980s Blazer, full sized, standing in the yard with disabled RPs on it. The vehicle would match the description of the vehicle we are looking for.

Second, a vehicle should be checked just to the [REDACTED] and [REDACTED]. It is the last residence, an individual with the last name [REDACTED]. He has numerous trucks on his property. Perhaps, one would match.

Third, there is a vehicle they would question that is parked on Clover Rd, north side, first place east of Center Rd. The party has a full-sized silver truck.

Contact was made at [REDACTED] Clover Rd, and the disabled RP of 2432 was run. The Blazer turns out to be a 1984 GMC; however, it had no damage to the grill. This would not be a suspect vehicle as it has over-sized tires as well.

Officers drove up to the last residence...

CASE NUMBER: 599-00433 CLASSIFICATION: _____

INCIDENT: _____

DATE AND TIME: _____

REPORT CONTINUED:

None of these match the description of the suspect vehicle.

Contact was made at the residence--first place east of Center Rd, north side of Clover Rd. Immediately upon entering the driveway, a full-sized Ford truck was observed. There was no damage to the front end. The vehicle does not match the suspect vehicle.

The [REDACTED] have lived in the area for a considerable amount of time and credit themselves with knowing most of the neighbors; however, they were unable to provide any further information.

Unless the complainant has more direct information, this is a dead-end complaint.

SUBJECTS: TODD
Fired from DITTRICH TRKG

Supplemental submission

SOURCE: FEMALE CALLER

WRITTEN REPORT:

Received a call from a female who stated that her husband and son work for DITTRICH TRUCKING in Sheboygan. They knew a male named TODD who also worked for DITTRICH and the subject drove a CHEV TRUCK (RED). TODD was fired from DITTRICH about 3 to 4 weeks ago. Approximately 2 weeks ago her husband and son saw TODD in the Manitowoc area with his red CHEV TRUCK and the truck was missing a grill and had front end damage. Caller believes the truck is between a 85 and 88 model. Caller also believes TODD lives in WEYAUWEGA. Caller did not want her name used but did want to participate in the reward program so I gave her the number for Crime Stoppers. Swetlik called info in to Bushman.

01/20/99 @ 1120 Hrs.: I, Lt. O'Hearn, received information from Sgt. Larry Zimney of MTPD that he had been contacted by a woman who only identified herself as the grandmother of [redacted]. She stated her granddaughter, [redacted] (she does not know where she lives at this time), [redacted] an individual by the name of JEREMY WEYKER. The spelling of the last name WEYKER was a confusion on both the grandmother's and Officer Zimney's part. They do not know if it is RICHER or IRCHART. The grandmother stated he lives somewhere in Sheboygan on a farm near the MENARD'S store and that he owns a gray Chevy pickup truck which matches the description we are looking for and that she believes he was up here on the night of the accident. Sgt. Zimney also informed me that he did some checking and found the parents of [redacted], are [redacted] and [redacted] who live at a residence on CTH Q. Further checking revealed in-house that the [redacted] live at [redacted] Manitowoc.

01/21/99 @ 0650 Hrs.: I met with [redacted] and [redacted] at their residence. They stated their daughter, [redacted], is not residing with them at this time. They seemed hesitant to give me the address of where she was but stated she is also [redacted] JEREMY WEYKER which is a different name than the one I received from Sgt. Zimney. It is spelled W-E-Y-K-E-R. Her mother stated they are [redacted], but she could give me a phone number and address of JEREMY as they know he lives in Sheboygan. JEREMY'S address and phone number were obtained. They also stated he owns a grayish Chevy pickup truck, but they have not see him in some time.

It should be noted all information was passed on to SBSO to check this residence at [redacted] N 40th St, Sheboygan (Sheboygan Co.), where they could meet with JEREMY.

01/21/99 @ 1020 Hrs.: I received a call from Deputy DeBlay of SBSO, phone of [redacted]. Deputy DeBlay stated she has made contact with JEREMY and his father, ANTHONY WEYKER. She inspected both ANTHONY'S and the gray GMC truck owned by JEREMY. Both vehicles were intact and had no damage whatsoever.

02/22/99 Attempted contact by phone at his residence and Peirce Mfg in Appleton, no answer in residence answering machine at factory. Attempt later. M.J. Bushman

02/23/99 1855hrs Contact made with Robert Frye's wife. She stated Robert just stepped out of the house and asked to take a message. She was questioned about whether her husband still owns the Chev truck and does it have damage. She stated he was driving it now and it was involved in an accident in Oconto County near Mountain when he slid off the road and hit a tree the weekend prior to Thanksgiving. She stated an accident report was filed and she remembered it because he was mad when issued a citation. The vehicle was not fixed from that incident.

Contact made by phone with Oconto County Sheriff Department, and I spoke with dispatcher. She was able to pull up on computer screen Robert L. Frye's information and Accident report number 10388, citation #Y49448. She thought one character on each number was missing as Oconto Co. SO has had a computer changeover and the screen is off center. She advised to call back during day office hours talk with Benita [redacted]. I am satisfied the damage was caused to the vehicle in Oconto County, close complaint. M.J. Bushman

02/26/99 2045hrs Contact with the complainant who is a mechanic at Bergstrom, Oshkosh, but did not work on the van. It is blue color with large patches of gray primer showing. It could be a 3/4 ton cargo van. Grille is gone with sheet metal damage to the hood, and bumper. Mechanic states he once saw a vehicle which struck a human and this damage resembled that type, soft not sharp object.

2100hrs Spoke with owner Konetzke by phone at his bar the Hawk's Nest in Little Chute. He stated he hit a tree two years ago but did not make out an accident report. Seemed a bit uncomfortable on the phone or it may have been the loud background noise from the bar. He agreed to have an officer look at the vehicle.

2108hrs Contact made with Shift commander Sgt. Dave Spaeth. He stated he was not busy and would check it out for us right away. M.J. Bushman

2140hrs Sgt. Spaeth called back. Grille is completely gone, minor sheet metal damage and bumper, some rust behind where grille was and no radiator damage. Windshield not damaged and it appears to be old, not a replace. Poloroid pictures taken and will be mailed. Sgt. Spaeth went into talk with Konetzke and other patrons. Konetzke was not the least bit worried about it and very cooperative. Report and pictures will be mailed to MTSO

 with headlights like the ones on vehicles in reward flyer. It had lots of damage. The vehicle towing was a red Ford or Dodge pickup, registration unk. This occurred approx. 1 hr. ago. Caller suggests checking Tisler Salvage and salvage yard in Brillion. Caller wished to remain anonymous. sbraun920

03/01/99 @ 0840 Hrs I Deputy E. Glaeser contacted personal at Tisler Salvage in Menchalsville ref this inc. NORMAN LAPALM told me he transported a vehicle picked up in the city of Manitowoc on friday the 26th of Feb. LAPALM did show me the truck in question and I can identify it as one from an earlier crime stoppers report that I personally investigated and eliminated the vehicle at that time. I was unable to read the VIN number off the brown and tan chev suburban but it had the engine removed and the party I spoke to on the previous complaint told me Tislars would be towing it. No further action needed. EJG

02/23/99 Contact made with Kohler PD, Off. Brogni and request made to make contact at Kohler Company parking area for suspicious vehicle. He advised Kohler Co. has their own security, however he would assist in checking for the vehicle. It is late afternoon and quite possible the vehicle has already left. He will check now and 02/24/99 and get back to me with followup. M.J. Bushman

1845hrs Call back Off. Brogni stated they missed the vehicle today, followup will take place 02/24/99 subject works 9-5. Fax number given to sent followup report. M.J. Bushman

02/24/99 0905hrs Dispatcher took a call from Kohler Police Chief stating they checked the pickup truck in question. It does have part of the grille on the passenger side missing, no other obvious damage. There was a small area of blue paint transfer on passenger door. Not the suspect vehicle, close complaint. M.J. 02/25/99 @ 0800 Hrs I Deputy E. Glaeser made contact at [redacted] Summit Street in city of Manitowoc ref. this complaint. JAMES ERRIHM told me he owns the residence and ERRIHM was advised of the complaint. Errthum stated he does not nor has he ever owned a truck, much less a truck that matches the hit and run vehicle. ERRIHM also stated that he was unaware we were looking for a hit and run vehicle and stated he has been out of town looking for work lately and didnt have much time to read the papers. ERRIHM was asked if he had any roomates or know of anyone who would have parked in front of his house. After thinking for some time ERRIHM said he did remember a truck parking in front of his house but he could not provide any details on it. He said actually the truck was regularly parked in front of his house but he had no idea who would have owned it. ERRIHM also was unable to give any description of the vehicle , not even a color or make. He said he just never paid attention to it. ERRIHM was informed it was hard for this officer to believe he could have a truck parked in front of his house and not pay any attention to it. ERRIHM said he had been working long hours at Zenith Sinered company and left early in the morning and got home late at night. He also was asked why he was currently unemployed and he said he and his supervisor did not get along so the company laid him off. ERRIHM could not provide any information on the vehicle from this report but did state the last time he remembers seeing the truck was just before Christmas. An Alpha check was run on ERRIHM and it indicated only one vehicle listed to ERRIHM, a 1988 Olds Cutlas....no trucks. No further action taken. EJC *ST*

02/24/99 1226hrs Contact made by phone with the complainant. She was present at the party where Rohl and friend were doing heavy drugs, and talking foolish. She does not trust him and feels he could be the type responsible for such an act. Nothing was said specifically about the incident or implied, only they talked about painting Rohl's van. I explained We have talked with Rohl and viewed all his vehicles, he is not a suspect at this time unless she can help me with specific details. She stated "No they didn't say anything like that, I just don't trust them." Close. M.J. Bushman

02/25/99 0850 hrs Deputy E. Glaeser contacted The resident at [redacted] S19th street and Steven Grolle was asked about the Tan Suburban parked in his driveway. Groelle said the truck below to Keith Wilhelm and Groelle was presently putting the motor from that truck into another Suburban also parked in his driveway. Groelle did allow me to inspect the parts (grill radiator and fan shroud) that he had removed from the truck that were laying in his garage. None of the items matched our suspect vehicle and are from a 1984 Suburban. Groelle did state that the suburban that he took the engine out of was to be picked up today and junked out by Tisler junkyard. EJJ

02/25/99 @ 0950 hrs. Officer given this crime stoppers and at this time I contacted [redacted] Officer was advised complaintant wishes to remain Anonymous. [redacted] states that on this date at 0530 hours. she went to the Harbor Express a mini mart in the city of Kewaunee. (It is located on hwy 42) She saw a vehicle bearing license # BK 92768, parked in the parking lot. The vehicle is described as a Blue van and the license was from Wis. [redacted] states that she noticed that the drivers side (right) was damaged. This confused me as I read the Crime stoppers complaint and questioned [redacted] further, she stated that the damage to this van was on the passengers side of the vehicle.

She stated that the vehicle had right front (passenger) damage and that it looked new or fresh. The lights from the vehicle were intact. She stated that the grill was removed (taken off) and wire mesh had been placed there instead. She states it looks like a grate across it and it had been screwed on. She continued on and stated that what caused her to notice was that the passenger side damage had paint chipped away and there was no rust visible. She states it seems very new damage. No other data.

02/25/99 @ 1010 hrs. Spoke to an Officer with Kewaunee city PD. Advised him of what we have and he stated he is aware of the owner of this vehicle. He stated that the owner has been involved in two 10-50's recently but that he would again check the vehicle for our agency. I left our number and my name with him TKO/B

2/25/99 @ 1150 hrs. Kewaunee officer called and stated he looked at the vehicle and that the vehicle has been documented as having two 10-50's within the city limits and that he personally handled one of them. He did take photos of the van but believes that the damage has no relation to our H&R. This can be closed out. TKO

02/25/99 @ 0925 This Lt. called [redacted] who called in this crime stoppers. She stated that she wishes her name not be used nor that we tell anyone we contact where this information came from. (her number is [redacted]). She stated she was invited to a party, (she can't remember when the party was held). At the Bill and Dorothy [redacted] residence at [redacted] Hackmann rd. Mtwc. phone # [redacted] Dorothy later called [redacted] after the party (due to the fact that [redacted] could not attend) to tell her the party was fine. [redacted] states that Dorothy said the conversation turned to the H & R fatal and a man by the name of Herbert Garlieb (phone # [redacted]) was at the party and he stated that someone (identity unknown) told him that the owner and driver of the hit and run vehicle lives near the victim's residence, that he hid the truck and has already had someone fix it for him. [redacted] stated that the name of who told Herbert Garlieb this information was not mentioned. Also the name of the suspect driver was also not mentioned. I questioned [redacted] about the spelling of Herbert's name and phone number and she stated she received this from Dorothy [redacted]. This was all the information she had. TKO

2/25/99 @ 1020 hrs. This Lt. did call Herbert Garlieb at [redacted]. He and his wife were on the phone and seem somewhat elderly. The Garlieb's stated that they heard their story as a rumor. They were at the Earl Otto Tavern and that someone (they cannot remember who it was) stated that the suspect in this case lives near the victims residence. They stated they remember someone saying that it was a "neighbor", but cannot remember because it was a long time ago. I advised them if they remember to call me as soon as possible. TKO

02/25/99 1200hrs Call placed to Earl Otto and he was asked to talk with his bartenders to see if any of them have heard the information listed above. M.J. Bushman
03/02/99 No contact from Earl Otto, he stated he would call me if anything remembered by bartenders. Close pending contact. M.J. Bushman

O	Doan, Donald L.	111598	[REDACTED]	[REDACTED]	[REDACTED]	[REDACTED]	[REDACTED]	Old Hwy 151	

02/25/99 @ 1040 hrs. This Lt. received this crime stopper and contacted [REDACTED] by phone at [REDACTED]. She advised me that she was watching TV w/ [REDACTED] last night and saw the TV section pertaining to the H & R fatal. She stated that they began talking and that alot of indications lead them to suspect Donald L. Doan, who resides at [REDACTED] Hwy 151, Mtwc. She was questioned further and she indicated that this individual has alot of vehicles in his driveway and yard. He is also a heavy drinker and does use the roadway where the 10-50 happened. He attends the bars in that area. She states that over one year ago [REDACTED] did sell a chevy grill to this individual and that prior to the first of the year the grill was outside in this person's yard. Now [REDACTED] states that he has not seen the grill recently. Other than she thinks this person could do a thing like this, no other further information was obtained from her. She was advised to keep in contact if she receives any further info. This information will be passed onto Lt. Bushman for further follow-up. A check of the H & R data base does not indicate this suspects has been checked. TKO

02/25/99 Attempted contact a [REDACTED] Old Hwy 151, no one home. One cadillac, Full Ford sedan and an old tan Chev van which hasn't been run for a while parked in the yard. TKO

02/26/99 Attempted contact and met with Doan's wife. Donald was not home he is working driving a Chev van cleaning carpets with his business. Should be home late.

Contact made with the nextdoor neighbor at Seibolt Implement Co. He sees Donald Doan's van every day and has not observed any damage now or the past year. There is an old van parked in the yard which has never been driven, its used for parts. No other vehicles owned by Doan matching the description.

1930hrs Donald Doan did come to MTSO with his van and it was viewed. It is a 76 Chev no match, no damage, very cooperative. Close Complaint. J. Bushman

 02/25/99 1545hrs Contact by phone made with the complainant. He stated he thinks this is a long shot but this elderly couple left for Tennessee about the time of the accident and they own a General Motors Suburban. He has no idea of age of the vehicle. When asked if they were the type people to do such a thing he stated "Not Really, but they left about that time of accident and may have taken that route."

Contact made with Rick Krumrey. His parent's left for Crossville Tn. Sept. 29/98. Came home for a funeral and Christmas Dec. 16 by Grayhound Bus. They returned to Tn. 01/06/99 by Bus. Suburban remained behind in Tn. It is a 95 Chev Sub. recently traded for a 99 Chev. A RHAS message to DOT shows the 99 Chev. Reg. FJJ447. Close no further followup. M.J. Bushman

02/12/99: I, Deputy A. Colborn, was advised by C.O. G. Senn that DOUG VOGEL came to the front counter of MTSO Jail and requested an officer check a Chevy Blazer which he saw refueling at a gas station in Manitowoc Rapids. Apparently, this vehicle had some front end damage.

02/13/99: I located this vehicle at N Woodland Dr. The vehicle was found to be a Chevy Blazer S10 with minimal front end damage and no broken grill.

This vehicle is not the suspect vehicle from the fatal hit and run. This incident should be filed with incident S99-00242. ALColborn /bjc

02/13/99: I, Deputy A. Colborn, was assigned this incident by MTSO Dispatch. Preliminary information from Dispatch was that a caller called in a vehicle bearing WI RP 630050 and informed the Dispatcher the front end of the vehicle seemed "hokey."

I responded to [REDACTED] S 24th St, Manitowoc, where I located this vehicle. I observed the vehicle to be a 1977 vintage Chevrolet full-sized pickup truck with no structural front damage. Both fenders were intact. The front bumper and windshield were also intact and in serviceable condition. The only part of this truck which was missing was the grill. I did not observe any damage in the grill area which would indicate the vehicle struck someone.

This vehicle was found not to be the suspect vehicle from the fatal hit and run. This incident can be filed with S99-00242. ALColborn /bjc

O	BAXTER	MICHAEL			USH 151, Fond du Lac 54935	
W	[REDACTED]					

02/13/99 @ 2104 Hrs.: I, Lt. M. Bushman, was given this Crime Stopper report from Dispatch, and contact was made with FDSO. The information on the Crime Stopper Interview Form was that there was a white van with grill damage on USH 151 toward Fond du Lac, between BILL'S TREE SERVICE and PIPE EXPRESS. This information was given to the FDSO Dispatcher who was also given the phone number for MTSO. I requested, when an officer makes contact at the van, if he needs more information, he should not hesitate in calling MTSO.

02/13/99 @ 2203 Hrs.: Contact was made from FDSO, Sgt. Rick Olig. Sgt. Olig was on the scene with the vehicle and described the damage. The RP was CC96584 on a 1986 GMC truck, coming back to MICHAEL BAXTER of [REDACTED] USH 151, Fond du Lac. Sgt. Olig advised BAXTER informed him, approximately a year ago, he struck a deer with the vehicle and had not made the repairs. Sgt. Olig stated approximately one-half of the grill was still intact with damage sustained to the passenger or right portion of the grill. The headlight was intact. The bumper had no damage. There was no sheet metal damage above the grill work. There was rust where the paint was chipped slightly just below the grill. BAXTER advised he had not done any repairs. None of the sheet metal or plastic beyond the grill appeared to have any damage, nor was it repaired in the recent past.

This would not be the suspect vehicle we are looking for.

02/13/99 @ 2225 Hrs.: Contact was made by phone with the Crime Stopper informant, [REDACTED]. He was advised the vehicle had been checked, and there was no need for him to call back on 02/14/99 with the suspect's house number. [REDACTED] was thanked for his assistance and advised to keep his eyes open as he does get around the countryside on paper routes. MJBushman /bjc

02/13/99 @ 2330 Hrs.: I, Lt. M. Bushman, made contact with the complainant who wishes to remain anonymous at [REDACTED]. The complainant rode with me to Old CTH CC, pointing out a full-sized van parked behind a barn at [REDACTED] Old CTH CC.

The complainant was dropped off at his residence, and contact was made at [REDACTED] Old CTH CC. The owner of the property stated that I could go head and look at the vehicle which was among several other old vehicles behind the barn and anywhere else I wished to look on his property. The owner of the vehicle parked it approximately 2 months ago, and it has not been moved.

There were no RPs on the van. I noted it was a Ford. The VIN of [REDACTED] comes back on a 1983 Ford truck registered to THOMAS VANBOXEL from Green Bay. There was no damage to the front of the vehicle. The customized grill which was currently on the vehicle was quite rusty as it has been there for quite some time.

This would not be the suspect vehicle. MJBushman /bjc

02-15-99 I, Deputy Jost, was assigned to this complaint. It appears the vehicle was sold to William Bronkhorst by Shane Sjogren. No contact has yet been made with William as I was informed by a co-worker Bill will be out of town until early next week. Additional information was added to S99-00242, please see that report for more detailed information. Jost JMJ

03/30/99 Off. Todd Lepine, make contact with Bronkhorst and see if Sjogren did in fact sell him his old Chev Blazer or Suburban and was it damaged, and where did it get fixed. What was the year and what was damaged. See if he or Sjogren has an explanation of the damage and anyone that can verify that explanation. Thank you very much, I work the next five nights 2000hrs to 0400hrs. M.J. Bushman

DISPATCH # _____

FILE # 99-08630 DATE 2-16-99
(if known)

COMPLAINANT/VICTIM _____ TIME AM 2:00 PM
(if known)

On the above date I received a call from Deputy Jost of the Manitowish Shippig Dept. requesting our assistance in their investigation of a hit & run fatality in their jurisdiction involving a Chev truck. Dep. Jost informed me they had received information on Crimestoppers that a Shane M. Sjogren of Green Bay had owned a similar truck and sold it three days after the fatality with front end damage. Dep. Jost said he had attempted contact with Sjogren via phone but no number could be located.

The address for Sjogren was given as [REDACTED] 5. Platten #107.

Our city directory indicated Sjogren resides in apt. #109.

I assigned Off. Paulyke to attempt to contact Sjogren and obtain the name of the person he sold the vehicle to per Dep. Jost's request. Off. Paulyke came up with the information attached.

A copy of this report was faxed to Dep. Jost at [REDACTED]

A report was generated due to the seriousness of this offense.

No further follow up needed at this time.

COMP/VICTIM _____ TIME _____

ON 02-16-99 AT ABOUT 5:45PM I WENT TO [REDACTED] S. PLATTEN ST.# 109 TO ASSIST MANITOWOC COUNTY SHERIFF'S DEPARTMENT IN MAKING CONTACT WITH A SUBJECT(SHANE M. SJOGREN [REDACTED]) AT THIS LOCATION. WHEN I ARRIVED ON SCENE I WAS MET AT THE DOOR BY A FEMALE WHO STATED THAT SHANE DOES LIVE HERE BUT THAT HE IS AT A FRIEND'S HOUSE AND IS GOING TO BE SPENDING THE NIGHT OVER THERE. I THEN ASKED HER IF SHE KNEW WHO SHANE SOLD HIS TRUCK TO AND SHE TOLD ME THAT HE SOLD IT TO BILL BRONKHORST. SHE SAID THAT BILL LIVES OVER ON THE EAST SIDE OF TOWN BUT DID NOT KNOW THE ADDRESS.

I THEN WENT TO THE STATION AND FOUND THIS SUBJECT IN OUR MASTER FILE. THE MOST RECENT ADDRESS ON BILL IS [REDACTED] 1/2 DAY ST. GREEN BAY, WI 54302. HIS HOME PHONE # IS [REDACTED] AND WORK # IS [REDACTED]. HIS NAME AND DOB IS WILLIAM P. BRONKHORST [REDACTED].

02/16/99 Cleveland Auto reports the above subject was in to attempt purchase of an 88 Chev. van grille. The second time a plate was obtained. Sheboygan PD phoned and asked for assistance. Off. familiar with the case attempted contact. He did not find Weisman but did view the 88 Chev van in question. The grille is for an upscale van with blue trim through the middle not a custom model. Most of the grille is in place with parts we're looking for still there. This is not our Vehicle. M.J. Bushman

They located the parts, gave Mr. Vanserke a price, but no buy was negotiated at this time. as/926

On 02-19-99 I, Deputy Jost, made phone contact with Fred Vanserke. He informed me he was in the process of purchasing the vehicle from Pietroske. I inspected the truck, the damage not consistent, the vehicle was too new and the grill not the same. See S99-00242 for further information. No followup needed.

021999 1602 hrs: Per Deputy Colborn, vehicle has been checked numerous times and has been eliminated from suspect list. 935/lms

02/19/99: I, Deputy A. Colborn, advised MTSO Dispatch that this particular vehicle has been checked and has been found not to be the suspect vehicle in the fatal hit and run.

I also checked the FBI Rapid Start Quick Track system in the computer and found this vehicle has been entered and has been noted to be checked and found to not be a match.

No further action taken. ALColborn /bjc

02-20-99 Caller did try the [REDACTED] phone number today, and states it's been disconnected.
 Caller called back to leave his name and phone number in case we need to re-contact him. sbraun920

02/20/99: I, Deputy A. Colborn, was assigned this Crime Stopper incident for further investigation by MTSO Dispatch. Dispatch advised [REDACTED] called them and stated a party by the first name of "DAVE" was trying to sell Chevrolet truck parts on the WOMET Air Exchange Program. [REDACTED] informed Dispatch DAVE sounded very nervous while on the Air Exchange.

I attempted to call the number which [REDACTED] gave. [REDACTED] stated DAVE left a number of [REDACTED] where DAVE could be contacted should anyone be interested in the Chevrolet truck parts. I found this number was disconnected. Dispatch further advised me the number was not in the reverse directory.

I then contacted an employee of WOMET who I know personally. I know this employee to frequently be the disc jockey who conducts the Air Exchange Program. This employee informed me WOMET does not record the Air Exchange. This employee further informed me any cards or letters sent to WOMET to read on the Air Exchange are thrown out after the Air Exchange is over. This employee informed me there would be no record at WOMET of DAVE'S call.

I contacted GTE TELEPHONE COMPANY as this is the telephone company who services the [REDACTED] exchange. They informed me they could not provide the name of the last person who had the phone number of [REDACTED] as it was "a weekend and they could not verify that I was a police officer." I was advised to call their Security Division at [REDACTED] on a weekday and that they would be able to "perhaps" help me.

02/22/99: I received a telephone call at my residence from the employee of WOMET. This employee advised me he was doing the Air Exchange earlier today and DAVE again contacted WOMET about selling Chevrolet truck parts. This employee of WOMET stated DAVE left a phone

REPORT CONTINUED:

number of [REDACTED] where he could be contacted.

02/22/99 @ 1000 Hrs.: I, Deputy Colborn, had MTSO Dispatch look up the telephone number of [REDACTED] in the reverse directory. This telephone number is for KENNETH KOHLBECK at [REDACTED] Tower Ave, Keilnersville. It should be noted KOHLBECK is the owner of KOHLBECK FARMS.

I contacted this phone number and spoke with KOHLBECK. He informed me KOHLBECK FARMS has an employee by the name of DAVID "DAVE" KRUEGER. KOHLBECK stated KRUEGER was the one who placed the telephone call to WOMT in hopes of selling Chevrolet truck parts from his truck.

I located KRUEGER at another portion of KOHLBECK FARMS located on Fischerville Rd, east of CTH T. KRUEGER informed me he was parting out a 1977 Chevrolet pickup truck. KRUEGER stated this was the vehicle which he contacted the Air Exchange in reference to selling parts from. KRUEGER informed me I could observe the vehicle at JOSEPH RUZEK'S service station on CTH K, just west of I-43. I knew from prior contact where this garage was located, and I then responded there.

I observed sitting right in front of JOSEPH RUZEK'S garage, a 2-tone brown/tan Chevrolet pickup truck bearing VIN [REDACTED]. I observed this vehicle to have been manufactured in January 1977. I further observed this vehicle to have no structural front end damage, and the grill was whole and intact.

I made contact with RUZEK who informed me this was the vehicle which had been dropped off at his garage by DAVID KRUEGER. RUZEK stated he need to pull the engine out of the 1977 Chevrolet truck and put it in a 1973 Chevrolet truck which also had been brought there. I observed this truck also to bare no front end damage. RUZEK further stated the 2-tone brown/tan Chevrolet truck was the truck which KRUEGER was trying to sell parts from.

This vehicle does not match the suspect vehicle for the fatal hit and run. No further action taken at this time on this incident. ALColborn /bjc

02/22/99 1430hrs Contact made by phone with Complainant [redacted]. He stated his memory is poor due to a stroke and has forgotten to call MTSO on several other occasions. But he wished to report that approximately 2-3 days after the accident he saw in the paper that a van was in the ditch North or South of Manitowoc and it had damage. He said we were not immediately looking for a van but later discovered it may be a van. He has no idea where this occurred and did not see it stating; "Its only a hunch."

All accident reports were checked from 01/09/99 through 01/23/99. None of the vehicles listed in the reports matched the suspect vehicle with a 94 Ford Custom Van Southbound on I-43 listed 01/12/99. This may have been the van he was talking about which was listed in the Herald-Times Sheriff daily log. M.J. Bushman

 02/22/99 1039hrs Contact by phone made with [REDACTED] and he described the vehicle he
 had purchased. He was in the garage working on the vehicle as we talked. Tires appeared
 to belong on vehicle for extended period of time, they were 10½ inches wide aggressive
 mud tires. The vehicle was raised higher than factory build, had round headlamps, and
 rounded corners on the missing grille parts. This does not describe the suspect vehicle.

 02/24/99 1434hrs Contact made with Thomas Drexler at [REDACTED] E. Albert Mtwc. He stated he does own the vehicle in question and it was parked between trailers 40 and 41 until mid January. He then moved to Myron Arhens residence [REDACTED] W. Marshal.
 Vehicle observed in the driveway [REDACTED] W. Marshal. There was damage around the Rt. headlamp but the grille was in place and appeared to be original. There was no other damage and it had very large mud tires as well as raised higher than factory deliver height. This is not the hit and run vehicle, close out. M.J. Bushman

02/09/99 @ 1015 Hrs.: I, Deputy E. Glaeser, made telephone contact with SBSO Deputy #118 after receiving information from Dispatch that their dept. recovered a vehicle which was apparently abandoned on CTH T near Greenbush that had possibilities of matching our hit and run suspect vehicle. In speaking with Deputy #118, he indicated the vehicle was a 1984 Chevy pickup with right front damage, consistent to our hit and run. In speaking with Deputy #118 on the phone, the information that he relayed to me seemed to indicate the vehicle had a strong possibility that it may match our suspect vehicle description. The Shift Commander was notified at this time, and he authorized me to travel to Sheboygan Co. to observe the vehicle.

Upon making contact with a SBSO officer and observing the vehicle, it should be noted the vehicle did not match our hit and run parameters as there was a marked difference in the grill style. The damage which was incurred on the vehicle was consistent with the one we are looking for, but the grill model does not match.

The RP on the vehicle was BH51214, for a 1984 Chevy pickup truck listed to CHERYL WARNER.

No further action taken at this time. EJGlaeser *EJG* /bjc

0	OLSON	ROGER	J		Hamann Rd, Manitowoc	

02/15/99 @ 1110 Hrs.: I, Deputy E. Glaeser, followed up on this Crime Stopper report. The vehicle reported with damage was located at Hamann Rd, Manitowoc. I observed it was a gray 1986 GMC Sierra truck. This vehicle is not a match with the hit and run parameters from S99-00242. The truck in question does have right front damage, but the grill is inconsistent with our suspect vehicle. The vehicle, at this location, is registered to ROGER OLSON.

This vehicle can be eliminated. No further action taken. EJGlaeser *EJG* /bjc

02/16/99 1615hrs Contact by phone made with [REDACTED] at Neenah Paper [REDACTED]. He advised Norman Falish is on vacation this week. The vehicle was described to Officer. Only 1/3 of the grille is gone and as far as he could see there was no sheet metal damage around the the grille out. The vehicle has large aggressive tires as he remembered and generally in poor condition. [REDACTED] will check much closer next week and if there is any question the vehicle fits Officer's description he will call back. He stated, "I don't think this is the vehicle after talking with you, but I thought I should question it." Close Out. M.J. Bushman

02/11/99 @ 0913 Hrs.: Dispatch received an anonymous complaint of a suspicious vehicle parked on Madison St in the City of Manitowoc with no tailgate but with front right damage. The RP forwarded by the caller was WI truck BJ84010.

In running a 10-28, it indicated this vehicle is a 1985 Ford pickup truck.

Due to the fact the RPs may be on the wrong vehicle, I checked this location for the vehicle. I confirmed it was a blue Ford pickup, indicating it does not match our suspect vehicle.

No further action taken. EJGlaeser *EJG* /bjc

02/11/99 @ 0950 Hrs.: I, Deputy E. Glaeser, was informed by Dispatch an anonymous caller contacted them in regard to a strange incident which had been reported. Dispatch advised the anonymous caller made contact at a residence at the end of Hecker Rd, south of Silver Creek Rd, in an effort to sell the party at that residence insurance. The female caller said the man she had contact with at the house talked very strange and made reference to the hit and run accident several times, even though she never brought the subject up. Apparently, the farmer at this residence further stated he had a van in the barn and that was where it was going to stay. Dispatch also relayed that originally when the female made contact at the house, the male party was very agitated and told her to leave the property.

There was no personal information taken from the caller. The caller disconnected the line before Dispatch could get that information. The only information she could relay was that the address was at the end of Hecker Rd, south of Silver Creek Rd.

I informed Lt. O'Hearn that I would be attempting to make contact at this address. I was successful in contacting a female party who had no problem with me checking the barns, garages, and storage sheds on the property. Lt. O'Hearn and I were unable to locate any vehicles, even of a Chevrolet make. Delores Lallensack told officers her father Victor was the owner of the property but was not home. Delores did let us search all buildings on the property. This incident can be considered closed. EJGlaeser *EJG* /bjc

02/11/99 @ 1850 Hrs.: I, Lt. M. Bushman, received a phone call at home from CHANNEL 11 NEWS, TERI BARR. She indicated a Crime Stopper report was made to their station reference SCOTT MARTENS who had been to the KARCZ AUTO SALVAGE yard in Pulaski requesting a grill and right front fender for a 1985 Suburban.

02/11/99 @ 1912 Hrs.: Contact was made by phone with BRSO. I spoke with Lt. Josart. A request was made for the Shift Commander to send an officer by SCOTT MARTENS' residence at Floral Dr, Green Bay, to view this vehicle.

02/12/99 @ 2119 Hrs.: Contact was made by phone with Lt. Josart of BRSO. He advised, this afternoon, an officer made contact with MARTENS. There was minor damage to the grill area on his vehicle. It was explained the damage would have occurred in a car-deer accident. Follow-up on the information showed a car-deer accident involving this vehicle in Brown Co.

This would not be our suspect vehicle. MJBushman /bjc

02/12/99 @ 1000 Hrs.: I, Deputy A. Colborn, was assigned this incident by D.I. Tisler who informed me an MTSO Jail inmate informed the Jail Administrator he had some information reference the fatal hit and run (see incident S99-00242).

I responded to MTSO Jail where I made contact with Jail Administrator R. Aukamp who gave me a copy of an Inmate Jail Request Form. The request form stated [redacted] wished to talk to someone about the hit and run which "killed that boy on Clover Rd by BIL-MAR" (see attached copy of the request form).

I had [redacted] brought down to the 1st floor Interview Room of MTSO Jail where I spoke with him. [redacted] informed me he has been an inmate at MTSO Jail for the last 14 months. [redacted] further informed me he believes [redacted] PHILIP KOCH, may possibly have some information reference the fatal hit and run.

[redacted] asked I keep his name anonymous. [redacted] further stated, when he was incarcerated, he purchased a 1989 Chevrolet van which had a grill very similar to the one he observed in the picture in the Herald-Times Reporter. [redacted] stated, when he became incarcerated, [redacted] (PHILIP) took over possession of the van and frequently drove it. [redacted] stated, when he was incarcerated, he purchased the van for \$8000. He stated the van was in good shape with no front end damage. [redacted] stated he now received a letter from PHILIP (see attached) in which PHILIP is requesting the Title for the van so he can "get rid of it." [redacted] stated he feels this is very odd and does not know why PHILIP wants to get rid of the van. [redacted] then provided me with PHILIP'S home address where he believes the van may be kept. [redacted] again requested I not mention his name when I spoke with PHILIP which I agreed to do.

I responded to [redacted] Green St, Manitowoc, where I observed a white Chevrolet van bearing WI RP BA94794. This was the van described to me by [redacted]. This van was in the backyard of the residence located at [redacted] Green St.

I made contact with PHILIP'S wife who gave me permission to look at the van and inspect it.

CASE NUMBER: 599-01257 CLASSIFICATION: _____

INCIDENT: _____

DATE AND TIME: _____

REPORT CONTINUED:

were broken out on each side of the van, and the grill was not properly installed. It appeared to me someone changed the grill.

I, Deputy Colborn, took Polaroid photos of the damage to the van which are attached. I then asked to speak with PHILIP. I was informed PHILIP was currently at his place of employment.

I brought the photos to MTSO Jail where I again spoke with [REDACTED] and showed him the photos. [REDACTED] informed me the windshield of the van had been cracked prior to his incarceration, but the damage to the front of the van was new. [REDACTED] stated there was no damage whatsoever to the front of his van when he began his incarceration 14 months ago.

I informed Lt. M. Bushman of this incident and requested he do further follow-up as I was unable to locate PHILIP during my tour of duty.

02/12/99 @ 2130 Hrs.: Lt. Bushman attempted contact at [REDACTED] Green St, Manitowoc, to interview PHILIP. Lt. Bushman spoke with PHILIP'S wife and viewed the 1989 Chevy van. He found the headlight bezels on the left and right were broken; however, the headlamps were intact. The grill was cracked but in place. Lt. Bushman found the bumper to be bent but rust-coated. The tire tread did not match the tire tread of the suspect vehicle. It appeared to Lt. Bushman and me that the vehicle had been sitting a long time and that there was no metal underlying structural damage.

This vehicle does not appear to be the suspect vehicle for the hit and run.

02/12/99 @ 2140 Hrs.: Contact was made with PHILIP at his residence. Lt. Bushman interviewed PHILIP and found, approximately 6 months ago, PHILIP removed [REDACTED] van from the Sheboygan Co. Impound yard. PHILIP stated it was damaged while moving it as they attempted to push the van with a truck. Apparently, the bumpers did not quite match up. Lt. Bushman stated PHILIP informed him the van has been parked at [REDACTED] Green St and has not moved since then.

This does not appear to be our suspect vehicle for the hit and run. This incident can be considered closed at this time. ALColborn /bjc

Dear [REDACTED]

I haven't heard from you don't know what's going on, but I need to get that title for that van so I can get rid of it for you enclosed is \$5.00 in your acct. so you can write & let me know how I can get it if I don't get it out they want to lock storage on it & the van quit worth what they want to charge do you know anything. What's going on or when you'll be going to court. If so let me know or call as I said. I am sending \$5.00 along with this letter so you'll have some stamp money.

02/21/99 @ 1538 Hrs.: I, Deputy A. Colborn, was advised by MTSO Dispatch that SHARON SCHMIDT contacted MTSO and informed them that while walking south on CTH CR, she discovered a small piece of amber plastic which she believed came from a motor vehicle. SCHMIDT stated she believed the piece may have come off the vehicle involved in the fatal hit and run (see incident S99-00242).

02/21/99 @ 1708 Hrs.: I responded to [REDACTED] CTH CR where I made contact with SHARON SCHMIDT. SCHMIDT gave me the small amber piece of plastic which I observed to be emblazoned with the Ford logo. I informed SCHMIDT the suspect vehicle in the hit and run was in all likelihood a General Motors product. I informed SCHMIDT, however, I would retain possession of the small piece of amber lens in case the suspect vehicle should happen to be a different make than General Motors.

I believe the amber piece of plastic came from a Ford pickup truck turn signal lens. SCHMIDT stated she found the piece on CTH CR, approximately 150 yards south of her residence in the west ditch area. SCHMIDT further stated she walks this area quite frequently and should she discover any other automotive pieces, she will contact MTSO.

The small piece of amber-colored plastic is attached to this incident. At this time, the suspect vehicle involved in S99-00242 is believed to be a Chevrolet and this piece is clearly marked "Ford." The piece should remain attached to this incident until the suspect vehicle can be located and identified. ALColborn *ALC* /bjc

03/08/99 Lens piece labeled "Ford" was given to Insp Petersen to be disposed of. It is not from the suspect vehicle. KPetersen/ks

Also discussed was the placing of posters in the Plymouth area and cable access. M.J.B.

02/24/99 1139hrs Plymouth did make contact with suspect to check his vehicle. There was moderate damage to front end. Grille broke up extensively. Owner claims damage caused by large snow drift while 4 wheeling in early January, however he seemed to have memory fade for details. Contact attempted with Officer at scene to verify description of vehicle. Call back expected. M.J. Bushman

02/24/99 1732hrs Call received from Off. Vander Sande, Plymouth PD. He advised the Geiken truck he looked at was set up for off-road mud running 4x4. It was higher than stock, dual rectangular headlamps both sides. He did observe the lower and upper passenger side corners of the grille still in place. He believed the Chev emblem was still in place. It does not sound like this is our vehicle, close out complaint. M.J. Bushman

O	Novy, Keith A			[redacted]	[redacted] Polifka Rd., Whitelaw	[redacted]

02/17/99 Contact made at [redacted] Polifka Rd. with Keith Novy. Novy owns 4 trucks only one Chev. which is a 1 ton dump truck with dual rear wheels. The two P/U trucks he owns are both Fords. One has a deisel engine which has been blown out for one month and is parked in with registration BH28203. The second truck is his current operating P/U with registration TSD665. Neither has damage, Novy has not owned a Chev P/U.

When advised of the complaint he stated, "I haven't been down that way for at least three years." Close out. M.J. Bushman

S	Ebert Timothy L.			176136	[REDACTED] St. Ann Dr. Green Bay	[REDACTED]

02/16/99 Contact attempted with Complainant [REDACTED] by phone, no answer message left.
 02/17/99 Phone call returned by wife. She was not aware [REDACTED] called a Crimes stopper report so she made contact with him as he is out of town. The suspect is Tim Ebert and he works out of the substation in Depere. Truck grill and windshield replaced by a coworker at the WPS Substation, name unknown.
 Contact made with WPS and phone book information with address listed above is current for Ebert.
 Contact made with Substation Supervisor Dennis Johnson. DOB obtained and work hours, Ebert would be done at 1500hrs. Johnson checked Ebert's vehicle in the parking lot and obtained RP BG17563 listing to Ebert on a 90 Chev P/u. New windshield and grill were in place. Johnson stated he may have had an older truck, he agreed to check and return a call to MISO.
 1559hrs Dennis Johnson returned phone call stating the 90 Chev was the damaged vehicle and looked closer noticing the bumper was not repaired. This is the caller's concerned vehicle and it would be the newer style, not like the suspect vehicle. Ebert had told several fellow employees he hit a tree. This is not suspect vehicle, Close. M.J. Bushman
 As far as Johnson knew Ebert does not own other vehicles. DOT check varifies only the 90 Chev listed to Ebert.

02/16/99 1620hrs Spoke with Jim Treptow Service manager. He checked his records and found the service referred to above on 02/04/99. He stated the owner of that vehicle is a regular customer and he knows the truck well. It is a Blk.89 Chev.P/U new style. There was damage and stated he could get the plate number if we needed it. I advised him with his description it was obvious this was not the vehicle. Description of suspect vehicle was given and contact number should suspicious vehicle show up. Cloce out. M.J. Bushman

02/16/99 1715hrs Call recieved from Jim Treptow stated he had a second vehicle around that period of time an 85 Chev p/u blk. He stated this vehicle sat without a transmission for four weeks though. Treptow is on a circuit with 18 other repair shops in Fond Du Lac and all have been notified just prior to him calling back. M.J. Bushman

02/04/99: I, Deputy Bonfigt, received information to check a vehicle which was brought to R&B AUTO in Maribel which had left front damage. The damage was left front quarter panel, grill, and windshield. I was given a VIN of [REDACTED]. Running this VIN, it came back to AIMEE ANDREWS of [REDACTED] 34th St, Two Rivers.

02/05/99: I made contact at the ANDREWS residence where I spoke with AIMEE. AIMEE stated her husband, JAY ANDREWS, had the vehicle at HAMILTON'S where he works. AIMEE also stated they purchased this vehicle on Monday, 02/01/99, from MICHAEL PEROUTKA.

I proceeded to go to HAMILTON'S to check this vehicle. Once there, I was met by JAY who stated he did buy the vehicle on 02/01/99 from MICHAEL PEROUTKA and that he reported a car-deer accident over the weekend. An in-house check revealed there was a car-deer accident reported by MICHAEL on 01/31/99. JAY also stated to me that officers did stop out by MICHAEL'S house on 2 other occasions to check the vehicle.

This would not be the suspect vehicle from the fatal hit and run.

Running a 28 check on the VIN, the RP is WI truck AJ59298. It is a 1986 Chevy registered to AIMEE ANDREWS. The color of the truck is light blue over dark blue.

model with grill damage on 18th Street, north of Waldo, northbound. Vehicle had a personalized plate beginning with "R-----" and had 5-6 letters total. The word on the plate appeared to be a nick name or last name. There was also damage to the passenger side of the vehicle. Caller states a 'lift kit' made the vehicle higher than normal, the tires appeared larger than normal with newer, more expensive rims. The front bumper was intact, vehicle had square headlights. The female operator appeared to be in her thirties, with curly, longer brown hair. SESS

02/16/99 Not enough information to followup at this time. Description does not appear to be suspect vehicle-higher than normal and large tires. Close out M.J. Bushman

 02/22/99 Contact by phone made with Keith Troska manager of Precision Woodcrafter's [REDACTED] CTR R. He returned my call and advised they do have the vehicle mentioned on the Crime Stopper's report. It is an 87 Chev C-10 van, red color. It does have minor damage to the grille estimated to be three years old approximately 6x6 inch size. Minor scratches to the painted bumper and minor dings on body. He welcomed Officers out to check it. He was not sure there was any further damage than listed as the vehicle is often loaned out to employee who has a need.
 1557hrs Off. Colborn made contact and viewed the vehicle, It is not the suspect vehicle

McDonald's in DePere. The van was a Chev product, model could have been anywhere in the 1980's or '90s. There was no rust or primer. "AMA" was written on the van in red letters, and "Heating, Air Conditioning, and Reprigeration" in black letters. No license plate number obtained. The driver is described as a male in his 30's or 40's, thin build, with reddish-brown hair. SESE

02/16/99 1745hrs Contact made with AMA Plumbing manager Dale Besson. He stated the van in question is a 92 Chev usually driven by a Jeff Walschinske an employee. Jeff struck a deer in Brown County and an accident report should be on file there. AMA has not had the vehicle repaired at this time. Not the vehicle we're looking for, close. M.J. Bushman

02/22/99 1535hrs [REDACTED] is a [REDACTED] with [REDACTED]. He lives in Green Bay Apartment Complex. He noticed shortly after the reports of the accident came out there was an 80's Chev Blazer parked behind a shed at [REDACTED] Nicolet Drive in Green Bay. He stated it looks very suspicious because of where its parked and extremely hard to see unless you know exactly where to look. He did not obtain a plate number. He described the damage as the upper portion of the passenger side of the grille missing. There is no hood bumper or sheet metal damage. Tires are oversize. After listening to me describe the damage he stated; "No I don't believe this is the vehicle your looking for." He then stated he will return tonight while walking and take a second look, but would not call me back unless he overlooked something. Close Out Complaint-M.J.Bushman

RE: "Most Wanted" Hit and Run case

We received a call today from [REDACTED] who says he has noticed a 1980's model Chevy blazer sitting behind a shed at [REDACTED] Nicolet Drive in Green Bay. He says the grill is busted out and he says it hasn't moved from the spot behind the shed in weeks. He decided to call after he saw our "Most Wanted" segment and another description of the vehicle.

I talked to his wife later today; they say don't hesitate to call them if you need any more information.

Good luck.

for \$250 dollars. The ad states the vehicle needs a new engine. Caller states this is suspicious because he feels the vehicle is worth approx. \$900. Caller also traced the phone number provided in the ad [redacted] in his 1986 reverse directory, the corresponding name given was Daryl J. Huebner. Then caller looked up Mr. Huebner in a current phone book and the number given there was [redacted]. Caller also feels this is suspicious and feels Mr. Huebner put his old phone number in the ad because he's hiding something. SESE

02/17/99 1300hrs Contact made with Christopher L.Korte by phone. He is currently living at [redacted] So.25th St.,Mtwc. and has been for approximately four years. The phone number was given to him when he moved in. He did sell the 85 Chev Blazer. I don't doubt the phone number was Daryl J.Huebner's in 1986 but this is 1999. There was no damage to the Blazer, it was without an engine in January. Close M.J.Bushman

02/24/99 1912hrs Contact made at Richard Franz residence. Richard was gone to school tonight. His wife states he would know Booty Miller and will leave note for him to contact MTSO with information later this evening. M.J. Bushman

02/25/99 Received information the "Booty" Miller was Gordon Miller. Attempt to contact made and no one home. Green Ford Truck with pushed in grille on passenger side and cardboard in the grille space in yard, Registration BB84-686. Small Ford escort in the yard covered with snow. There was another Ford p/u and a Dodge p/u in the garage. One space empty in the yard, tire tracks indicated small car.

02/26/99 1700hrs and 2145hrs. Attempted contact no one home. 2200hrs attempted contact by phone and Gordon Miller answered. He was very cooperative and offered to show all his vehicles if Officer wanted. States the grille is out from hitting a deer. Also stated his brother Gerald Miller is nicknamed "Booty". Gordon has not owned a Chev. Product in years and his brother should have a Ford truck and Pontiac sedan.

2241hrs Check made of Gerald J. Miller's truck. It is an 86 Ford, no match, Reg: Be51954. Close Out Complaint. M.J. Bushman

02/18/99: After doing leg work on this vehicle for several days from the 16th and 17th, I (Deputy Glaeser) was able to locate the vehicle at METAL WARE in Two Rivers. I observed it was a brown and white K5 Blazer bearing WI RP SYT198. The Blazer had damage to the right front grill area, but it should be noted the grill was chrome and had black trim paint.

This would not meet the parameters of our suspect vehicle, so this one can be eliminated from the suspect list.

No further action taken. EJGlaeser /bjc

02/03/99: I, Det. Sgt. J. Lenk, received a telephone call from Det. Joe Lingnofski from Menasha PD, phone of [REDACTED]. Det. Lingnofski stated he got information from RICHARD SOKEL that RICHARD'S wife, MAUREEN SOKEL, works at the BANTA MEDIA CORP. MAUREEN overheard 2 girls talking about an accident which she thought was the hit and run accident we are investigating. One of the girls who was talking was AIMEE CHAPLEAU who works at BANTA MEDIA but also works at the BUTTERFLY BAR in Neenah as a part-time bartender. MAUREEN stated she overheard these girls talking, and she stated AIMEE made a statement that she knows who did the hit and run but she told the other girl she would not divulge the name. Det. Lingnofski stated I should contact Lt. Bob Wallner from Neenah PD at [REDACTED] to see if they could check out AIMEE in regard to the hit and run accident.

02/03/99 @ 1240 Hrs.: I contacted Lt. Wallner of Neenah PD. He stated he would check out the lead with AIMEE at her residence. He stated he will call back with information probably on Friday when his partner comes back to work.

02/05/99: I received contact from Det. Jay Karner of Neenah PD. He stated he will be checking on this lead along with his partner, Lt. Wallner. They will be conducting an interview with AIMEE regarding this information.

02/08/99: I received a telephone call from Det. Karner who stated they did in fact make contact with AIMEE. She has no knowledge of the hit and run fatal accident. She stated she was talking about a prior, unrelated accident when she was overheard talking. Officers also checked her and her associates who would have a possible match for the vehicle in question. There were negative results with this.

This incident should be considered closed and not relevant to the investigation of the hit and run fatal accident of S99-00242. JMLenk /bjc

02/23/99: I, Lt. M. Bushman, went to NEWTON FIRE DEPT. at the intersection of Center Rd and Carstens Lake Rd for a talk with EMS personnel. After the meeting, an anonymous gentleman approached me and advised that he had information on an individual by the name of TROY TEMME who told him the suspect vehicle we were looking for was possibly in the old FIRST CHRYSLER garage, at the intersection of Center Rd and Newton Rd, for 3 days after the accident occurred. The vehicle has since disappeared and is no longer in the area. It was also learned the owner of the property is WILLIAM PHIPPS.

02/24/99 @ 1350 Hrs.: Contact was made with WILLIAM PHIPPS at his garage near the intersection of Newton Rd and Center Rd. He was asked about the possibility of a Chevrolet van parked in his garage for approximately 3 days after the accident took place (01/10/99). PHIPPS stated he is the only individual who had access to the building during that period of time and stated business was a bit slow so he was not there everyday; however, he was there at least every other day. The only vans that should have been parked in the building were his own white Ford van used in his business and possibly a van owned by DARREN and ROBERT KLEIN who live at Center Rd, Manitowoc. KLEIN parked the vehicle there overnight in early January. He was unaware of the exact date as they did some minor maintenance work on it. It would have been a blue Dodge van. PHIPPS was very cooperative and could not remember when the last time was that any other van/vehicle would have been parked in the garage.

Contact by phone was made with TROY TEMME. TEMME advised he received the information about the Chevrolet van parked in the garage from RAYMOND ROSS on 02/09/99 at the Newton Fire-fighters Annual Meeting. TEMME went to the garage shortly after the meeting to see if there was in fact a van parked inside; however, he did not see any and did not get out of the vehicle and walk around the building. He stated the person who gave him the information was RAYMOND ROSS. TEMME himself never saw a van in the PHIPPS garage.

02/24/99 @ 1600 Hrs.: Contact by phone was made with RAYMOND ROSS. ROSS stated his wife is a Newton First Responder and was paged to respond to the accident on 01/10/99. While she was responding, she went through the intersection of Center Rd and Newton Rd but was called off from going all the way to the accident scene while she was in the area of CTH CR

REPORT CONTINUED:

and CTH C. She then turned west on CTH CR and turned south again on Center Rd, going past the intersection with Newton Rd a second time.

Later, she heard rumors about evidence being found at the intersection of Center Rd and Newton Rd. She became very disturbed as she had traveled through that intersection the night of the incident but could not recall seeing grill parts or any vehicle tracks other than her own the night of the incident. She blamed herself for not being observant and remembering the items laying on the road. When the ROSS family members were made aware the parts were there, they recalled driving through the intersection and observing a light-colored van in the garage which PHIPPS owns. ROSS told me over the phone his wife "had a gut reaction" about the van being parked in the garage.

At no time did they get out and verify whether or not it was a Chevrolet, Ford, or Dodge van. ROSS stated, "I haven't the slightest idea of what make the van was, only that it was a light-colored van." All 3 of the ROSS family members (his son, his wife, and himself) could not recall the exact color of the van which may have been parked there. No RP of definite description of the van was obtained.

Under the circumstances, there has not been a positive identification of the vehicle which would have been parked in PHIPPS' garage. PHIPPS himself stated he generally parks his white company van in the garage facing forward in the same fashion the ROSS family had observed it.

At this point and time, this complaint can be closed. MJBushman  /bjc

He stated, "Look it up in the phone book, this is long distance and I am not rich." He stated that it was a Suburban at that bar. The Suburban had grill and hood damage. He said there was a dent on the hood that looked like a head hit it. The dent was in the shape of a head. He gave me the license plate no# TBG669. License plate was ran and is attached. 03/11/99 1508hrs Call placed to Kaukauna PD and a faxed copy of crimestopper report sent. Request for assist made through dispatch. M.J. Bushman

03/11/99 1605hrs call back received from Kaukauna, Verbeten is currently in Little Chute and Fox Valley Metro Unit. Capt Stefancic was sent to locate.

03/11/99: Capt. Stefancic made contact with JOHN VERBETTEN in Little Chute. The vehicle in question is a black 1985 Chevrolet Suburban. The grill is completely gone, and the hood has a dent in the driver side "which definitely looks like it struck a pole." There is a newer bumper on the vehicle and no radiator shroud from a previous accident. VERBETTEN claims the accident happened before he bought the vehicle.

VERBETTEN'S father was also present and when he caught on to the line of questioning, he stated to Capt. Stefancic that the damage to his son's vehicle happened before Christmas, he thought around Thanksgiving. VERBETTEN himself stated the accident happened at a friend's house (friend being THOMAS HATTON) who he thought lived in the Stockbridge area. HATTON'S phone number was given as [REDACTED]. VERBETTEN questioned as to when the accident took place, stating he was in OUSO Jail for over a month, being released on 02/18/99. He stated his vehicle was parked where it is now in Little Chute during that period of time; however, his girlfriend may have used it as her vehicle broken down.

VERBETTEN was very cooperative and allowed Capt. Stefancic to photograph the vehicle. Capt. Stefancic questioned as to where the parts for the vehicle would be if it was damaged at his friend's house. VERBETTEN stated the grill...

REPORT CONTINUED:

During the period of time the grill was being retrieved, I (Lt. M. Bushman) made contact with THOMAS HATTON by phone in Hilbert. HATTON stated his friend, JOHN VERBETTEN, was on his family's property when he struck a ~~POLK~~ with the Suburban. HATTON was unsure of the date; however, he stated it was quite some time ago. Eventually, he stated he thought it was right before Christmas. HATTON stated he was in the vehicle at the time it struck the pole, and the cracked windshield was from his head as he flew forward.

Capt. Stefancic called me back at MTSO, stating VERBETTEN found the grill for the vehicle. It matches and fits perfectly. The damage on the grill at the point where it is cracked and pushed in is consistent with the damage that is on the hood of the vehicle. He stated the center Chevrolet emblem holder is still fully intact as well as the passenger side mounting brackets and pieces where the screws would attach it to the main body of the truck. Capt. Stefancic checked the vehicle tires which were not consistent with the description that I gave, and the tires appeared to have been on the vehicle for quite some time. Also, the wall which holds the radiator in place did not appear to have been damaged at any point in time, nor was it recently repaired.

In light of the explanation given by the owner and verified by 2 other witnesses, it is unlikely this would be the vehicle we are looking for. Capt. Stefancic took several photographs and will forward them to MTSO. I believe this complaint can be closed out.

02-06-99 1245 The caller asked for the Sheriff and was advised the Sheriff was not in at the moment. Caller did not ID himself but does indicate he lives at [REDACTED] as well as another subject who resides at the end of the driveway at the same address. Apparently last evening the other gentleman named "Bob" came home in an intoxicated state and backed into a vehicle that was in the callers driveway. Bob drove off with the caller and owner of vehicle watching him drive off. Caller does not want report on that incident. "Bob" was driving a gray Dodge at the time.

Caller further states that officers have come to his residence to check on a suspect vehicle. Apparently he informed officers that "Bob" has other vehicles at his residence some of which are older trucks. According to the caller the officers never drove further back to check Bobs residence. Caller was given info we had concerning the possible suspect vehicle but still feels this may be a subject to check on.

Lt. Thorrrington *LT*

02/16/99 @ 1100 Hrs.: I, Deputy E. Glaeser, made contact with ROBERT OLSON reference this complaint. OLSON was advised we received a Crime Stopper report that he may be in possession of a Chevrolet pickup truck or van which matches the description of our hit and run vehicle.

It should be noted, prior to making contact with OLSON, I ran an alpha check through State patrol. That did indicate OLSON had registered in his name a Dodge van and a Dodge pickup truck. It further stated there were no Chevrolet pickup trucks on the alpha check.

In speaking with OLSON, he relayed he owned no Chevy vehicles. He offered me to check out the storage barns and garages on his property. I did a thorough search of all the storage buildings and found no Chevrolet vehicles to be on the property.

02/24/99 @ 1130 Hrs.: MTSO was notified by TRPD that a young lady, [REDACTED], just walked into their dept. with information on the hit and run accident (S99-00242). Deputy Glaeser responded and spoke with [REDACTED]

[REDACTED] stated she works at SUBWAY in Two Rivers. When officers came in today and posted the reward poster, she looked at the trucks listed, and it jogged her memory. [REDACTED] said, on Sunday (02/07/99), she was asked for a favor by some of [REDACTED], FRANCISCO and ANGELICA CAMACHO. The CAMACHOS asked her to help them out and drive a vehicle to Green Bay for one of their friends. They explained their friend had been involved in a hit and run accident and had no DL. They were asking for her to please drive the truck to Green Bay for them. FRANCISCO would follow her and give her a ride back.

[REDACTED] agreed to help them out and picked up the vehicle outside of 3 AMIGOS RESTAURANT which is owned and operated by the CAMACHOS and located on Washington St, Manitowoc. The vehicle involved was believed to have been a light brown Chevrolet Suburban with front end damage, a cracked windshield, and a passenger side door window broken out. The passenger window was covered with plastic in the absence of glass.

[REDACTED] said she drove the car to Green Bay, taking all back roads, and was accompanied by one of FRANCISCO'S friends who told her where to drive. When the parties arrived in Green Bay, [REDACTED] was instructed to park the car along a big white house on University Ave. She described the location as near LINDY'S FOOD STORE & LAUNDROMAT, just past trailer parks on the same side of the street as the trailer parks. [REDACTED] said, after she parked the truck, another part at the residence re-parked it next to the house with the damage side facing away from the street.

[REDACTED] also said she did not hear anything about the hit and run prior to seeing the poster and when she saw it posted at work, she talked to her boss, and he told her to come forward with this information.

[REDACTED] said she heard from friends after the truck moving incident that the truck was not involved in a rollover, but friends would not say exactly what happened to cause the

damage. [redacted] also said she wished to remain anonymous and hoped the CAMACHOS would not know she came forward with the information.

She also said FRANCISCO works at JAGEMANN PLATING, 2nd shift (from 1100-2100 hours), and his address is [redacted] Washington St, Manitowoc, phone of [redacted]. [redacted] also drew a map as to the location of the vehicle on University Ave, Green Bay.

02/24/99 @ 1315 Hrs.: I, Lt. M. Bushman, made contact with Officer Wickmann of GBPD. I gave him the information passed on from Deputy Glaeser. As I described the location while reading the map, he advised he was familiar with the area and knew there were a large number of Hispanics living there. He knew exactly which house to go to and check for the vehicle and did so shortly after our conversation. Within an hour, he phoned back to MTSO stating that the vehicle in question was not there at this time; however, he stated he would forward the information to the following shift to make sure officers would continue checking the residence throughout the next 24 hours.

02/24/99 @ 1500 Hrs.: Telephone conversation was held with Capt. Randy Ammerman from TRPD. He was present with Deputy Glaeser on the initial contact with [redacted]. He now received a phone call from ANGELA CAMACHO. Apparently, [redacted] felt very bad about giving the information to the police and then went to the CAMACHOS and was crying hysterically. When they asked what the problem was, she gave them the information she told Deputy Glaeser and TRPD officers. ANGELA then called Capt. Ammerman and offered any assistance in attempting to locate the vehicle in question.

When questioned about the vehicle and in greater detail, ANGELA stated the vehicle we were looking for was a brown Ford Bronco which was involved in a rollover accident on I-43 near Newton Rd. The vehicle was then towed by Hi-Way 42 Garage. It remained in Hi-Way 42 Garage's possession until approximately 02/06/99.

02/24/99 @ 1515 Hrs.: Contact was made with MIKE KNORR from Hi-Way 42 Garage. The information about this complaint was relayed to him. He stated, "I do remember the vehicle. It definitely was a Ford Bronco, and it stayed with me until about February 6. At that time, a female called and wished to have the vehicle repaired to the point where it would be driveable." MIKE told her he did not have time to get at the vehicle immediately, and Ruzek's wrecker was sent to pick it up. The wrecker bill was paid, and the vehicle was towed away by Ruzek's. The vehicle in question definitely was a Ford Bronco II, and it was involved in a rollover at Newton Rd.

Subsequent check of MTSO records showed accident report #5822907 written on 02/04/99 involving FERNANDO CASTRO FRIAS, the driver of the vehicle involved. The vehicle was a 1989 Ford Bronco truck. It was towed to Hi-Way 42 Garage. Copy of the front page of the accident report is attached to this complaint.

02/24/99 @ 1125 Hrs I Deputy Glacier spoke to [REDACTED] at TRPD ref our hit and run. [REDACTED] told me that she works at The Subway in IR and when officers came in today and posted the reward poster she looked at the trucks listed and it "jogged her memory".

[REDACTED] said that on Sunday Feb 07, 1999 she was asked for a favor by [REDACTED] (Francisco and Angela Comacho) The Comacho's asked her to help them out and drive a vehicle to Green Bay for one of their friends. They explained that their friend had been involved in a hit and run accident and had no drivers license so could she please drive the truck up to Green Bay for them and Francisco would follow her and give her a ride back.

[REDACTED] agreed to help them out and picked the vehicle up outside of 3 Amigos Restaurant which is owned and operated by the Comachos and located on Washington Street in Manitowoc. The vehicle was a light Brown Chevy Suburban with front end damage, a cracked windshield and passenger side door window broken out. The passenger window was covered with plastic in the absence of glass.

[REDACTED] said she drove the car to Green Bay taking all back roads and was accompanied by one of Francisco's friends that told her where to drive. When the parties arrived in Green Bay [REDACTED] was instructed to park the car along a big white house on University ave. She described the location as near Lindy's food store and a Laundromat, just past the trailer parks and on the same side of the street as the trailer parks. [REDACTED] said after she parked the truck another party at the residence reparked it next to the house with the damaged right side facing away from the street.

[REDACTED] also said she didn't hear anything about the hit and run prior to seeing the poster and when she saw it posted at work she talked to her boss and he told her to come forward with the information.

The informant also said that she had heard from friends after the truck moving incident that the truck wasnt involved in a rollover but the friends would say exactly what happened to cause the damage.

[REDACTED] also said she wished to remain anonymous and hoped Comacho would not know she came forward with the info.

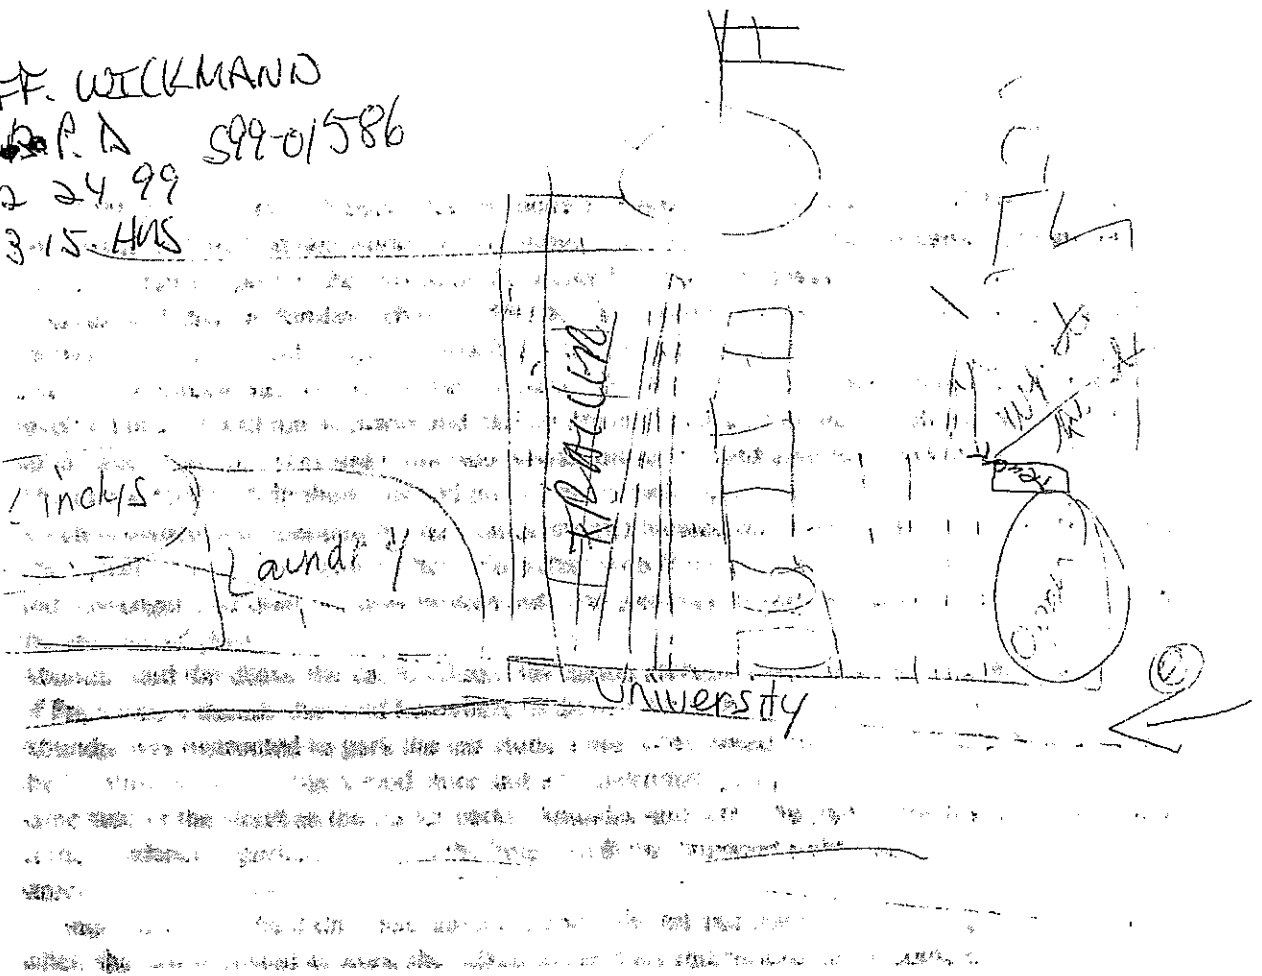

She also said that Francisco works at Jageman Plating second shift from 11am to 9pm and his address is [REDACTED] Washington Street with a phone number of [REDACTED]

[REDACTED] info is as follows [REDACTED]

JUVENILE INFO REDACTED

01-28-99 Con't... Caller had heard this from another person. Unk. what neighbor this was and only further info. was that they would live "up the hill" from Richard's house. Dispatch found nothing in-house ref. harassing phone calls. 938/KB

03/06/99: I, Lt. M. Bushman, went to the area of Silver Creek Rd and CTH CR. Following the description on the complaint of "up the hill," I began checking residences.

03/06/99 @ 1137 Hrs.: Contact was attempted at [REDACTED] CTH CR, but no one was home.

03/06/99 @ 1141 Hrs.: Contact was made at [REDACTED] Silver Creek Rd. I spoke with an older woman who lived at this residence. She stated she did not know RICK HOCHSTETLER, had no problems with him, and did not hear other neighbors having any problems with him.

03/06/99 @ 1148 Hrs.: Contact was made at [REDACTED] Silver Creek Rd, and I spoke with the residence owners. Both agreed they did not even know RICK had lived there until the incident. They knew his stepfather by the last name of WETENKAMP. As far as they knew, none of the neighbors were having any problems with him.

03/06/99 @ 1155 Hrs.: Contact was made at [REDACTED] Silver Creek Rd with THOMAS VOCKE who was putting up a new garage door opener in his garage. Shortly after, I advised him of the complaint I was working on. He stated, "Yes, she's home at this time. If you want to talk to her, feel free to." He then advised his daughter, [REDACTED], received several phone calls from RICK; however, he would hardly call them harassment.

I was escorted into the residence where I made contact with THOMAS' 16-year-old daughter, [REDACTED]. We sat at the kitchen table and had a conversation about the complaint. She stated she originally met RICK on the bus. She is a sophomore and RICK would have been a junior. She stated she received approximately 5-6 phone calls which were stretched out between 1-2 months. None of the phone calls could be considered threatening, none of them could be considered obscene. She stated it was more like a joke with her family and her friends, something to do at the time. RICK apparently called her stating "you're changing" and then made small talk to her, eventually asking her if she wanted to go out with him. She kept

REPORT CONTINUED:

turning him down and eventually began to complain about the phone calls to a friend of hers, [REDACTED], who advised RICK to stop making the calls. I inquired as to whether the phone calls stopped. She stated he would listen after a while, he just had to be told a few times. The phone calls were made to her residence in early spring 1998, lasting for about 2 months, and then ended. She again stated none of them were threatening, she just did not wish to go out with him.

[REDACTED] stated she has heard several rumors, one of them being that perhaps RICK'S ex-girlfriend may have done this to him. She stated, "I didn't even know he had a girlfriend." [REDACTED] stated all the rumors she heard were very shortly after the accident and she has not heard any since.

03/06/99 @ 1220 Hrs.: Attempted to make contact at [REDACTED] Silver Creek Rd. No one was home.

03/06/99 @ 1235 Hrs.: Contact was made with [REDACTED], Cleveland. RICK used to live close to the [REDACTED] farm at the intersection of CTH X and Center Rd, before moving to CTH CR. [REDACTED] stated, "RICK was my friend. He used to call and talk. He didn't harass me. He called [REDACTED] a few times. She told me twice. They met and talked on the bus." [REDACTED] stated she heard rumors at LINCOLN HIGH SCHOOL that the guy who did it is from Newton; however, she did not recall any specific name.

As we talked and I asked more questions about RICK, [REDACTED] eyes started filling with tears, and she began to cry. She repeated that RICK was her friend, and the interview was stirring up old memories. [REDACTED] did not have any more information to add. The conversation was terminated.

Unless we receive more information on this complaint with specific details, I believe this matter can be closed. MJBush *[Signature]* /bjc

03/04/99 1630hrs Contact attempted at [redacted] Fremont St. Kiel. Truman L. Mc Nitt was not at home and I spoke with his son [redacted] Mc Nitt. I asked [redacted] if his father drives any vans and he stated two. Only recently was it two though because one wasn't running. [redacted] went on to tell me his father had a blue 83 Chev van that blew a radiator when it overheated in January and he was forced to park it. He then bought a marron Dodge van to drive until only recently when he repaired the 83 Chev and put it back on the road. [redacted] stated none of his father's vehicle have damage to the front.

Contact made with Sgt. Gaetke who has had several contacts with Truman. He stated Truman does drink but has never been cited for OWI. Living above the old Hotel on Fremont Street he usually walks to several bars within a block. Truman has been very straight forward with Kiel PD in past contacts, one where his son was a suspect Truman encouraged his son to be truthful and then bent over backwards to help the PD find all the information they needed to complete the complaint. Sgt. Gaetke has observed Truman's vehicles on many occasions this winter no damage to the front was noted. All listed Chev. trucks are older than the suspect vehicles. Close Out. M.J. Bushman

03/04/99 1651hrs Milbauer called back stating he does own an 85 Chev Blazer and since Feb. 16 has held a job a Burger Boat Co., Manitowoc. The blazer was bought in 09/98 and sat at a garage until 01/99 having a motor change from 305 Cu in to 350 Cu in.. Milbauer helped the mechanic and work would only be done when money was paid upfront. Vehicle was completed 01/99 and then sat until 02/99 when emissions passed the test and registration was then applied for. Damage is to the drivers side of the grille, no hood or sheet metal damage. This is a full size Silverado edition with the four headlamps. Damage was on the vehicle when purchased. This is not the suspect vehicle, close out. M.J. Bushman

Incident #99-76884

03/18/99

Mr. Robert Dobbs called the police department because an officer was attempting to contact him in regard to a Chevrolet Blazer he once owned. I (Lt. Mixa) spoke to Dobbs. He advised that the vehicle in question is a 1983 Chevrolet S-10 Blazer. He states that he purchased this vehicle from a Thomas Melichar back in 1997. He states that the vehicle did have bumper and grill damage when he bought it and didn't want to stick the money into it to fix it. He further states that Melichar lives at [REDACTED] River Heights Lane in Mishicot and that his phone number is [REDACTED].

Mr. Dobbs further stated that he sold this vehicle to a Todd Jaschob in February of this year (1999). He did not know Jaschob's address but he lives in Manitowoc and he states that Jaschob's phone number is [REDACTED]. Mr. Dobbs also stated that the vehicle still had bumper and grill damage when he sold it to Jaschob.

In searching the phone book I (Lt. Mixa) found a listing for a Samantha Jaschob of [REDACTED] Michigan Avenue in Manitowoc with the same number given by Mr. Dobbs, [REDACTED].

This vehicle has not been viewed yet in regard to the fatal hit & run in Manitowoc County. A copy of this report has been faxed to MTSO for their follow up, to the attention of Lt. Mike Bushman. A copy has also been forwarded to Captain Ammerman for his information.

JUVENILE INFO REDACTED

0 [REDACTED] [REDACTED] [REDACTED] [REDACTED] [REDACTED]

03/05/99 @ 1715 Hrs.: While waiting for [REDACTED] to arrive for an interview, I (Lt. M. Bushman) spoke with a young man who approached Deputy A. Bonfigt with information. He will remain anonymous. He also told me that [REDACTED] was with a group of young men when he stated he [REDACTED] "knows someone who knows the driver and where the truck is but will not come forward because their life was threatened." No other information or detail as to who that person might be was provided. The information was almost identical, word for word, for the description which started this complaint.

03/05/99 @ 1725 Hrs.: [REDACTED] arrived at MTSO and was interviewed in the Squad Room. I explained the reason she was here was because I obtained her name after back-tracking and talking with 7 other people. She kept saying she keeps to herself, has very few people who she considers friends, works, stays home, sees her boyfriend, and does her homework in a home school program, planning to graduate high school this year. She said she home schools because she does not get along with teachers well, admitting her mouth gets her into trouble. She stated she was, "Just like my mom and my grandmother. I speak my ^{peace} piece. Sometimes, I say too much."

When pressed, she insisted she knows nothing about the incident and only has heard rumors. We talked about the rumors. She said, "Like the one about the guy in Clover hiding his truck." She could not provide a name. When I mentioned a few names, she stated she just did not know. She then asked if her boyfriend, [REDACTED] or her mother gave me her name reference this complaint.

I pressured her a little harder, asking why should anyone give me her name if she did not know anything and did not pass any rumors. She became uneasy about passing rumors. She knew RICK HOCHSTETLER and even bowled with him on occasions. She recently had a talk with his mother, DEBRA WETENKAMP. [REDACTED] stated RICK'S mouth occasionally got him into trouble and some people did not like his "cocky" attitude. [REDACTED] stated she really wants to see the suspect caught and if she knew anything at all, she would tell me. She stated the same thing should be done to the suspect if he is caught that was done to RICK.

After pressing a little harder, [REDACTED] became uneasy, and the interview was completed after about 30 minutes. As I walked her up to the front Jail Lobby, I gave her my business card and requested, if she heard anything that would be helpful, she should give me a call. I apologized if I pushed her too hard, and she stated she understood.

She smiled and at one point stated she was concerned about her boyfriend, [REDACTED]. She stated [REDACTED] is obsessed with the idea that the individual in Clover is definitely the suspect and is hiding his vehicle. She stated [REDACTED] has done several things on his own to try and investigate and then stop short with the conversation. She would not elaborate on what types of the things he has done. I then informed [REDACTED] the suspect in Clover, I

believe to be ROHL, was personally checked by me. The van which sits in his front yard had not been moved for at least an hour prior to the accident as officers checked that van with the damage shortly after arriving on the scene, and there were no fresh tracks in the snow which indicated it was moved. I also indicated he did have a pickup truck which matched the description; however, it was broken down and in his brother-in-law's garage at the time of the incident. With that information, [REDACTED] stated, "I'm glad you told me that. I wish [REDACTED] would've known that." She then seemed to be somewhat relaxed. [REDACTED] left MTSO.

After following this complaint from the rumor which was overheard and finding the source, I believe this is exactly what this complaint is--a rumor.

03/06/99 @ 1245 Hrs.: Attempted contact with [REDACTED] at [REDACTED] No one was home.

I, Lt. Bushman, believe this complaint started as a rumor. There is no fact as to any of the comments. Incident can be closed at this time. MJBushman /bjc

Manitoowoc County SO is investigating a Fatal Hit & Run Accident from 01/10/99 0225hrs on CTH CR South of the City of Manitowoc. CTH CR is roadbed from the Old 141 highway and is currently a frontage road for I-43. Suspect vehicle struck a 17 year old young man walking South on the West shoulder. Victim was then dragged 300 Ft. down the roadway and left to die. Victim was 6'1 210 pounds.
 Suspect vehicle is a 1985-1987(some very early 1988) Chevrolet Pickup, Suburban, K-5 (full size)Blazer or 1989-1991 Chev van. Damage will be extensive to the grill some hood and possibly bumper. There were parts from the engine fan shroud at the scene indicating the radiator support wall was pushed backward turning the shroud into the fan. The radiator did not leak. Damage concentration would be just to the left of center (if facing vehicle front) between the Chevrolet emblem and passenger side headlamp. No glass or lense material found at scene. There may be windshield damage. Vehicle is a low line Chev product like a Custom Deluxe or Scotsdale version, single rectangular semi round headlamp at each side of grill. Vehicle should be standard height, no lift kit, tires 7 1/2 inch wide non aggressive thread, your basic Fleet Farm special.

Request your assistance in checking the above listed vehicle in your area, call MTSO and speak with Lt.Michael J.Bushman for further detail. [redacted] M.J.Bushman

03/22/99 @ 0745 Hrs.: Contact was made with Lt. Rowolinski at District 2 HQ in Milwaukee. He had several Polaroid pictures of the Blazer officers were watching. The vehicle turned out to be an S10 Chevrolet Blazer, not a K5, full-sized Blazer. Officer Swiercz did not have a description sheet with him that I had faxed down. He saw the S10 with the similar damage and mis-stated in our conversation that it was a K5.

Five \$25,000 reward posters were provided for each of the districts in Milwaukee, and a photocopy of the front description is attached. The RP of AM18045 on a 1985 Chevy van is the vehicle description generating this Crime Stopper complaint. It will be given out to roll call at District 2 for the next few days to concentrate on looking for the van which is described on the front. Officer Swiercz, Lt. Rowolinski, and Sgt. Moore were all talked to personally and will attempt follow-up with contacts at [redacted] W Greenfield to see if the vehicles and owner(s) can be located. All the 10-28s and teletypes sent reference today's follow-up is attached to this complaint. MJBushman /bjc

Manitowoc SO requested a possible suspect van from a fatality hit and run accident be checked. Spaeth #231/ds

Sgt. Spaeth #231 reporting:

On 02-26-99, reporting officer spoke with Lt. Bushman from the Manitowoc County Sheriff's Dept. He explained that his department was investigating a fatality hit and run accident which had occurred on 01-10-99. He explained that he had received information that a possible suspect vehicle was at the Hawk Nest Tavern, [REDACTED] W. Main St., Little Chute. The suspect vehicle was a 1987 Chevrolet van, blue and gray primer colored, plate no. PCM442. The owner of the van was GARY L. KONETZKE, DOB [REDACTED], [REDACTED] E. Wisconsin Av e., Appleton, ph. [REDACTED]. Mr. Konetzke is the owner of the Hawk Nest Tavern and Lt. Bushman indicated that he had spoken with him over the phone earlier in the evening. Lt. Bushman indicated that Mr. Konetzke had indicated that he had front end damage to his van, but that the damage had occurred two years ago when he had collided with a tree. Lt. Bushman requested that the van be inspected.

Reporting officer and Officer Mike Seaman of the Fox Valley Metro PD responded to the Hawk Nest Tavern, arriving at approximately 9:25PM. The suspect vehicle was located in the parking lot. The vehicle did have minor damage to the front bumper and hood area and the front grill was missing. Reporting officer took three Polaroid photographs of the damaged area. Reporting officer also spoke with Mr. Konetzke about the damage to his van. He stated that the damage had occurred a couple of years ago while he was up north and that there was no report of the accident which had caused the damage because he never reported the incident.

A copy of this report along with the above mentioned photos will be forwarded to Lt. Bushman of the Manitowoc County Sheriff's Dept.

03/01/99 1010 Hrs I Deputy Glaeser spoke to [REDACTED] at his residence in Manitowoc. [REDACTED] said his Ex-wife told him early this morning that she thinks she knows who is responsible for the hit and run. [REDACTED] said his X-wife [REDACTED] used to tend bar at either Uncle Thirstys or Tom and Jerrys and had a patron who came in the bar early the day after the accident in January and acted real suspicious. [REDACTED] couldnt give me any specific information the suspect but said his X wife was talking about contacting the police about this party but she was afraid to make contact as she is a former drug user and excessive drinker. [REDACTED] said that [REDACTED] was probably up at Holy Family Hospital right at this moment where she could be contacted. [REDACTED] said [REDACTED] participates in therapy on a daily basis and is at the hospital till about 3PM every day. [REDACTED] did state that [REDACTED] could give officers all the info they would need if we talked to her.

03/01/99 at 1045Hrs I Deputy Glaeser made contact at Chemical Dependency wing at Holy Family Hospital and spoke to one of the nurses in charge of the floor. The nurse was familiar with [REDACTED] but stated she was presently in group therapy and preferred that I not bother her. I did leave a message with the nurse requesting [REDACTED] call our department when she was available.

03/01/99 @ 1140 Hrs I Deputy Glaeser did receive a phone call from [REDACTED] and she said she'd like to pass on some information to an officer but wouldnt be available to talk till after 1430 Hrs of todays date. This info was relayed to Lt Thorington and Deputy Raube was assigned to make contact with [REDACTED] when she arrived this afternoon.

EJG *[Signature]*

03/01/99 @ 1436 Hrs.: I, Deputy Raube, met with [REDACTED] at MTSO reference this incident. [REDACTED] indicated she had some possible information on the hit and run accident which she wished to report.

[REDACTED] stated she is a bartender at TJ'S TAVERN in Manitowoc. The Saturday after the accident occurred, an individual by the name of DON ROSINSKY (known to her as DON JUAN) came into the bar. [REDACTED] stated ROSINSKY is a heavy drinker and is in the bar quite often. [REDACTED] overheard a conversation among the patrons who were talking about the accident which occurred on CTH CR. [REDACTED] stated ROSINSKY got, in her words, "flushed" and told [REDACTED] that he was on CTH CR approximately 1/2 hour prior to the accident because he was heading to his parents' place. [REDACTED] stated she did not think much about this until later when she heard from her sister that ROSINSKY was in TJ'S again. ROSINSKY apparently

parents' place as he had told her. [REDACTED] stated she felt this was suspicious.

[REDACTED] stated she was again at TJ'S bartending when ROSINSKY came into the bar. [REDACTED] was not sure of the day, but she thought it was several days after the accident. ROSINSKY stated the police were at his residence and were investigating his vehicle. [REDACTED] stated ROSINSKY was extremely nervous. [REDACTED] stated she noticed ROSINSKY was not driving his red and silver S10 Blazer any more. ROSINSKY, instead, was driving a small, red car. [REDACTED] talked to ROSINSKY about this. He stated, a couple weeks prior to the accident on CTH CR, he hit something at ASSOCIATED BANK in Manitowoc and that is why he was not driving the vehicle any more. [REDACTED] did not have any more information.

I, Deputy Raube, did an alpha check on ROSINSKY. The only vehicle coming back to him is a 1983 Ford Escort station wagon, RP of CFH365.

Also, [REDACTED] indicated his vehicle had been checked prior by police, but I could not find anything in the computer matching that name. There was another ROSINSKY listed, but it did not have the first name of DON or DONALD. I discussed this information with Deputy Glaeser and advised him I would return this information to him and he could attempt to follow-up with ROSINSKY reference this incident to double-check. CRAube /bjc

03/08/99: Made a copy of this report for Deputy Glaeser per Deputy Raube. BJChristianson¹⁰

03/10/99 @ 0700 Hrs.: I, Deputy E. Glaeser, attempted to call DONALD ROSINSKY using the information which was received by Deputy Raube. At the time I placed the call, I was enroute to the address listed of [REDACTED] S 30th St, Manitowoc. A female party answered the phone at [REDACTED]. She told me there was no such party by the name of ROSINSKY at the residence. She also told me they never heard of any DONALD ROSINSKY. The female told me the last name of the family at this residence is STANGEL.

A short time later, I was able to drive by the address of [REDACTED] S 30th St, Manitowoc. I ran a 10-28 on a vehicle which was parked in the driveway at this residence. The 10-28 did indicate the vehicle was a 1985 Plymouth Horizon owned by MARDELL STANGEL.

03/10/99 @ 0730 Hrs.: I checked the telephone listings for DONALD ROSINSKY. I was able to locate a listing for one on N 7th St, Manitowoc.

03/10/99 @ 0740 Hrs.: I called the telephone number and got no answer. At this point, I had MTSO Dispatch check in-house for DONALD ROSINSKY for any information we might have available. Within a short time, they responded that only one was listed in our in-house computer and it did indicate this party was born in 1926 which would make him 73 years old this year.

03/10/99 @ 0745 Hrs.: I ran a 10-28 from the alpha check which was run by Deputy Raube on RP CFH365. This RP came back to DONALD ROSINSKY at the same address of [REDACTED] N 7th St, Manitowoc.

REPORT CONTINUED:

03/10/99 @ 0800 Hrs.: I, Deputy Glaeser, checked the address on N 7th St. I found out it was a federally subsidized apartment complex for senior citizens. In speaking to one of the maintenance personnel who was cleaning up snow at the apartment complex, he indicated he was not family with ROSINSKY. He further stated all the parties who reside at this particular complex are over 55 years old.

It appears contact will have to be made with [REDACTED] to make a determination if this DONALD ROSINSKY is the same one she was talking about when she relayed her information.

03/10/99 @ 0900 Hrs.: I attempted to call [REDACTED] but was unsuccessful in making telephone contact. In reference to prior contacts with [REDACTED] it is suggested someone attempt to make contact with her after 1600 hours to get more specific information on DONALD ROSINSKY.

At this time, I will be going on 4 days regular off, and this information will be relayed to Deputy Jost for possible follow-up. EJGlaeser *EJG* /bjc

03/10/99: I, Deputy Jost, was requested to follow-up on this incident by Deputy Glaeser. I was able to make contact with [REDACTED] at her residence at approximately 1900 hours. In talking to [REDACTED], she first of all began describing DONALD as being approximately 5'8", very thin build, estimated 140-150 pounds, short, brown hair, possibly balding on top. She advised DONALD is in his mid-30s and wears glasses. During the wintertime, he normally wears a Chicago Bears jacket. She indicated she believes he works for DALE CARBON at 4 SEASONS LAWN CARE. After talking with [REDACTED] for some time, she told me someone at the bar mentioned his last name was MROZINSKI, not ROSINSKY. In looking in the telephone book, she found a subject with the last name MROZINSKI and the phone number matching the number she had in her log book. It is believed DONALD MROZINSKI may reside at this residence with his father at [REDACTED] N CTH S, Cato.

Due to the lateness in my shift, I (Deputy Jost) was unable to attempt contact with MROZINSKI. Further follow-up will need to be done in order to make contact with MROZINSKI.

03/15/99 @ 0645 Hrs.: I, Deputy E. Glaeser, made telephone contact with DONALD MROZINSKI. I informed him that I needed to speak with him reference this investigation.

03/15/99 @ 0710 Hrs.: I met with DONALD MROZINSKI at his residence on CTH S. DONALD was very cooperative. He told me he was familiar with both DEBRA WETENKAMP and RICHARD (RICK) HOCHSTETLER as he had worked with both of them at MANITOWOC SHIPBUILDING and the BIL-MAR in the past. DONALD stated he was quite upset when he heard about RICK being run over by a

regard to this accident. He told me he did not know anything at all and that he heard from his father, ALVIN MROZINSKI, that RICK was walking along CTH CR prior to being struck by the hit and run vehicle. DONALD stated his father (ALVIN) was tending bar in the early morning hours prior to RICK being run over. DONALD stated his father did see RICK walking along CTH CR in what just would have been minutes before the accident happened.

ALVIN was present at the residence, and he told me he did have the occasion to speak with a male and female officer of MTSO. He told them he did see RICK walking along CTH CR at approximately 0210 hours when he left the BIL-MAR. ALVIN said, when he left the BIL-MAR, the place was closed up, and there were very few, if any, vehicles left in the parking lot.

DONALD advised he owns 3 vehicles, and he showed me those vehicles in his yard. The one which was described by [REDACTED]--a red GMC 1987 pickup truck displaying WI RP SFZ651-- was checked, and it is not a match for our suspect vehicle. DONALD also showed me a 1986 Chevy Monte Carlo and an older junked 1984 Chevy Blazer which was missing most of its parts. These vehicles were all entered into the Master FBI computer program.

In checking the information brought forward by DONALD, it was consistent with the alpha check which was run on him.

This particular individual, DONALD MROZINSKI, can be eliminated as a suspect. Information on both DONALD and ALVIN were entered into the Master Rapid Start Search computer program.

03/04/99 1520hrs Contact made in person with Michael Ayotte [REDACTED] Center Road. I introduced myself and told him what the complaint I was working on was about. He stated he does have a van and pointed to a tan Ford van parked in the yard near a very large storage shed. He stated that is the only van he owns and has had it 4-5 years buying from his mother who owns "Flowers by Us". A faint faded spot where the sign once was is visible. Expired registration is BG26272.

Ayotte stated he does not drive the truck in winter because it has very poor traction and infact he had just rolled it out of the storage two days ago. He drives several other winter beaters when the snow flys. He stated he has never owned a Chev.van. Close out this complaint.M.J.Bushman

Supplemental Report

Case #99-1258

Date: 03/06/99

Reporting Officer: B A Degnitz

Narrative:

On 03/06/99, I was trying to locate a person and vehicle for the Manitowoc County Sheriff's Department regarding their case s99-00242. I was trying to locate a Richard Kirk and a 1988 Chevrolet pickup truck bearing Wisconsin annual truck registration BJ83759. I had spoken to Kirk's mother. She described to me where he lives. I was unable to locate him.

Later, Kirk called into the Sheriff's Department to set up a meeting with me. I did meet :

Richard F. Kirk m/w ████████

██████ CTH A

Crivitz, WI 54114 Cell# ████████

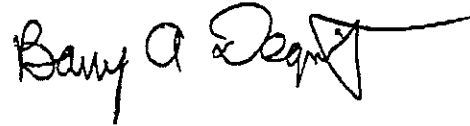

I spoke with Kirk regarding his pickup truck and its possible involvement with Manitowoc County's case. He told me he does own a 1988 Chevrolet pickup truck bearing Wisconsin annual truck registration BJ83759. He said the truck does have some front end damage. He told me that he struck a deer with the truck. This occurred on 12/23/98 at about 1630 to 1700 on CTH P about 1/2 mile east of CTH W in the town of Beaver in Marinette County. He said he did not call in the accident, but it was witnessed by a resident near the accident location. He said that he had heard of the incident in Manitowoc County, but he was not involved. He said he had done some repairs to the vehicle himself. He had mounted some driving lights with some clamps for driving purposes. He also had wired up his directional wires and put colored bulbs in.

I inspected the front end damage to the vehicle. I noticed extensive grill damage. About the 1/3 passenger side was missing, but the full Chevrolet emblem was present. The passenger side light assembly was missing. There was a small kink in the hood about one foot from the far passenger side. The kink was about one inch deep and angular, not rounded. The fan shroud was intact and looked original due to aging. There was also passenger side front fender damage consistent with a deer hit when the deer whips around. This damage was not entirely consistent with what Manitowoc County was looking for.

Kirk said that he had been involved, he would have repaired the damage a long time ago. He

said that if necessary, he would be willing to drive to Manitowoc to clear himself.

I do not believe that this is the vehicle involved. Kirk was very cooperative and seemed to be truthful from his non-verbal communication.

A handwritten signature in black ink that reads "Barry A Dognitz". The signature is written in a cursive style with a long horizontal line extending to the right from the end of the name.

Deputy Barry A Dognitz

03/03/99 @ 1530 Hrs.: I, Deputy A. Colborn, responded to [REDACTED] place of employment in the Village of Valders. Preliminary information received from MTSO Dispatch was that [REDACTED] called and reported that the butcher at NEWTON MEAT MARKET was observed attempting to sell a vehicle which apparently had front end damage. Further information received was that the butcher was attempting to sell this vehicle in close proximity to the date of the fatal hit and run (incident S99-00242).

Upon making contact with [REDACTED], she stated, on Saturday, one week after the fatal hit and run, she was at NEWTON MEAT MARKET to purchase meat. This would have been on 01/16/99. [REDACTED] stated, while she was there, she overheard a conversation between the butcher at NEWTON MEAT MARKET and a customer. [REDACTED] stated the butcher who she identified as a tall, heavy-set, white male was telling a customer he had a van for sale. [REDACTED] stated the butcher informed the customer the van had suffered front end damage and would need the bumper, headlight, and grill replaced. [REDACTED] stated the butcher seemed very anxious to sell the vehicle and stated he would "let the vehicle go for \$1000."

[REDACTED] stated she thought the vehicle may be stored at KIESOW'S AUTO SALVAGE YARD on CTH C. [REDACTED] stated, during the conversation, the butcher mentioned to the male customer that the vehicle was "out on C, you know where it is."

I then responded to KIESOW'S AUTO SALVAGE YARD but was unable to locate the proprietor at this time.

Deputy Weyker responded to NEWTON MEAT MARKET where he made contact with KAREAN and JAMES-VANESS. JAMES stated he was trying to sell a Chevrolet van but had since changed his mind and had the van repaired. JAMES and KAREAN both stated the van had been in an accident and that their son, STEVEN VANESS, was the operator of the van when it was in the accident. Both KAREAN and JAMES stated the accident was reported to MTSO and was incident S99-00464.

KAREAN and JAMES showed the van to Deputy Weyker which turned out to be a white 1990 Chevy Astro van. This vehicle was bearing WI RP AJ53138.

REPORT CONTINUED:

The Chevy Astro van is a mini-van; therefore, does not match our suspect vehicle. The suspect vehicle in the hit and run could possible be a Chevy van; however, it would be a full-sized Chevrolet van.

This incident does not appear at this time to be the vehicle involved in the fatal hit and run. Upon completion of typing, a copy of this incident should be forwarded to Lt. M. Bushman for his review as well as to Deputy Raube for entry into the FBI Rapid Start computer program. No further action taken at this time. ALColborn /bjc

 Fleisner, Noland F. 35321 [REDACTED] Edgewood St., Cleveland

03/04/99 0935hrs Off. Bonfigt did find the vehicle at the residence and noted it indeed had been repaired recently. There was a replacement grille and the Rt. quarter panel and hood had been painted. It was an 86 Chev with single headlamps on each side, the type vehicle we are looking for. No one home at this time. Cleveland 75 asked to check back periodically during the day and attempt contact with owner for explanation. M.J. Bushman

1042hrs Off. Bonfigt called back. Looking closely at the vehicle it was noted both quarter panels had been replaced, and the paint most notably the passenger side of the hood has runs as if it had been repaired by someone not greatly skilled. Tires are Good Year 7 inch wide, bumper height average stock, rear axle 61". 75 contacted by phone, good explanation of damage needed. M.J. Bushman

03/04/99 1545hrs It was learned Noland Fleisner works for Briggess of Sheboygan driving school bus. His employer advised he will not be in to work for 6-8 weeks as he has surgery this afternoon.

I, Lt. Bushman, went to check if anyone else was in the residence at this time. As I pulled up and looked the vehicle checking the registration it was observed the vehicle in question is an S-10 blazer, not fitting the description of the suspect vehicle. Complaint can be closed out. M.J. Bushman

03/01/99 @ 1140 Hrs.: I, Deputy E. Glaeser, spoke to an anonymous caller who stated her ex-husband recently traded in his black Chevy Blazer. The anonymous caller felt we should check into the possibility of this being the hit and run vehicle. According to the party, [redacted] had a 1986-1987 Blazer, black in color, and is now driving a Ford pickup truck. The caller stated her [redacted] is a "nasty man" who is definitely the "type that would do something like this." The caller further stated she was informed by [redacted] recently got rid of the Blazer. In speaking to the party, she had no other evidence to indicate there was any damage to the vehicle in question. She further stated she just knows he may have something to do with the hit and run.

The only information available on the vehicle in question would be the type and year. The party stated there was some type of ex-Marine RP's on the vehicle. The caller provided the name of GUY WOLKE. She stated he lives in Menasha at [redacted] 1/2 1st St, Menasha.

Due to the fact it was at the end of my shift, I was unable to do follow-up on this incident at this time. Upon my return from days off, I will attempt to make contact with the suspect.

03/05/99 @ 0630 Hrs.: I left a telephone message for GUY WOLKE reference this complaint.

03/05/99 @ 0705 Hrs.: I spoke to GUY WOLKE as he called MTSO. WOLKE was asked if he recently traded in a 1986-1987 Chevy Blazer, black in color, to which he stated he did recently trade in a vehicle with that description. WOLKE told me he traded the car in at GUSTMANN CHEVROLET in Kaukauna, the first part of January 1999.

WOLKE further stated he was not aware of our hit and run investigation. After I explained the type of vehicle we were looking for, he agreed his vehicle fit within the descriptive parameters. WOLKE stated, however, his vehicle sustained no front end damage. He provided the name of DANIEL SIPPEL at GUSTMANN CHEVROLET in Kaukauna as a contact person to verify that there had been no damage on the truck when it was traded in. WOLKE also provided an RP of USMCO1 which stands for United States Marine Corp. WOLKE stated he transferred this RP from the Blazer to his new Ford pickup truck.

03/05/99 @ 1040 Hrs.: I, Deputy Glaeser, made contact with DANIEL SIPPEL at GUSTMANN CHEVROLET in Kaukauna. SIPPEL checked company records which indicated WOLKE traded in a 1986 Chevy Blazer on 01/20/99. SIPPEL stated all of their records indicate there was no front end damage to the vehicle. He even went as far as asking the repair dept. if anything was done to the vehicle before it was sent to auction. The only thing they had to do to the vehicle was check the radiator fluid. SIPPEL stated the vehicle was rusty. He specifically remembers there was no front end damage on it when it was traded in.

No further action needed.

The conversation which is listed on the complaint centered around CHARLES, LISA, and JOSEPH WILHELM and RICKEY BOLDT which took place 4 weeks ago. The comment was overheard, "MORBADY can't turn him in, what about the money?"

03/02/99 @ 2030 Hrs.: Contact was made with RICKEY BOLDT, and an interview took place at his residence. BOLDT recalled several conversations with others listed above about the hit and run accident, usually right after TV or news coverage. He knows and has worked with the WILHELMS for quite some time. During the conversation, BOLDT never once got the impression anyone knew more about the incident. He stated, "I'd turn in my own brother, I could use that money for medical bills. We were just talking about it." BOLDT has provided good information to Det. Dick in the past on a criminal matter. It was Det. Dick's impression that BOLDT would tell us if he suspected one of the others knew more than what they were saying. BOLDT stated he will keep his ears open.

03/02/99 @ 2041 Hrs.: Contact was made with JOSEPH WILHELM at [redacted] Marshall St, Manitowoc, and an interview was conducted in Squad 57. JOSEPH has provided MTPD with information on criminal matters in the past, and that proved to be reliable. JOSEPH was nervous at first and quiet until our business was stated. He then became more open, stating, "That ain't right, killing someone like that and hiding it this long. I wish I knew something. I'd turn the son of a bitch in." JOSEPH recalled the conversation, naming several of the participants. He did not believe anyone had specific information, "just what was on the news."

03/02/99 @ 2053 Hrs.: A second drive-by was done at [redacted] Franklin St, Manitowoc. No lights were on. It did not appear anyone was home.

As CHARLES WILHELM usually moves about town on a bicycle, all downtown bars were checked. No bicycles were parked outside. MJBushman /bjc
03/04/99 1813hrs Contact made with Lisa Wilhelm in person at [redacted] Circle Dr.Mtwc. She was smiling as I walked toward the house and she opened the door. Her emmediate crisis with her daughter is over for now and she had returned to work. Her co-workers had filled her in as to what the police wanted. She did recall the conversation and said it had to do with the owner of the junk yard on W.Custer street. Someone in the group relayed a story the owner of the junk yard told him. Apparently he jokingly told someone else to turn him in, collect the \$25000.00 and then they could slit it. Lisa knew it was a joke and depending when someone came into the conversation it may give the outward appearance she or others actually knew the suspect.

Wilhelm was calm throughout the interview and stated she wished she did have information so she could collect the reward.

Supplemental Report

Case #99-1258

Date: 03/06/99

Reporting Officer: B A Degnitz

Narrative:

On 03/06/99, I was trying to locate a person and vehicle for the Manitowoc County Sheriff's Department regarding their case #99-00242. I was trying to locate a Richard Kirk and a 1988 Chevrolet pickup truck bearing Wisconsin annual truck registration BJ83759. I had spoken to Kirk's mother. She described to me where he lives. I was unable to locate him.

Later, Kirk called into the Sheriff's Department to set up a meeting with me. I did meet :

Richard F. Kirk m/w ██████

██████ CTH A

Crivitz, WI 54114 Cell# ██████

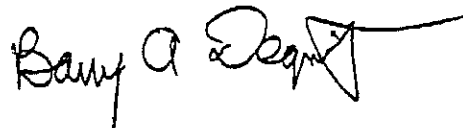

I spoke with Kirk regarding his pickup truck and its possible involvement with Manitowoc County's case. He told me he does own a 1988 Chevrolet pickup truck bearing Wisconsin annual truck registration BJ83759. He said the truck does have some front end damage. He told me that he struck a deer with the truck. This occurred on 12/23/98 at about 1630 to 1700 on CTH P about 1/2 mile east of CTH W in the town of Beaver in Marinette County. He said he did not call in the accident, but it was witnessed by a resident near the accident location. He said that he had heard of the incident in Manitowoc County, but he was not involved. He said he had done some repairs to the vehicle himself. He had mounted some driving lights with some clamps for driving purposes. He also had wired up his directional wires and put colored bulbs in.

I inspected the front end damage to the vehicle. I noticed extensive grill damage. About the 1/3 passenger side was missing, but the full Chevrolet emblem was present. The passenger side light assembly was missing. There was a small kink in the hood about one foot from the far passenger side. The kink was about one inch deep and angular, not rounded. The fan shroud was intact and looked original due to aging. There was also passenger side front fender damage consistent with a deer hit when the deer whips around. This damage was not entirely consistent with what Manitowoc County was looking for.

Kirk said that he had been involved, he would have repaired the damage a long time ago. He

...said that if necessary, he would be willing to drive to Manitowoc to clear himself.

I do not believe that this is the vehicle involved. Kirk was very cooperative and seemed to be truthful from his non-verbal communication.

03/06/99 1030hrs Contact by phone made with Complainant who stated he only got a glimpse of the vehicle as it went by and noted Rt. Front fender damage. He did not get a good look at the grille and headlamp but stated there had to be damage there too. He thought but was not sure this would be the newer style pickup.

1045hrs Contact made with Leonard Hughes part owner of First and Portland Corp. in Fond Du Lac. He stated that truck was in Manitowoc and does have Rt. Front damage. It is the newer style truck and was damaged at their South Street Warehouse when a part time High School employee without a drivers license ran into a concrete embankment. IT was on private property no accident report completed, but I should feel free to check with the Fond Du Lac Police if I need varification and I could call the Part Time employee if I wished to talk with him. This is not out suspect vehicle, Close out. M.J. Bushman

03/06/99 0915hrs Kevin Ziarnik's truck is a high mounted large tires black Blazer which was broke down several days prior to the accident and spent the weekend out of service in the All Car parking lot waiting for the owner to decide who should repair it. It then was taken to Jim's Service sometime during the week after January 11th. I spoke with the service manager at All Car who varified the information which was given to me by Kenneth Ziarnik (Kevin's father). I am unsure if an incident report was started at that time as it was very early in the investigation, no Crime Stopper's reports had been started.

03/23/99 @ 0705 Hrs.: I, Deputy O'Connor, made contact with KRIS BASTIAN at his residence in the UNIVERSITY VILLAGE TRAILER PARK regarding this matter. There were no vehicles parked at the trailer. The only means of transportation was a multi-speed bicycle which was leaning on the side of the trailer.

When I made contact with BASTIAN, I explained the reason I was there. He stated he did not own any vehicles. He said the van which would have been parked at his trailer was owned by THOMAS DECKER. DECKER is an acquaintance of BASTIAN'S and does drive a Chevy van. BASTIAN also stated DECKER mentioned that he had been stopped twice in one day while driving his van so police could look at the front end of his van. After getting the information, I thanked BASTIAN for his cooperation in the matter.

About 1 hour after I left BASTIAN'S residence, I got a message from Dispatch to call BASTIAN back. He stated there was a red, full-sized van which was parked in front of his trailer on the roadway at times. He said the van is usually parked there in the morning hours. He said he believed the owner was a neighbor who lives 2 trailers from his. He said this may have also been the van that someone saw parked at his trailer.

I checked later in the morning. The van was parked in front of his trailer; however, it was a Dodge Ram van; therefore, it does not match the description of the suspect vehicle.

INCIDENT SUMMARY:

A/C JOHN MANION, KAUKAUNA Police Dept. requested this department to check the above area for a possible Hit + Run vehicle for MANITOWOC County Sheriff's Dept. See page two.

Lt. Bushman, MASA [REDACTED]

FOX VALLEY METRO POLICE DEPARTMENT
SUPPLEMENTARY REPORT

Incident Number: 990029546
Date: Thursday, March 11, 1999
Reporting Officer: Captain Donald Stefanic

At 1545 hours this date, Assistant Chief John Manion, Kaukauna Police Department, notified me that they had received a crime stoppers tip that the vehicle that was involved in the hit and run fatality in Manitowoc County could be located at [REDACTED] North Holland Road, and that the owner of the vehicle was identified as John Verbeten. Assistant Chief Manion requested the area be checked for the possible vehicle. Assistant Chief Manion identified the vehicle as a late model full size Chevrolet Suburban truck, dark in color. Assistant Chief Manion informed me that if the vehicle matching this description was located, that I should contact Lieutenant Bushman, Manitowoc County Sheriff's Department, at extension [REDACTED].

While en route to the Holland Road address, Assistant Chief Manion advised me that the Verbeten suspect was on the telephone with their department at this time, and that John Verbeten was at [REDACTED] North Holland Road with the vehicle. I continued to proceed to [REDACTED] North Holland Road, where upon arrival, I made contact with John Verbeten and his father, James Verbeten. Upon arrival, I advised John Verbeten that I was requested by the Manitowoc Sheriff's Department to check his vehicle, which matched the description of a vehicle involved in a hit and run accident. John Verbeten related he had no problem with me checking his vehicle.

I observed the vehicle identified as a 1985 full size Chevrolet Suburban black in color. While checking the vehicle, I observed that the vehicle had driver's side front end damage, was missing the grill in the front, and had damage to the hood. I also observed that the passenger side portion of the windshield of the vehicle was cracked. John Verbeten related that approximately three months ago, he was involved in an accident in Stockbridge, and that he hit a pole but did not file a report. In further speaking with John Verbeten and his father, James Verbeten, they stated they believed the accident might have happened about

five months ago, somewhere between Thanksgiving and Christmas. John Verbeten said that a friend of his by the name of Tom Hatton, who lives in Stockbridge, was the passenger in the vehicle at the time of the accident, and his telephone number is [REDACTED].

I contacted Lieutenant Bushman, Manitowoc County Sheriff's Department, and related the information to him. Per his request, I also obtained the size of the vehicle tires. I advised Lieutenant Bushman that the tires on the vehicle were L524575/R16's. John Verbeten related that the grill for his vehicle was in his garage, and I requested him to retrieve it. John Verbeten returned with a silver colored plastic grill fully in tact except for a small crack up in the driver's side corner, which was consistent to the dent in the hood from striking some type of a pole.

Photographs were taken of the vehicle by Officer James Burke, Fox Valley Metro Police Department, and will be submitted to Manitowoc County Sheriff's Department, attention Lieutenant Bushman. Lieutenant Bushman related that even though the vehicle fit the description of the vehicle involved in their hit and run, he did not feel this was the vehicle in question. He thanked our department for our assistance. End of report.

MTPD Officer LeDuc was sent to check on this vehicle in question in the lot at Memorial Hospital on Reed Ave. Officer LeDuc obtained an RP# of dealer 759F mv from a dark blue GMC Sierra. Vehicle is an older 70's-80's model pick up with drivers side damage and drivers left turn signal broke. Also appears to be a yellow paint transfer. lak/lak
 03-10-99 I, Deputy Jost, made contact with Lloyd Seibold reference this complaint as he is the owner of the truck in question. I looked over the damage on the truck however it did not match what we are looking for. This truck is also a GMC not a Chevy. Vehicle was dark blue in color unable to read the vin number. An addition was made on the main report, no followup needed. *JMJ*

it to his grand-father, Mark Schaefer, a few days after the fatal accident. Caller states Greg has a drinking problem, works second shift at Dayco Eastman, and usually goes out drinking afterwards. (One of the taverns he frequents is Desert Jacks). Caller states Greg works weekdays, and usually drank with Steven or Jeremy Welch, who lived together at the time on Sunset Crk., Two Rivers. Greg may have been in the area of Hwy CR & Silver Crk Rd. meeting with an unknown female party for a romantic relationship. Caller states Greg cleaned up the vehicle, including the windows (which was rare) before giving it to his grand-father. The vehicle had some rust and is kept parked at the back of the property owned by the grand-father on Smiley Rd., in the township of Amburg, the county of Marinette. Greg owned a third vehicle for at least one year which remained unused due to the fact that it needed a new engine installed. After giving his pick-up truck away, Greg quickly completed the work on this third vehicle. This info was immediately given to Officer Jost. SE SE

03-10-99 I, Deputy Jost, also spoke with the anonymous reporting person however I do not have any further information to add. Follow-up will need to be done as I was unable to do any further follow-up due to other crimestopper reports I was working on. *[Signature]*

Contact made by phone with Marinette Co. SO and request to assist. Dispatch requested a fax be sent of copy. Have Officer take a look at the vehicle and phone MISO while on scene to ask for Lt. Bushman if there are any questions.

Suspect vehicle we are looking for is an 85-early 88 Chev. P/U, Blazer, Suburban or an 89-91 Chev van. All vehicles will be a low end model Custom Delux or Scotsdale not a Silverado. Damage caused when suspect vehicle struck a 6'1 210# male being hit squarely from behind, impact on the vehicle front between passenger side headlamp and the center Chev. emblem. We have grill parts and fan shroud parts where the fan most have caught the edge of the shroud as the radiator wall was pushed backward. Radiator did not leak. M.J. Bushman 1214hrs Vehicle located by Off. Goerge Severson. Registration AH 55072. Veh. has single rectangular headlamps on each side, very small piece of grill damaged, no damage to bumper, hood or radiator wall. Grill was rounded on the bottom edge, This is not the vehicle we are looking for. M.J. Bushman *[Signature]*

03/11/99 1518 hrs Contact made with Jandrain Rel Sup. Co. by phone. They have several vans but all are on the road at this time. Manager is out of the office for the remainder of the day. A good time to reach him 0900hrs 03/12/99. M.J.Bushman

03/12/99 1334hrs Contact made with one of the owners of the company with first name of Dennis. He advised they have two Chev. vans which are kept at the owners homes after hours. The van in question is driven by his partner who was currently out of the office. Dennis was not aware of any damage, he will check into the matter and call MTSO back. M.J.Bushman

03/13/99 1003hrs Contact made with Dennis at Jandrain Religious Supply. The van in question has two point of damage to the front. A 6 inch part of the grille is missing just to the passenger side of the center grill from striking a snow bank, and the bug shield is cracked from going through the car wash. Dennis advised Bob Gary of Gandrude Service in Green Bay can varify the damage as both have been on the vehicle for some time and Gary does most all the general service like oil change.

1006hrs Gandrude phoned. Bob Gary on days off, works Mon-Fri 0700hrs-1700hrs. M.J.Bushman

03/16/99 1530hrs Contact made with Bob Gary and he advised he does most all the service for the van in question driven by Jeff. There has been no major damage on the gray van, by major he means nothing a body shop would be required to repair. Minor dings here and there nothing major. Vehicle was just in for a minor radiator leak, oil changes regularly.
Close Out. M.J.Bushman

RICHARD H GREY
CHIEF OF POLICE

On 3/12/99, Det. Sgt. Brian Swetlik was contacted by the Sheriff's Dept. to try and track down a vehicle owned by SCOTT DUELLMAN. They received a Crimestoppers, (S99-02013) that stated SCOTT DUELLMAN has a Chevy pick up. Neither he or the pick up has been seen since the accident. I did make several drive-bys in an attempt to find the vehicle but was not successful.

On 3/23/99 I, Det. Dick, stopped at [REDACTED] S. 33rd Street and spoke with SHELLY DUELLMAN. SHELLY DUELLMAN said that her husband was gone to [REDACTED] tonight. She said that he would call me when he got back home.

On 3/24/99, Capt. Bergner checked his answering machine and found a message from SCOTT DUELLMAN from the day before. Capt. Bergner did leave me a note indicating DUELLMAN had called me back.

On 3/25/99 I, Det. Dick, again stopped at the DUELLMAN residence and spoke with SHELLY DUELLMAN. She again said that her husband was gone to [REDACTED]. I then told her that I was doing some follow up on the HOCHSTETLER Hit & run. Because a couple days had passed, she said she and her husband were able to question each other as to why the police would stop at their house. They agreed that it was probably in some regard to the Hit & Run incident. She explained that in the early part of December 1998, the Elkhart Lake P.D. seized their pick up truck because SCOTT DUELLMAN had been arrested in that city for his fourth time OWI. She said that as of this time they are down to one car and that SCOTT

Signed: _____
SHIFT COMMANDER

does not drive. She said that he has [REDACTED] SHELLY DUELLMAN also said that a police officer did come to their house once before and this information was given to him once before.

I then returned to the Police Dept. and called the Elkhart P.D. It was confirmed that the DUELLMAN truck had been seized in December for the OWI incident. The truck was auctioned off about a month and a half ago. I was told that they would call back with the exact dates of the seizure and auction.

It should be noted that I did go through the contacts that SCOTT DUELLMAN has had with Law Enforcement in Manitowoc County. I did find that on June 1, 1998, he was issued a ticket by MTSO. The number for that ticket was **SX748670-A**. On the ticket it indicated that a red GMC truck was being driven by DUELLMAN with Plate #CC36-660. When I ran this plate it came back to CAROL J. KLITZKE from KLITZKE CONSTRUCTION in Black Creek. I did phone the KLITZKE residence and CAROL told me that she did own that Construction firm but auctioned off all the equipment last April. She said that the truck in question was bought by Gulseth Construction. All the trucks at Gulseth Construction have previously been checked by City of Manitowoc Police Officers and no evidence of their being involved in the Hit & Run was found.

03/13/99 1220hrs Contact made with Stueck at [redacted] Thunder Road. As I walked into an out building on the property I heard music playing from, I noted the 84 Chev. Corvette with the hood up. It was dirty from an extended sit in a barn type building. There was snow blown in front of it and it had not been moved. Stueck was charging the battery. An 84 Ford P/U with BD85589 registration was parked outside. Stueck was very cooperative saying he indeed had a 1979 Ford van he sold last fall as the transmission was gone. He sold it to a Daniel Eucher (he was unsure of spelling) on So. 19th St, Mtwc Ph: [redacted]. Stueck stated he works for the railroad and when he had out of town assignments he would sleep in the van. He does not nor has he owned any Chevrolet matching the models we are looking for in the Hit and Run complaint.

1235hrs and 1415hrs attempt was made to contact Dan Eucher by phone, no answer. M.J. Bushman In light of the type vehicle involved the complaint can be closed. M.J. Bushman

The complainant could not provide any additional information about any damage to Stueck's vehicle stating, "I haven't seen it". She had no idea what type vehicle it was, only that it was a van and [redacted]

03/12/99 1420hrs Contact made Sheboygan PD and Information on Joseph Jr. obtained, listed above.

Contact made with an anonymous source who advised Joe Jr. does drive an 87 Chev truck dark blu with white cap. It did have cardboard in the grill and also has very large mud tires raising the vehicle unusually high. In their opinion Joe Jr. would be capable of the hit and run. Source did not know when the damage to the vehicle occurred, but stated for me to talk with his dad (same name) who has always cleaned up Joe Jr's mess and would be very cooperative. Truck was purchased from a Todd Ph: [redacted] possibly last summer. Message left with Todd's sister as he was not at home. No answer at the Hocking residence. Will try later. M.J. Bushman

Depending on how much trouble Joe Jr. has been into in the recent past determines whether he is at home or at an alternate address [redacted] Camp River Sight Rd., Hingham

1530hrs Phone call returned to MTSO by Todd. He sold the truck to Hocking in March 1998. The vehicle has a 4 inch lift kit with large 12.5 inch wide tires x33 on 16.5 rims BF Goodrich all terrain tires. They are allterrain not mud and not street-in between. They were in poor condition when sold. Todd saw the truck today. It is still very tall and the new tires are similar tall and wide. Todd did not notice damage to the grill, he saw the vehicle from behind. Vehicle was lifted since Todd bought it 4-5 years ago.

1730hrs Attempted contact by phone with Joe Hocking Sr., not home until 1830hrs. M.J. Bushman

03/13/99 1100hrs not available, 1512hrs busy signal. M.J. Bushman

03/20/99 0909hrs Contact by phone made with Joseph W. Hocking Senior. His son was working in Manitowoc about the time of the accident for RBA and when he quit moved to Stack N Store also in the Manitowoc area. He is currently working for his Joseph W. Hockings Senior's business. There is damage to the bumper of his son's truck from hooking a yellow pole at the Super America station in Manitowoc. The truck is very high and when his son drove forward he hooked the pole. He backed up bending the bumper and frame. The grill is fully intact only covered with cardboard for the winter. Hockings is very cooperative inviting Police to view the vehicle if they wish as it is at his residence today, his son is normally very hard to find.

The explanation given and the description do not match the suspect vehicle. Close out. M.J. Bushman

03/13/99 1140hrs Contact made with David M. Meyer at his residence [redacted] So 24th St in the City of Manitowoc. Meyer walked outside with Officer to talk away from his children. He was very soft spoken, calm, cooperative attitude, stating; "We all wish you'd catch him." Meyer stated he knew the Hochstetler family and had last seen them at Christmas when he delivered a Xmas tree to their residence on CTH CR.

Meyer stated he had owned Chev. Suburbans in the past but its been at least 3-4 years since his last one was around for use with his business. He pointed to a red one ton dual rear wheeled 1994 Chev. parked in the driveway stating; "That's my new baby". Meyer told me his other two vehicles an 88 and 89 Chev P/U's are under the roof at his business on Calumet Avenue.

- Meyer's current three vehicle:
- 1989 Chev Truck registration 93870
 - 1988 GMC Truck registration 93870B
 - 1994 Chev Truck registration 93870C

No further followup at this time, Close out. M.J. Bushman *[Signature]*

CASE NUMBER: _____ CLASSIFICATION: _____

INCIDENT: Fatal hit and run on CTH CR

DATE AND TIME: 3-10-99 1615

REPORT CONTINUED: I, Lt. Thorrington took a possible lead in the case from Deputy Chief Fran Nellis. He indicated that information received is that a David M. Meyer LKA of [redacted] South 24th, Manitowoc is in the middle of a divorce, has been drinking heavily in the past. Meyer is known to have an older model chev. suburban. The DEputy Chief also thought that his son to be ex wife may have been employed or is employed at Hardees in Manitowoc. 6/29/99

The Deputy Chief feels that this may or should be checked further as to the condition of Meyer's vehicle.

03/16/99 0800hrs Contact made with Complainant at the firestation. Information was that a Randy D. Burich (Phone Book listing) [REDACTED] So 17th St., Manitowoc had been driving an older model Chev Blazer (model, year, color, registration unknown) but has stopped driving it because it was too expensive to buy gas for it. Comp. stated he thought that to be unusual because gas pricing is at an all time low for the past few years.

Rhas indicates Burich owns: 86 Dodge 4dr, 84 Pont. 4dr, 82 Suzi cycle, 86 Dodge truck. Nothing currently registered fitting description of H&R vehicles. M.J. Bushman
 Leg work followup required.

03/16/99 1557hrs Attempted contact at residence, no answer, 86 Dodge 4dr pulled into yard as I was leaving with Burich driving. Interview conducted, he was calm and cooperative. The Dodge truck listed above was in the driveway, was driving 86 Dodge 4dr, 84 Pont was traded off. Burich stated he has never owned a Chev. Blazer, Suburban, or Pickup. Without I witness account of known Blazer complaint is closed. M.J. Bushman

O	HOLT	ALBERT	W		Hidden Valley Rd, Maribel	

03/16/99 @ 0900 Hrs.: I, Deputy E. Glaeser, made contact at the ALBERT HOLT residence at Hidden Valley Rd, Maribel, reference this complaint. ALBERT HOLT was advised I was presently working on follow-up in regard to the hit and run accident from January 1999. I asked HOLT if he had a problem with me checking his buildings for any possible vehicles that match the suspect guidelines. HOLT was very cooperative. He allowed me access to his garage area. He directed me to 2 other vehicles which were outside his residence.

The vehicle parked inside HOLT'S garage was a 1982 GMC Sierra, blue in color, displaying WI RP HLY300. A 10-28 was run on this RP. It indicated HOLT was the owner. This vehicle did not have any damage on it, neither did the front end match our hit and run guidelines.

The other 2 vehicles present at the residence were also check.

The first was a 1983 Chevy Scottsdale, blue in color, with WI RP TUE746.

The second was a black and gray 1985 Chevy Silverado displaying WI RP BJ94029.

All vehicles were checked over. They can all be eliminated. It should be noted HOLT was very cooperative, and he did offer MTSO any assistance we would need in our investigation of the hit and run incident.

Information on HOLT and the 3 vehicles which are present at his property were entered into the FBI main program. No further action taken. EJGlaeser /bjc

O	COUNARD	KEITH JR (aka CASEY)			N 43rd St, Manitowoc	

03/16/99: I, Deputy E. Glaeser, started work on this Crime Stopper report. Information was that PAUL MCGLIN used to have a 1984-1985 C5 Blazer with a plow and that he recently sold the vehicle within the last month or so. The anonymous caller stated they were unaware of any damage which the vehicle would have, but they thought it was suspicious that MCGLIN would have sold the vehicle. A description of the vehicle was blue and white.

03/16/99 @ 0620 Hrs.: I attempted contact with MCGLIN at Steiners Dr, Two Rivers, but was unsuccessful in contacting him.

03/16/99 @ 0830 Hrs.: I again attempted contact with MCGLIN and spoke to him at his residence. MCGLIN was advised of this complaint. He was asked if he recently sold a vehicle matching the description given in this complaint. MCGLIN stated he recently sold a 1984 GMC Jimmy to CASEY COUNARD who lives in the City of Manitowoc. MCGLIN was very cooperative. He provided a telephone number for COUNARD. He stated I could contact him to verify the information. MCGLIN also stated the vehicle had no front end damage to it all. Again, he stated it was a 1984 GMC Jimmy.

03/16/99 @ 0845 Hrs.: Attempt was made to contact CASEY COUNARD by telephone, but I met with negative results in reaching him.

03/17/99 @ 0635 Hrs.: I attempted contacted with KEITH COUNARD by telephone. I was advised by his brother to contact him on tomorrow's date before 0600 hours.

03/18/99 @ 0545 Hrs.: I made contact with KEITH COUNARD reference this incident. COUNARD told me his nickname is CASEY, but his real name is KEITH. He acknowledged that he recently purchased a 1984 GMC Jimmy from PAUL MCGLIN. COUNARD supplied the RP of TWR839. Upon running this RP, it comes back on a 1984 GMC truck. COUNARD described the truck as an S15 Jimmy. COUNARD further stated the truck had no front end damage on it. He stated he purchased the truck approximately 2 weeks ago (03/01/99 or 03/02/99).

Due to the fact this vehicle does not meet the hit and run parameters, the vehicle can be eliminated. Information on MCGLIN and COUNARD was entered into the main FBI file. No further action taken. EJGlaeser /bjc

03/24/99: I, Lt. M. Bushman, made contact with the confidential informant on this Crime Stopper complaint as more information was needed for follow-up. It was learned MATTHEW JONES lived in the Wayside area and then moved to Fond du Lac approximately 6 months ago. Apparently, he was in San Francisco for a short time. The informant stated, the last he heard, he now lives in Lake Geneva. The bank which repossessed the vehicle from MATTHEW is in Fond du Lac, name unknown. It was also learned MATTHEW has parents living in Valders in the trailer court.

Contact was made by phone with Chief Riesterer of Valders PD. He stated there was a RONALD JONES in lot #35 in the trailer court.

03/24/99 @ 2000 Hrs.: Contact was made at lot #35 in the Valders trailer court with the mother of MATTHEW JONES. I was invited in, and we had a conversation at the kitchen table. She stated, on 01/16/99, MATTHEW took off and no one knew his whereabouts. She recalled the day because it happened to be her other son's (ROBERT JONES') birthday, and he was wrestling in a tournament that afternoon. She recalls withholding the information that MATTHEW had left for unknown whereabouts because she did not wish to upset ROBERT until after he competed at the tournament.

The following day (01/17/99), Fond du Lac PD notified the JONES family that MATTHEW'S truck was in a parking lot in their City and they wished to have it removed. ROBERT traveled to Fond du Lac and picked up his brother's 1985 Chevy Blazer.

Also, on 01/17/99, ROBERT was involved in a 2-car accident on CTH W at Manitowoc Rd in the Village of Reedsville with this same vehicle (incident S99-00491). The damage from that

INCIDENT: _____

DATE AND TIME: _____

REPORT CONTINUED:

After approximately 1 week with whereabouts unknown, MATTHEW wired his sister living in the Delavan, WI, area for money. He then returned to her residence. He is currently living with his sister and her family and does have his vehicle.

MATTHEW'S mother explained to me that MATTHEW had been behind in payments of his vehicle; however, arrangements were made with the bank so that he could keep the vehicle at this time. She stated his personal life got out of hand, and there was a break-up with his girlfriend whom he has 2 children with. He needed time alone and then returned and has now sorted out his problems.

MATTHEW works in the Delavan area and is expected home to Valders on the weekend which is his custom to visit his children. His mother had not heard from him to the contrary, and she would expect him to be here.

A card was left with my name and number. I, Lt. Bushman, would like for MATTHEW to contact MTSO and have an officer check his vehicle this weekend.

A copy of the 10-28 for his vehicle and the non-reportable accident report are attached to this complaint. MJBushman /bjc
03/29/99 2109 hrs. There was no note located reference this complaint upon my return to work, apparently Matthew did not call this weekend. M.J.Bushman

Contact made at the Jones residence by phone. I was advised Matthew had called in at the number I provided and some one from the village checked his vehicle. Radio log showed Off. Jim Froelich was out checking vehicles for us and he made contact 1642hrs on Saturday.

Contact by phone made with Froelich. He advised there was a crack in the grille but no other damage to the frontend. There was damage to the left rear which had been noted on the accident report from the Reedsville incident. This is also a newer style Chev. not the design we are looking for, this complaint can be closed. M.J.Bushman

03/27/99: I, Deputy J. B. Froelich, went to the trailer park in Valders to check on a vehicle bearing WI RP AK37064. The owner of the vehicle was MATTHEW JONES who lives out of town at this time but returned to Valders for the weekend. I checked the vehicle in question--a 1985 Chevy Blazer 4-wheel drive. In checking the vehicle, it can be eliminated from the list.

Note: This vehicle was involved in an accident on 01/17/99, and a driver accident report was made out. The damage was to the driver/passenger side of the vehicle. There was minor damage to the vehicle. JBFroelich /bjc

03/18/99 @ 1000 Hrs.: I, Deputy A. Colborn, was assigned to follow-up on this incident by D.I. Tisler. Preliminary information received from D.I. Tisler was that a party called the Air Exchange radio program sponsored by WOMT radio in the City of Manitowoc. Information was that the caller informed the disc jockey he had Chevrolet pickup truck parts for sale. The caller left a telephone number of [redacted] for interested parties to contact him at.

I contacted this telephone number and spoke with DORITA CARLSON. DORITA stated her husband, DENNIS CARLSON, had a 1978 Chevrolet full-sized pickup truck for sale. DORITA stated the truck was green in color and that DENNIS purchased it for parts only.

I then responded to [redacted] S 24th St, Manitowoc, where I made contact with DENNIS. DENNIS informed me he purchased the green Chevrolet pickup from 21ST STREET AUTO in the City of Manitowoc. DENNIS stated he purchased the vehicle with the intention of using the engine and transmission out of it. DENNIS stated he was now selling the truck for the serviceable body parts still left on it.

I observed the truck which bore VIN [redacted]. I observed this truck was a 1978 Chevy and not to have any front end damage whatsoever. I observed the grill and front bumper of the truck to be intact, and both front fenders as well as the hood were intact. I further observed the windshield was not damaged on the vehicle.

I also observed DENNIS to have a 1985 Chevy full-sized pickup truck, blue in color. This vehicle was bearing WI RP AL41721. I observed this truck was free of front end damage.

At this time, it appears this incident can be considered closed. The 1978 Chevrolet pickup truck did not have any front end damage and is older than the suspect vehicle in the fatal hit and run. The 1985 full-sized pickup truck owned by DENNIS was also free of front end damage and does not appear to be a match with the suspect vehicle in the fatal hit and run.

No further action taken at this time. A copy of this incident should be forwarded to Lt. M. Bushman and Deputy Raube for entry into the FBI Rapid Start computer program.

03/20/99 0919hrs Contact made by phone with Sgt. Beilke to do a driveby area and check the vehicle. M.J. Bushman

1005hrs Vehicle is a 1981 Chev. P/U registration BK59454, listed owner above. The grill had been replaced by a pipe type after market grill spray painted black. Mounting brackets are rusty; there is a single rectangular semi-round headlamp on each side. Vehicle looks like it was rebuild from several vehicles. There is no damage to the hood, bumper or windshield. Hood could not be opened, release inside locked truck. Phone listing posted in the window with For Sale sign.

Contact made with owner Paul Siebold by phone. He stated he purchased the vehicle approximately 2 years ago from a Chad Razmonowski (spelling ?) Denmark Ph: [REDACTED] It was parked behind a barn, no motor or transmission and the box missing. Chad had intended to fix it up but never got around to it and sold it to Siebold. Siebold did not drive it much this winter because of the wide rear tires which did not have good traction. Only recently had he put it on his land with a for sale sign. Only after all the information was freely given with Siebold very cooperative did he ask what this call was in reference too. When he told an officer was there right now to view the vehicle he stated he would go out there immediately to open the hood.

Sgt. Beilke reported Siebold was very cooperative. Tires appeared to have been on the vehicle for quite some time and were measured 10 inches wide on the rear, 7 inches on the front. There was no fan shroud, radiator looked like a replace, support wall had no damage.

1045hrs Attempted contact at the Rozmarynoski residence, message left on machine. This vehicle does not fit description well, but previous owner may have information to varify Siebold's explanation. M.J. Bushman

1300hrs Chad Rozmarynoski did call MTSO. The truck in question was hauled to his friend's house and was in very poor condition with no engine, transmission, or box. Many of the wires had been cut and it took a great deal of work putting it back to road worthy condition. The last time he saw his friend's truck was around deer hunting. As far as he knew the truck had been parked since then. There was no damage to the vehicle but nothing was left of the front end when sold. This is not the vehicle we are looking for, close out. M.J. Bushman

The driver was a white male approximately 35 years old with shoulder length sandy blond hair.

Complainant was unsure of the plate letter prefix and a number of possibilities were run. AM comes back out of Mishicot, AL Silver Lake, Wi., AK Mosinee, Wi. The Mishicot address can be checked but if it were to be a negative, someone on afternoon shift or overlap should sit near [REDACTED] and attempt to locate wh van with similar plate as newspapers are printed every day.

0245hrs Attempted to locate 89 Chevy at [REDACTED] E. Samz Rd., Mishicot. Home has a three car garage vehicle not located. M.J. Bushman

03/31/99: I, Deputy L. A. Bushman, was assigned to this incident. I did attempt to check the address of [REDACTED] Calumet Ave. in the City of Manitowoc. I was unable to locate that address. I did check at the Cenex Station, Culture Cafe, Pietroske's, and Larry's Shell, but met with negative results in locating anyone that would deliver newspapers with a white van. Also the addresses of Wal-Mart, Fazoli's, Office Max, and Culvers were checked and did not correspond with [REDACTED] Calumet Ave. The reverse directory and street index was also checked and showed no address.

Myself as well as Dispatch was unable to locate the original Crime Stopper complaint to see if a complainant was listed on the questionnaire and subsequent callback to get a better location was met with negative results. I did stay in the area between 1200-1300 hrs. to see if I could locate a white van matching the description and again met with negative results.

I did contact Mishicot PD Officer Remiker who did check at [REDACTED] E. Samz Rd., Mishicot, and met with negative results in locating the van that apparently is listed to that address. Officer Remiker did state that he spoke with a neighbor to that address who stated that the people at [REDACTED] E. Samz Rd. do own a van; however, it is newer, mid 1990's, and they do not believe it would match the description of the one we are looking for. However, no contact was made at the residence and no visual contact was made of the van listing to that address.

At this time further follow up is required regarding the complainant or the subject that

called Crime Stoppers to get a possible better location and possibly what type of newspaper was being delivered. LABushman [redacted] /paf
04/09/99 1520hrs Contact by phone made with [redacted] She was advised Officers had checked the area she said the suspect vehicle was located on Calumet Ave. near Walmart. The address and vehicle was not located. She then stated "Did I say Calumet Ave., I meant Custer Street, I always get the two mixed up. She again stated it would be 4023 a corner house.

Contact attempted at [redacted] Custer Street before reporting for work, no one home. The name on the mailbox was Ron & Marge Hacker.

Contact made by phone with Ron Hacker. He stated his son delivers the Herald-Times Reporter. The rout has been in his family approximately 5 years. The papers are delivered to their door each day anywhere between 1230hrs to 1500hrs. by a white van. Ron Hacker stated the same man delivers the papers each time and the white van does have the grill knocked out but that the Hackers did not report the vehicle as a Crime-Stoppers as they thought police were looking for a Chev van, this van is a Dodge Cargo van.

Officers did check the Herald-Times parking lot and viewed two white Chev vans, neither had damage and neither had registration close to the original reported plate. Contact will be made during business hours. M.J.Bushman
04/16/99 Check was made of the Herald Times parking lot for the vehicle registration close to the number called in. Contact was made with an employee who was asked if all the delivery vans were owned by Herald Times and would they be in the parking lot after hours. He stated the Paper Bundle Haulers are private. Warren Schmidt would be the supervisor who should have a complete list of private haulers and available Monday during regular business hours.
Warren Schmidt, Home Delivery Manager M.J.Bushman

04/19/99 1414hrs Message left.

04/26/99 1425hrs Contact made with Warren Schmidt at Herald Times. He apologized for not getting back to me stating we have opposite schedules. The incident was described to him and he immediately stated he knew of the carrier and that the van involved is a Dodge mini-cargo van. Driver's name is unknown but Schmidt described him as about 30 years old white male "scraggly looking" shoulder length hair. He stated the van is operated by Brenda A. Schindler and possibly is in the process of being sold to this male driver.

1435hrs Message left on Brenda Schindler's answering machine.

2030hrs Brenda Schmidt called MISO. The incident was outlined to her and she stated the van used for that delivery route is a Dodge cargo van and does have the grill missing from a car vs deer accident on I-43 in May 98, she stated she was the driver. Accident report photocopy face attached. Registration THG 529 on report not even close to the called in van for this complaint. Vin number was run and current registration is AM 10442 very close to the plate number originally called in. I believe this to be the vehicle the Complainant saw and called in and it would not be a match for the suspect vehicle. Close out report.

03/31/99 2120hrs Contact made with the complainant by phone. She stated she talked to an officer earlier in the day but then gave me the same information. She was making breakfast 0610hrs this morning and the news on TV had the information about the van in our custody. She stated at that moment she had a "Fleeting Thought" that you know some times you might not recognize the vehicle if it was right under your nose all along. Something which looks out of place might be what your looking for and if you call it to someones attention it may just check out. She said she just happened to look up at that time and saw a P/U parked in the street a short distance away. She never saw that there before at this hour. She saw a heavy set woman walk to the truck, get in on the driver's side and then park in front of her house. She then realized the woman was delivering newspapers and delivered one to the next door neighbors Frank and Gwen Polc [REDACTED]. The woman walked with a limp. She had no idea of the truck make, could not see damage, it just seemed odd, and she never saw it before. Given the thoughts in her mind at the time and the odd occurrence, she called in a Crimestopper report. Truck was gray color with hand landscape type tools in open bed. Contact made by phone with Gwen Polc and she gets the Sentinel-Journal at that hour delivered by Cindy Grosskopf who drives a P/U truck, Ph: [REDACTED]. Contact attempted several times by phone, no answer. Off. Bessler checked the residence listed above and found a small gray P/U with tools lying in the bed, registration AD32988 comes back to Gary and Cynthia Grosskopf on an 89 Mazda, no damage. Close Out. ATTENTION MTSO ACCIDENT INVESTIGATIONS

I, Officer Trainor on 03-15-99 received information from an unknown party who heard a suspicious phone conversation. This party felt it may be related to the fatal hit and run accident on Hwy CR. This party would live in the area of S. 27th and Wollmer Streets. He has a scanner which picked up a phone conversation. The range of his scanner would be approximately a 2 block area from his residence. The parties heard in the phone conversation sounded to be roommates. Two were brothers named Randy & Terry. He did not hear the name of the third subject involved in the conversation. In the phone conversation the unknown subject wanted to get his belongings from their residence. He was moving out because of a beating he had received from the two brothers. The injuries he would have received from this beating would have placed him in the hospital. The unknown subject was in contact with a lawyer, and the lawyer wanted to pursue the brothers for the beating. The unknown subjects said if he got in trouble, the two brothers would get in trouble also. He went on to say he wanted the brothers to go to his lawyer and sign paperwork stating that the unknown party was never in the vehicle on the day in question. The two brothers said the vehicle has been cleaned up and has been disposed of in another state. The party talking to me thought this would be the vehicle involved in the fatal hit and run accident on Hwy CR. He did not get a description of the vehicle or the day the subject was supposedly not to have been in the vehicle. This party also told me there is a good chance the call may have been related to [redacted] Wollmer Street. He did not know the parties living at this address, but does know male subjects live at this residence. He also told me the phone conversation he heard took place approximately 4 weeks ago. Also the subject that was talking to me did not want to give his name.

I, Officer Trainor on 03-15-99 received information from an unknown party who heard a suspicious phone conversation. This party felt it may be related to the fatal hit and run accident on Hwy CR. This party would live in the area of S. 27th and Wollmer Streets. He has a scanner which picked up a phone conversation. The range of his scanner would be approximately a 2 block area from his residence. The parties heard in the phone conversation sounded to be roommates. Two were brothers named Randy & Terry. He did not hear the name of the third subject involved in the conversation. In the phone conversation the unknown subject wanted to get his belongings from their residence. He was moving out because of a beating he had received from the two brothers. The injuries he would have received from this beating would have placed him in the hospital. The unknown subject was in contact with a lawyer, and the lawyer wanted to pursue the brothers for the beating. The unknown subjects said if he got in trouble, the two brothers would get in trouble also. He went on to say he wanted the brothers to go to his lawyer and sign paperwork stating that the unknown party was never in the vehicle on the day in question. The two brothers said the vehicle has been cleaned up and has been disposed of in another state. The party talking to me thought this would be the vehicle involved in the fatal hit and run accident on Hwy CR. He did not get a description of the vehicle or the day the subject was supposedly not to have been in the vehicle. This party also told me there is a good chance the call may have been related to Wollmer Street. He did not know the parties living at this address, but does know male subjects live at this residence. He also told me the phone conversation he heard took place approximately 4 weeks ago. Also the subject that was talking to me did not want to give his name.

Officer Trainor/emp

SHIFT COMMANDER

On 3/24/99, I, Det. Dick, looked through the MTPD files and did a search of all the January, February and March Fight calls and Disorderly Conduct calls. By entering in the Case Numbers of each of these calls, I was able to scan the addresses and names of the people involved. I was unable to find an incident where two brothers would have been involved in a fight. Also, there was only one person who lived in the area of 26th & Wollmer Street. This incident was M99-01867. The suspect in that case was EDUARDO PEREZ; his address was [REDACTED] Wollmer Street. When I looked through that report I found that EDUARDO was in a fight with one other male in the 1800 Blk of Washington Street. There was a witness to that incident and the witness claimed that there were only two people involved in the fight. This fight did not match the information that was given to Off. Trainor.

On 3/25/99, I, Det. Dick, did go to [REDACTED] Wollmer Street. I found that this was a single family house that was occupied by KEVIN HARLOW, TERRI MUELLER, and her son, DYLAN MUELLER. TERRI MUELLER informed me that she did sell a car about two weeks ago. This car was a red Chevy Celebrity that was quite rusted out. She said that she does have a cordless phone that she uses all the time. I explained to her some of the information that I had received from Off. Trainor's report. I did not give her all the details. She said that she was talking about buying a car from the Chicago area. She heard through a friend at work that they have auctions in Spring and you can get a good deal. I then spoke with DYLAN MUELLER. DYLAN said that about two weeks ago the Sheboygan P.D. came to Manitowoc to speak with him about a Hit & Run that happened in Sheboygan. DYLAN said that the Sheboygan officer cleared him from that incident. That report would be M99-01868. I did recall this incident and remember that DYLAN was indeed cleared of any wrong doing from the Hit & Run. DYLAN explained that he left the bowling alley at approximately the same time that the Hit & Run occurred. He said that he was not involved but may have spoken about it over the phone. DYLAN and TERRI MUELLER along with KEVIN HARLOW denied having anything to do with the Hit & Run. None of the vehicles registered to MUELLER were consistent with the suspect vehicle in this Hit & Run. For more information see MTSO CRIMESTOPPER REPORT NO. S99-20293.

03/23/99 @ 0745 Hrs.: I, Deputy E. Glaeser, was informed of this anonymous Crime Stopper complaint by Dispatch. The information relayed was that there was a possible vehicle matching the description of our hit and run suspect truck. Information relayed that a party was on his way to work at KOHLER near Sheboygan when he observed a black Chevy pickup truck with right front end damage parked along STH 42 near the ST. VINCENT-DEPAUL STORE in Sheboygan. The anonymous complainant suggested we take a look at the truck for any possible connection with our hit and run.

Dispatch was advised to request SBSO to check the vehicle and make a determination from their preliminary observation on whether or not the vehicle should be investigated further. Dispatch advised the vehicle was displaying WI RP NSA769. A 10-28 was run on this RP. The RPs indicated the vehicle would be a 1986 Chevy truck registered to KEVIN WILCOX. Due to the fact I was working on a warrant pickup with my lieutenant and another officer, I was unable to immediately respond to Sheboygan Co.

Dispatch informed me SBSO checked the vehicle in question. They believe it fits our hit and run suspect description. They requested an officer from MTSO travel to this location and check the vehicle out for ourselves.

03/23/99 @ 0849 Hrs.: I arrived in Sheboygan Co. where I met with SBSO Deputy Olson in regard to this complaint. Deputy Olson told me she was familiar with the WILCOX family. She further stated she did not expect any cooperation from WILCOX or anyone located at this residence in regard to the vehicle. I informed Deputy Olson, if the suspect gave us resistance, we would deal with that when it happened.

A short time later, I was able to observe the vehicle. Immediately upon checking it over, I was able to eliminate it as our hit and run suspect vehicle as the front grill did have chrome and the center cross member was black in color, thus eliminating it from suspicion in our hit and run. Deputy Olson was advised of the physical description of the hit and run grill we were looking for, more specifically the description of vehicles we were looking for. She was further advised to notify MTSO should there be any other vehicles they observe that could match our hit and run description.

03/24/99 2025hrs Contact attempted at the Crime Stoppers Complainant residence as he did not leave a phone number. Lights on in basement only, no one came to the door. The address he talking about is East approximately five residences North side. Two vehicles in the yard at this time TNN 520 Aut and BH 28186 Trk. No one at the residence at this time tracks on the lawn indicated possibly two other vehicles park there. House formerly owned by Myron Ahrens Jr. address [Redacted] West Marshall. I will check back after bar closing. I have been to this residence once before to check on a Blazer and Suburban, neither vehicle there now. M.J. Bushman

03/25/99 1930hrs attempted contact with resident at [Redacted]. The woman answering the door stated no one in the house filed a CrimesStopper report and then asked how long ago it was filed. She stated if it was over a week that party had moved out. New address was obtained and contact made on South side of the city. She wishes to remain anonymous. She has no specific information which leads her to believe this party is the suspect other than he drinks alot and drives a multi colored Chev Blazer. No remarks have been made, no hidden vehicle she knows about, just that he drinks alot and the type vehicle we're looking for. His truck had been checked twice before while in his driveway by Lt. Bushman and while parked at Knuckleheads on Calumet Ave. by Sgt. Janssen.

On one of the drivebys there were several vehicles similar to suspect vehicle, more leg work required. M.J. Bushman

03/30/99 After Bar Closing late night checks are being made and to date these are the vehicle plates observed in the [Redacted] W. Marshal property: RH 28186, TNN 520, AH 77746, (comes back on a 90 Toyota, is on an older Chev. Suburban w/o an engine parked in driveway) An earlier complaint S99-01523 dealt with an 88 Chev. 03/29/99 Robert J. Niessen is a full time police officer for the city of New Holstein. He was on duty when I called at 2230hrs and returned my call when he arrived in the office. He had owned a 1986 GMC Jimmy Blue-Gray in color trading it off on a 1997 Dodge Dakota in Plymouth at the Chuck Van Horn Doge dealership 12/30/98. Vehicle did not have any damage at the time of the trade which would have been 12 days before the Hit&Run accident.

M.J. Bushman

03/30/99 1454hrs Contact made by phone with Sales Manager Brett Goebel. He recalled off the top of his head this deal was made just before the first of the year. He then checked the "Deal Jacket" hard copy records file and noted the 1997 Doge Dakota was delivered to Niessen 12/30/98. He took possession of the new vehicle at that time surrendering his 86 GMC Jimmy to Van Horn. Goebel could not recall if there was damage and nothing appeared on the transaction report, besides this was 12 days prior to our Hit&Run. Close out complaint.

03/26/99 @ 1557 Hrs.: Lt. Thorrington spoke with [REDACTED] who responded to MTSO. [REDACTED] informed Lt. Thorrington that he just purchased a van from KENNETH KNAPP. As he was scraping some grease and mud and things from underneath the van, he found what he believes to be hair fibers and also some possible clothing fibers.

I, Deputy Jost, made contact with [REDACTED] in the Supervisor's Office and looked at the small sandwich plastic baggy which he had. Inside, I observed approximately 8 strands of material which appeared to be some type of hair, a piece or 2 of it possibly being clothing fibers. I took this item into my possession. It was placed into gun locker #7 just outside the Patrol Division report room area. This is a secured locker, and the key was kept in my possession until it was later placed in the Temporary Evidence Room, locker #29.

I told [REDACTED] to respond back out to his residence to make sure nobody did anything with the van until I could respond to the location. After gathering some evidence bags and the Polaroid camera, I responded to [REDACTED] where the van was located.

Upon inspecting the van, it initially did not appear to be the van we were looking for due to the fact it was a 1980 model Chevy van. Upon inspecting it further, however, I saw the headlight assembly and grill assembly was not the same as what is supposed to be on a 1980 Chevy van. The grill had obviously been replaced as the headlights which were mounted in the van were circular in shape and the headlight molding area had a rectangular or square-shaped molding piece. Upon further inspecting the van, specifically under the hood, I observed it appeared as though the small metal fan guard was not the original piece of material which was used as the guard. (I later asked MICHAEL KNORR from HI-WAY 42 GARAGE about the fan guard. He told me also that it should have been a plastic fan guard on that model van.) In further inspecting the truck, I saw there was some damage to the grill which was now in the van, and there were some minor dents on the hood.

Due to all this information, I spoke with Lt. Thorrington. A decision was made to bring the van to MTSO and store it in the South Garage until further information could be determined. Deputy Colborn, an evidence technician, responded to the scene along with Hi-Way 42 Garage with the assistance of Deputy L. Bushman.

REPORT CONTINUED:

Just prior to their arrival, I (Deputy Jost) took 5 Polaroid pictures with the one-to-one Polaroid camera. These pictures were taken due to the time of day as it was starting to get dark out. These pictures were later property tagged and placed into locker #29 in the Temporary Evidence Room.

Upon Deputy Colborn's arrival, we pushed the van backward so as to lift the front of the van up so he (Deputy Colborn) could take more photos of the undercarriage of the van. Approximately 16 exposures were taken. This film was later turned in at MTSO.

At this point, we took a new blue tarp which MICHAEL KNORR had just unwrapped from its package. This tarp was used to cradle underneath the transmission and part of the front axle assembly to catch any material that might fall from the undercarriage. We also placed a large sheet of plastic on the bed of the flatbed wrecker and this was also used to gather any evidence that might fall from the van.

The van was then transported via the flatbed to MTSO with Deputy Colborn following the van. Deputy Colborn took the necessary measures to protect the van, wrapping tape around it, indicating it was evidence.

We also gathered the grease and mud which was piled up. [redacted] scraped these items off the a-arm/axle area of the truck. This ground was placed into a larger Ziploc bag and later placed into the Evidence Room at MTSO.

Property tag was attached to the van. The possible hair samples will be sent out, possibly to the State Crime Lab for analyzation.

Further follow-up will be done. JMJost /bjc

When talking to [redacted] I (Deputy Jost) also questioned him about what KENNETH KNAPP told him when he sold him the van and what raised his suspicions. [redacted] told me he was just looking for another vehicle to haul things around in and found the van that KNAPP had for sale for \$300. [redacted] told me, without evening questioning KNAPP, KNAPP began stating the cops were already at his house, looking at the van, and taking pictures of it. He was basically bragging about this. KNAPP also told [redacted] he replaced the grill due to the other one being damaged and he also replaced the transmission recently.

[redacted] told me KNAPP originally had a price of \$300 on the van. Without saying anything, KNAPP dropped the price to \$175. [redacted] stated he was able to purchase the van for \$150, and this also raised his suspicions somewhat that KNAPP would let the van go for that price. [redacted] stated KNAPP told him he was short on money--the reason for selling it so cheap.

[redacted] indicated what raised his suspicions even more was when he began scraping the grease from underneath the van and found the possible hair fibers. He stated, at this point, he collected those items, placed them in a plastic baggy, and then brought them to MTSO.

I do not have any further information reference this report. JMJost /bjc

03/29/99 2130hrs Contact made with Sgt.Lenk, evidence will be sent to Crime Lab in AM.

REPORT CONTINUED:

O TIFFANY JAMIE S [REDACTED] [REDACTED] Adams St, Two Rivers

03/30/99 @ 2000 Hrs.: Contact was made the previous evening with Det. Sgt. Lenk, and a request was made to have the plastic bag containing the suspected hair samples sent to the Crime Lab where the samples could be tested to determine whether or not it was human hair. If the hair is human, they should compare it to the DNA of the victim, RICHARD HOCHSTETLER. A phone call, prior to sending the evidence, was made by Det. Sgt. Lenk to attempt to light a bit of a fire under the Crime Lab as we have this vehicle in our Garage at this time.

Upon arriving to work, I (Lt. M. Bushman) received a note to contact MELISSA PULS reference her boyfriend's, KENNETH KNAPP'S, previously owned vehicle, the Chevrolet van parked in the MTSO Garage. She wished to state the damage on the vehicle--the missing grill and the headlight assembly--was like that when the vehicle was purchased by KNAPP from DALE LANE. Apparently, KNAPP then bought a second van and swapped the parts to complete one front grill. He then sold the van to [REDACTED]. PULS was very suspicious of [REDACTED] from the beginning and wants to file a harassment charge against [REDACTED] as [REDACTED] has now called KNAPP, demanding his \$150 back. Apparently, \$150 was the purchase price of the van. He stated KNAPP sold him the vehicle, and now, the cops took it away; therefore, he wants his money back.

The entire incident was explained to PULS. She stated, while the van was in their possession, hers and KNAPP'S dogs which are a boxer-mix had puppies and the entire group was continuously climbing under the van while it was parked at their residence. She believed the hair would be from the dogs. She was very concerned and upset by the way [REDACTED] had threatened KNAPP. She wished, as soon as we have any information about the type of hair under the van, I give her a call back. I stated, if it was human hair, we would be coming back to do more talking with KNAPP and herself.

Shortly after I hung up the phone, DALE LANE called MTSO and wished to speak with me. He stated he sold the van to KENNETH KNAPP for \$30 and had previously purchased the van from JAMIE TIFFANY for \$30. Apparently, LANE did not do any fixing, and the vehicle was damaged extensively with no front grill or headlamps at the time he purchased it. LANE stated he originally purchased the vehicle from TIFFANY approximately 4 months ago--he stated it was prior to Christmas. LANE does not have a DL and never operated the vehicle. He eventually sold it to KNAPP as-is. It sounded as if LANE had received a call from PULS, prompting him to call MTSO on KNAPP'S behalf.

Attached to this complaint is a Transmittal of Criminal Evidence form photocopy showing Det. Sgt. Lenk mailed the evidence to the Crime Lab on 03/30/99. MJBushman [Signature] /bjc

05/13/99: I, Deputy Colborn, was informed by Sgt. Schetter that this vehicle was no longer considered a suspect vehicle for incident #S99-00242. Sgt. Schetter instructed me to make arrangements with [REDACTED] to have the vehicle removed from the south garage at MTSO.

INCIDENT: _____

DATE AND TIME: _____

REPORT CONTINUED:

area was the carferry slip and the barge slip immediately west of the carferry. Officers then worked the City river banks on both sides, any place a veh. could have driven in and there was sufficient depth in the river to hide the veh. The banks were worked as far as the bridge west of Burger Boat Co. Nothing unusual was graphed on the bottom that remotely resembled the size of a veh. Numerous passes were made at any site that had potential of the veh. getting a running start and crossing at least 20 ft. of water before falling.

05-14-99: This entry will be in ref. to Crimestopper # S99-02746. I, Det. Sgt. James Lenk, of MTSO did send the hair samples taken from this veh. to the WI State Crime Lab in Madison on 03-30-99. The reason for the transmittal of evidence was to determine if the hair samples were human or animal and if they could possibly be the hair from RICK HOCHSTETTLER, who is the victim of the hit & run in this case. The State Crime Lab # assigned to this case was M99102. On 04-19-99, I contacted the State Crime Lab and spoke to SHERRY. She stated there were three human hairs and some animal hairs in the samples that were sent. SHERRY also stated that there was not a root structure on the human hair and therefore they were unable to do a DNA test at that State Crime Lab. I asked her to determine the length of the human hair samples as well as a color. She said she would check and get back with me.

I contacted the Milwaukee Office of the FBI in ref. to getting a possible DNA test done on the human hairs. I was advised from the FBI in Milwaukee to contact the FBI in Quantico, VA phone # [REDACTED]. They advised that if we needed a DNA test done of a human hair without the hair follicle, that testing would be called a mitrocondial DNA test or they referred to it as DNA 2. That test is done through the FBI Office Labs in Washington, D.C. The Unit Chief of that lab is JOE DIZINNO, telephone [REDACTED]. I advised the FBI agent that I spoke with that I would probably be getting back in touch with them as soon as we could determine the possibility that these samples could be the victim, RICK HOCHSTETTLER's.

05-04-99: I received a call from the State Crime Lab from SHERRY in ref. to the length and color of the hair samples that were determined to be human samples sent to them. She stated that the hairs were less than 2", somewhere in the area of 1 1/2", closer to 1 3/4",

and the color would be light to medium brown.

05-04-99: I contacted the Manitowoc Coroner, Debra Kakatsch, and asked her to check the hair samples that were taken from the victim to determine the exact length and color of the hairs.

05-05-99: The Coroner, Debra Kakatsch, returned the call stating that the longest hair strand sample that was taken from RICK HOCHSTETTLER is approx. 1" in length which includes the hair follicle and the color is dark brown. At this point it is noted that those lengths and color would not match the samples that were sent to the Crime Lab.

05-04-99: I spoke with Lt. Hermann and advised him that per the Sheriff, they would like the van that was placed into evidence to be transported to the Crime Lab for further testing in a covered veh.

05-11-99: Lt. Hermann contacted myself and stated the van will not be sent to the State Crime Lab as he had conferred with Insp. Petersen, as well as the Sheriff, and determined that the veh. would not be the veh. in question in this hit & run. The veh. was determined at that point that it could be released back to the owner. 03/30/99 0006hrs Contact made with Lt. Hemes Green Bay Police Shift Commander and a request for assistance made by phone. He requested a fax of the report which was completed immediately with photo copy of full description of suspect vehicle damage. M.J.Bushman 0020hrs GBPD called back vehicle not there, they will have a day shift check. Called again as Officer was pulling away vehicle drove in.

0100hrs Off. Todd Lepine works that section of town and was familiar with the vehicle in question. He spoke with the owner who drove in while the Officer was out checking. He advised Kao Xiong he was out checking for some kids running through the back yards. Eventually he looked over the Suburban as he stood and talked with the owner. The vehicle is higher than normal because of large oversize tires. There is very little damage with two small plastic parts broke from the grill and a small chip from a bug shield. Nothing damaged on the hood, bumper, or windshield. He stated he did not have the fax with him on the street and will go back a second time later in the night. This does not fit the description of the Hit&Run vehicle. Close Out. M.J.Bushman

03/30/99 1512hrs Contact by phone made with Mike Moon in Fond Du Lac owner of Mike's Frame & Auto. He was informed of the Crimes Stopper information received and questioned whether he had a truck covered on his property. He stated: "The only vehicle I currently have covered on my property and the last one within a month is a white 1997 GMC P/U with 10,000 miles. It has black replacement fenders and no registration because it's a rebuild. It was damaged around November 98 and I told the guy who owns it that I'd rebuild it for him when I looked at it. I know for a fact it has not been on the road since at least November. Its under a blue tarp.

03/25/99 @ 1030 Hrs.: I, [REDACTED], met with ATTY. RON KAMINSKI at his office. ATTY. KAMINSKI stated he represented an individual who wished to remain anonymous and would be referred to only by the term "RESIPSA." ATTY. KAMINSKI stated this individual attempted to contact him approximately 10 days ago, stating he had information which may involve the vehicle in the fatal hit and run being investigated by MTSO. ATTY. KAMINSKI stated this vehicle was traded in to the auto dealership owned by BOB PIETROSKE. The vehicle was subsequently transferred to the TERRY ERNST dealership in Two Rivers.

ATTY. KAMINSKI stated his client advised he observed the vehicle and that it had its grill replaced and repairs were made to the right front fender. The front headlights were also replaced.

Further information will be given to the investigating officer. [REDACTED] /bjc

03/30/99 1505hrs Contact made with Kaminski's office by phone, he was out message left. 0332hrs Atty. Kaminski called back and provided the following information. He stated the individual providing the information wished to remain anonymous and go through him to insure his identification is kept secretive. The informant had checked the 1989 Chev Suburban two tone gray in color for repaired damage as it came through the Pietroske business as he had been instructed previously to do with regards to MTSO's unsolved Hit&Run accident. He found that the suburban which was traded in by Mtwc Co. Coroner's office appeared to have been previously damaged and now repaired. The Rt. front headlamp and grill was thought to have been fixed. Vehicle has since gone to the auto auction.

Atty. Kaminski was informed that I was the first officer on scene and the Coroner's pager was called within minutes after my arrival. Coroner Debra Kakatsch arrived on scene with the vehicle in question within one hour, there was no damage on it at that time.

1548hrs Contact made by phone with Debra Kakatsch. She stated the old Coroner's suburban had been budgeted for replacement and was traded off on a newer model the first week in March. There was no damage nor was there previous damage Coroner Kakatsch was aware of during the period of time she drove the vehicle or prior to purchase. Close out. M.J. Bushman

03/02/99 @ 1420 Hrs.: I, Lt. M. Bushman, took a phone call from FBI Agent [REDACTED] out of the Green Bay Office. He advised he had a note from Agent [REDACTED] who is formerly an Oconto Co. resident and is currently an FBI agent working out of the Chicago Office. [REDACTED] was home to Oconto Co. over the weekend for a visit with family members.

While there, an anonymous source contacted him, stating they had information reference TERRANCE and JENNIFER WARNER living in the Oconto Falls area. JENNIFER WARNER relayed a conversation that she was privileged to to friends saying that her husband's brother was involved in a hit and run accident after leaving Oconto Co. and heading to Chicago. He allegedly struck and killed someone walking on the roadway and did not stop, continuing south to IL; however, he has no idea as to the exact location where that accident took place as he was intoxicated. The suspect vehicle is currently in a garage in IL.

[REDACTED] did not have any answers to specific questions, and [REDACTED] was not available right at this time. [REDACTED] offered his assistance in investigating and follow-up, stating he was tied up for the remainder of today; however, tomorrow would be good to begin. [REDACTED] also advised the Investigator for OCSO, MICHAEL JANSSEN, had been notified by [REDACTED] and was checking the Oconto Co. connection, looking for a location of JENNIFER WARNER.

had located JENNIFER WARNER. JANSSEN advised DALLAS WARNER was located in the property tax rolls of Oconto Co., and the rural route mail carrier had a possible location on JENNIFER. He stated he would know more information on 03/03/99.

03/02/99 @ 1900 Hrs.: I, Lt. Bushman, made contact with local DNR Warden Jung. Attempting to locate possible suspects in Oconto Co. by using DNR game license, boat, snowmobile, and ATV registrations were discussed. Warden Jung advised there does not exist a data base at this point and time for any game licensing in the State of WI. The possibility on any specialty-type requests such as Hunter's Choice or goose permits, the data base would exist. Warden Jung suggested contacting Warden MICHAEL STAHL from the Oconto Co. area as he perhaps would have more luck.

Contact was made by phone with Warden STAHL. He checked with his computer all ATV, snowmobile, and boat registrations finding the last name WARNER; however, it did not match up with the suspects we were looking for. STAHL stated, if we needed that information, a hand check would have to be done of all hunting licenses or fishing licenses issued in Oconto Co. A WARNER coming back to the CTH K address was not located.

03/03/99: Contact was made with Agent [REDACTED] from the FBI Green Bay Office who forwarded information for contact of Agent [REDACTED] in the FBI Chicago Office.

[REDACTED] was contacted by phone, and he relayed the following information reference his anonymous source. He made it very clear this source is extremely close to the suspect in this matter and if any investigation was done from the Oconto Co. area, the source would be immediately identifiable. [REDACTED] stated, while he was in Oconto Co., his anonymous source told him:

"JENNIFER and her husband were in IL the weekend of 01/30/99-01/31/99. On 02/01/99, she had a conversation with a girlfriend in Oconto Co. It was at that time the source overheard that conversation. The conversation in Oconto Co. had to do with the conversation she was privileged to in IL, taking place between her husband, her husband's brother, and her husband's father. JENNIFER did participate in that conversation. The information was that her husband's brother was very drunk when he was involved in the hit and run accident. Immediately upon arriving home, he told his father about the accident. The brother is extremely upset about the matter, and the truck is currently hid in a garage in IL. Her husband's brother and father are very much aware that they (meaning police) are investigating this matter, and the truck has been hidden since the incident. The informant also stated the suspect has been involved in this type of trouble before. There was no mention of Manitowoc or WI reference the hit and run accident."

It was stressed again the source who overheard this information was in the wrong place at the wrong time and if the information were to surface in Oconto Co., the source who wishes to remain anonymous would be easily identifiable.

INCIDENT: _____

DATE AND TIME: _____

REPORT CONTINUED:

03/03/99 @ 1045 Hrs.: Contacts were made for the next several hours with the first four investigators on the complaint and the following information has been assembled:

DALLAS and BEATRICE WARNER are the grandparents who are on the property tax roll in Oconto Co. Their one time address was [REDACTED], CTH K, Oconto Falls. Current address is [REDACTED] 5th St, Charleston, IL.

MARK WARNER and STEVEN WARNER are sons of DALLAS and BEATRICE. Both are now living in IL. No address for MARK currently; however, he did at one time live in Oconto Co. STEVEN currently lives at Rt 1, Box [REDACTED], Lerna, IL 62444, phone of [REDACTED].

HEITH WARNER is the son of MARK and is married to JENNIFER WARNER. He has an FBI number which ties him to Mattoon and Charleston, IL. A subsequent check with Charleston PD in IL showed HEITH had been arrested in the past with DALLAS and BEATRICE bonding him out of Jail. DALLAS is HEITH'S grandfather. Also, with Charleston PD, there is a record of HEITH involved in a DV complaint with his wife, JENNIFER (the DOBs are the same). Both HEITH and JENNIFER currently live at [REDACTED] CTH K, Oconto Falls. It is believed JENNIFER is the source of the conversation which generated this complaint.

JOHN WARNER is believed to possibly be the brother of HEITH and possibly the suspect we are currently looking for in this hit and run accident; however, in checking with Charleston PD, it was learned JOHN is a suspect in a hit and run accident fatality in Charleston, IL, which occurred on 01/17/99. JOHN'S father is STEVEN. In speaking with Lt. RICK FISCHER of Charleston PD; it was learned the fatality hit and run accident took place on 01/17/99 with several witnesses on the scene. JOHN turned himself in the following day, 01/18/99, when he walked into the PD with his attorney. He only gave information that he was the driver of the vehicle at the time of the incident and would not elaborate about his level of intoxicating beverage or any other details. Charleston PD intended to lock JOHN WARNER up; however, they worked out a deal with his attorney that JOHN was allowed to remain on the street, in exchange for the suspect vehicle which is involved in the hit and run accident. Lt. FISCHER stated the suspect vehicle was a 1984 Buick Century and currently in their Impound. JOHN made no attempt to clean up the vehicle, and blood and hair was found matching that of the victim in their hit and run fatality. An arrest warrant should be issued within a short period of time for JOHN WARNER, possibly Friday of this week.

Contact was made with Special Agent [REDACTED] a second time. One would think with the information about JOHN WARNER being involved in a fatal hit and run in IL, this would pretty much close out my complaint; however, [REDACTED] made contact with his anonymous source again. There are 2 serious conflicts--one being that the conversation regarding a hit and run accident did definitely involve a truck and the other being that the conversation took place on 01/30/99 with the suspect vehicle still being hidden 12 days after JOHN WARNER turned himself in to Charleston PD (they recovered the suspect vehicle at

that time). Information from Charleston PD is that the WARNER family lives in a remote part of Cumberland Co. and that the family is quite large with numerous OWI arrests, DVO arrests, alcohol-related arrests, and general drinking violations for all members of the family. There is a possibility there is a second WARNER involved in the hit and run accident here in Manitowoc. It should also be noted, on JOHN WARNER'S arrest sheet and HEITH WARNER'S arrest sheet, both have places of birth listed as Oconto Falls, WI.

During one of the return phone calls from MICHAEL JANSSEN, the OCSO Investigator, he stated he located JENNIFER R. WARNER and was almost sure we had the correct JENNIFER. He made contact with a neighbor who stated the WARNERS are not well-liked by any of the neighbors in Oconto Co. which was also echoed from the original complaint. He also stated the neighbor told him every weekend, generally 2 vehicles with IL RPs, usually trucks, come to Oconto Co. One of the brothers of the resident in Oconto Co. was described as being a very unpleasant individual. JANSSEN also located several other individuals with the last name of WARNER and would be looking into their information to see if they tie in to this complaint. A photocopy of the first 8 pages of the complaint was faxed to the FBI Office in Green Bay, attention Agent [REDACTED], who will be accompanying JANSSEN on 03/04/99 to follow-up on the investigation.

The last contact by phone was made with Agent [REDACTED] in the FBI Chicago office. [REDACTED] requested the names of all the WARNERS who we had ties to Oconto Co. He was going to use the FBI computer system to attempt to locate all vehicles listed to those individuals and will do further checking for a possible brother to HEITH WARNER with that brother living in either the Charleston or Cumberland Co. area in IL. MJB [REDACTED] /bjc

03/04/99 1120hrs Contact made by phone with Det. Fischer Charleston PD. He advised contact was made with the Sheriff of Cumberland County. Warners live in the very small community of Johnson Town but have a rural route address of Lerna. There is a large group of tight knit family of Warner, who get suspicious if theres any poking around in their secluded area. Det. Fischer stated "We should be able to come up with something". Request made to find out who Heith's father and any brother's names. Fischer will call back with list of names when he is completed followup, "tomorrow or Monday" [REDACTED] TASK FORCE [REDACTED]

03/04/99 1309hrs Phone call received from Special Agent McClaren Ill.State Police. He has been assigned to assist with identifying Heith Warner's Brother and father and locating them. Information about the Comp. passed on. He has Drug Officer's undercover working area who may know the Warner family. M.J. Bushman [REDACTED]

03/08/99: At this point and time, no information has been received from IL State Police, Agent McClaren.

03/08/99 @ 1328 Hrs.: I, Lt. M. Bushman, made contact by phone with [REDACTED] from the FBI Office in Chicago. He has no new information to add to this complaint.

In our last phone conversation, we discussed possible approach information to give to the WARNERS for the reason of our interview in Oconto Co. It was agreed we would basically begin saying:

*** The hit and run investigation initially took on an area of coverage within Manitowoc Co., soon expanding to a 5-county area, and eventually to a 3-state area.

*** We have been aggressively pursuing all possible leads in tracking down the person(s) responsible for this very unfortunate and tragic accident in Manitowoc Co. in January 1999.

*** What brings us to Oconto Co. is the fact that JOHN WARNER was arrested in IL on a hit and run felony charge and will be facing charges there as a result of that accident.

*** In connection with the investigation in IL, the investigators down there found that JOHN WARNER had been born and raised in Oconto Falls and recently had traveled back and forth to visit family members. The close timing of these 2 unfortunate accidents makes it quite simply necessary for us to follow-up on any possible leads which would help resolve the accident in Manitowoc Co.

*** Investigators are:

Curious as to any of the WARNER families who traveled to Oconto Co. or were returning on the weekend of 01/09/99 through 01/10/99;

Curious of what time that person would have left;

Curious of what they had been drinking; and

Curious of what type of vehicle that person may have been driving.

[REDACTED] also read his original notes, again stating this is entirely conceivable that this is related or evolved around JOHN WARNER'S accident. There was a statement that "he has been involved in this type of accident before." JOHN WARNER has had previous hit and run with injury accidents.

Contact was made with FBI Agent [REDACTED] in the Green Bay Office. He advised he is not going to be available until after 03/16/99 to assist with interviews.

REPORT CONTINUED:

I, Lt. Bushman, made contact by phone with MICHAEL JANSSEN in Oconto Falls. Arrangements were made for him to assist with interviews on 03/15/99. He advised there were no IL vehicles at the WARNER residence over the past weekend.

HEITH WARNER lives in a trailer house on a 1-acre plot, immediately adjacent to his grandfather's (DALLAS WARNER'S) 40 acres on CTH K. HEITH works in Shawano from 0600-1400 hours.

JENNIFER WARNER, HEITH'S wife, works in Suring from 1500-2300 hours but is currently out of work with a back injury.

ROBERT WARNER is HEITH'S brother. ROBERT has a child and lives with JESSIE LEMANSKI on Sunny Brook Rd, just north of Lena. He works in the LENA LUMBER YARD from 0700-1500 hours.

03/15/99 @ 1030 Hrs.: I, Lt. Bushman, along with Deputy P. Herrmann made contact with DET. MICHAEL JANSSEN at OCSO in the Briefing Room. We compared notes and reviewed the map for the suspect's residence location.

03/15/99 @ 1200 Hrs.: Attempted contact with JENNIFER WARNER at [REDACTED] CTH K. The residence is a trailer home on the west side of the road. There was no movement in the residence while knocking.

Also on the property is a 3-car metal garage with a woodworking shop on the north end. The garage door was standing open. No movement was noted in the garage or the 1-acre yard which is fairly free of obstruction. Inside the garage was one older Jeep Cherokee (RP was not visible). Nothing suspicious in the line of extra auto parts that may be similar to the type of vehicle we are looking for was observed lying about. There were 2 IL RPs hanging in the rafters--PKE503 and personalized MADLEM3. Neither one of these RPs come back on the teletype as being current.

The \$25,000 reward posters were placed in the mini-mart and gas station near the KELLY LAKE RECREATIONAL AREA.

03/15/99 @ 1220 Hrs.: A second check was made at this residence. Officers went down the road to the south and waited for approximately 10 minutes. No one was observed coming or going from the residence.

Posters were then dropped off in the bank, mini-mart, beauty shop, and grocery store in Suring. A stop was made at JENNIFER'S employer. It was learned she is due back to work at 1500 hours.

03/15/99 @ 1258 Hrs.: A drive-by was completed at [REDACTED] CTH K. A 4-door Plymouth vehicle was observed in the driveway. Upon approach to the trailer home, a male party identified as HEITH WARNER exited his home and locked the door behind him. HEITH was just back from the dentist as he had a tooth pulled on the right side. Swelling and a drooping from the novocaine was noted. He was on his regular day off as he had worked Saturday.

REPORT CONTINUED:

All 3 of us identified ourselves as police officers, and a request was made for an interview. HEITH was reluctant to invite us into his home or travel to OCSO. The interview was conducted by Deputy Herrmann on the wood steps of this residence beginning at 1301 hours.

HEITH stated he heard rumors that we were coming to talk with him. He advised he only knew what he read in the newspaper about JOHN WARNER'S accident. JOHN has not been to WI for over a year and not more than twice since HEITH and JENNIFER first moved here in 1996. No other relatives have been up to visit, and HEITH and JENNIFER visit only once a year to IL, that being between Thanksgiving and Christmas. They do not own or have access to a Chevrolet pickup, Blazer, Suburban, or van. HEITH has one friend from Charleston, IL, with a Chevrolet pickup, description unknown. HEITH went on to state that this friend has not been to WI for over a year. HEITH asked how long this interview would take as he had an appointment with a friend. It was noted, at 1311 hours, HEITH'S hands were shaking slightly. I suspected it was from the cold as he did not have a coat on.

HEITH'S parents, MARK and CONSTANCE, are from the SW corner of the State near Hazel Green. They recently were to the Oconto address; however, the exact date was not recalled, some time late January or early February. They were up just for the weekend visit and stayed with HEITH and JENNIFER but were gone most of the time visiting friends and relatives. MARK at one time did live in Oconto Co., just south of HEITH'S current home, 0.3 miles away. HEITH pointed to the south, to a white home on the hill on the east side of CTH K, stating, "That's where I grew up." HEITH also stated he is not real close to his parents. They did not talk about JOHN WARNER'S accident and arrest but when asked again, HEITH stated it was brought up several times with short remarks about the newspaper clippings.

HEITH stated he grew up with JOHN and was close with him but has recently drifted apart since high school. He did not want to tell us anything about the accident because of the pending action against JOHN, stating, "I don't know anything more than the newspaper articles." HEITH was asked if the accident was hard on the rest of the WARNER family living in IL. HEITH stated they all pretty much keep to themselves, and they are not a tight-knit family. JOHN is close to his father, STEVEN, and in fact lives with him. HEITH stated, "JOHN probably told his dad as soon as he got home. This is definitely not an intentional act."

03/15/99 @ 1323 Hrs.: HEITH'S knees were slightly shaking, and he looked quite cold. As we were about to wrap up the interview, another vehicle pulled into the yard with 2 adult females and 2 children. They were identified as JENNIFER WARNER driving and JESSIE LEMANSKI. A request was made of HEITH to interview his wife, JENNIFER, and that HEITH and JENNIFER do not discuss any of our conversation before we have a chance to talk with her. HEITH was questioned about where I could meet with his parents. He promised to retrieve an address book for me. He happened to enter the residence about the same time JENNIFER was escorting their small child inside. Officers were uncomfortable that they were together without a witness. Deputy Herrmann requested to use the bathroom in the residence. Both HEITH and JENNIFER came out almost immediately. Deputy Herrmann and HEITH then gave JESSIE a ride home which was about 12 miles away.

03/15/99 @ 1349 Hrs.: DET. JANSSEN and I (Lt. Bushman) were invited into the residence. We sat at the kitchen table to conduct an interview with JENNIFER. The residence was very clean and orderly. JENNIFER appeared to be uncomfortable, stating she has not talked much with police in the past and nervously cleaned up a few breakfast articles on the counter and found a video tape for her 5-year-old daughter to watch.

JENNIFER eventually sat down at the table to talk with us. We began with the same explanation that we had given her husband, HEITH. JENNIFER verified almost word-for-word what HEITH told us; yet, it did not sound as if it was rehearsed. She stated JOHN and HEITH grew up together and were very close, "like brothers," more so than HEITH'S own brother, ROBERT. She stated, when the newspaper article first arrived, it was upsetting to HEITH. When JENNIFER came home from work, she could tell that obviously something was on HEITH'S mind that he needed to talk about. He was upset. It lasted for a few days, but they managed to talk it out together.

I told JENNIFER it was a wonderful gesture on her part to be there for her husband in this time of need. I then inquired if she had any family or close friends who she could talk with. She told me her family all lived in IL and that she had very few friends, but she did confide in a special friend who she used to work with, but this person has recently moved away. That female friend (first name of BONNIE) has opposite hours of hers, so talking is sometimes not an option. JENNIFER typed and sent BONNIE some E-mail. The topic was about JOHN'S hit and run accident.

The only relatives who had recently been to visit the WARNERS were HEITH'S parents from Hazel Green, WI. Out of curiosity, I asked what type of vehicles they drove. JENNIFER stated they have a small 4-door Pontiac and a Chevrolet pickup truck. JENNIFER stated she absolutely did not know which vehicle they brought up for the visit; however, more than likely, it was the Pontiac as that is the normal vehicle they drive in the winter months.

JENNIFER retrieved a newspaper article from Charleston, IL, with the title "Man Confesses to Fatal Hit and Run Accident." It was a description of JOHN WARNER of rural Lerna who turned himself in to police after the hit and run accident. It gave a brief description of the accident and that he had turned himself in with an attorney the following day. The vehicle involved was a 1984 Buick Century which was also in custody for processing of evidence.

The newspaper article was taken to the KELLY LAKE MINI-MART, photocopied, and returned. HEITH and Deputy Herrmann did return from delivering JESSIE to her residence. HEITH shook our hands prior to leaving and appeared to be much more relaxed as he had the opportunity to speak with Deputy Herrmann while traveling back from the LEMANSKI residence.

03/15/99 @ 1530 Hrs.: All 3 investigators traveled into Oconto Falls to a restaurant for lunch. It was agreed, after lunch, we would attempt to make contact with ROBERT WARNER at his residence at [REDACTED] Sunny Brook Rd as long as we were still in the Oconto Co. area. The interview with HEITH and ROBERT will appear in the report addition by Deputy Herrmann.

Officers traveled to ROBERT WARNER'S residence at [REDACTED] Sunny Brook Rd where we conducted an interview. There was a steel shed with 4 car garage doors and a walk-through door which belonged to DENNIS LEMANSKI, the brother of ROBERT'S live-in girlfriend, JESSIE LEMANSKI. Apparently, the property at [REDACTED] Sunny Brook Rd belongs to DENNIS LEMANSKI who is in the process of selling it to ROBERT. The garage is off-limits to ROBERT. JESSIE stated several times that we could go into the garage; however, the doors were frozen shut. She then stated she did not have a key. Eventually, a key was obtained from the next door neighbor (DENNIS LEMANSKI, SR.); however, even with the keys, the doors were definitely froze shut. DENNIS SR. said, "Go ahead and try and get in, but if you break something, you'll have to repair it."

03/16/99 @ 1220 Hrs.: JESSIE LEMANSKI called MTSO and requested to speak with me, Lt. Bushman. Her brother, DENNIS LEMANSKI, came to [REDACTED] Sunny Brook Rd. He was standing by and wished to inform me that he would be cooperative in allowing officers to make entry to his building; however, it was froze at this time.

I, Lt. Bushman, then spoke with DENNIS and requested maybe some salt or Mr. Melt would take care of the ice or a little bit chipping. He stated he could probably have the walk-through door opened. He stated he would get a hold of DET. JANSSEN from OCSO when the door could be opened and have him do a walk-through of the garage with DENNIS. DENNIS stated there should be a 1979 Firebird, a 1974 Buick Apollo, a 1993 Suzuki 1400, and various fishing and hunting equipment in addition to yard tools stored in the shed. Again, DENNIS wanted to make sure that officers knew he would be cooperative if they came out to view what was in the garage. It was stressed upon him that nothing is to be removed prior to officers walking in, especially anything that would lead tire tracks coming or going through the snow on the north side of the building.

The phone was then turned over to JESSIE LEMANSKI. JESSIE wished to instruct me that her husband definitely was not involved in the hit and run accident and that officers were wrong in their pursuit in accusing him as being the suspect. She stated she works from 0500-1700 hours on all weekends and her husband works during the week. When she is gone working on the weekends, he spends 90% of his time as a "couch potato" watching TV and the kids. She wished to also state that officers bringing MICHAEL JANSSEN along to the interview was the worst person we could possibly bring as JANSSEN is known throughout Oconto Co. as being an OCSO investigator. She suggested her husband was probably very nervous about his presence and that is more than likely what caused him to act somewhat indecisive in his answering of questions. I advised her, if officers could return and conduct another interview, we would not bring JANSSEN with us if that would make ROBERT more comfortable. JESSIE stated, if we returned, ROBERT would be getting an attorney to be present with questioning.

03/17/99 @ 1257 Hrs.: Agent McClaren from IL State Police called MTSO; however, the Dispatcher indicated they got disconnected before any information could be passed along. Apparently, he did not call back.

03/15/99: I, Deputy P. Herrmann, along with Lt. M. Bushman made arrangements with OCSO, Detective Division, to meet with them in an attempt to locate ROBERT WARNER.

We were successful in meeting ROBERT at his residence at which time I introduced us as police officers to which ROBERT stated he understood. I asked ROBERT if he would be able to cooperate with us reference this incident to which he stated he would. I asked ROBERT if he had any idea why investigators were at his residence to which he stated it may be in reference to a hit and run, resulting in the death of a small girl. I asked ROBERT if he could elaborate to which he stated, "Yes, the hit and run in Manitowoc County," where he thought a young girl was killed.

I asked ROBERT where he learned of this information to which he stated there has been a rumor going around the Oconto area that investigators are wishing to speak with the WARNER family reference this incident. ROBERT, at first, indicated he did not see anything on TV to the effect of this hit and run under investigation in Manitowoc Co.; however, he later changed his story and stated he did see this case on Channel 5 TV. ROBERT stated he was forewarned by his brother via a telephone contact that investigators were in the area and in the process of locating members of the WARNER family to question.

I asked ROBERT if he had any information regarding this investigation to which he stated no. I asked ROBERT if he had any idea who might be responsible or involved in this hit and run fatality to which he stated no. I asked ROBERT if he would be willing to submit to an examination by the voice stress analysis truth verification technique to which he stated yes. I then instructed ROBERT that I had a unit along with me and that we could take care of this examination on the spot to which he stated today would not be a good day for that examination. ROBERT stated he felt he was too nervous at this time and that a valid test probably would not be obtained due to his level of nervousness.

After explaining to ROBERT that I was not forcing him to take this examination and that it would be an opportunity for him to prove he was telling the truth on this matter, ROBERT stated he would then submit to this examination. ROBERT read and signed the truth verification release form.

I walked with ROBERT over to his next door neighbor who happens to be his father-in-law for purposes of conducting this examination indoors. Permission was granted from the father-in-law to use in the kitchen area of his residence for this examination.

I, Deputy Herrmann, asked ROBERT prior to the examination how he felt the results of this examination would come out on him to which he stated, "I hope that the result would show that I am innocent or have no knowledge of who is responsible for this hit and run fatality."

I advised ROBERT it was my opinion that he was being deceptive on certain questions to which he stated he understood; however, he did not wish to explain why this may have occurred, other than he felt the equipment was faulty. ROBERT became increasingly nervous and became reluctant to answer any further questions after the examination.

ROBERT stated he no longer wanted to participate in this investigation and asked if he could leave to which I stated yes. ROBERT then left the residence and returned to his property. This information was shared with Lt. Bushman. PHerrmann /bjc

03/21/99 @ 0800 Hrs.: I, Lt. M. Bushman, made contact by phone with MARK and CONSTANCE WARNER at ██████████ Beebe Rd, Hazel Green, WI. Hazel Green is located approximately 20 miles to the east of Des Moines, IA, and probably about 5 miles north of the State line. An appointment was made for the early afternoon.

03/21/99 @ 1300 Hrs.: The drive to Hazel Green is 230 miles, to the WARNER residence which is located in the southern WI hills of Lafayette Co. Authorities were notified by radio of my location should I need backup.

The property is a neat, secluded small farm with a renovated, older farm home. MARK WARNER met me at the door and invited me in, walking toward the kitchen, introducing me to his wife who was already seated at the table. After introductions were completed, MARK viewed my ID and badge.

The same explanation was given to MARK as to why we were interviewing the WARNER family, and it irritated MARK somewhat, causing him to state, "I didn't quite understand what my sons were trying to tell me when they phoned me about your interview. Tell me you have more reason than that to question my sons. President Clinton was on the TV recently saying no man has the right to discriminate against anyone because of race, religion, or name; yet, because one of my relatives was involved in a terrible act, my sons are being questioned. Did you bother to check if any of us have any vehicles matching that description?" MARK was advised the information of the act of his nephews must have been repeated by his sons or their wives/girlfriends because we were acting on an anonymous Crime Stoppers complaint from someone who had either overheard part of JOHN WARNER'S hit

and run and suspects it may have been related to Manitowoc Co.'s hit and run because of the heavily publicized Manitowoc Co. complaint.

I, Lt. Bushman, displayed a wanted posted and told him the WI Most Wanted Program on Channel 11 was viewed in the Oconto Co. area. MARK then stated, "That explains it. You certainly had to follow-up." The conversation then turned toward JOHN WARNER growing up with MARK'S sons in Oconto Co. MARK reached for several old photographs that were hanging on the refrigerator which showed MARK with his sons, HEITH and ROBERT, and JOHN, playing basketball in the driveway of MARK'S Oconto Co. home. MARK no longer owns a home in Oconto Co., and all the parties appeared to be much younger on the photograph. MARK stated "they" (meaning ROBERT, HEITH, and JOHN) were very close when they grew up.

I advised MARK I was most interested in any conversations that took place reference JOHN'S hit and run accident the weekend he and CONSTANCE went to visit in Oconto Co. MARK stated, in January, they went to FL for a vacation for 2 weeks. They left around 01/13/99. While enroute to FL, they stopped to visit MARK'S parents, DALLAS and BEATRICE WARNER, in IL. At that time, everything was quiet in the family, and nothing disturbed was reported.

While in FL, MARK and CONSTANCE learned of JOHN'S hit and run accident by a phone call. They knew very few details until they returned from FL and then went to Oconto Co. to visit HEITH and JENNIFER. At that time, they read newspaper accounts from IL that were mailed to HEITH and JENNIFER'S home in Oconto. They talked a little about the accident, but there was no extensive conversations, "not more than a few words." MARK stated he knew nothing about the Manitowoc Co. hit and run until HEITH called him after we interviewed him and ROBERT on 03/15/99.

I pointed out the 03/02/99 date on the Crime Stopper complaint, stating someone would have had to talk about this and that someone had either intercepted that information and changed the story by adding information from both complaints or someone may have overheard the conversation, not getting all the information about the WARNER accident and somehow felt it had to do with Manitowoc Co.'s because of the great publicity.

MARK then turned to CONSTANCE who immediately turned toward him and stared back. It was obvious they were both thinking the same thought, with a look on their face like suddenly this all made sense. MARK stated, "JESSIE! She's untrustworthy. My son and JESSIE are not married. They live together and have a child. She has always lied and told stories. She's got a big mouth."

JOHN told me the weekend they were in Oconto Co., that Saturday night, ROBERT came to HEITH'S house upset and very mad. His girlfriend, JESSIE, did not come home Friday night after work. She spent the night drinking and had an affair with an OCSO deputy. Apparently, she had not been home as of Saturday when ROBERT came over, and ROBERT wanted HEITH to go with him to a Kelly Lake bar that he heard JESSIE was at and "kick that deputy's butt." MARK talked his sons out of it, and they did not confront the deputy.

MARK stated. "It spoiled our whole weekend. JESSIE would do anything for \$25,000. Neither

of my sons would live with themselves knowing they killed someone. They would tell me, and we'd do the right thing, just like JOHN did."

MARK stated he was glad I (Lt. Bushman) could come and talk with him. The interview lasted approximately 50 minutes.

03/22/99 @ 0755 Hrs.: Sgt. Brodhagen from Shawano PD called and stated he had information I requested as to who BONNIE would be working at a local chiropractor.

A call was returned to Sgt. Brodhagen who stated, at the COUNTRY SIDE CLINIC, just on the edge of Shawano, a young lady by the name of BONNIE who lives in Oconto Co. does work there as a reception. Her name was BONNIE TOLZMAN who is married to JEFFREY TOLZMAN. They live at [REDACTED] Fust Rd, Gillett. Apparently, BONNIE works from 1200-2000 hours.

03/22/99 @ 1200 Hrs.: Contact was made with BONNIE TOLZMAN at COUNTRY SIDE CLINIC. She was asked if it would be more comfortable if I called her at home or if she could provide me with 10 minutes of time. She stated it was quiet at this moment and she could talk on the phone.

I determined that BONNIE does in fact know JENNIFER WARNER and they did work together at one time. They correspond back and forth on the phone and with E-mail. She advised she did recall the conversation I inquired about; however, she was unable to tell me exactly when it took place. She stated it was quite some time ago and would hesitate to venture what the date was. She stated, "All I remember is that JENNIFER'S husband's (HEITH'S) cousin, JOHN, killed a college student. It was at night, and he didn't turn himself in right away."

BONNIE stated she talked to JENNIFER by phone when she gave her the information. She said HEITH was apparently very upset because he was close to his cousin when they were growing up. BONNIE stated it was late January or early February when the conversation took place, but she did not have a day. BONNIE stated she had not told anyone other than her husband and now me about that phone conversation. Her husband did not seem to be very curious about the incident at all.

03/22/99 @ 1300 Hrs.: Contact was made with SCOTT STANDFER who works for IL State Police District 12, phone of [REDACTED]. Apparently, Agent McClaren gave STANDFER the information about our hit and run. STANDFER found out where STEVEN WARNER and his son, JOHN, are living and that they have 2 trucks registered to them. One is a 1986 Ford pickup. The other is a 1986 Ford 2-ton truck. No information was found as to the possibility of 2 separate hit and run accidents involving any of the WARNERS.

03/23/99: Attempted contact with MICHAEL JANSSEN from OCSO. He was busy on another matter. I was looking for any information as to whether some information fell off the tree that we shook when we up in Oconto Co. earlier in the week.

After contacting numerous sources and making several trips to interview, it appears to me

Mike,

Here are my suggestions - apologize for not getting it to you sooner... Please excuse the simplistic language - just including it for context... Good luck. Thanks.

Ms. Warner, I'm aggressively pursuing all possible leads in tracking down the person or persons responsible for this very unfortunate and tragic accident in Manitowoc County last January.

What brings us here is the fact that John Warner was arrested down in Illinois on _____ and he's going to be facing charges down there on that accident.

In connection with the accident investigation in Illinois, the investigators down there found out that John use to travel up here to Oconto County to visit you folks, as well as other family members in the area.

The close timing of these two unfortunate accidents makes it, quite simply, necessary for me to follow up on any possible leads which might help me resolve this accident, since logically, John would have had to drive through Manitowoc County in order to get back home to Illinois.

Was he up here the weekend of January 9-10? What time did he leave? Had he been drinking? What was he driving? etc...

One other suggestion I have is to tell her that the two hit and runs occurred on the same date - 1/10. That way, its even more plausible for you to draw the connection and to show up in Oconto County questioning them... Thanks.

Man confesses to fatal hit-and-run

■ John R. Warner of rural Lerna turns himself in to police Monday

BY DAVE FOPAY
AND ROB STROUD
Staff Writers

CHARLESTON — A rural Lerna man has apparently admitted that he was the driver in Sunday's fatal hit-and-run accident, authorities and the man's attorney say.

John R. Warner, 23, who lives in Cumberland County near Lerna, turned himself in to police about 5 p.m. Monday, shortly after consulting with Charleston attorney Ron Tulin.

Warner

about a half hour after the accident, which occurred early Sunday morning in the 1300 block of Fourth Street in Charleston.

State's Attorney Steve Ferguson said Warner will "most likely" face some sort of criminal charges in connection with the accident.

Grigsby was reportedly walking in the street with four Eastern

Illinois University students: Elena M. Garza of Chicago, Albert R. Lopez of Franklin Park, Lyndsy Paver of Winfield and Tina L. Johnson of Sauk Village. The others were also hit by the car and suffered various injuries. Grigsby was apparently in Charleston to visit Johnson, whom he was dating, but he was not an EIU student.

According to Tulin, Warner wanted to talk with an attorney before going to police. It took some time to contact a lawyer because the accident occurred on Sunday, Tulin said, adding that he met with Warner about 4:30 p.m. Monday.

"The young man feels terrible about this accident," Tulin said Tuesday. "It was an accident. It wasn't intentional."

Stephen A. Grigsby, 22, of Bloomingdale died at Sarah Bush Lincoln Health Center.

"We went down to the police station immediately," Tulin said. He said police didn't consider Warner to be a flight risk, so he wasn't taken into custody. Ferguson said Warner was released pending further investigation but

he had "no reason to believe" Warner was a flight risk.

Ferguson said he wasn't able to say what charges Warner might face because police are still conducting an investigation, part of which is trying to determine Warner's activities prior to the accident.

A news release Ferguson's office prepared Tuesday said anyone with information about Warner's activities and whereabouts Saturday night or early Sunday should call Charleston police at 348-5221.

Warner was described as being about 6-feet 3-inches tall, weighing 145 pounds and having brown hair and brown eyes.

Tulin said Warner was driving home at the time of the accident. Police said on Monday that the driver paused after hitting the pedestrians to see what he had

done before driving away.

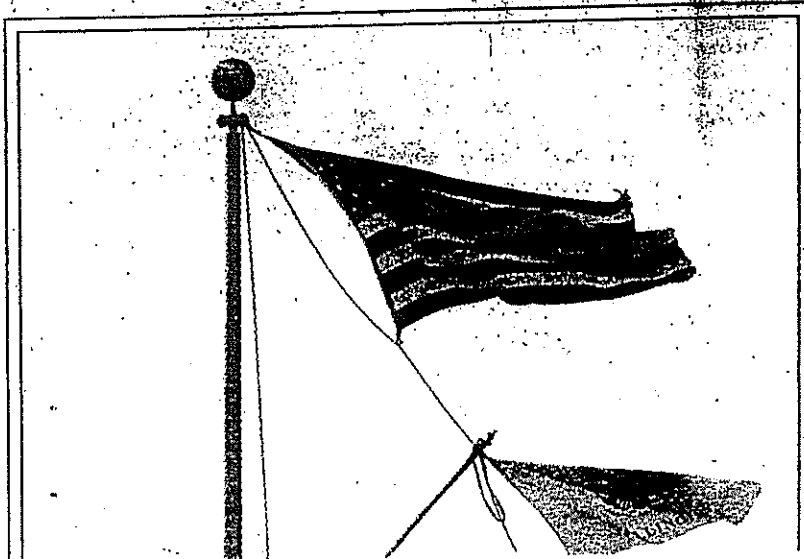

"Quite frankly, he just got frightened and left," Tulin said.

The release also pointed out that failing to report an accident involving a death within an hour of it taking place is a felony.

Ferguson said he had "no information one way or the other" about whether Warner was intoxicated at the time of the accident.

Ferguson said police told him that Warner provided them with information required when reporting an accident: the date, time and location of the accident and the registration number of the vehicle driven.

"According to the information obtained, Warner was the sole occupant of the vehicle," the news release said. Warner agreed to allow police to take the vehicle, a maroon 1984 Buick Century, into custody for processing for evidence.

Mike,

Here are Illinois DMV printouts for John, Heith, and Jennifer Warner. Only John came back with a vehicle registration in Illinois - a 1984 Buick 4-door. The towns of Lerna, Mattoon, and Toledo are all located pretty close to one another, down in the Coles County / Cumberland County area. I still have an outstanding request for all vehicles registered at the Mattoon address. Will let you know. Thanks...

04-15-99: I, Deputy JJ Froelich, was dispatched to N. 8th St. at Buffalo reference checking a vehicle for the hit and run fatality. Officer Vorpahl from MTPD did locate the vehicle parked on N. 8th St. with some damage to the front end. Upon running the Wis. truck plate #AB70457, it was noted that the registration came back on a 1983 Chevy truck. The vin # was also verified. Damage on the vehicle did consist of damage to the front right grill. Also the front windshield was cracked. There was no damage noted on the hood or front bumper.

Information was passed on to Deputy Glaeser who later checked and found no match. JJFroelich/ps

04/16/99 @ 1130 Hrs.: I, Deputy Colborn, was assigned this incident by MTSO Dispatch. Preliminary information was that an anonymous caller had observed a tan Chevrolet van bearing WI RP BK62211 somewhere in the City of Manitowoc. Apparently this vehicle had a repainted grill and the anonymous caller was curious as to whether this vehicle had been checked.

Using the FBI Quick Start Computer System I was able to ascertain that this vehicle had not yet been checked. I did respond to [redacted] W. Marshall St. in the City of Manitowoc where I made contact with the vehicle owner's mother. The mother stated that the owner who she identified as her son, JEFFREY, was currently at his place of employment, FISHER HAMILTON CO., in the City of Two Rivers.

I did respond to FISHER HAMILTON on Columbus St. in the City of Two Rivers where I located this vehicle in the employee parking lot. I did check the vehicle and found the grill to have been repainted quite recently. I did find the grill to be whole and intact missing only the Chevrolet emblem from the front of the grill. No other pieces of the grill were damaged. I also did not observe any front fender, hood, windshield, or any other sheet metal or structural damage to the vehicle.

Based on these observations, at this time it does not appear that this vehicle would be the suspect vehicle in the fatal hit and run.

No further action taken at this time. A copy of this incident is to be forwarded to Lt. Bushman for his review as well as to Deputy Raube for entry into the FBI Rapid Start Computer Program. AColborn /paf

	PACKER CITY INTL TRUCKS INC				MANSON RD GRAN BAY, WI	

04-13-99 1430 I, Lt. Thorrington called Packer City Intl inquiring to speak to the sales manager. He was busy at the moment, I continued speaking to the receptionist. Upon reading the information that D.I. Tisler gave me, (see attached) it was pointed out to me that Packerland Industrial and Packer City Intl are not associated nor are they the same business. Since the plate comes back to Packer City Intl. I requested the sales manager to call when it was convenient for him. I was also informed they have 3 divisions being leasing, service, and sales. The original caller indicated the first vehicle he had seen was a van with damage to the drivers door. The second sighting was a white dodge with plate BH78002.

Shortly after my first call I received a call back from the Sales Manager. He indicated that they are the International Truck dealer although many of their parts vehicles are dodge vans. Almost all are less than 5 years old and are the same color flat silver. After speaking with him it would appear that this company would not have any such vehicle previously described as a suspect vehicle. The sales manager looked through the Green Bay phone book for Packerland Industrial and could find no such listing in the Green Bay area.

 Contact made with Sheboygan PD and request made with dispatcher to have officer see if the vehicle in question may be parked outside at the business, if contact made phone me for description of damage. M.J.Bushman

Business closed hours 9-6 M,TU,TH-10-7 W,F.

Off.Veeser called back to say the vehicle was not at the business and gave me the name of the company's owner Jeffrey Bauer. The address is in the County, Veeser stated he will pass the information on to the AM Capt. for followup by making contact with owner and obtain explanation. M.J.Bushman

04/20/99 1720hrs Contact made by phone with Timothy Potochnik an employee of Genes Sound and Camera. Owners are not available. I explained the incident and he replied that vehicle is used by the Install Department and was currently parked outside the store until 1800hrs. He went out and found damage to molding with a pc. missing around the passenger headlamp. There is also a scrape along the right sliding door "which looks like someone sideswiped the van." No other damage, does not appear as if it had been repaired.

Contact made with Sheboygan PD and request to have Officer stop by to varify, PD called back 1740hrs, van now gone.

Contact made with Potchnik, vehicle in their basement, Sheboygan will return. M.J.Bushman

Last word was Sheboygan did not arrive in time to check the vehicle as the business did close, complaint will be passed on to next shift, and copy of report faxed to MTSO.

04/26/99 Received the report from Sheboygan Police Dept. reference their followup with the truck at Gene's Sound and Camera. The damage they viewed was consistant with the damage reported above. The Officer also had the opportunity to check under the hood. Several polaroid pictures were also sent. This would not be the vehicle we are looking for as the suspect. Close out. M.J.Bushman

On 04/16/99, I, Off. Veeseer, was advised to respond to headquarters regarding assisting Manitowoc County Sheriff's Department with a hit and run investigation. I arrived at headquarters and was instructed to contact Lt. Michael Bushman, [REDACTED], of the Manitowoc County Sheriff's Department. I made contact with Lt. Bushman and he stated that there is information of a van that may have been involved in a hit and run investigation which occurred in Manitowoc County. The case number for the hit and run for Manitowoc County is S99-0023. Lt. Bushman wished this officer to check Gene's Sound and Camera [REDACTED] Erie Avenue, regarding a 1985 Chevrolet van, with plate BA46371 that registers to that business. I was instructed that the van should be brown in color with damage to the right of center in the front area of the van. I was advised that there may be grill damage to the front of the van. I advised him would proceed to that location regarding checking on the van.

I proceeded to Genes Sound and Camera where checking the lot found that no vehicles were present. I recontacted Lt. Bushman and advised him of the situation. I advised him that the owner of Genes Sound and Camera is Jeffrey Bauer, [REDACTED] Lakeshore Road, [REDACTED]. I told him that the van possibly could be at the owners residence but that it was in the county. I also told him that I would have day shift check Genes Sound and Camera regarding the van possibly being at that location the following day. I told him that regarding the residence, he may contact the Sheboygan County Sheriff's Department who could then check the residence on Lakeshore Road.

Due to the investigation involving a hit and run fatality, I told Lt. Bushman that I would have officers check that location and fax a copy of our report to their Sheriff's Department. The fax number is [REDACTED]. I will forward this to first shift regarding a follow up. Off. Veeseer/jss

Doc #: 2 Type: N Filed by: 261 Date: 4/20/99 COMPLETE

On 04-20-99 at 1730 hours, I, Officer Fietzer, was dispatched to check [REDACTED] Erie Avenue, Gene's Sound and Camera, regarding a vehicle with Wisconsin plate BA46371, listing to a 1985 Chevrolet van. It should be noted that the reason officers are looking for this van is regarding a felony hit and run fatality in Manitowoc County earlier in the year.

I made contact at the location, however, there was no vehicle matching that description in the area.

I spoke to Lt. Derus, who advised that Manitowoc recontacted our department advising that the vehicle allegedly is underneath the building in an underground garage. Lt. Derus advised that upon receiving a hard copy in the form of a teletype requesting our assistance in attempting to locate this vehicle, we would attempt contact at Gene's and request permission to view the vehicle.

I did receive hard copy requesting our assistance, however, upon my return to Gene's Sound and Camera, they were already closed and no one was around. I advised Lt. Derus of this and he advised that he would make first shift aware and request them to follow up on it. I cleared. OFF. FIETZER/ljn

Doc #: 3 Type: N Filed by: 143 Date: 4/21/99 COMPLETE

On 04/21/99, I was assigned to check at [REDACTED] Erie Avenue, Genes Sound and Camera regarding a vehicle with Wisconsin plates BA46371, listing on a 1985 Chevrolet van. This is in regard to a felony hit and run fatality that occurred in Manitowoc county earlier this year.

I made contact with the owner of Genes Camera, Jeffrey E. Bauer, [REDACTED] Lakeshore Drive Road, Sheboygan, WI 53081, dob [REDACTED]. I advised Mr. Bauer as to why I was contacting him and he stated he did receive some phone call from the Manitowoc Sheriff's Department in regard to a vehicular homicide that occurred that his vehicle may have been involved in that accident. I had asked Jeffrey if he still had that vehicle and he replied yes, that it was in the garage, which is located underneath the building in an underground garage service area. I had asked if I could see the van in question, which is in the garage and he stated, "come on down". We then went down into the garage area underneath the building.

There was a 1985 Chevrolet panel truck, bearing Wisconsin registration BA46371, expires 3/00, listed to Genes Sound and Camera, [REDACTED] Erie Avenue, Sheboygan 53081. The van has been re-painted dark brown, approx. ten years ago and upon looking at the front end of the vehicle, the right rectangle plastic housing is broken and missing at this time. Jeffrey stated that he had taken the business over from his father who passed away approx. eight years ago and the damage was there when he took over the business.

In checking the front grille, that appeared to be intact and the Chevrolet emblem was still attached to the middle of the grille. There was no apparent damage to the hood or to the fan housing on top of the engine. Upon closer examination, the grille has all kinds of nicks and scratches that are due to being on the road being hit by gravel and stones by other vehicles along with some bug debris. It does appear, at one point, the front grille was also re-painted a gray or silver with a spray can, probably at the same time the van was re-painted.

I did take a total of five polaroid pictures of this 1985 Chevrolet panel truck. Picture No. one shows a frontal shot of the vehicle, along with the license plate number and a portion of the right front grille housing that is missing on the truck. Picture No. two is a closeup of the same shot of the damaged right front headlight housing, picture three shows the center portion of the plastic grille which is intact and also the upper portion of the hood of the truck. The fourth picture shows that the right rear sliding door is damaged and creased as the driver cut the corner too short, hitting the concrete post outside the garage while making a turn and picture No. five shows a picture of the top portion of the engine showing that the plastic

housing was intact.

I then made telephone contact with the shift supervisor at Manitowoc County Sheriff's Department and he advised that I should page Lt. Michael Bushman on his pager. The pager number would be [REDACTED] and give him this information regarding what we found, as far as the damage on this truck.

I then called the pager and at the time of this report, I have not received a call back from Lt. Bushman.

If you would send a copy of this report, along with the five polaroid pictures to the Manitowoc County Sheriff's Department c/o Lt. Michael Bushman. Off. Zittel/jss

04/13/99 1730 hrs. Officer Weyker, met with an anonymous complainant at MTSO. The complainant wished to report what she believed to be suspicious activity. She stated that she normally rides her horse on property south of Carstens Lake Rd to the east of Gass Lake Rd. On today's date she was approached by a young male subject who identified himself as [REDACTED]. She stated [REDACTED] asked her not to ride her horse on the [REDACTED] property. He stated that there was something in the woods that they did not want disturbed. The complainant felt it was somewhat suspicious that they did not want anyone riding horses in the woods. She feels there may be something in the woods that they are trying to hide. The complainant acknowledged that she had never asked for permission to ride on this property in the past.

04/17/99 I, Officer Weyker, met with RUTH NIELSEN at her residence. I informed NIELSEN of this complaint. NIELSEN stated that she did not want anyone riding horses on their property because she was concerned they would damage the vegetation in the woods and disturb the habitat. NIELSEN stated that this person had never asked for permission to ride the horse on her property. She was somewhat upset that someone would trespass on her property without first obtaining permission. NIELSEN assured me that there was nothing in the woods that they were trying to hide. She stated she was only concerned about possible damage to the habitat by the horses. NIELSEN did grant me permission to check the woods. This is a very small wood lot with very little underbrush. The majority of the woods could be viewed from the outside. Due to the very wet, muddy conditions from recent rains I was unable to walk throughout the entire woods. I did however view the woods from the edges and was unable to view any vehicles parked within the woods. It appeared it would be very difficult to conceal a vehicle in the woods. Based on the information obtained, no further action was taken.

04/24/99 @ 1115 Hrs.: I, Deputy Colborn, was assigned this incident by MTSO Dispatch. Preliminary information received was that while operating her vehicle north on STH 42, the complainant had observed a black Chevy Blazer, unknown registration, with a damaged grille.

This caller, who identified herself as [REDACTED] stated that the vehicle was in Sheboygan Co. on STH 42.

I recontacted [REDACTED] at her residence on Washington Ave. [REDACTED] stated the vehicle was in the vicinity of Dairyland Dr. on STH 42. [REDACTED] stated that the passenger side portion of the grille was broken out and that she believed the vehicle was for sale.

I did respond to STH 42 in the vicinity of Dairyland Dr. in Sheboygan Co. where I located this vehicle. I observed this vehicle to bear WI RP NSAS769. I further observed a small portion of the grille to be broken out, however, there was no sheet metal damage whatsoever. The hood and fender was intact as was the bumper. Also, the windshield was free of any damage. Also, it appeared that the radiator upper support and fan shroud were in place and not damaged.

I then made contact with SUSAN PELOQUIN who identified herself as the girlfriend of the owner. SUSAN stated that her boyfriend had damaged the grille of the Blazer while ice fishing and apparently the vehicle fell through the ice.

Due to the fact that the vehicle is absent of any sheet metal damage and/or windshield damage and only a small portion of the grille is broken out of the front of the vehicle, I do not believe this vehicle to be the suspect vehicle for Incident #S99-00242.

No further action taken at this time.

A copy of this incident to be forwarded to Incident Commander, Lt. Bushman and Deputy Raube for entry into the FBI Quick Start Program. AColborn /paf

04/06/99 2354hrs Sawyer County SO. A vehicle registration V6474T/CVG lists to Cheryl Treland RR 4 Box [redacted] Hayward 54843. It was seen in our area with damage to the grill. Before Off's found the vehicle to make contact it was gone. I realize the plate listed does not match the described vehicle below however perhaps the plates have been switched around. I am requesting contact be made and view the Blazer white with blue trim if it is infact there. Listed below is a description of the complaint this report is refering too. Please obtain an explanation of damage and where I could find an accident report if one was filed. I work 2000hrs -0400hrs if you have any questions of need further detail. Fax sent to Sawyer Co.SO.

04/16/99 2314hrs Contact made by phone with Sawyer Co. dispatcher. She advised she remembered the TTY and that Officers did go to the residence as requested. She did not know what happened and if a complaint was started. She advise the best would be to call Monday and ask for dispatcher BOB Sabin who gave out the call, he works 8AM-4PM. M.J.Bushman

04/20/99 1700hrs Call placed to Sawyer County. Respondant stated she will check on the whereabouts of the report and fax me a copy. She remembered reading the report. M.J.Bushman

04/22/99 0830hrs Sgt. Anderson(Sawyer Co. SO) advised the registration V6474T and vehicle in question has been in the garage all winter as well as the plates. Owner is known by Sgt. Anderson and he does not believe the plates would have been removed nor placed on any other vehicle. If there were any more questions we should feel free to call him.

Vehicle and registration checked, does not match, perhaps the registration was misread. Close out report. M.J.Bushman

O	Fuhrmann, Andrew J.			11/4/78	178578 Oak St., Brillion	
O	Koehler, Karl J.			12/10/71	Long Lake Rd., Brillion	

04-07-99 @ 2210 hrs.: I, Lt. Bushman, received a phone call from Officer Muller, Brillion PD, ref. the hit & run veh. list that was passed onto Calumet County. Apparently he was checking some of the vehicles on the list and had the occasion to make contact with an ANDREW J. FUHRMANN ref. his 1986 Chevrolet Truck. FUHRMANN informed Officer Muller that his truck was burned in the Forest Junction area and he believed it was prior to the hit & run accident in Manitowoc. The truck is currently at the residence of KARL J. KOEHLER at Long Lake Rd. Officer Muller had been at the KOEHLER residence earlier in the day for another vehicle; however, no one was home. He made several other checks on vehicles in the Brillion area before he attempted to make contact at the Long Lake address. Upon arrival, ANDREW FUHRMANN was out there talking with KOEHLER which seemed to be unusual to Officer Muller. The 4-wheel truck chassis which had been burned was parked on the yard. The cab, front fenders, hood, and engine had been removed and KOEHLER was in the process of awaiting new parts to add to the truck. The frame and transfer box in front end had been painted and ready for reassembly. Most of the truck's parts were scattered along side the garage nearby.

It was at approx. this time, Officer Muller made contact with me at MTSO. I agreed to meet Officer Muller and accompany him back to the residence arriving at 2210 hrs. The veh. chassis, believed to be the 1986 Chevrolet previously owned by FUHRMANN, was parked in the driveway and had very large mud aggressive tires with aggressive tread and approx. 9" wide. The cab was extensively burnt, windshield was gone, as well as the grill & head light plastic assembly. I was able to view the hood and the radiator wall which although burnt and warped from the heat, did not appear to have sustained any impact type damage. I did not believe that this was the suspect veh.

Officer Muller then did some more follow up by contacting the deputy who went on the fire call when this veh. was burned. Deputy Brandenburg told Officer Muller that he did not see any damage on the veh. while it was burning; however, FUHRMANN had indicated to Officer Brandenburg that he had just completed redoing everything on the truck. The truck was plowing snow at the time of the fire and it was believed by the fire dept. that a gas line leak on the overheated engine is what caused it. There is no report in Calumet Co. Sheriff's Dept. on this fire, just an incident card. Officer Muller's report will be

04/16/99 Vehicle description in complaint does not match, attempted contact and complainant was gone to bed as he gets up early for work, after 2PM Saturday is a good time to call. M.J. Bushman

04-26-99 @ 2200 hrs.: Contact was made by phone with a FRANK A. DIDIER who stated the 1977 Chevrolet truck in question had been sold approx. 1 1/2 years ago. It would have been brown & beige in color, there was damage, it was just rusty. It also had a cap with a deer scene on it. The pickup truck would be a short box 2-wheel drive version. FRANK DIDIER did not recall the exact date that he sold the truck, but he had sold it to a party that he works with, with a nickname of ARROW at the SCHMIDT BROS FORD DEALERSHIP in Fort Washington. ARROW works in the Parts Dept. There phone # is [REDACTED].

04-29-99 @ 1400 hrs.: Contact was made by phone with EARL D. DEIDER (ARROW) while he was at work in Port Washington. He stated that he bought the truck from DIDIER, fixed it up, and resold it. He thought sometime after Christmas, possibly around February is when he sold it. He described the veh. as a 2-tone beige & brown, 2-wheel drive, short box. He sold the truck to a party who lives in Milwaukee, first name of DAVID, phone # [REDACTED]

1420 hrs.: I, Lt. Bushman, called the number provided by EARL DEIDER and a female answered the phone. I asked for DAVE and she hung up the phone. I called back a short time, asked for DAVE and she hung up the phone again.

2030 hrs.: Contact was attempted again, and this time got a hold of DAVE. He was extremely evasive about answering any questions, described the veh. the same as the prior two owners; however, gave me a RP# AM11735 99. He stated the veh. belongs to his son, DAVID JR., and the transmission has been out on it since December. He then went on to explain that every time they got snow this year, he knows for a fact that it's been parked in his yard because he had to blow snow around it. He said the tires are bald, absolutely no good with any type of slippery roads. He would not provide his last name, address, and the registration he gave me does not come back to that veh., it comes back to a party out of Pembine, WI He then suggested I talk to his attorney, MR. MARTY KOHLER, and gave me a

phone # of [REDACTED]. He stated if I convince MARTY KOHLER it's all right for him to have officers stop by and check the veh., he will then call me back. MJBushman/ klf

04/30/99 Contact made by phone with Atty Marty Kohler's office. Kohler was in court and I spoke with his associate who advised he would pass the information on to Marty Kohler after 1500hrs.

05/05/99 2100hrs Attempted contact with David again and got his wife on the phone. She asked who was calling and stated, "Our Attorney said he don't have to show you nothing." She then hung up after saying again David Sr. was not home.

Using the Internet Query "AnyWho" Sgt Hermann and I were able to locate a name, address, and map to David [REDACTED]. Suspect name and address used to obtain DOB through Milwaukee and Criminal history run. Suspect David R.Muchka, [REDACTED] No.77thSt.Milwaukee.

Contact remade with Earl D.Deider. He has not located a vin number from the previous owned vehicle. He did remember now that he had sold that truck much earlier than originally thought and that would have been in September or October 98. He did not locate a last name for David.

Deider sold the truck to David Jr. but also knows David Sr. I described the older male the complainant saw with the vehicle here in Manitowoc area. Deider stated it did not sold like David Sr. Deider recalls running into David Jr. in December 98 and David Jr. telling Deider the transmission had gone out on the truck he bought from Deider. Deider also had a conversation with Frank Didier at work. The two agreed that Earl removed the plates when he bought the truck and returned the plates to Frank, although neither party recalls what happened to the plates.

05/06/99 Query Vehicle From ORI Rhas. It was noted David R.Muchka owns an 86 Chev Trk, registration DISM163. Contact made with Dist 4 Milwaukee and spoke with Sgt.Mike Zarnick, reference coming to the neighborhood of [REDACTED] N 77th St.Milwaukee and rattle a few doors around the Muchka residence. Saturday afternoon would be good stop at Dist.4 for assistance.

05/08/99 1554hrs I, Lt.Bushman made contact at Dis.4 Milwaukee PD with Sgt.Michael Zarnick who was just starting the shift with rollcall. With Clearance from downtown HQ Sgt.Zarnick Offs Schad and Ziebell accompanied me to the neighborhood of [REDACTED] N.77th Street. I made contact with neighbor Emile E.Bulckaen and his neice at [REDACTED] next door neighbor. Together we walked his property to the rear corner where we were 5 Ft. from the suspect Brown Chev P/U single registration plate on front AM 11735. There was damage to the right front grille, however the missing pc's did not match the H&R parts at scene. There was no sheet metal damage. Rt. side tires were flat and veh. covered in dirt looked as if it had not been driven in a long time. While we stood by Mil.PD went to the door but got no response. Emmediate yard was checked for parts, nothing unusual noted. Tire tread no match. Veh. description as given by previous owners did match.

I learned from Emile that the Chev. had been parked since early December and he also knew the transmission was out. He has not seen the vehicle leave the yard since then. He was asked about the 86 Chev listed to Muchka. Emile stated that was Sr.'s vehicle, it is a Sub-urban (gray) kept in top condition. There is no damage nor was there any damage at any time this winter, he sees it every day coming or going. We talked briefly about Muchka's evasiveness and Emile stated there propably is warrant for David Sr. or Mark as both have extensive police contact, and Muchka believes MilWaukee PD railroaded their cousin on an armed robbery case. Cousin Bobby Underwood now in prison. Emile knew alot about his neighbors as he occassionally fishes with them. I showed him CrimeStopper poster picture. He stated he has not seen any other simular vehicle like that at Muchka's residence.

There is a [REDACTED] Barlow Lake Rd. Pembine address being checked in Marinette County by deputies another address for Muchka. Close out complaint pending positive findings in

04/19/99 0035hrs Officer scanned the neighborhood on Woodview Lane and observed the second residence West of STH 147 had a GMC Suburban, 2 Ford vans, and 2 Jeep 4WD. There were more vehicles parked out back out of good sight range. Registration on the Suburban was NRG 737 listing to Andrew Anderson. There was some damage noted to the grill and bumper between center emblem and right front (passenger) headlamp. Few lights were on in the residence and contact was not made.

2116 hrs Contact made with Andrew Anderson. Officer stated his business and Anderson stated "I bought the Suburban in September 1997 from a guy in Manitowoc. The damage to the front happened three weeks ago at the PBI store in Manitowoc."

We walked outside to the vehicle. I observed a small amount of damage to the grill and a rounded impact point on the bumper with yellow foreign paint. Andersen stated he was distracted while driving in a parking lot and struck a concrete yellow marker. City PD should have a report.

Anderson stated he had no other similar Chev or GMC vehicles. This is not the hit&run vehicle as it does not fit the description. Close Out. M.J. Bushman

Description of Hit and Run vehicle I am looking for listed below:
Fax and TTY sent to Appleton PD requesting assistance.

04/26/99 0200hrs I, Lt. Bushman received a phone call from Kaukauna PD, the suspect vehicle has been located and damage was checked being unconsistant with the type damage described to them. Officer advised he had current address and phone for Kenny, full report will be forth coming. M.J. Bushman

04-28-99: I, Lt. Bushman, received TTY report from Kaukauna PD. The report states as follows. Appleton PD forwarded us the fax ref. the attempt to locate on a possible veh. for the hit & run. The veh. was located at [REDACTED] Lawe St. in the City of Kaukauna. The trim around the driver's side head light is missing with minor damage to the trim pieces on the fender. The area behind the trim pieces is very clean. There is no damage to the hood or bumper. There is a very small very piece of grill work missing near the head light assembly. Officer cannot tell if the shroud area had been replaced or not. The color of the veh. is green and the VIN# [REDACTED] which lists to a PEBBLES B. JONES or LORIEN HEGNER out of Neenah. The registration on the veh. would be SFE447 which would list to LISA KENNY.

It was noted that the damage described by Kaukauna at the time the phone conversation and the damage description of the TTY is not consistent with the damage we would expect to find on the suspect veh. This matter should be closed. MJBushman klf

04/16/99 2233hrs Reedsville PD DI Tisler agreed to check vehicle if it could be seen from the street. 1990 should be a newer model design if registration is current for correct vehicle. M.J.Bushman

04/20/99 1715hrs Contact made by KDT and radio with 479Tisler working patrol. He knows the above listed owner of the vehicle and was able to locate the vehicle at the owner's farm property in rural Reedsville. The truck is red, has the blk painted grill but no other damage. It would also be of the newer style, not the style Chev. we are looking for, registration matches that truck and owner has no other Chev. trucks. Close Out M.J.Bushman

04/21/99: I, Deputy Jost, made contact with Lt. Mixa from TRPD reference a report he had taken from DOUGLAS WOLF about a vehicle DOUGLAS had just purchased. I was told DOUGLAS had recently purchased a 1978 Chevy K5 Blazer and he was a little suspicious as he purchased the vehicle for what he thought was a low price.

In talking to Lt. Mixa, he stated he looked over the truck and saw that it appeared that it had fresh paint on the vehicle. The original color was blue and it was now painted black. Lt. Mixa also advised that it appeared that the windshield had been replaced by someone that did not know or have the right tools to replace it properly.

I was able to locate the Blazer at FISHER HAMILTON on Columbus St. in Two Rivers. While there I made contact with DOUGLAS WOLF and also the previous owner, DAVID SHEFFER. In talking to both parties, DOUGLAS told me he was somewhat suspicious because he purchased the truck for \$450.00 and again he noticed the fresh black paint on the truck. In looking over the Blazer it appeared the grille was the original grille as the screws did not appear they had recently been removed. In looking over the fan shroud under the hood, this was fully intact and it did not appear as though anybody had tampered or removed it recently. Also looking over the black paint, the entire truck was repainted black probably not being done by a professional. This, however, being my opinion. Looking at the windshield, there was a crack on the passenger side of the windshield and it appeared as though the windshield had been replaced sometime ago, probably before the hit and run fatality accident reference case #S99-00242.

In talking to DAVID, he had also thought about calling after he purchased it from TRAVIS WILSON; however, he failed to do so.

Reference this vehicle, I do not believe any other follow-up will need to be done due to the year of the vehicle and nothing else matching with what we are looking for.

04/24/99 @ 1115 Hrs.: I, Deputy Colborn, was assigned this incident by MTSO Dispatch. Preliminary information received was that while operating her vehicle north on STH 42, the complainant had observed a black Chevy Blazer, unknown registration, with a damaged grille.

This caller, who identified herself as [REDACTED], stated that the vehicle was in Sheboygan Co. on STH 42.

I recontacted [REDACTED] at her residence on [REDACTED]. [REDACTED] stated the vehicle was in the vicinity of Dairyland Dr. on STH 42. [REDACTED] stated that the passenger side portion of the grille was broken out and that she believed the vehicle was for sale.

I did respond to STH 42 in the vicinity of Dairyland Dr. in Sheboygan Co. where I located this vehicle. I observed this vehicle to bear WI RP NSAS769. I further observed a small portion of the grille to be broken out, however, there was no sheet metal damage whatsoever. The hood and fender was intact as was the bumper. Also, the windshield was free of any damage. Also, it appeared that the radiator upper support and fan shroud were in place and not damaged.

I then made contact with SUSAN PELOQUIN who identified herself as the girlfriend of the owner. SUSAN stated that her boyfriend had damaged the grille of the Blazer while ice fishing and apparently the vehicle fell through the ice.

Due to the fact that the vehicle is absent of any sheet metal damage and/or windshield damage and only a small portion of the grille is broken out of the front of the vehicle, I do not believe this vehicle to be the suspect vehicle for Incident #S99-00242.

No further action taken at this time.

A copy of this incident to be forwarded to Incident Commander, Lt. Bushman and Deputy Raube for entry into the FBI Quick Start Program. AColborn /naf

04/25/99 @ 1940 Hrs.: I, Deputy Colborn, was assigned this incident. Preliminary information received from MTSO Dispatch was that an anonymous caller had stated that a Chevy truck with front-end damage was observed parked at a residence at ██████ CTH B.

I did respond to ██████ CTH B where I observed a Black Chevy or GMC full-sized 4-wheel drive pickup truck parked. This truck did not have any RP on it. The truck was also missing the drivers door.

I did observe the vehicle ID number to be ██████████. A check through WI DOT revealed that this VIN number belonged on a 1979 Chevrolet pickup truck. I did observe the grille in the truck to be emblazoned with the logo, "GMC."

I did make contact with the owner who states the truck has not been on the highway in over 2 years. The owner states he uses the truck for, "running around in the woods and picking up firewood."

I did observe the windshield on the truck to be cracked but not shattered. I further observed the front bumper to be bent and some sheet metal damage but it did not appear to be fresh damage. I further observed the grille to not be damaged to the point where the center emblem was missing.

I further observed the tires on the truck to be almost bald and a larger, more aggressive tread than the tire pattern left by the suspect vehicle for Incident S99-00242. At this time I do not believe that this vehicle was involved in Incident S99-00242.

No further action taken at this time. A copy of this report to be directed to Incident Commander Lt. Bushman and Deputy Raube for entry into the FBI Quick Start Computer Program.

04-27-99 @ 1900 hrs.: Upon arrival to HQ to tour of duty, dispatcher called to my attention that there were several new Crimestopper reports. On this particular incident, the complainant reports a Chevrolet truck with right side grill damage parked two miles back by a woods on a hill off of Fischer Rd. south of English Lake Rd. The suspect veh. would be a two-toned 80's Chevrolet truck with RP# BD78485 expiring in 1991. The complainant believes the truck belongs to a DAVID EISENSCHINK.

2200 hrs.: I, Lt. Bushman, noted that the land at the Fischer Road belongs to OTTO DAIRY FARMS. Contact was made with DAVID OTTO, one of the owners of the property. I advised him the reason for my presence on the farm this evening and he stated that there is an older model Chevrolet pickup truck parked on the OTTO property at the end of the dirt road that leads south of Fischer Rd. onto the OTTO family farm. The veh. is owned by DAVID EISENSCHINK. Apparently EISENSCHINK spoke with the senior member of the OTTO family stating that he was intending to use the truck to remove some firewood in a piece of land that he owns. Approx. several years ago, DAVID OTTO stated he sold 65 acres of swamp and woods to DAVID EISENSCHINK who has easement to enter the property. DAVID OTTO stated that officer was welcome to drive down on the lane and check the veh. out.

The veh. in question fits the description that is given above by the complainant. Registration does not come back through the DOT as it is expired too long. There was no VIN# available in the windshield or in the door post. It appears to have been removed. The veh. is not road worthy, there are no tail lights in the back, only one plate to the front, and the vehicle's general condition is very poor. It had been a pickup truck with the box removed and a flat deck placed on the back; however, in very poor condition. The hood is buckled; however, impact point is unknown and there is approx. 4 x 8" square of grill missing from the right front area. Also the left front fender has extensive damage as if the veh. made contact with extremely sturdy such as a building or another heavy-duty vehicle. All damage is extremely rusty and there is no other damage on the veh. indicating that it may be involved in complaint #S99-00242. The rubber on the veh. is in poor shape and not consistent with the suspect veh. There is no consistent damage beyond the small piece of grill work which would be similar to the suspect veh. This is not the veh. we are looking for. Incident can be closed. MJBushman klf

04/28/99 0248hrs Sheboygan Co. SO requested to assist in locating the above listed vehicle and owner, attempting to obtain explanation of the damage and description.

0334 hrs.: Officer Brill from SBSO was sent to [REDACTED] CTH C and checked on the veh. at that address matching the description above. He located a 1984 Chevrolet full-size pickup, blue in color, WI RP# BH51214 in the driveway. The pickup truck had front and passenger grill damage with approx. 2 ft. of plastic grill missing from the passenger's side quarter panel to the center of the grill. The head light on the Chev. pickup truck was square and the mount was busted off, but the head light was held in place by duct tape. Radiator was pushed in on the passenger's side, which would be located behind the plastic grill, if it was still intact. The hood of the veh. was secured with a red tie-down squared off. The amber and yellow colored Chevrolet symbol was still intact on the grill.

Contact was made with PHILIP R. WARNER and PHILIP stated immediately that he's been stopped more times than he cares to remember by various agencies checking if this veh. was the veh. MTSO was looking for. PHILIP informed Officer Brill that approx. 11/15/98, he was involved with a car vs. deer accident in Ozaukee Co. on STH 57, south of Fredonia 4-way stop intersection. PHILIP WARNER stated that he did file a report with Ozaukee Co. Sheriff's Dept. because he wanted the deer that he had struck. After the contact was made, Officer Brill did contact Lt. Bushman at MTSO and the information forwarded.

04-29-99 @ 2100 hrs.: I, Lt. Bushman, received a faxed copy of the accident report in Ozaukee Co. from the Sheriff's Dept. indicating PHILIP R. WARNER was involved in a car/deer accident on 11/01/98. Accident Report #6957344. This complaint can be closed out.

ASSIST OTHER AGENCY

On 04-28-99 at 0334 hours, I, Off. Brill, was sent to [REDACTED] CTH C, for a call of assistance from Manitowoc Co. Sheriff Lt. Bushman to check on a vehicle at that address, which may be related to the hit and run fatality in Manitowoc County. There were no arrests made or citations issued.

Upon arrival at [REDACTED] CTH C, I located a 1984 Chevy full size pickup truck, blue in color, Wisconsin license BH51-214, in the driveway. The pickup truck had front end passenger grill damage with approx. 2' of plastic grill missing from the passenger side quarter panel to the center of the grill. The headlight on the Chevy pickup truck was square and the mount was busted off, but a headlight was on, which was duct taped to the vehicle. The metal plate behind the headlamp assembly and part of the radiator area was pushed in on the passenger side which would be located behind the plastic grill if it was intact. The hood of the vehicle was secured with a red tie down ratcheting strap. Also the grill on this particular model vehicle is squared off. The amber/yellow colored Chevy symbol was intact on the grill of this vehicle. After I checked on the vehicle, I called Manitowoc Co. Sheriff Lt. Bushman and advised him that the vehicle was at this address with the distinguishing characteristics of grill damage. Lt. Bushman asked that I make contact at the residence and have a copy of my report faxed to him.

I made contact with Phillip R. Warner, male/white, DOB [REDACTED], of [REDACTED] CTH C, Glenbeulah, # [REDACTED], and immediately Phillip stated that he's been stopped more times than he cares to remember by various agencies checking if his vehicle was the vehicle Manitowoc Co. Sheriff's Dept. was looking for. Phillip informed me that on approx. 11-15-98 he was involved in a car/deer accident in Ozaukee County on STH 57 just south of the Fredonia 4-way stop intersection. Phillip stated he filed a report with the Ozaukee Co. Sheriff's Dept. because he wanted the deer he had struck. Phillip could not give an exact date of the accident, but stated it was approx. 10 days before Thanksgiving. Phillip also inquired on how he could prevent being stopped constantly by various law enforcement agencies inquiring about his vehicle possibly being involved in the accident in Manitowoc County. I told Phillip he should get copies of the accident report from Ozaukee County to show to any officer which may stop and

Text: original:m:Officer: Supervisor:
ASSISTED MANITOWOC CO SHERIFF'S DEPT W/ACCIDENT INVESTIGATION

On Saturday, 03/20/99, at 1613 hours I, Deputy Jorsch, was dispatched to [REDACTED] CTH C reference obtaining and verifying information of a vehicle suspected in a hit and run involving the death of another person which occurred in Manitowoc county. As a result of this complaint I observed the vehicle as well as identified the primary operator. This vehicle also fit the description and may have been involved in the hit and run case which Manitowoc county is investigating.

Upon my arrival at [REDACTED] CTH C I observed a 1984 Chevrolet pick-up truck, blue in color, bearing WI/trk/BH51214. Upon a more thorough look at the vehicle, I also observed it had numerous damaged areas on it. Specifically, there was fresh damage to the right front passenger side of the pick-up truck. A portion of the right front passenger side grill had been damaged/missing as well as the headlight was affixed by using duct tape as well as using a thin binding wire. In this area there was also both relatively fresh damage as well as old damage to the front quarter panel. After observing the vehicle I then

[REDACTED], of [REDACTED] CTH C, Glenbeulah WI, 53023, telephone [REDACTED]. In speaking with Philip, I informed Philip I was investigating a hit and run complaint from the county of Manitowoc. I also informed Philip the damage on his vehicle was substantial with the damage which may have occurred from the suspected vehicle striking a person. Philip then informed me he had read the paper and was aware his truck matched the description of the suspect truck, however his truck was not the truck involved. Philip continued by informing me he was involved in a car vs deer accident sometime in the month of November in Ozaukee county. When I asked Philip if he could give me a specific date, Philip could not, however he did inform me the accident had occurred approximately two weeks prior to deer hunting season. When I asked Philip if he had ever traveled in the county of Manitowoc with his blue pick-up truck, Philip informed me he has only been in the county of Manitowoc once in the past two years. While in the county of Manitowoc, Philip had taken his red dump truck to a place called RBA Manufacturing and/or Industry. After taking the necessary information from Philip, I then left Philip's residence without incident.

I'm requesting a copy of this report to be forwarded to Lieutenant Bushman of the Manitowoc County Sheriff's Department as well as CID for assistance.

SOURCE: [REDACTED]

WRITTEN REPORT:

I, Det. Sgt. Swetlik, received a call from a [REDACTED] who informed me that while he was traveling in the Kohler, WI area, he noticed a billboard on the side of the road, which indicated that we are looking for a hit and run vehicle. [REDACTED] informed me that after reading the billboard's information, as far as, what type of damage to look for and the type of vehicle, he did notice one somewhere in the Milwaukee area with damage to the grill. [REDACTED] informed me that he did, indeed, get the license plate number of the vehicle which would be #BH51-214. It should have been on a, possibly white pickup truck. [REDACTED] had no other information to offer at that time.

05/07/99 This vehicle was parked at [redacted] Taus Rd. and no one was home when Officer attempted contact. Vehicle was checked and had Registration 66621F Farm plate. Vin number matched. There was minor running and headlamp damage on the passenger side. No other damage noted, nothing appeared to have been repaired. Tires were large and diferent from front to rear, and have been on the vehicle a long time. Vehicle does not match the suspect vehicle. 2145 hrs contact made by phone with the complainant who stated she is a [redacted] and had seen the suspect vehicle listed above near CTH JJ and CTH S as it came up rapidly behind her. No plate obtained. Much later she saw what looked like the same vehicle parked in a yard on Reifs Mills Rd. West of CTH J, 2nd farm on the Southside.

05/08/99 Off. Joe Keil located the Black Chev. Blazer at farm above. It bear registration FFX 387 (94) and looks like it has not been driven in a very long time. No damage, tires flat, interior full of old tires. Close out. M.J. Bushman

05/13/99 Crimestopper tip received regarding the cab of a red pick up truck recently placed in a field east of I43 and north of Countyline Rd.

Deputy Ledvina responded to the area and did find the cab of a red pick up truck (without the frame of the vehicle.) The location was in a fenced in area adjacent to a cow pasture east of the Interstate. Deputy Ledvina was unable to assure the make or year of the vehicle.

Deputy Ledvina attempted contact at the residence for further follow up but was unable to make contact with anyone. Information was passed on to Sgt. Hermann.

It should be noted that one of our dispatchers is familiar with the residents from incidents occurring in the Sheboygan Co. Dispatch has advised that officers should not attempt contact at the residence without back up. CLedvina/CLedvina

05/14/99 @ 2315 Hrs.: I, Sgt. Hermann, did inspect the truck cab which was in the field north of County Line Rd., east of I-43. In checking the cab it appeared to be a 1980's model Chevy, red in color. There was no frame under this vehicle and the front end was dismantled from the cab. The VIN [redacted] came back as no record on file.

It did appear that this cab, red in color, had been sitting in the field for an extended period of time as there were weeds around it, but no vegetation underneath. The fenders from the vehicle were black in color inside the cab and it did not appear that there was any damage to them. In checking the vehicle it appears this vehicle had been dismantled for quite some time and I did not observe any areas which would have been dismantled or worked on recently.

This incident can be closed out. THerman /paf

05/13/99: I, Deputy A. Colborn, was assigned this incident by DI Tisler. DI Tisler informed me that Mike Hardgrove from FDSO had called and stated that a brown Chevy van had been involved in a 10-50 in their county. Officer Hardgrove informed DI Tisler that the van had been missing its grill prior to its involvement in the 10-50. Officer Hardgrove provided a copy of the accident report in which the brown van was involved as well as a copy of the FDSO incident report that was generated for this incident. (See attached copy of Document # [redacted] and FDSO Incident Report #99-016560-I.)

I was instructed by 1200-2000 hour Shift Commander Sgt. Schetter to respond to the City of Fond du Lac on 05/14/99 due to manpower shortages on 05/13/99.

05/14/99 @ 1000 Hrs.: I, Deputy A. Colborn, responded to Lyle's Towing and Body Shop, located at [redacted] Van Dyne Rd, Fond du Lac. Upon arrival I made contact with BRUCE BALTHAZOR who informed me that he was the individual who had originally contacted FDSO reference this incident.

BALTHAZOR then directed my attention to a brown 2-tone Chevy full size van bearing VIN # [redacted]. I did observe that BALTHAZOR had the title for the vehicle and did observe that the VIN on the vehicle matched the VIN on the WI Certificate of Title. I further noted the van to be last owned by WILLIAM J. FARROW, with an address of [redacted] Riverside Dr, Kaukauna. BALTHAZOR stated that WILLIAM'S son, BENJAMIN, had been operating the vehicle on 02/12/99 when it became involved in a traffic crash in Fond du Lac county.

I did observe the front of the van to be damaged. However, the majority of the damage was on the driver's side of the vehicle. BALTHAZOR informed me that the vehicle had sustained this damage on 02/12/99 when the vehicle had struck a bridge abutment.

Upon examination of the front passenger's side of the vehicle I did observe a large dent in the bumper area. However, I did observe the headlight bezel around the 2 head lamps to be relatively intact. I further observed the hood and passenger side front fender to be free of any damage.

REPORT CONTINUED:

Upon raising the hood I, Deputy Colborn, noted the upper radiator support and the fan trowel to be intact and undamaged. This would not be consistent with the damage probably sustained by the suspect vehicle in incident #S99-00242.

I further noted that the tire tread design was not consistent with the tires utilized by the suspect vehicle in incident #S99-00242. I did note on the BALTHAZOR van all 4 tires to be made by the same manufacturer, Cooper, and all 4 tires to be radial GTs.

At this time I informed BALTHAZOR that I did not believe this vehicle was the suspect vehicle in the fatal Hit and Run which had occurred in Manitowoc County. However, I did take 9 Polaroid photographs of the BALTHAZOR van which BALTHAZOR told me he had assumed ownership of after towing the van from the scene of the traffic crash in Fond du Lac County. BALTHAZOR stated the van has been in his possession since 02/12/99 and has not been driven.

05/14/99 @ 2000 Hrs.: I, Deputy A. Colborn, showed the 9 photographs of the BALTHAZOR van to Incident Commander Lt. Bushman. At this time Lt. Bushman is in concurrence that this van in all likelihood is not the suspect vehicle for incident #S99-00242.

No further action taken at this time. This incident with attached FDSO report and the 9 Polaroid photographs is to be forwarded to Lt. Bushman for his review upon completion of typing. AColborn *a&c/eco*

T
I Upon my arrival I met with the complainant, BRUCE BALTHAZOR,
V who indicated to me that on 02/12/99, at approximately 10:30 p.m.,
E he worked an accident at U.S. Highway 41 and State Highway 175. He
indicated it involved a 1983 Chevrolet van. He also produced a
Wisconsin title listing the vehicle to WILLIAM J. FARROW, out of
Kaukauna, Wisconsin. MR. BALTHAZOR continued on indicating that at
the scene he never found much of the grille unless it was destroyed
in small pieces or lost in the snow but he remembered seeing the
news broadcast and a most recent one about a fatality involving a
vehicle that matches this description in the Sheboygan or Manitowoc
County area. He also mentioned that the driver was a student from
Kaukauna traveling back and forth to Chicago. With that he's been
concerned that could this be related or not. With that I informed
MR. BALTHAZOR that I did remember reading about such an accident
and believed it to be in the Manitowoc County area. At this time
the vehicle is still at Lyle's Towing due to the fact that
basically he purchased the vehicle from the owner for parts and use
of the motor. With that we went out and looked at the vehicle in
question and there was damage to the left front and around the
sides of the vehicle which appeared to be somewhat old but again,
this accident occurred on 02/12/99.

I then informed the complainant that I would forward this
information on to the appropriate authorities and they would most
likely be in contact with him and wish to look at the vehicle. At
this time I was informed that the vehicle would remain where it is
and has been since the time of the accident.

With that I then made contact with the Manitowoc County
Sheriff's Office at approximately 10:55 a.m. this date, 05/13/99,
and I spoke with a Deputy Inspector from Manitowoc County Sheriff.
I informed him of the information I had received from MR.
BALTHAZOR, indicating that he's not certain whether it's anything
or nothing. I did give the Deputy Inspector the complainant's
information over the phone, as well as the vehicle description and
the previous owner. I also indicated that there is an accident
report on file which would be attached to the report as well as a
copy available for their use if they needed it. With that the
Deputy Inspector indicated that the officer working this particular
case was in fact working this date and he would notify him of this
information. I informed the Deputy Inspector that at this time I
would compile a report of my information along with a copy of the
accident report and have it sent to their department. I also gave
the Deputy Inspector the verbal information of where Lyle's was
located and directions of how to get to his place of business in
the event that he made the trip this day.

05/21/99: I, Deputy Jost, first of all made contact with KENNETH KNAPP'S mother in Francis Creek. The Grimestopper report indicated that KENNETH had been having a ~~the~~ conversation at the speed races on 05/15/99. Reportedly the vehicle in question was in the garage at KENNETH'S mother's residence in Francis Creek. I checked that location and was unable to find any vehicle that would be what we were looking for.

I then made phone contact with MELISSA PULS, who is now residing with KENNETH in Two Rivers. MELISSA told me that they had not been to the races in over 1 year. This was later verified by KENNETH who told me the same thing. Both subjects advised me that KENNETH'S brother, THOMAS, would possibly have been at the races on 05/15/99.

05/25/99: I spoke with THOMAS and advised him of the complaint. It should be noted that both KENNETH and THOMAS showed their disgust, verbally, by telling me they were sick of being investigated for this accident. The situation was explained to them and they seemed to understand.

THOMAS told me that he was in fact at the races on 05/15/99. He told me that he had had a ~~the~~ conversation with a subject there who questioned him about his brother. THOMAS told me that the conversation included information about the Chevy van that KENNETH used to own. This subject apparently specifically questioned him as to whether or not KENNETH had struck the subject. THOMAS stated the conversation was specifically about the van and he does not remember anything said about a party happening on the south side of Manitowoc or anyone hitting a dog.

Based on this information and the previous investigation regarding the van this report can be closed out. No follow up will need to be done. JJost /eco

05/20/99: I, Deputy Jost, conducted follow up in reference to this complaint. MTSO had received a Crimestoppers complaint indicating that an officer from SBSO had observed a 1986 full-size Chevy pick up truck bearing RP FYZ180, this vehicle not having any grill in the front of it.

I made phone contact with the owner, MARY FOLYER, and she reported that her daughter-in-law, ARLENE FOLYER, had the vehicle. I then made phone contact with ARLENE.

05/21/99: Deputy Colborn met with ARLENE in Kiel to inspect the vehicle. Deputy Colborn advised me that the grill was missing on the truck, however, there was no other damage that resembled what we were looking for. Deputy Colborn advised me that there was no damage to the fan shroud, no damage to the windshield, and no damage to the hood area. In looking over the vehicle Deputy Colborn advised me he did not feel that this was the vehicle we were looking for reference the accident.

This report can be closed out with no follow up needed. JJost  eco

0	REICH	THOMAS	J.	1965		24TH ST. TWO RIVERS		

05/21/99 @ 0224 Hrs.: Upon returning to work I, Lt. Bushman, received a 10-27 on WI RP AH47624, which is a truck plating, stating no record of this plate. Officer Reimer from TRPD observed this vehicle in the City of Two Rivers, parked at [redacted] 24th St. The plates come back no record, the stickers indicated it has been expired since 1995. The VIN number comes back no record also. The vehicle is a gold and white 70's Chevrolet pick up with the entire grill missing and the passenger's side windshield broken. It would be 2-wheel drive with snow tires. It is parked at [redacted] 24th St and Officer Reimer requested that I check it for possible hit and run vehicle upon return to work.

06/01/99: Returning to work I, Lt. Bushman, did go to the address listed above and check the vehicle. I found that the tires were not a match as they were very aggressive snow and mud-type design. It appeared to be a 2-wheel drive vehicle. The bumper was white and rusted on the right side where it sustained damage from hitting something extremely solid. The entire grill was gone, however, there was no other sheet metal damage noted on the hood, the radiator, or mounting sheet metal. The vehicle had round headlights, not consistent with what we are looking for in the hit and run vehicle. None of the older rusted pieces such as the hood where one would expect damage and the inside radiator support appeared to have been replaced. The damage on the bumper looked like something solid. The grill was simply cracked and had been removed. The windshield did have some minor damage. It appears as though the passenger in the vehicle, at the time the right front damage was sustained, apparently must have flown against the windshield and cracked it from the inside out. This would not be the suspect vehicle that we are looking for. You can close out complaint. MJBushman /eco

06/20/99 @ 2030 hrs.: Ref. the Crime Stopper Report that a brown, rusty, primered colored van should be parked in a field approx. .7 of a mi. west of Pigeon Lake Rd. on the north side, 200 yds. off the road. I, Lt. Bushman, drove this squad to within several feet of the van, and got out and checked the vin numbers and the front end for damage. There are 2 vehicles parked back there. One is a 1978 Ford Van, registration AB 62976 coming back to WILLIAM BERGNER, and the second is a 1985 Ford Van, with no current registration plates on the vehicle, vin number shows that vehicle would come back to DANIEL W. BERGNER of West Bend. I am assuming the field that these vehicles are in, as there are several other old junk vehicles just out of view from CTH F, does belong to this BERGNER. Neither one of them would match the description of the suspect vehicle that we're looking for. You can close this complaint. MBushman /jml

a 80's model, suspects it was the vehicle involved in the Hit & Run Fatality. SESE
06-21-99 at the above times, I, Deputy Jost, located the vehicle in question. The silver colored GMC van was parked in the drive way at [REDACTED] CIH CR. I was unable to make contact at the residence as no one was home. I inspected the van and found that the damage did not coincide with damage probably done in the H and R fatatlity. The cargo area of the van was cut off the frame and only the front driver and passenger seats remained. The grill was a different style and the van was a GMC not a Chev.. The vin number on the van, [REDACTED] was run through dispatch however they were unable to get the vin to come back. No follow-up needed. [Signature] CMJ

06/25/99: I, Deputy A. Colborn, received a telephone contact from MTPD Officer Jeff Seidl who informed me that he had contact with [REDACTED]. Officer Seidl informed me [REDACTED] told him that he observed a vehicle possibly matching the description of the suspect vehicle for incident S99-00242. Apparently, this vehicle bore WI handicap RP BS71 and was parked in the 300 block of Chestnut St in the City of Green Bay.

I then contacted [REDACTED] at his place of employment. [REDACTED] stated he realized this "was a very long shot." [REDACTED] stated he has observed the owner of the vehicle hand painting this vehicle several times. [REDACTED] stated he finds the activity somewhat suspicious and further stated the vehicle is from the type/year we are looking for.

I observed disabled RP BS71 was assigned to a 1986 Chevy truck. [REDACTED] described the vehicle as a full-sized Chevy van.

A teletype was sent to GBPD requesting their assistance in checking this vehicle. GBPD checked the vehicle and found no front end damage. GBPD further stated they believed the vehicle was originally silver in color, then red, and now hand painted black. They also determined the owner of the van was DANIEL NELSON. NELSON informed GBPD he purchased the vehicle in March from an electrical contractor located on Clay St in the City of Green Bay.

At this time, it does not appear this vehicle is the suspect vehicle for incident S99-00242. Again, GBPD was unable to locate any sort of front end damage on the vehicle.

No further action taken at this time, pending new leads reference this incident. This incident should be forwarded to Lt. M. Bushman for his review upon completion of typing.

06/02/99 2206hrs Atmpted contact, all dark.
 06/03/99 2130hrs Contact made with a daughter at the residence as Debra Wetenkamp was asleep. She stated "I know what this is about, my mom told me, just a minute I'll get you a name and number." The name [REDACTED] and a phone number [REDACTED] provided.
 2145hrs Contact made with [REDACTED] by phone. She did not wish to meet with officer this evening and requested an interview 06/04/99 between 0800hrs and 0900hrs at Lincoln High School. She did not wish to speak with Off. Trilling the liason officer as she has had conflicts with him in the past.
 [REDACTED] stated she felt Hockstettler's death was not an accident, she had no solid information but several names, one in particular who may be covering up for someone who would do harm to them if they found out Police were contacted. I asked if a uniform officer coming to see her at school was wise, as I was not far away. She wants someone to stop at school and she stated she was not in danger. M.J. Bushman

06/04/99 @ 0820 Hrs.: I, Deputy E. Glaeser, did make contact with [REDACTED] at Lincoln High School reference this complaint. [REDACTED] told me that she had been speaking with her boyfriend, [REDACTED], about this incident and apparently [REDACTED] had received information in regards to a possible suspect in this 10-50. According to [REDACTED] she admitted to Pastor Rose and I that most of the information that she has was speculation and hearsay but she believed that her boyfriend [REDACTED] connection had more reliable information.

06/04/99 @ 0840 Hrs.: I, Deputy E. Glaeser, did interview [REDACTED] boyfriend [REDACTED] at Lincoln High School. [REDACTED] told me that in the course of the past couple of weeks he did have occasion to meet an individual who goes by the name of "C. C." According to [REDACTED] this "C. C." guy is an individual who hangs out at the Golden Flame in the City of Manitowoc. [REDACTED] said that "C. C." has come up with a theory that could possibly indicate that RICHARD HOCHSTETTLER'S death was not an accident. [REDACTED] said that "C. C." believes that an individual by the name of [REDACTED] could possibly be the individual who struck HOCHSTETTLER. According to [REDACTED], the story is that [REDACTED] and HOCHSTETTLER were at the same party and shortly after HOCHSTETTLER left [REDACTED] also left and returned back at the party after approximately 1.5 hours.

JUVENILE INFO REDACTED

REPORT CONTINUED:

According to this information it would be advisable for officers to try and contact "C. C." According to [REDACTED] "C. C." has tried several times to relay his information to MTPD but they will not take his information and "C. C." believes that possibly MTPD is involved.

[REDACTED] was unable to provide a name on this party who's nickname is "C. C." He described him as a taller individual (over 6' tall), with long black hair that he wears over his ears. Physically "C. C." is described as a thin, white Caucasian, and he does have a moustache. This individual drinks a lot of coffee and Mountain Dew in the late evening/early morning hours at the Golden Flame restaurant in Manitowoc. According to [REDACTED] "C. C." spends a lot of time at the Golden Flame, especially on the weekends in the evenings. It is suggested that a check be made with the evening MTPD or a check at the Golden Flame restaurant for this individual and interview him in regards to any information he may have on this case.

This report is being typed priority so that the information can be relayed to Lt. Bushman on 06/05/99. End of report at this time, pending further follow up. EJGlaeser *EST*/eco

It should be noted that left out from info. from my contact with [REDACTED], and [REDACTED] that both of those parties do wish to remain anonymous, and their identities should not be made known to the suspect, C.C., or anyone that he is associated with. This info. was relayed to Lt. Bushman, but should be noted on the incident report.

EJGlaeser /jml

Several checks were made with MTPD Patrol and Detective Divisions. No one seems to know a party nicknamed "CC" with the similar description above. Contact was made at the GOLDEN FLAME with several waitresses. It was learned "CC" would be WILLIAM KIEL. The in-house computer was used to obtain 10-27 information and an address.

All was dark at WILLIAM'S residence. Two 10-28s were confirmed that WILLIAM does live at this address. Both 10-28s came back to BARBARA L. KIEL.

07/02/99: Contact was made at [REDACTED] S 23rd St, Manitowoc, with BARBARA KIEL. She stated WILLIAM was her son and was not home at this time; however, she stated she could call him on his cell phone. Arrangements were made over the cell phone by BARBARA to have WILLIAM respond to the residence.

07/02/99 @ 2230 Hrs.: Contact was made with WILLIAM KIEL. At his request, we talked in Squad 61. A copy of this complaint with all the names blacked out was used to reference questions. WILLIAM stated he knew RICK HOCHSTETLER, having met him in 2-East. WILLIAM stated he was doing his own investigation because he has a theory. He recently went to the accident scene (but did not know where it was) noting skid marks which he feels could only have been made by a high 4-wheel drive type of vehicle. He suspects JOE MENA was maybe involved because he disliked HOCHSTETLER and he owned a Ford Bronco which was in an accident.

After I allowed WILLIAM to talk for quite some time, it became very obvious he did not know any details of the incident. The make and type of vehicle officers were looking for the

height from the ground making it in all probability a standard pickup or van, no skid marks at the scene the night of the accident were some of the information that was passed along to WILLIAM. WILLIAM admitted he did not have any concrete information, only several theories about how the accident took place and who may have been involved. WILLIAM was thanked for his interest in the incident. He agreed to keep his ears open for any leads as he stated he finds out more street information than police can.

At this time, this particular complaint can be closed out until further information is received which may have some more concrete evidence. MJBushman /bjc

Also a RHAS check was run and Viroche does have 4 vehicles registered to him, one is an 88 Chevrolet truck.

06/04/99 @ 0630 Hrs.: I, Deputy E. Glaeser, spoke to PAUL VIRNOCHE at his residence on Pigeon Lake. VIRNOCHE was asked if he was still in possession of a 1988 Chevy truck to which he did respond that the vehicle would more specifically be a Suburban and that a friend of his, MICHAEL KING, presently has possession of the vehicle with VIRNOCHE'S permission.

I explained to VIRNOCHE that the vehicle meets the parameters of our hit-and-run suspect vehicle and at this time we were attempting to eliminate any possible vehicles from our suspect list. VIRNOCHE explained to me that he borrowed the vehicle to KING in September of 1998 as KING was in a position where he needed a vehicle. VIRNOCHE told me that the vehicle has not been in Manitowoc County since that time. VIRNOCHE said that KING is a friend of VIRNOCHE'S son and he voluntarily helps the boy out and provided a vehicle for him.

In regards to any damage on the vehicle, VIRNOCHE did claim that the right front grill area is cracked and has minor damage but he explained that it was from an accident that happened 3-4 years ago in the City of Sheboygan at 14th St and Erie St. He did claim that this was a winter accident, it was snow related, and a report was filled out by SBSO.

VIRNOCHE did describe the vehicle as a dark blue 1988 Chevy Suburban and he provided a RP of EUB534. VIRNOCHE also provided information on KING with an address on Marvelle Ln and a telephone number in Green Bay. An attempt will be made to contact KING to verify that information.

REPORT CONTINUED:

06/04/99 @ 1030 Hrs.: I, Deputy E. Glaeser, did speak to MICHAEL KING reference this incident. KING relayed to me the same information that I had received from VIRNOCHE. He also told me that VIRNOCHE is the father of one of his good friends and VIRNOCHE did allow him to drive the 1988 Chevy Suburban free of charge. He further stated that VIRNOCHE runs the registration and also covers the insurance on the vehicle. I asked KING why VIRNOCHE is so nice to him and he stated that ever since his dad died VIRNOCHE has treated him like he was his 8th son.

In regards to any damage on the vehicle, KING told me that the grill was cracked a small amount on the right side and he told me that he could easily make the vehicle available so that it could be viewed at any time on today's date. I explained to KING that I would attempt to contact BRSO to see if they had an officer available to do just that.

KING was asked if he could come up with the RP and VIN for the truck so that I could check it against the records that were run on VIRNOCHE. Approximately 1 hour later KING did contact me with the same information; RP of EUB534 and the same VIN number as the information run off of VIRNOCHE'S truck.

06/04/99 @ 1220 Hrs.: I, Deputy E. Glaeser, did make contact with the ASPD (Village of Ashwaubenon PD) and did speak to a Dispatcher reference this incident. A Dispatcher by the name of Cindy was requested to send an officer to check damage to VIRNOCHE'S Suburban at ██████ Marvelle Ln in Green Bay. The Dispatcher there told me that they would assign this to an officer and report back to me with the results of the extent of the damage to the vehicle. Cindy was asked to leave a message in regards to the damage for me so that a determination could be made at that time on whether or not we would need to send an officer to check the vehicle in person. EJGlaeser *ETC* /eco

06/04/99 @ 1245 Hrs.: I, Deputy E. Glaeser, was contacted by the ASPD and they did connect me with Officer Steven Pelch, #689, who was presently viewing the suspect vehicle. Officer Pelch told me that according to the description I had given him, this vehicle would not match our suspect vehicle. The vehicle was described by Officer Pelch as having right front damage to the grill area with the area of damage being approximately 1' long and 1" wide. This would make the damage inconsistent with the amount of evidence located at our accident scene. Officer Pelch also told me that the front bumper was pushed in on the truck but he did not note any damage to the radiator nor was there damage to any of the fan blades on the inside of the radiator. Due to this information being inconsistent with our hit-and-run vehicle, this vehicle can be eliminated as a suspect in this case. No further action needed. EJGlaeser *ETC* /eco

06/07/99 @ 1530 hrs.: I, Lt. Bushman, received a phone call at home from Lt. Thorrington ref. a Sheboygan Co. inmate who apparently made statements to a detective telling him that he knows where the van is, it was stolen, who stole it, and who was driving, referring to the CrimeStoppers poster in the Sheboygan Co. Sheriff's Office ref. the Hochstetler Hit-and-Run accident.

Officer Jost picked up the S99-00242 Report Box and then me, Lt. Bushman, at my residence. Contact was made with Sheboygan Co. Juvenile Facility, and Officers requested to have interview with [REDACTED] ref. his statements he made to a detective while in custody in Sheboygan. The files on [REDACTED] were read prior to conducting the interview. As the interview began, it became apparent that [REDACTED] knew nothing of the Hit-and-Run accident. He had seen the poster and read the words van, Manitowoc Co., and \$25,000. [REDACTED] stated, "I'm looking into getting that \$25,000." He then talked about a brand new van stolen in Manitowoc, and that [REDACTED] was the thief. At least 8 vehicles, a Lexus, a Chevrolet van, and other models all 1999's were stolen by [REDACTED]. Not all were taken from Manitowoc, but definitely the van. [REDACTED] stated in his words, "The van was all decked out, loaded, leather, and it was white in color." It currently is in the city of Milwaukee being driven by a black man, whose nickname is JJ. The theft took place at least 6 weeks ago. There was nothing mentioned of any damage from an accident on the van. [REDACTED] stated [REDACTED] wouldn't talk to any police, but will talk to him. The problem is they are in separate cell blocks. [REDACTED] states the evening before, the 2 cell blocks were open, and he needs them both open so he can talk to [REDACTED] for more details. He states he will write down any of the details after he leaves the conversation, so he doesn't forget them.

The jailer advised that was possible to open the two blocks for recreational period, and he would do so hoping more info. would be forthcoming ref. the stolen vehicles. Any further info. would be passed on to the city of Manitowoc, as that is where the van was taken from the Petroski Lot.

The day after the interview, info. was passed on to Det. Bergner by Officer Jost. Det. Bergner stated that [REDACTED] has already been charged with [REDACTED]

06/15/99: I, Det. Sgt. Lenk, of the MTSO was given info. to proceed to the Sheboygan Co. Jail to talk to a [REDACTED] in regard to possible info. on the Hit-and-Run accident that occurred on incident # S99-00242. Upon arriving at the Sheboygan Co. Jail, I learned that [REDACTED] is actually in the Juvenile Detention Area of the Sheboygan Co. Jail, and was given escort to that facility. I met with [REDACTED], who stated that he had received info. from one [REDACTED] while at the Juvenile Detention Center at Sheboygan Co. Sheriff's Dept.

[REDACTED] stated that [REDACTED] and a [REDACTED], were both involved in stealing vehicles from Manitowoc City. [REDACTED] has been bragging about stealing these vehicles while he was in lockup.

[REDACTED] stated that his cousin, [REDACTED], has gotten info. from [REDACTED], and that has been trying to get more info. regarding possible hit-and-run vehicle, but has been unable to get info.

[REDACTED] said that he had heard that a stolen van, maybe white in color, is still in Milwaukee, and is in the garage of one black male known as [REDACTED] (spelling unknown). This van was stolen by kids, and could possibly have been the hit-and-run vehicle that killed someone.

I asked [REDACTED] if he got his info. from [REDACTED], and he said that [REDACTED] only talked to him about stealing vehicles. [REDACTED] stated that this black male, known as [REDACTED], is supposed to be armed and dangerous, and may be into drugs. [REDACTED] stated that [REDACTED] has been at this black male's house in Milwaukee before.

[REDACTED] said that his cousin, [REDACTED], saw the reward poster and then put 2 and 2 together, and figured that [REDACTED] might be involved in the hit-and-run incident that occurred in Manitowoc. [REDACTED] said that he got the info. from [REDACTED] regarding the van also.

I also conducted interview with [REDACTED] while I was at the Sheboygan Co. Juvenile Detention Center. [REDACTED] was read his rights, and he signed them and stated he was willing to answer some questions.

[REDACTED] stated that he has no knowledge of any hit-and-run that occurred in Manitowoc Co., and doesn't know anything about a van or anything about a person being killed, only that he has seen it on the reward poster at the Sheriff's Dept. [REDACTED] stated that he has already been interviewed by 2 officers from Manitowoc regarding the vehicle thefts from Manitowoc. He stated he was visiting a girl in Manitowoc with [REDACTED], and they stayed in Manitowoc for 2 days and then went to see a friend in Milwaukee. [REDACTED] would not give any other info. regarding any of the thefts or any further info. on that hit-and-run.

07/05/99: I, Deputy A. Colborn, was assigned this incident from MTSO Dispatch. Preliminary information received was that an anonymous caller called Dispatch and informed them they observed a white Chevrolet vehicle bearing WI RP MJX417 in the parking lot of FLEET FARM. Apparently, this vehicle had front end damage.

A check through WI DOT indicated the RP of MJX417 was assigned to JESS DUELLMAN. Contact was made at Easy St, Manitowoc. At this time, I was informed by JESS' parents that JESS does not reside at Easy St.

Telephone contact was made with JESS who informed me his brother, ANDREW DUELLMAN, was actually the owner of the vehicle. It was determined the vehicle was a Chevrolet Blazer.

I then responded to an area on S 15th St where I made contact with ANDREW. ANDREW informed me his vehicle has previously been checked by Officer Crabb of MTPD. ANDREW further stated he has just recently bought the vehicle from TREVOR ANHALT. ANDREW stated the vehicle had also been checked by MTPD when TREVOR owned the vehicle.

ANDREW still agreed to show me the vehicle which I observed to be totally missing its front grill; however, I did not observe any sheet metal damage to the hood. I did not observe any sheet metal damage to the front fenders. I further observed the bumper seemed to be free of any damage.

At this time, it does not appear this vehicle is the suspect vehicle for incident S99-00242. No further action taken at this time. A copy of this incident should be directed to incident commander, Lt. M. Bushman, upon completion of typing. MJBushman /bjc

07/14/99 @ 1738 Hrs.: I, Deputy Jost, took a report from an anonymous complainant reference a possible suspect vehicle in the fatal hit and run (incident S99-00242).

The complainant told me there was a blue truck with half the grill broken out parked in a parking lot on N Ballard Rd in the 2300 block. The anonymous person told me the RP on the vehicle was WI truck AK11764. He advised it was either a Ford or GM product pickup truck.

After taking the complaint, I made contact with Appleton PD and had them check for the vehicle. They checked several times for the vehicle; however, they were unable to locate it.

07/18/99: I made contact with Lt. Kathrein from Appleton PD. I gave her NATHAN LIEDERS' name. She later informed me that LIEDERS told officers he was involved in an accident in the past. The accident would have occurred on 10/28/96 as Lt. Kathrein was able to locate the report.

Lt. Kathrein later went and inspected the vehicle herself. She found the damage on the vehicle was consistent with the 10-50 report. She advised me the grill was dented, and half the grill was in fact missing. She told me the vehicle was an S10 model pickup truck. She indicated the damage did not appear to be consistent with the vehicle striking a person.

Based on the information received from Lt. Kathrein, specifically the damage and the fact that it is an S10 model pickup, no further follow-up needs to be done on this specific Crime Stopper. JMjost /bjc

08/11/99 @ 1135 Hrs.: I, Lt. M. Bushman, came to MTSO for a meeting. D.I. Tisler handed me a note for a possible vehicle in the HOCHSTETLER hit and run (see incident S99-00242). The vehicle would be in the Forest Junction area. The RP was AK63721. The vehicle should be a 1985 Chevrolet van. The caller wanted to remain anonymous.

08/11/99 @ 2215 Hrs.: Contact was made by phone with CASO. A request to have a squad meet me in the Forest Junction area was made. The RP of AK63721 comes back on a 1981 Chevrolet van listing to DUANE HAYES of Forest Junction. It was my intent to pay HAYES a visit. The CASO officer stated the address of [redacted] Lot #54 is a general overall address for the trailer court in Forest Junction. HAYES' true address is [redacted] Acorn St in the trailer park.

Contact was attempted at this trailer. There was a "For Sale" sign in the window of the trailer. It did not appear as though anyone had lived there for quite some time. Someone, however, was clipping the lawn.

Contact was made with the next door neighbors who stated HAYES moved out at the minimum 3-4 months ago. The neighbor recalled a 1983 blue Chevrolet van which was owned by HAYES. It was also learned HAYES works the 2nd shift at KAY-TEE in Chilton. There was one other individual, a black male, PAUL BARTON, who lived in the trailer with HAYES. BARTON currently lives in Chilton. This location was given to the CASO officer who was familiar. The neighbor also suggested we check with the neighbor to the south as he was much more friendly with HAYES.

Contact was made at trailer #213 where I spoke with the tenant. He stated HAYES no longer lived in the next door trailer, stating he moved out approximately a year ago. When asked what type of vehicle HAYES drives, the neighbor stated he had multiple vehicles during the course of time when he was in the trailer court; however, he specifically noted HAYES was currently driving a 1981 blue Chevrolet van, blue in color. He stated it was not in the best of shape. This neighbor also provided me with HAYES' girlfriend's name, PHYLLIS O'TOOLE, living at [redacted] Wright Ave, Neenah, phone of [redacted]. The neighbor advised the last time he had contact with HAYES, he was living with PHYLLIS.

REPORT CONTINUED:

08/11/99 @ 2235 Hrs.: I, Lt. Bushman, made contact with Neenah PD. Arrangements were made for an officer to do a driveby of [REDACTED] Wright Ave to check for lights on and whether or not the blue van was there. I head to the Neenah area. Within 5 minutes, they called back stating the vehicle was there and there were lights on.

I made contact with DUANE HAYES by phone who was most congenial and invited me to stop by within a short period of time to clear up this matter.

Contact was made with HAYES, and my business was stated. HAYES invited me to look at his 1981 Chevrolet van which was parked in the driveway. He opened the hood, and he explained the damage on the right front fender. There was yellow transfer paint. HAYES stated in January or February some time he slid into a pole at the PICK-N-SAVE in Neenah. The damage was definitely consistent with sliding into a concrete pole. The damage on the right front was most notably in the headlight assembly door, bumper, and right front fender. The vehicle is old, has numerous miles, and was not repaired.

None of the damage under the hood or the damage to the structure was consistent with the HOCHSTETLER incident. It did not appear as though this vehicle had been worked on or repaired in any manner. There was a considerable amount of over-spray from a very old paint job which was conducted, according to HAYES, prior to him receiving the vehicle.

This would not be the vehicle we are looking for in the hit and run. This complaint can be closed out. MJBushman  /bjc

09-14-99: I, Deputy A. Colborn, received information from MTSO jail staff that a party identified only by the last name of [redacted] had reported to the MTSO and stated she wished to speak with an officer who was investigating incident #S99-00242. Ms. [redacted] identified herself as an employee of [redacted] which is located in the [redacted] in the City of Manitowoc. I was informed by MTSO jail staff that Ms. [redacted] believed a frequent customer of [redacted] may possibly be a suspect for incident #S99-00242.

09-15-99: I, Deputy A. Colborn, responded to [redacted] in the City of Manitowoc at approx. 1300 hours. At that time I was informed by an employee there that there was indeed a [redacted] who was employed by [redacted] I was informed that Ms. [redacted] was currently out making deliveries and was unavailable to speak with me. The employee informed me that they would have [redacted] contact me by telephone up her return to the store at the end of her shift.

09-15-99 @ 1930 hours: I, Deputy A. Colborn, received a telephone call from [redacted] who identified herself as the Ms. [redacted] who had reported to the MTSO jail. [redacted] stated she very much wanted to speak with me and requested that I respond to the Shopko Plaza parking lot where she would speak to me in private in my patrol unit.

I did respond to the Shopko Plaza where I met with [redacted] [redacted] did state that ever since this particular customer had come into [redacted] and began talking about the HOCHSTETLER incident, [redacted] has been "sick to her stomach" and "unable to sleep."

It was obvious to me that whatever this customer had informed [redacted] had made a vivid impression upon [redacted].

[redacted] informed me that there is a regular customer of [redacted] who she knows only by the first name of JEANNE and the nickname of "CRAZY JEANNE". [redacted] informed me that JEANNE was known to drink frequently and frequently brags about her alcohol consumption. [redacted]

CASE NUMBER: S99-07386 CLASSIFICATION: _____

INCIDENT: _____

DATE AND TIME: _____

REPORT CONTINUED:

states that almost every time JEANNE comes to [REDACTED] she is intoxicated in varying degrees.

[REDACTED] stated on the particular day in question, which occurred approx. 2 weeks ago, JEANNE again came into [REDACTED]. [REDACTED] states that she was the employee who waited on JEANNE and that JEANNE, at this particular time, was sober although suffering from what [REDACTED] described as a "hangover."

[REDACTED] states that JEANNE engaged her in conversation asking, "What would happen to the person who ran over that HOCHSTETLER kid?" [REDACTED] stated that she acted emotionally and answered JEANNE by stating, "I hope that whoever did it goes to prison for life." [REDACTED] states that JEANNE then asked her a question something to the effect of "Even if it was a woman who did it?"

[REDACTED] she began to grow very alarmed by JEANNE's actions and felt that JEANNE was on the brink of confessing to the entire matter. [REDACTED] states that JEANNE also asked her "If somebody told you that they killed that kid and they were drinking, would you believe them?" [REDACTED] stated she replied, "Yes, I would believe them."

[REDACTED] states that after talking about the HOCHSTETLER incident, JEANNE changed the subject and stated, "I was so drunk last night that I realized I needed help so I drove my truck around the city all night squealing tires but I couldn't get arrested." [REDACTED] stated she asked JEANNE why she did this to which JEANNE replied, "Cuz I wanna see what jail is like."

[REDACTED] states that she believes JEANNE owns a beat up car with make, model and registration plate unknown, as well as a truck also with make, model and registration plate unknown. [REDACTED] further states that JEANNE has a brother whose first name begins with the letter "D". Apparently JEANNE and this brother go out drinking frequently almost every night. [REDACTED] further states that JEANNE frequently rides a bike around the City of Manitowoc and is a frequent customer of [REDACTED] and stops in at least once a week. [REDACTED] stated that she believes JEANNE had told her this information on Wednesday, 09-08-99.

[REDACTED] states that after talking about the HOCHSTETLER incident, JEANNE changed the subject and asked [REDACTED] if she knew of "any good psychiatrists in the area." JEANNE further states that she asked [REDACTED] frequently about patient confidentiality issues which [REDACTED] stated JEANNE would have to take up with her psychiatrist. [REDACTED] stated she then advised JEANNE to locate a confident psychiatrist via the phone book to which JEANNE did state that she is currently on medication for depression.

[REDACTED] described JEANNE as a white female, mid to late 40's, approx. 5'5" to 5'7" tall. [REDACTED] stated that JEANNE weighs approx. 200 lbs. and wears her brown hair pulled back in a pony tail with the pony tail usually pinned to the back of her head. [REDACTED] further states that JEANNE squints while reading which lets [REDACTED] believe that JEANNE has some vision problems. [REDACTED] states that

JEANNE has either brown or green eyes but she is positive they are not blue. [REDACTED] further states that JEANNE generally wears t-shirts with the sleeves rolled up with a pack of cigarettes in the sleeve of the t-shirt, pegged jeans worn in a cuff, and tennis shoes or sandals. [REDACTED] further states JEANNE has one ear that is pierced 6 to 8 times and wears numerous hoops and studs in this ear. Apparently the earrings start at the top of JEANNE's ear and go all the way down to the lobe portion. Again, [REDACTED] reiterated that JEANNE frequently drinks a lot and frequently brags about her alcohol consumption.

[REDACTED] was given my business card with the instructions that should JEANNE return to [REDACTED] that [REDACTED] contact MTSO immediately. [REDACTED] did state that she would comply with my instructions and further stated she would attempt to get JEANNE's last name or a registration plate number of whatever vehicle JEANNE uses to come to Sally's Beauty Supply in.

09-16-99: I, Deputy A.Colborn, contacted Lt. M.Bushman at his residence and informed him of this incident and the investigation into it thus far.

I, Deputy A.Colborn, also contacted MTPD detective division and inquired if they had any connections or any contacts with a person who goes by the nickname of "CRAZY JEANNE." At this time, MTPD was unable to assist me but stated that they would also look into trying to identify JEANNE.

09-16-99 @ 2030 hours: I, Deputy A.Colborn, spoke with Lt. Mark Anderson. Lt. Mark Anderson did check his metro drug intelligence data base to attempt to match the nickname "CRAZY JEANNE" with a name but he was unsuccessful.

The investigation into this incident is continuing pending contact from [REDACTED] or contact with JEANNE/CRAZY JEANNE. CA Colborn/ps

09/20/99: While on my regular day off, I (Deputy A. Colborn) received information at my residence that CRAZY JEANNE who I was looking for for this incident was actually JEAN [REDACTED]. The information that I received indicated JEAN [REDACTED] did in fact live behind SHOPKO in the [REDACTED] block of [REDACTED].

09/22/99 @ 1800 Hrs.: I, Deputy Colborn, was able to locate JEAN [REDACTED] at [REDACTED], Manitowoc. It should be noted this residence is behind SHOPKO. Prior to making contact with JEAN, I observed parked in the garage a maroon 1981 Pontiac Lemans 4-door bearing WI RP HAJ569. I also observed a 1994 GMC S10 or S15 style Blazer bearing WI RP LNJ569. A check of these 2 vehicle RPs through WI DOT revealed the Pontiac was registered to [REDACTED] and the 1994 GMC truck was registered to JEAN [REDACTED].

I then made contact with JEAN [REDACTED] and spoke to her about any involvement or information she may have on incident S99-00242. The answers to my questions led me

to believe that JEAN was being evasive in her answers. This prompted me to contact MTSO Det. Michel who did respond to JEAN'S residence.

Det. Michel then conducted a lengthy interview with JEAN at MTSO with JEAN'S consent.

After completing the interview with JEAN, Det. Michel informed me, at this time, he does not consider JEAN a suspect for this incident. It should be noted, both during my interview and the interview with Det. Michel, JEAN admitted to frequenting [REDACTED] as well as admitting to her nickname of CRAZY JEANNE.

No further action taken at this time. It does not appear JEAN [REDACTED] has any knowledge or is involved in incident S99-00242. It should further be noted JEAN'S vehicle (the 1994 GMC truck) is an S15 style vehicle which would eliminate it as a suspect vehicle for incident S99-00242. A copy of this incident addition should be forwarded to incident commander, Lt. M. Bushman, upon completion of typing.

09-17-99 @ 2045 hours: GBPD received a Crimestoppers tip regarding the hit and run accident, S99-00242. Officer L. Wery, #344, made contact with myself, Lt. Bushman, at MTSO by phone. She took the information by phone and put it on a regular Crimestopper tip sheet. The caller stated that she may have seen the vehicle that was involved in a hit and run accident that killed a boy in Sturgeon Bay a while ago. The caller states the vehicle was hand-painted dark blue with many handmade repairs made to the front grill and front area of the truck. There is still tape left on the body from the paint job. The truck is in rough shape. It was seen in front of Papa John's Pizza Palace in Peshtigo at approx. 6:00 p.m. this evening. The caller waited to see if anyone got in but no one showed up. The caller felt that there should be contact made. The vehicle is described as an older Chevrolet truck, dark blue, with Wis. RP #AM36971.

The registration comes back to a PATRICIA J. JOHNSTON in the Marinette area. Officer Wery advised that the information had been passed on to Marinette Co. Sheriff's Dept.

At 2110 hours: I received phone contact in squad #61 from Officer Jeff Hildelink from Marinette County Sheriff's Dept. He did locate the vehicle in question in Marinette and snapped several polaroid photographs of the vehicle. He did not make contact with the owner, however, was familiar with the female owner and she does work at the Papa John's restaurant where it was parked. I did relay to Officer Hildelink several specific pieces of information reference the hit and run. There were several similarities in that the vehicle was a 1985 Chevrolet truck, however, it was a Silverado addition, which makes double headlight on each side inconsistent with that of our suspect vehicle. The grill is smashed on the passenger side, however, the Chevrolet emblem and the corner pieces of grill work are still attached. As far as Officer Hildelink could see, there was no great structural sheet metal damage, however, parts could have been replaced. He stated the wall holding the radiator and the radiator have not been damaged, however, again they may have been replaced. The inconsistencies with the headlight assemblies and the grill style lead me to believe this would not be the suspect vehicle and the extent of the damage is not excessive which would be the case in our hit and run. Officer Hildelink did advise he will make contact with the owner and attempt to locate the vehicle.

Marinette Police Department Complaint # 99-2317
Manitowoc County Sheriffs Dept. Complaint #S 99- 00424

09/19/1999

Green Bay Police Department Crime Stoppers called our department and relayed that the Police Department had received a call from someone that had seen a blue pick up truck at the Papa Johns in Peshtigo that matched a hit and run homicide in Manitowoc County. Green Bay advised dispatch that they had learned that Papa John's was in Marinette and asked that an investigator check on this vehicle. Green Bay Police also sent a FAX with the information received by them.

I proceeded to [REDACTED] Marinette Avenue in Marinette and located the in the parking lot at T&T Fermanich gas, a truck matching the description given to me. It was a 1985 Chevrolet, Silverado 10, Pick up truck. It had Wisconsin registration AM- 36971 on a white and red Wisconsin plates. It was dark blue in color and appeared that it had been recently painted and the painting was not done professionally. There was masking tape still on the chrome and trim of the wheel wells. The bottom portion of the truck had a primer gray color. There was damage to the passenger side grill area between the headlamps and Chevrolet symbol. Photos were taken of the truck. I contacted Lt. Mike Buschman of the Manitowoc County Sheriff's Department. I told Mike of my findings

and it was preliminarily determined that the vehicle that I had observed was not what he was looking for. Mike asked if I would speak with the registered owner, complete a report and send him the information that I had obtained.

On 09/19/1999 at approximately 10:00 hours I went to [REDACTED] Patti lane Marinette, Wisconsin. There I spoke with the registered owner Patricia Joan Johnston DOB. [REDACTED]. I explained to a very guarded Ms. Johnston that met me in the front yard that I wanted to ask her questions about her truck. I had identified myself as an investigator for the Marinette Police Department and explained that I was following up on a complaint for Manitowoc County Sheriff's Department. Ms Johnston asked to see a photo police identification. I provided Ms Johnston an ID card. The following questions were asked of Ms Johnston:

Do you know anyone in Manitowoc County?

Reply: No

Have you ever been in Manitowoc County?

Reply: No

Has this truck been in Manitowoc County?

Reply: I had applied for a job just south of Green Bay in the last four months. Is that in Manitowoc County?

What was the name of the town you applied for this job?

Reply: I don't remember

What kind of job did you apply for?

Reply: A home health care worker. My son was with

How long have you had this truck?

Reply: About a year and one half

When was it painted?

Reply: Two or three months ago

Where was it painted?

Reply: Here

Who painted the truck?

Reply: Family

Who in the Family?

Reply: Why?

Patti then went into the house and brought back a paper and pencil and asked me to write my name on the paper. I wrote my name and work address and the phone numbers. Patti asked how long I had worked at the police department I answered thirteen years. Patti said my son and I painted the truck.

What color was the truck?

Reply: The same color

Are there any damaged parts that have been removed?

Reply: No

How was the grill damaged?

Reply: I hit a fence post on this road. Patti pointed to a fence.

When was that?

Reply: I don't know

Did you report it to the Sheriff's Department?

Reply: Yah, I paid the fine and everything.

I photographed the truck in the yard and explained the nature of why I was asking the questions. I thanked Patti for here time and left.

I went to Marinette County Sheriff's Department and their records indicate that on April 2nd of 1999 a complaint was generated involving Patti and her 1985 Chevy pick up truck in a hit and run accident involving the truck hitting a fence. A copy of our file and all photos' has been forwarded to Manitowoc County Sheriff's Department, Attention Lt. Mike Buschman. Investigator Hilbelink

09/01/99 @ 0835 Hrs.: I, Lt. O'Hearn, received a call from D.I. Tisler who advised he had a list of 4 Crimestoppers which came in from an individual by the name of [REDACTED]. The 4 Crimestoppers were listed on a Crimestopper Interview Form. D.I. Tisler wished for me to go and check on the 4 Crimestoppers concerning the hit and run HOCHSTETLER fatality which took place on 01/10/99 on CTH CR.

I started with checking the first residence at [REDACTED] Gass Lake Rd. I met with the owner of the residence, JOANNE OLSON. She stated her truck has been checked numerous times before, but she was very, very willing to allow me to check the vehicle in question. The vehicle was a Dodge Ram truck bearing RP BG10765. It was a gray Dodge truck, not a Chevy. It had no damage whatsoever to the front or hood area. A close check indicated it appeared nothing had been changed or redone on the vehicle. This vehicle was crossed off the Crimestoppers list.

The next vehicle I checked was a vehicle bearing RP BC96209 at the address of [REDACTED] Center Rd. It should be noted, when I arrived and checked with the residence, I found no one was home. I saw the truck in question (red and tan in color) had the front end and engine missing. It was in plain view in the back yard of this residence. I went back and found the RP was not BC96209 but BG96209. The vehicle looks as if it has been on blocks and sitting in this area for quite some time. In fact, the front end and engine of the vehicle is missing. The vehicle is a Chevy pickup truck, but I could not get close enough to check on the vehicle due to the fact there was a very unfriendly rottweiler chained to the vehicle. Please place a copy of this incident in Lt. M. Bushman's drawer to see if this vehicle at this address of [REDACTED] Center Rd has been prior checked as I could not contact anyone at the residence during my shift.

REPORT CONTINUED:

I, Lt. O'Hearn, checked the 3rd Crimestoppers. We were given a description of an unknown RP which was a blue truck next to a red barn across from the NEWTON MEAT MARKET. I located this residence at [REDACTED] CTH U. I found there was a blue GMC vehicle in the yard bearing WI truck RP AH10537. A check of the residence indicated there was no one home, but the vehicle was in plain view. I looked at the truck and found it was in good shape, had no damage, and did not appear to have any type of replacement parts put on the vehicle. It should be noted the owner of this residence is NICK WAGNER. His 10-28 is attached from another vehicle. The 10-28 from the vehicle in his yard is also attached. Again, there appeared to be no damage to this vehicle.

The 4th and final Crimestoppers which was given by [REDACTED] to MTSO indicated there was a brown Chevy Scottsdale in the Newton area at the meat market. When I arrived, I found no brown Chevy Scottsdale in the area bearing RP 65691F. In fact, I ran this RP, and it came back to a residence in Sheboygan. I talked and spoke with the employees of NEWTON MEAT MARKET. They indicated none of the employees have a vehicle which matches this description and that it could have been a customer. It should be noted I had Dispatch contact SBSO with this RP, indicating the vehicle came back to RALPH MAYER from Lueloff Rd, Sheboygan. SBSO contacted MAYER, checked the vehicle, and found the vehicle had no damage.

It should be noted all 4 of the Crimestopper reports given by [REDACTED] have been checked and should be placed into the report as such. TKOHearn /bjc

10-01-99: I, Deputy A Colborn, received a request from MTSO dispatch that I enter the dispatch center and speak with an individual who was calling reference incident #S99-00242. I did make contact with the caller who informed me that sometime during the 2nd or 3rd week of August, he observed a vehicle that he felt may have been involved in incident #S99-00242.

The caller informed me that he was on Hwy 23 outside the City of Montello, WI. The caller further informed me that he observed what he described as a gray, silver or white Chevrolet full size pickup truck being operated into the City of Montello on Hwy 23. The caller informed me that the vehicle appeared to have damage to the front passenger side grill area.

The caller stated he was unsure of the color but knew it to be gray, silver or white. The caller further informed me he was unable to obtain any registration plate number or any other distinguishing features. The caller further informed me he has not been in the City of Montello since that time.

The caller did request that I contact the Dept. of Motor Vehicle and run a registration check of every Chevrolet pickup truck assigned to the Montello area. I informed him that I would be unable to do this and that would be something that would have to be checked out by Montello area law enforcement. I did request that if the caller continues to vacation in the Montello area and again sees the vehicle, that he try to obtain a registration plate number and contact us immediately. The caller did agree to do so.

At this time, no further action taken pending recontact from Mr. PROTHERO. AColborn/ps *agc*

10/30/99: I, Deputy A. Colborn, was assigned this incident by the 2000-0400-hour Shift Commander, Sgt. Janssen. Preliminary information received from Sgt. Janssen was that CHERISH KUBICHKA and TIMOTHY DEBAUCHE who apparently reside together own a 1987 Chevrolet truck which was taken off the road very shortly after S99-00242 occurred.

An alpha check through WI DOT revealed WI RP SFZ266 was assigned to KUBICHKA who resides at 20th St, Two Rivers. The RP was assigned to a 1987 Chevy truck.

10/31/99: I responded to 20th St, Two Rivers, where I located a blue with white top 1987 Chevy Blazer parked in the driveway. I observed this Blazer to bear WI RP SFZ266. I further observed the VIN on the vehicle parked in the driveway did match that VIN shown on the registration check. This showed this RP did belong with this particular vehicle.

I observed there was no front end damage whatsoever to this vehicle. The grill was entirely intact as were both fenders. Both front fenders appeared to be free of dents, and the windshield was free of cracks. Also, the front bumper did not appear to be damaged in any way.

After ensuring the VIN was correct for the vehicle, I took no further action. At this time, this vehicle does not appear to be the suspect vehicle for S99-00242. A copy of this incident should be forwarded to the incident commander, Lt. M. Bushman, for his review.

TTY was sent to Winnebago SO for Omro PD to check for this vehicle. See TTY messages attached. lak923

11/01/99 Upon return to work from my days off I noticed no additional notations on this incident with response from Omro PD. Another TTY was sent with same request and to respond if any additional information was obtained. lak923

11/17/99: I, Deputy A. Colborn, was assigned this incident from the 2000-0400-hour Shift Commander, Sgt. Janssen.

11/18/99: I contacted and spoke with Omro PD Chief Vonderloh. I asked Chief Vonderloh if he could possibly dispatch an officer to check at [REDACTED] Sunset Ct, Omro, for a Suburban, blue in color, which allegedly has front end damage and could possibly be a match for the suspect vehicle in incident S99-00242. Chief Vonderloh stated he would have an officer investigate this incident.

11/21/99: I received through interdepartmental mail the attached interoffice memorandum showing a picture of the vehicle described to us by [REDACTED]. I observed the vehicle to be a GMC. The suspect vehicle for incident S99-00242 is a Chevrolet. I further noted Omro PD included pictures of the vehicle (see attached). The pictures showed the front bumper, grill, front fenders, and hood to appear to be free of any sort of damage. The other picture was a picture of the engine compartment of the vehicle which showed the fan shroud to be free of damage. Noted on the fan shroud is a chalk mark with "-30" written on the shroud. Apparently, the coolant in the radiator was checked at -30 degrees on 03/09/89. Again, it does not appear there is any structural or upper radiator support damage to this vehicle. Also noted on the bottom of the picture is the VIN and a note from Officer Harn that the VIN and RP do match the vehicle.

At this time, it does not appear this vehicle is the suspect vehicle for incident S99-00242. A copy of this incident should be forwarded to the incident commander. Lt. M

11/05/99 @ 1447 Hrs.: I, Deputy Jost, was advised by Dispatch of a Crime Stopper report regarding the fatal hit and run of RICK HOCHSTETLER. I was informed there was a brown-colored pickup truck in the rear of [redacted] S 15th St, Manitowoc, which had damage to the front end and had been parked in the garage since February 1999.

11/05/99 @ 1640 Hrs.: Deputy Riddle and I made contact with DAVID KOLLATH who indicated the vehicle belonged to JAMES MARCUS. KOLLATH indicated MARCUS brought the vehicle over to his residence to store in his garage until MARCUS could repair and get the vehicle running. According to KOLLATH, MARCUS had not driven the vehicle prior to this as it was not in running condition.

I inspected the vehicle. I immediately noticed it was not of the same year and body style we were looking for. The year of the truck was a 1969 Chevy pickup. The damage to the front end was not consistent as the grill was intact. There were some dents on the front of the truck; however, again, it does not appear as though it would be consistent with the damage we were looking for.

No further follow-up needs to be done. JMJost /bjc

Caller reports that the neighbor had their truck parked inside the gargage for about a year. The vehicle was always facing grill forward in the garage. The past few days the vehicle has been outside and there is noticable front damage and they are in the process of painting the Chev pick up. Vehicle may match the description of the fatal H&R vehicle involved in the MTSO investigation from Jan. 1999. The truck is parked in the back of the house on the side facing the fence. O	Riebe Jason R.	181966			STH 67, Plymouth, Wi	
O	MARETTI'S DELI	40497			Buffalo St, Manitowoc	

11/10/99 @ 1900 Hrs.: Lt. R. Hermann passed along the following information reference a HOCHSTETLER hit and run suspect vehicle he observed on the streets. He phoned me, Lt. M. Bushman, at home and then left the 10-27/28 information in my drawer for follow-up. He observed a black 4-wheel drive truck parked in the area of 9th and Buffalo Sts which caught his attention because of the unusual grill design and some damage to the hood and headlight door area. The RP on this vehicle was AK45136 which lists to JASON RIEBE and WENDY SHIGUR from [REDACTED] STH 67, Plymouth. It was noted RIEBE is currently suspended and that the RP and DL information comes back from different addresses. Lt. Hermann stated the vehicle shows hood damage on the passenger side with an unusual grill and obvious replacement. He also stated a bug shield had been placed on the vehicle after the damage was sustained to the hood, and it appeared as though it was an attempt to hide the damage.

11/10/99 @ 2211 Hrs.: I, Lt. Bushman, made contact with SBSO, and a request for assistance was made. Contact was made with RIEBE at [REDACTED] STH 67 in Sheboygan Co. I advised RIEBE I was from Manitowoc and investigating a hit and run accident. I inquired about the damage to his truck and if we might take a look at it. He immediately stated his truck was currently in Manitowoc, parked across from MARETTI'S. He stated he just started working for MARETTI'S approximately 2 weeks ago. The last time the truck was driven was to his place of employment. The vehicle broke down and is currently parked on the street awaiting parts so he can return the vehicle to his residence.

I inquired about the damage to the front end. It was obvious after a short period of time that RIEBE thought I was investigating a current hit and run in which his vehicle was involved on the streets in Manitowoc. RIEBE began explaining the damage to the passenger side of his vehicle. He stated he bought the vehicle in West Bend sometime in 1996 or 1997. He could not remember who he bought the vehicle from. RIEBE stated there was damage on the vehicle in the area of the passenger side on the hood. He stated, one day before his sister's (sister named [REDACTED] graduation in the summer of 1998, he and a couple of friends were on the property of [REDACTED] STH 67 and running around in the fields behind the house. He stated they had been pulling stumps and then chasing around with the truck after that when he struck a tree. He stated the tree was on an angle, so the hood was struck and the upper portion of the headlight assembly; however, the bumper and grill was not damaged.

REPORT CONTINUED:

The bumper and grill were original from when he bought the truck. RIEBE went on to state, if there is damage to the grill and bumper, it would be new damage that currently happened while it was parked in Manitowoc.

After RIEBE described the damage, I then informed him that I was investigating a hit and run fatality in which his vehicle matched the suspect vehicle. RIEBE stated he has been to Manitowoc approximately 4 times in his life prior to becoming employed at MARETTI'S within the last 2 weeks. His truck was driven to Manitowoc for the first time when it broke down. This is why it is still sitting there.

11/11/99 @ 0120 Hrs.: I, Lt. Bushman, returned to Manitowoc and went to 9th and Buffalo Sts to view the 1983 GMC truck. The RP and VIN do match. I noted there is an after-market grill in the front; however, the chrome trim pieces on the grill are rusted in place. The grill appears as though it has been on the vehicle for quite some time. There was minor damage to the headlight door, and the hood had damage exactly as described by RIEBE from striking the tree. RIEBE stated he added the bug shield after the damage occurred. Also noted, the vehicle has very large, over-size tires and is higher than normal with a rusted lift kit noted under the truck. Nothing on the vehicle's nose appears to have been recently replaced.

I do not believe this would be our suspect vehicle. MJBushman  /bjc

11/11/99 1100hrs Off. Colborn attempted contact. Monka owns Mtwc Improvements Marshall Street and lives upstairs. Unable to locate him or vehicle. Tried to locate on the job sight N.10th Street, Mtwc but was called off to a DVO complaint.

11/14/99 2130hrs Off, was advised to enter the glass door on the North side of the building and climb stairs to the apartment. Contact was made with Todd Monka. He stated he did own the white van in question, purchasing it this past summer. The van was not at the business at this time it was with an employee Kirk Hershberger in Two Rivers. Permission obtained to take a look at the vehicle. Monka claimed the damage was on the vehicle when he bought it. Address obtained from dispatch. Vehicle with registration CC91075 parked at 23rd St., Two Rivers. The entire front end had struck something some time ago. The grille was gone with parts of both headlight doors also missing. The grille was replaced with a large piece of expanded rusty metal painted over with silver paint. The frame work behind the grille was pushed in and the bumper top bowed over in the center. I could not tell if the radiator was replaced. The fan shroud was in place and not broken. The top attachment grille fastener (plastic) is broke off and still in place. That is the same attachment piece missing from the suspect vehicle parts found on scene. I would like to retrieve that pc. with the owners permission and see if it matches. (Top brachet of grille passenger side) held in place by a small screw. Tires not a direct match but probably the same size as suspect vehicle and this vehicle two wheel drive. Hood does not fit right and damage noted near both hinges on each side, may have been a replace.

May be a logical explanation for the damage, old owner needs to be tracked down and asked. M.J. Bushman

11/15/99 @ 0823 Hrs.: I, Deputy E. Glaeser, made telephone contact with TODD MONKA reference this vehicle. MONKA told me he would make an attempt to locate the name of the previous owner of the Chevy van but at this point, he did not believe he had that information available to him.

MONKA was informed of the request made by Lt. M. Bushman to check the

with KIRK HERSHBERGER who is presently operating the vehicle as a representative for MANITOWOC HOME IMPROVEMENT. MONKA told me, however, HERSHBERGER was working on a priority job north of Bonduel and may be outside the Manitowoc area for the better part of today's date. MONKA did, however, give MTSO permission to remove the suspect grill pieces as needed in this investigation. He was further informed, if there were any pieces removed from the grill, HERSHBERGER would be given a receipt for those items. I verified HERSHBERGER'S address in Two Rivers with MONKA.

I further asked him if he had any information in regard to who the former owner may have been. MONKA told me his company was doing a construction/remodeling job on CTH E, east of Stockbridge, this summer when they purchased the Chevy van from a private party. The only information MONKA could provide on that party was that this particular residence is approximately 0.5 mile east of [REDACTED] CTH E, east of Stockbridge. MONKA told me the residence could be described as having a long driveway and a house and barn with the yard area being overgrown and in need of repair. MONKA told me he could remember when he purchased the vehicle from this party, they told him the van used to belong to his father, but they offered no explanation for the damages.

MONKA told me he would attempt to contact one of his maintenance workers and that there was a possibility that he may have the owner information in his records from that particular job.

11/15/99 @ 0836 Hrs.: I, Deputy Glaeser, made contact with CASO Capt. Paul Rusch reference this incident. He was asked if he could offer assistance in making a determination on the identity of a party described by MONKA as being the one sold who sold him this vehicle. Capt. Rusch was very cooperative. He told me he would send one of his patrolmen out to this particular area and make a determination on the identity of the parties who live there.

11/15/99 @ 0920 Hrs.: I received a call back from Capt. Rusch. He provided information to me on the resident of the property in question.

11/15/99 @ 0921 Hrs.: Capt. Rusch told me the residence had been checked. It was CASO's belief that the property was occupied by DALE VANDERBLOOMEN, address was [REDACTED] CTH E, phone was [REDACTED]. According to CASO records, VANDERBLOOMEN moved in this residence somewhere after 12/01/97 and he was presently residing at this residence. Capt. Rusch also relayed police contacts with VANDERBLOOMEN have been very limited.

11/15/99 @ 1125 Hrs.: I attempted telephone contact with VANDERBLOOMEN reference this incident. I was only able to reach his answering machine. A message was left for VANDERBLOOMEN to contact me at MTSO.

11/15/99 @ 1135 Hrs.: I again attempted contact with MONKA reference confirmation from his maintenance man on the identity of the vehicle owner. I was informed MONKA was currently in a business meeting. A message was left for MONKA to call me at MTSO.

O HERMSEN LLOYD Kimberly [REDACTED]--OR--[REDACTED]
O KLARNER NORMAN J [REDACTED] [REDACTED] Peters Rd, Kaukauna [REDACTED]

11/15/99 @ 1805 Hrs.: I, Lt. M. Bushman, made contact with DALE VANDERBLOOMEN by phone. I questioned him about the white van. He stated he did sell it from his yard in the beginning of summer and then retrieved a card from the buyer which had a business of MANITOWOC HOME IMPROVEMENT. VANDERBLOOMEN stated he traded a hay bine to LLOYD HERMSEN in February 1999 for the van. The van had a cracked windshield, a home-made grill, and some damage to the headlight doors and bumper. He stated he never registered the vehicle and did not have it very long. It sat in his back yard. He eventually placed it in the front when it was sold.

11/15/99 @ 1815 Hrs.: Contact was made with LLOYD HERMSEN by phone in Kimberly. HERMSEN stated he bought this vehicle because the price was right and he only put approximately 300 miles on it. The bumper had been pushed in, and the grill was completely gone. HERMSEN stated he obtained a piece of expanded metal, painted it silver, and cut it to fit in place of the grill because the vehicle "looked like hell" without the grill in the front. He stated he purchased the grill from a retired gentleman by the name of NORMAN KLARNER of Kaukauna. He stated he obtained the vehicle from KLARNER in October 1998, he believes. The damage was already on the vehicle.

11/15/99 @ 1830 Hrs.: Contact was made with NORMAN KLARNER at his residence in Kaukauna. He stated he did own the white van and sold it to LLOYD HERMSEN. Sometime in either the fall or spring 1997, while there was snow and ice on the road, he was involved in an accident in Grand Chute at the intersection of USH 41 and College Ave. He stated he slid on the ice and rear-ended another car. There should be an accident report on file with Grand Chute PD. He stated he sold the vehicle with the damage to the bumper, cracked windshield, and grill completely gone to HERMSEN. He stated he observed this vehicle after it was sold. HERMSEN placed a piece of expanded metal in the grill work.

11/15/99 @ 1840 Hrs.: Contact was made with TODD MONKA from MANITOWOC HOME IMPROVEMENTS who is the current owner of the vehicle. He has been very cooperative with the investigation. He was thanked for his cooperation. I stated I would not be bothering him any time in the future as I found out where the damage took place.

This would not be the vehicle that we are interested in finding. MJBushman /bjc

11/29/99 @ 2105 Hrs.: I, Lt. M. Bushman, was contacted by Dispatch who had a caller on the line wishing to report a Crime Stopper on a possible suspect vehicle to the hit and run fatality. The phone call was forwarded to the Shift Commanders' Office, and I spoke with [REDACTED] from Kewaunee Co.

[REDACTED] stated he bought a vehicle from MOTOR SPORTS in mid-February with the passenger side grill damaged. He just saw the incident on the fatal on TV and would like to have an officer check his vehicle. He stated his vehicle is currently painted black; however, it was brown at one time. He did not know who the prior owner was as the vehicle was on consignment to MOTOR SPORTS in Green Bay. The passenger side door (slider) has had some bondo mix on it as it is currently causing the paint to chip. He also stated the right/passenger headlight assembly is broken with some pieces missing. He is unaware of whether the vehicle had been repaired prior to him purchasing the vehicle.

Arrangements were made for me to look at the vehicle which would be parked outside in the settlement of Norman in Kewaunee Co. Directions were given to his residence which is on the SW corner of CTH G in Norman.

11/30/99 @ 0030 Hrs.: I observed the black Chevrolet van with RP UKA908 listing on a 1983 Chevrolet truck to [REDACTED]. There was some minor damage to the headlight assembly on the passenger side. The grill, bumper, and hood did not appear to have been replaced.

I had access to the vehicle and popped the hood. There was no indication behind the exterior grill that the wall holding the radiator had been damaged. All the parts underneath the vehicle and inside the hood area appeared to be original as the rust was consistent throughout all parts attached to the front end. It did not appear any of the parts had been changed, and all showed an equal amount of wear. None of the screw or bolt heads under the vehicle or under the hood appeared to have been turned recently.

I do not believe this is our suspect vehicle. MJBushman /bjc

11/02/99 2130rhrs Contact made by phone with Marinette Co. SO and request to have Officer swing by Marv's made and while there call MTSO so specifics on damage can be relayed. Request was forwarded to Crivitz Officer. M.J. Bushman

11/02/99 @ 2215 Hrs.: I, Lt. M. Bushman, received a phone call back from Officer Brian Witt of Crivitz PD. He located the Chevrolet Suburban at MARV'S AUTO SALES in Crivitz and was calling for further details. There is no RP on the vehicle, but the VIN was [REDACTED] which lists on a 1986 Chevrolet truck to CLINE DENTAL LABORATORY INC. from Waukesha. A 10-28 is attached to this complaint.

Officer Witt looked the vehicle over very closely. There is no damage other than on the passenger side mirror which has the glass broken out. The 1986 Chevrolet Suburban is 2-tone colored black and silver with running boards on the side and a bug shield. It has 2 square headlights in the front, one underneath the other. When he looked for damage underneath, he noted all the grill parts, radiator, fender, and hood looked to be original as there was old rust and the grill was quite brittle. It does not appear as though this vehicle had been fixed in the recent past and has no damage consistent to that in the hit and run accident.

This would not be our suspect vehicle. MJBushman /bjc

11/02/99 2135hrs Contact attempted by phone, answering machine message was left with my hours and request for a call back later this evening or 11/03/99. M.J. Bushman

11/02/99 @ 2245 Hrs.: The complainant, [REDACTED], called me, Lt. M. Bushman, back in response to the message left on his answering machine. [REDACTED] stated he again saw the vehicle in Clintonville today at FLEET FARM. He did not get an RP on the vehicle. He does believe this vehicle is a local resident of Clintonville and possibly lives on the high school side of town.

The vehicle was described as a 4-door Suburban, gray and tan in color. The vehicle's grill has damage to the center and corners with some pieces missing. The bumper also has damage with a dent in front of the driver side. It has square headlamps, and it appears as though the headlamps are all very new. The driver of the vehicle is estimated to be 40 years old with a beard, medium build, beer belly, and receding hairline. [REDACTED] stated this is the second time he saw this vehicle in a week and he will keep watching for it. Hopefully, he will be able to obtain an RP.

11/03/99 @ 0158 Hrs.: Contact was made by phone with Clintonville PD Dispatch, first name KAREN. She was advised of this complaint and given a description of the driver and vehicle. It was requested that Clintonville PD take a look at both the driver and vehicle and see if this fits any residents in the village and to keep an eye out for this vehicle traveling in their jurisdiction. Per her request, I did fax her a copy of a cover sheet I made up earlier with a description of the accident, the vehicle, and the type of damage we would be looking for, their fax [REDACTED].

Awaiting response. MJBushman /bjc

Manitowoc County SO is investigating a Fatal Hit & Run Accident from 01/10/99 0225hrs on: CIH CR South of the City of Manitowoc. CIH CR is roadbed from the Old 141 highway and is currently a frontage road for I-43. Suspect vehicle struck a 17 year old young man walking South on the West shoulder. Victim was then dragged 300 Ft. down the roadway and left to die. Victim was 6'1 210 pounds.

Suspect vehicle is a 1985-1987 (some very early 1988) Chevrolet Pickup, Suburban, K-5 (full size) Blazer or 1989-1991 Chev van. Damage will be extensive to the grill some hood and possibly bumper. There were parts from the engine fan shroud at the scene indicating the radiator support wall was pushed backward turning the shroud into the fan. The radiator did not leak. Damage concentration would be just to the left of center (if facing vehicle front) between the Chevrolet emblem and passenger side headlamp. No glass or lens material found at scene. There may be windshield damage. Vehicle is a low line Chev product, like a Custom Deluxe or Scotsdale version, single rectangular semi round headlamp at each side of grill. Vehicle should be standard height, no lift kit, tires 7/8 inch wide non aggressive thread, your basic Fleet Farm special.

Request your assistance in checking the above listed vehicle in your area, call MISO and speak with Lt. Michael J. Bushman for further detail. () M.J. Bushman

11/03/99 @ 0215 Hrs.: MTSO received a fax from Appleton PD on 11/02/99. The fax was a Crime Stoppers tip which was received on 10/29/99 at 1230 hours. The caller reported seeing an item on the news about a woman whose son was run over on the side of the road. The caller thinks this may have happened in Manitowoc Co. The caller reported seeing a vehicle of that description at DAN'S QUICK MART in Appleton on Friday. The caller was not sure if this was the right vehicle, but the grill was busted out at about the same position that he saw on TV. The RP was C over AD and then followed with 33-254. He stated it was a brown Silverado truck with a white ban half way down the door. The complaint is JERRY MILLS whose home number is () and work number is (). No other information was obtained from Appleton PD as far as DOB and address.

Dispatch was requested to try several variations of the RP--CA33254, CD33254, and AD33254. The only RP which came back currently issued is CD33254 on a 1975 Chevrolet truck which lists to ERIC HEIMERL.

Contact was made with Neenah PD Dispatch, and they were given the information about ERIC HEIMERL and the 1975 Chevy. They stated the vehicle would actually be located in the Town of Menasha and did forward the information to Menasha PD.

Approximately 15 minutes later, a Menasha PD officer did call me at MTSO. The vehicle was located at Tonya Trl, Neenah. It was described as "a piece of junk." It was brown and white in color. The front end had round headlights on each side. The grill had some minor pieces missing near the hood latch, and there was a white buff mark on the bumper. The RP was bent slightly. The officer viewed the rest of the front grill work and hood. He reported no damage anywhere else that would be consistent with the HOCHSTETLER incident, and it appears all of the parts, hood, grill, radiator, and bumper have not been replaced and would be aged similar to the rest of the vehicle.

There were numerous inconsistencies with the way the vehicle looks and would not be considered a suspect vehicle in the HOCHSTETLER accident. This complaint can be closed.

11/04/99 2322hrs. Call placed to Town of Menasha Police and I got Winebago County. They took information and passed on to have the vehicle checked sometime during the evening. MJB

11/04/99 @ 2340 Hrs.: I, Lt. M. Bushman, made contact with Menasha PD Officer Lingnoski who phoned MTSO. He stated he located a red GMC pickup truck with right front fender damage with the bumper, grill, and head lamps missing. The grill appears to have rounded corners with most of the bottom portion, silver grill, missing. The hood appeared to be in good shape. It also appeared as though the radiator had been replaced. Officer Lingnoski stated the damage did not appear to be very old. The vehicle had Sesquicentennial RP 28857T which lists to LAWRENCE VIGNALI on a 1982 GMC truck (the 10-28 is attached). Officer Lingnoski agreed to make contact at the residence and inquire as to when and where the damage occurred. He stated he will forward a report to MTSO.

The vehicle is a GMC. The way the grill description sounded, this is not a match. It is a 4-headlight assembly opposed to a single lamp on each side that we are looking for; however, the bottom lamps have been destroyed. The rounded corners on the grill are also inconsistent with the pieces we have. MJBushman
/bjc

11/10/99 Report received in my file upon returning to work from days off. Off. Lingnoski's report is complete with contact made with owner of the vehicle, Lawrence W. Vignali. It does not appear to be the vehicle we are looking for, close out. M.J. Bushman

0	YINDRA	GARY	A	[REDACTED]	[REDACTED] S 11th St, Manitowoc	

11/02/99 @ 2210 Hrs.: I, Lt. M. Bushman, did a drive-by past the YINDRA residence at [REDACTED] S 11th St, Manitowoc. I observed the Chevrolet Blazer parked on the south side of the residence near the back of the house. It was blue and white in color and had an RP of RZK534, expiring 05/99. The RP comes back on a 1986 Chevrolet listing to GARY YINDRA. There was no light on in the residence.

The vehicle was in plain view from the street, and I did walk in the driveway and adjoining property to get a better view of the front of the vehicle. It was parked facing west, away from the street. I noted there was a snowplow attachment on the front of the rig and the grill, headlight assembly, and hood behind the plow attachment had no damage. The vehicle apparently must have broke down and was parked. It was noted by the grass growing tall above the tires and into the rims that the vehicle had been parked there for quite some time, at least the entire summer. It did not appear as though it had been used in the recent past. I also looked at the tires which were on the vehicle for an extended period of time noted by the rust on the rim nuts. It was noted the tread design was not similar to the vehicle in the HOCHSTETLER incident as these tires had aggressive thread and were extremely wide. The vehicle was parked in the back of the residence again because it had not been used for quite some time.

It was also noted there is a Chevrolet or GMC full-sized van which was parked immediately to the west of the Blazer. This is a custom design type of van, estimated to be around a 1980 model. It does have the double headlight configuration with no grill. It was also noted the radiator and engine had been removed from the van. Judging by the growth of various ground cover entangled in the frame and rims of the vehicle, this vehicle also has been parked for an extensive period of time. It is my opinion that it has been there for over a year.

I do not believe that either of these vehicles is the suspect vehicle in the HOCHSTETLER accident. This complaint can be closed. MJBushman /bjc

11/14/99 Vehicle in question was parked in the yard near the barn. Off. called prior to going to the residence. Owner was going to bed but told Officer to feel free to stop and check the truck. There was grille damage on the right or passenger side of the front end with a 10x12 inch pc. missing. Duct tape was secured in its place cut to conform with the rest of the grille. No other damage noted to radiator, hood, or bumper and all parts appeared to be original as their wear was consistent with the rest of the vehicle. Key grille pcs found at accident scene were not missing from this truck. Tires were also oversized and rusted tight. I did not suspect this to be the suspect vehicle.

0	BYRUM	100316	RICHARD	E	██████████ Marshall Ave, Cleveland	██████████

11/29/99 @ 2150 Hrs.: I, Lt. M. Bushman, upon returning to work, received a Crime Stopper report from an anonymous source who stated RICHARD BYRUM owns a Chevrolet van that matches the van shown on Channel 11 News. The caller stated he has never seen any damage on the van; however, BYRUM owns a body shop in Cleveland and is known to drive CTH CR from Manitowoc to Cleveland. The caller stated BYRUM was not seen for a while after the accident happened.

Contact was made by phone with BYRUM, and arrangements were made for me to meet with him at his residence within the hour.

BYRUM suspected I was coming to talk to him about his van as he had been stopped once before and questioned in the summer months when he drove his van into the City of Manitowoc. They questioned not any damage on the nose of the vehicle but the broken windshield. BYRUM stated he does not own nor does a close friend/relative own a body shop. He does, however, restore classic sports cars. He does not do any of the body work himself because he stated he was "lousy at it." The van in question is a 1985 Chevrolet with RP AK69257. He had one other van which was a 1980 GMC; however, that was sold over a year ago. That van was gray in color, and he only owned it a short time. BYRUM stated he had a lot of trouble with it, and he never drove it.

I viewed the blue van parked in the yard and noted the windshield was broken; however, BYRUM explained, a long, 14' board was obtained from Menard's and the yard attendant put the board into his van, running it ahead too far cracking the windshield.

BYRUM stated, during the time of the accident, he had been working at a project in January through August in the City of Sheboygan Falls. BYRUM also does restoration on old homes. The job site was a Sheboygan Falls residence that he was working on at that time of the year. BYRUM occasionally gets up to Manitowoc; however, he would be more likely to go to Sheboygan.

way through to look at it.

It should be noted the type of van which BYRUM has in his yard is not the type of vehicle we are looking for. It is Chevrolet van; however, the grill work is different from the one we are looking for, and it has double headlights on each side, not the single with running lights under them. I viewed the grill, hood, bumper, and inside shroud on the van quite extensively. There was no damage that would be consistent to that of the hit and run vehicle. None of the parts under the hood or bottom looking up appeared to be out of place. All seemed to have weathered the age of the vehicle together.

This would not be the suspect vehicle we are looking for. MJBushman *[Signature]* /bjc

12/02/99 @ 2100 Hrs.: Contact was attempted with the anonymous provider of this information; however, there was no answer on 2 separate attempts.

I, Lt. M. Bushman, attempted to look for ALLAN DEKKER in our in-house but met with little luck.

Contact was made with SBPD. They had 3 ALLAN DEKKER'S in their in-house. One party, ALLAN J. DEKKER, is 44 years old and has a Sheboygan listed. The second is ALAN E. DEKKER from Kiel who is 38 years old and closely resembles the description given by the anonymous caller.

One further attempt was made to contact the anonymous provider of information; however, there was no answer.

More follow-up required. MJBushman /bjc

12/06/99 @ 2230 Hrs.: I, Lt. M. Bushman, attempted contact with ALAN E. DEKKER at [redacted] 6th St. Kiel. There were no lights on and no sign of the 1987 Chevrolet which is registered to him.

12/07/99 @ 2140 Hrs.: I did a drive-by of [redacted] 6th St. Kiel, and noted a white Suburban parked in the yard which would fit the description of the vehicle in this Crime Stopper complaint. I noted there was light in the upstairs apartment which is [redacted] 6th St.

Contact was made with Sgt. Gaedtke of Kiel PD to advise him that I would be in his City on some follow-up. He accompanied me to [redacted] 6th St.

Contact was made with ALAN E. DEKKER. ALAN was informed of the nature of this complaint, being a Crime Stopper, and that he allegedly had a vehicle matching this description. ALAN stated, at the time of the incident, he was still living in the City of Sheboygan at [redacted] N 6th St. He stated the only vehicle that fit the description that officers were looking for

damage to the vehicle other than a small dent on the right rear quarter. He stated he has owned the vehicle for approximately 10 years. The vehicle had been painted at least 3 times. The last painting was approximately 3 years ago.

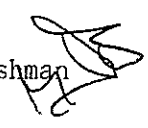

There had been damage to the front end at one point in time, estimated to be approximately 8 years ago. The front core support (radiator support), right front fender, and headlight assemblies had to be replaced as his wife struck a concrete support in Sheboygan. An accident report was not made out at that time.

DEKKER stated he seldom gets to Manitowoc; however, he had been there over the Thanksgiving weekend. He has a friend living in Two Rivers who he occasionally visits. He does not recall being in Manitowoc Co. in the month of January. He stated he is a drinker; however, he seldom stays as the last individual in the bar. A request was made for me to take a closer look at the vehicle. ALAN offered to accompany me to the driveway.

The vehicle in question is a 1987 Chevrolet Suburban with personalized RP BOARDS. I matched the VIN to the 10-28 and then took several notes about the vehicle. This vehicle is white with brown trim across the bottom and is a 2-wheel drive vehicle. It does have very large truck-type tires on the front and back. These would not be a match with the HOCHSTETLER incident. I looked the front end over fairly good but did not notice any recent repair done to the vehicle. The hood did not appear to be damaged, and the paint did match the rest of the vehicle. The grill appeared to be weathered for an extensive period of time and did fit properly in the front end.

I also noted a series of rusted snaps starting on the metal trim on the top of the grill, going through the grill with snaps attached to the grill, consistent in rust and snaps to the lower end. When questioned about the snaps, ALAN stated, several years ago, he applied a leather cover over the radiator for winter months. The cover was actually taken from a van of the same make (Chevrolet) and applied to his vehicle. I questioned if he still had the cover, and he said yes and went to the back of the vehicle to retrieve it. I asked him if he would put the leather cover over the grill, and he complied. The snaps did match up with those that were on the cover. It was my impression that these snaps had been placed in the grill and trim piece several years ago when the grill that is currently in the vehicle probably was there for an extensive period of time.

ALAN was very cooperative, and I thanked him for his assistance. He stated he did not have any other vehicles, nor had he had any other vehicles matching the description I gave him in the last 20 years.

In my opinion, this is not the vehicle we are looking for. MJBushman  /bjc

12/03/99 @ 0300 Hrs.: I, Lt. M. Bushman, checked the Suburban which has a repaired front end and left door that is not licensed on the NW side of a building on CTH R, one block north of Goodwin, west side. The vehicle has current RP of TWR956 which comes back on a 1984 Plymouth. This is obviously a Suburban, and the VIN was checked. The VIN was [redacted] comes back on a 1986 Chevrolet truck to JOSHUA ZABE. At first glance, I noted this was a Silverado addition Suburban in quite poor condition. I noted, however, the grill, left front fender, and driver door had been replaced. The tires are too wide on this vehicle and not consistent with the design that was found at the scene. There was a push bar in the center of the bottom, and the bumper directly under the push bar and the deflector are both bent. It appear as though the grill was replaced. I then noted the hood was ajar and lifted it. The fan shroud on the bottom edge of the van also had black pieces missing. The hood, just to the passenger side of the Chevrolet emblem above the headlights, was also dented.

Basically, there are a lot of inconsistencies with this vehicle and the suspect vehicle; however, the fan shroud makes me uneasy. This is the first vehicle I have seen with this type of damage, and this would be consistent with the HOCHSTETLER accident. Also, the fact that there is a push bar on the front may have prevented extreme damage to the radiator and radiator wall. Therefore, before I discount this vehicle completely, I would like to borrow the black fan shroud pieces from evidence and go back out to see if there is any match on the edges.

More follow-up required. MJBushman *MJB* /bjc
12/06/99 1410hrs DI Tisler and I went to evidence to collect the bag of parts so I could attempt to match. The evidence had been sent to FBI Lab for analysis and is not available at this time. M.J.Bushman *MJB*

12/03/99 @ 1408 Hrs.: I, Deputy A. Colborn, was notified by MTSO Dispatch that they had received a teletype from KWSO stating they had a possible suspect vehicle for incident S99-00242 in their possession. Preliminary information received from KWSO was that the owner of the vehicle is currently incarcerated in their Jail for burglaries and felon in possession of firearm. Apparently, the vehicle operated by the suspect had been impounded by KWSO.

12/03/99 @ 1442 Hrs.: I responded to KWSO where I made contact with Investigator David Cornelius and Det. Russell Rodrian (see their attached business cards). They informed me the owner of the vehicle, RODNEY MICHALETZ, was currently incarcerated in their facility for having committed numerous burglaries. Also, MICHALETZ, a convicted felon, was found to be in possession of a firearm (see attached Bench Warrant).

I observed, parked in the KWSO Garage, a blue Chevrolet pickup truck bearing WI RP AM47829. In checking this RP through WI DOT, it was found this RP is assigned to a 1979 Chevrolet pickup and belonged to GRACE R. MICHALETZ with the same address as RODNEY MICHALETZ. A check of the vehicle VIN against the RP revealed the RP was on the correct vehicle.

I observed this vehicle to appear to have had the hood replaced, the radiator replaced, the engine replaced, and both headlamp bezzles missing. I observed the grill appears to have been replaced as well as both front fenders. They either appeared to be repainted or replaced. I noted the fan shroud was missing. I noted the front bumper had been replaced with a front bumper that appeared to belong on a passenger car as opposed to a Chevrolet pickup truck. I observed the vehicle was of a custom deluxe model. I observed the front tires to be made by Duralon Corp. and to be the radial 5+ model number, size P215/70R15. These tires are sold by Fleet Farm and appear to be a close match to the tires which were on the suspect vehicle for incident S99-00242. I observed the rear tires were of different makes. The left rear tire was a General Grabber AP, size 265/75R15. The right rear tire was a Goodyear Tracker A-T, size 9-5LT.

In speaking with Investigator Cornelius and Det. Rodrian, they informed me MICHALETZ lives next door to THOMAS MILLER who has 222222 to 222222.

REPORT CONTINUED:

MICHALETZ has been replacing the front end parts on his pickup truck and apparently made the comment to MILLER, something to the effect, "If anyone finds out about this, I'll kill you." It should further be noted the front radiator support on the Chevrolet pickup truck appeared to have been repainted or replaced as I could see that it was black on the top, but the black paint was flaking off and light blue underneath.

I, Deputy Colborn, took 3 Polaroid photos of the vehicle (see attached).

I was informed by Investigator Cornelius and Det. Rodrian that MICHALETZ stated he would be willing to speak with law enforcement reference the burglaries he committed but wished to have his attorney present. I was informed MICHALETZ'S attorney would not be available until Monday, 12/06/99.

I was also given a list of the items recovered in a Search Warrant conducted of the MICHALETZ residence. I noticed numerous construction-type tools among other items recovered. It should be noted MTSO is currently investigating S99-06940 which involved the theft of a trailer full of construction/roofing tools from a residence located at [REDACTED] CTH Q (see attached copy of S99-06940).

I observed a Polaroid photograph of MICHALETZ. Attached to S99-06940 was a forensic artist sketch of the suspect for the theft. This individual and MICHALETZ have a very close resemblance.

I then advised MTSO Dispatch to notify a Detective so I could brief him on the results of my investigation thus far. Also, Investigator Cornelius and Det. Rodrian did request that our Detective Division review recent burglaries as MICHALETZ works at WISCONSIN ALUMINUM FOUNDRY in the City of Manitowoc. Investigator Cornelius and Det. Rodrian informed me they believe MICHALETZ has committed numerous burglaries recently in the Manitowoc Co., Kewaunee Co. and Door Co. areas (see attached copy of items recovered from the Search Warrant of the MICHALETZ residence).

I returned to MTSO where I made contact with C.I. Kusche. I informed him of the results of my investigation thus far. It should be noted C.I. Kusche stated he would be speaking with Det. Michel reference this incident. I informed C.I. Kusche that MICHALETZ would be available for interview on 12/06/99.

No further action taken at this time. Upon completion of typing, a copy of this incident and all attached materials and photos should be forwarded to Det. Michel and incident commander for S99-00242, Lt. M. Bushman. ALColborn *ajc* /bjc

12/06/99: Made a copy of this report and attached paperwork for Det. Michel (put in the Detective bin in Administration) and Lt. M. Bushman (put in his drawer in Patrol) per Deputy Colborn. BJChristianson *bjc*

12/03/99: Having received information from Deputy Colborn, I (Det. Michel) immediately went to Kewaunee for follow-up on this incident.

REPORT CONTINUED:

I, Det. Michel, first attempted contact at the MILLER residence which was next door to the MICHALETZ residence. THOMAS MILLER, the person I wanted to see, was not home. I left my card with the request that he contact me upon his return.

I then went to the MICHALETZ residence where I met with GRACE MICHALETZ. I informed GRACE that my contact today was only in regard to their Chevrolet truck. GRACE told me they purchased the truck in Green Bay in approximately February 1998. They needed to make a few repairs (a pressure plate and bearing) in order to use it. She said they used it some in 1998 but found the engine was bad. As far as GRACE could recall, they parked the truck in the fall of 1998. RODNEY MICHALETZ since then acquired a new engine from THOMAS MILLER as well as other parts such as a radiator and gas tank. The vehicle was running again by the summer of 1999. GRACE recalled licensing the truck for the road on 07/30/99. GRACE recalled the date as the same date she renewed her DL.

In covering some of the information with GRACE, she again stated the truck had been parked last winter and had been parked for almost a year. To her knowledge, they have never driven the vehicle during the winter or in snow. GRACE did not recall the vehicle had ever been wrecked. She stated she knew about the front bumper of the vehicle--that the bumper had been black and RODNEY wanted a chrome bumper and traded for the bumper which is now on the truck. During the conversation, she described RODNEY as not having many friends. She indicated RODNEY has quit drinking; however, she has learned via the Search Warrant that he apparently has taken up the use of THC.

I later received a page from THOMAS MILLER and was able to make contact with him. MILLER verified that he had given the motor to RODNEY to install in his Chevrolet truck and that he had done so as part of a trade for a junked car. MILLER stated the old motor was shot, the radiator leaked, and they recently fixed the starter. MILLER mentioned he was present with GRACE and RODNEY when they purchased the truck at THREE QUARTER MOTORS in Green Bay. He stated the truck had been purchased for \$350 and that RODNEY had to make payments on the vehicle. I asked MILLER if he knew how long the vehicle had been parked after it had been purchased by RODNEY. MILLER stated he knew RODNEY used the truck to move during the summer of 1998; however, the motor was bad at that time. MILLER could not be certain how long the truck had been parked; however, he stated, they did not put the new motor in the truck until this summer (summer of 1999). He stated this was when the truck first was placed back onto the roadway.

I then questioned MILLER about the replacement of the radiator in the vehicle. MILLER stated there had been 3 radiators through the vehicle already since it was purchased, adding all 3 radiators were junk. MILLER stated, eventually, RODNEY allowed him to order a new radiator rather than attempting to replace it with another junk one. This radiator now worked.

I next questioned him about damage to the vehicle. MILLER stated the body to the vehicle looks the same as when RODNEY purchased it in Green Bay. He also stated the vehicle still has the same grill as when it had been purchased. MILLER stated there was a dent in the quarter panel, one in the door, and one in the bumper--all of which were in the vehicle

previous to it being purchased. When questioned directly about the grill and windshield, he stated neither of the 2 to his knowledge had ever been broke. Also, MILLER stated the hood had never been replaced on this vehicle.

It was noted the information received from MILLER did verify initial information received from GRACE. These 2 do seem to be in agreement that the truck was being repaired due to mechanical defect and during the time frame of the vehicular homicide in question that this particular vehicle was parked.

Investigation into the burglary and/or theft aspect was not conducted today as Det. Rodrian requested to first interview RODNEY and also advised that RODNEY requested representation by an attorney. JMMichel /bjc

Complainant contacted me at home advising that she had information that might identify the driver of the hit and run vehicle that struck and killed RICK HOCHSTETLER on 1/10/99.

Complainant states that the alleged suspect vehicle was recently sold to [REDACTED] of [REDACTED]. The vehicle in question is an older model Chevrolet Truck that has recently been repainted and possibly had front end work done on it. Reportedly there was damage to the hood and front bumper.

The person who would have owned this vehicle at the time of the hit and run would be MATTHEW M KOUBA, DOB [REDACTED]. MTSO Records indicate MATTHEW lives at [REDACTED] South 20th Street, Manitowoc and has a phone number of [REDACTED].

Another Crimestopper report shows that MATTHEW was also called in as a suspect in a bomb threat investigation at Mirro on 05/24/99. He was a suspect in that investigation because of recently having his employment with that company terminated. Information in that Crimestopper indicated he drove an older model red and cream color Chevy pickup truck.

12/05/99: I, Deputy Jost, made contact with [REDACTED] at his residence on [REDACTED] ref. to a possible suspect vehicle in the RICK HOCHSTETLER hit-and-run. Info. was given to me by Deputy Glaeser, who in turn was given the info. by Sheriff Kocourek.

Upon making contact with [REDACTED] at 1435 hrs., I observed a red and tan colored Chevy pickup truck parked in the driveway. This truck had WI RP BL37309 registering to [REDACTED]. Upon inspecting the front area of the truck, I did not observe any substantial damage to the grill/hood/fanshroud or windshield of the vehicle. [REDACTED] told me that the previous owner, MATTHEW KOUBA, apparently had the radiator changed out last year sometime. [REDACTED] told me that he has not had any work done to it since he purchased the vehicle in Aug. 1999.

There was some minor damage to the grill; however, nothing that coincided with the damage

we are expecting on our suspect vehicle.

The grill and other parts of the front of the vehicle appear to be the original parts.

12/10/99 @ 1255 hrs.: I made phone contact with MICHAEL J. KOUBA, this being MATTHEW's father. I informed MICHAEL why I was calling, and MICHAEL told me that MATTHEW had a lot of problems with the vehicle after he purchased it. MICHAEL told me that he had been stopped numerous times in early 1999 by officers for different equipment violations and other incidents.

In speaking with MICHAEL, he advised that MATTHEW did not do any substantial work to the vehicle other than having the radiator and some other electronic parts replaced early in 1999.

I was able to make phone contact with MATTHEW, and he told me that he did in fact have the radiator and he believed it was the starter replaced in January of 1999. MATTHEW thought that the truck was in the shop over the weekend of the hit-and-run; however, he later informed me, on 12/14/99, that the truck had been at the repair shop around the 21st of January. At that time Jay's Super Service took care of the repairs.

Based on all the info. gathered on this incident and the fact that there was no significant damage to the vehicle and the parts appearing to be original, no further follow-up will need to be done on this incident. JJost *Jost* /jml

12/06/99: I, Deputy Jost, received info. from State Patrol Officer Verbruggen from District 3 State Patrol. He informed me that he had received a second phone call from the anonymous informant regarding our hit-and-run vehicle with a correct RP number. The first RP number given was LKU935; however, the anonymous party now indicated it was LKU955, as she saw the vehicle again. This plates came back to 1992 Chevy truck, registering to a JAMES SIMON out of Green Bay. Prior to having anybody from Green Bay Police Dept. check on the vehicle, I contacted the anonymous complainant again and questioned her whether or not this vehicle was the full-size Chevy blazer, or the S10/mid-size Chevy blazer. She informed me that she remembers it was a 4 door and that it was a late 80s early 90s model, gray in color.

I questioned her if it would have been the same size as a Yukon or Tahoe, and she told me that it was not, that it would have been the mid-size model, and the example being used was a Ford Explorer size model. The anonymous complainant told me that would have been the style vehicle she saw.

Based on this info., I do not feel this vehicle needs to be inspected any further.

12/01/99 @ 1813 Hrs.: I, Deputy Jost, made phone contact with [redacted] reference a Crime Stopper complaint on the fatal hit and run of RICK HOCHSTETLER. In speaking with [redacted] he told me he had his wife send an E-mail message to several depts. in our area reference information on the hit and run. I originally received this information from MTPD Lt. B. Anderson. She gave me the phone number where I could contact [redacted]

[redacted] informed he was somewhat suspicious about [redacted] death/suicide. He identified [redacted] as RALEIGH (aka DAVE) LYND. [redacted] told me RALEIGH committed suicide on 06/14/99, Flag Day. According to [redacted] he last spoke with RALEIGH approximately 2 years ago; however, he was aware he had some physical problems that were going to need surgery to repair. The surgery needed was apparently to his knees and also the fact that he had an aneurysm on his aorta. According to [redacted] RALEIGH reportedly shot himself due to the physical problems he was having. [redacted] told me he did not believe this was the case and stated he believes [redacted] killed himself for something more serious than just the physical problems.

[redacted] went on to tell me a friend of RALEIGH'S, first name of TOM, apparently had been in the hospital and was on life support sometime in the past. According to [redacted] TOM apparently asked RALEIGH to bring a gun to the hospital as TOM did not want to suffer like he was any more. [redacted] stated RALEIGH made the comment at one time that he wishes he would have brought the gun to TOM so that he would not have suffered. RALEIGH also made the comment that he would never suffer like that.

I questioned [redacted] regarding the possibility that RALEIGH might have been involved in this particular accident. [redacted] told me RALEIGH had apparently owned a business and sold the business. The business was apparently that he was to pick up old 5-gallon buckets and then resell them to people. [redacted] went on to advise that RALEIGH owned a Chevrolet Suburban, and this is what made him suspicious about the whole incident. [redacted] indicated he is not for certain whether or not they owned the Suburban at the time of the 10-50; however, he wished for us to check into it. [redacted] stated to me several times that he just did not believe RALEIGH would kill himself just because of his own physical problems.

INCIDENT: _____

REPORT CONTINUED:

I, Deputy Jost, questioned [REDACTED] further as to why he believed this might have happened. [REDACTED] told me RALEIGH would apparently drive to Manitowoc on occasion to an unknown business to pick up these buckets. [REDACTED] stated he has no idea whether or not RALEIGH would have been in the Manitowoc area on the date of the accident; however, he felt it needed to be checked into.

[REDACTED] made the comment that one of RALEIGH'S daughters had apparently been killed in a car accident. [REDACTED] felt if RALEIGH would have been involved in this hit and run, this would have been something of a serious enough nature that RALEIGH would have killed himself.

[REDACTED] also felt it was odd that RALEIGH gave his golf cart away to a subject who just repaired it. [REDACTED] stated RALEIGH was an avid golfer, and he felt this was odd that he would just give it away.

According to [REDACTED], RALEIGH had prior knee surgery, and he was scheduled to have knee surgery again in June. [REDACTED] also made the statement that he felt RALEIGH may have been involved as he was a very poor driver. [REDACTED] brought up his poor driving to RALEIGH several times.

12/11/99 @ 1300 Hrs.: Based on all the information [REDACTED] gave me and the fact that he told me I could contact RALEIGH'S wife, RUTH LYND, I made contact with her on this date and time. I spoke with RUTH and questioned her specifically about the vehicles they had previously owned. Several 10-28s/DOT checks are attached to this report reference the vehicles they own. I specifically questioned RUTH about a 1993 truck that they owned. She told me she sold this vehicle at the end of June, beginning of July after RALEIGH killed himself. RUTH told me this vehicle was an S10 model truck, so it does not appear that vehicle matches.

I questioned RUTH about the Suburban they previously owned. She told me I was probably referring to the 1977 truck that they had owned. RUTH told me this was lighter green vehicle; however, they sold it 6 months prior to March 1998. RUTH specifically told me she believes it was around that time as they got a renewal bill from DOT after they sold the vehicle which indicated they needed to renew their registration as of March 1998; however, again, she told me they sold the vehicle approximately 6 months prior to this. Apparently, the person they sold the vehicle did not transfer the RPs.

Based on the information I gathered from RUTH, I do not believe RALEIGH was involved in this 10-50 as the statements made by [REDACTED] indicated RALEIGH had probably committed suicide because of his own physical problems. This information was not brought up with RUTH as the vehicle descriptions did not match the vehicles we are currently looking for. Not only did the vehicles not match the description, but they sold the vehicles prior to this. That information coincided with the 10-28s I ran.

I do not believe any further follow-up needs to be done reference this Crime Stopper.

O WOUTERS ANTHONY P [REDACTED] [REDACTED] Dousman St, Green Bay [REDACTED]

12/13/99 @ 1955 Hrs.: I, Deputy Jost, received a phone call from ANTHONY WOUTERS reference the message I left on his answering machine. WOUTERS told me he checked with the service man who used to work on RALEIGH and RUTH LYND'S truck and found the service man believes the Suburban they used to own was a 1979 model. WOUTERS also told me he knows that RALEIGH and RUTH also own a Ford Ranger pickup truck and a Chevy S10 pickup truck.

Based on all the information gathered on this report, I believe this report can be closed as it does not appear to be related to the fatal hit and run. JMJost /bjc

12/08/99 @ 1331 Hrs.: I, Deputy A. Colborn, responded to APPLE MEDICAL CLINIC located at [REDACTED] Jay St, Manitowoc. Preliminary information received from MTSO Dispatch was that employees of APPLE MEDICAL CLINIC contacted them and informed them that they information regarding incident S99-00242.

Upon arrival, I made contact with JENNIFER JOHNSON who identified herself as an employee of APPLE MEDICAL CLINIC. I also made contact with 2 other employees who at this time wished to remain anonymous. I was informed by these employees that [REDACTED] is currently a patient who undergoes [REDACTED] at their clinic. I was informed by JOHNSON that last week, [REDACTED] who is normally a very joking and boisterous-type individual came into the clinic "down in the dumps." The employees stated [REDACTED] seemed unusually quiet and withdrawn. The employees stated they did not remember the exact date of this incident but stated it was shortly after my interview with CHANNEL 11 NEWS reference FBI involvement in the fatal hit and run involving RICK HOCHSTETLER.

One employee stated she asked [REDACTED] if he was having problems with his wife. [REDACTED] stated his problem was not a marital issue but that he was "in trouble." JOHNSON stated, later when [REDACTED] was [REDACTED], he made the comment he was "in big trouble." JOHNSON and the other 2 employees stated [REDACTED] made the comment, "My van fits the description of the one that hit that boy perfectly, but nobody's come out to check it."

The employees informed me [REDACTED] drives a light brown/tan-colored Chevrolet van but to date, no one has been able to check the front end or see the front end for damage. All employees stated [REDACTED] was not intoxicated when he made these comments. The employees stated they have never observed [REDACTED] to be intoxicated, but [REDACTED] does make comments that he frequents taverns in the local area. I was informed [REDACTED] resides in the Village of Valders behind SAM'S SUPPER CLUB.

I responded to Valders where I located [REDACTED]'S residence. Sitting in front of his residence, I observed a tan Chevrolet van bearing WI RP NEX750. It should be noted a check of this RP through WI DOT revealed it was assigned to a 1984 Chevrolet belonging to [REDACTED] and [REDACTED].

REPORT CONTINUED:

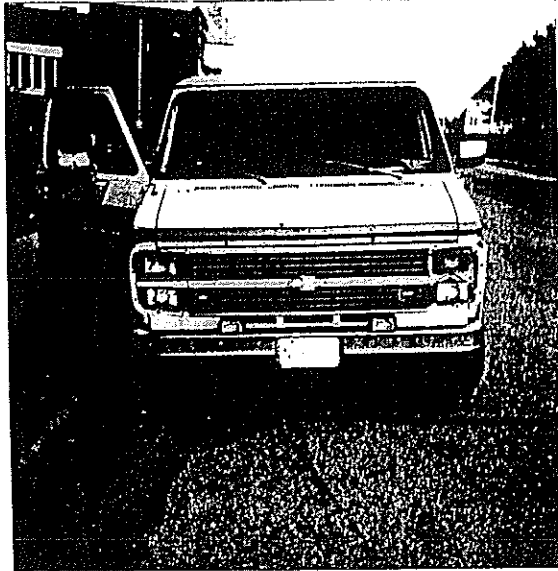

I, Deputy Colborn, made contact with [REDACTED]. I was informed this is the only Chevrolet van that he owns. I observed the vehicle RP did match the RP supplied to us by DOT. This showed the RP was on the correct vehicle. I observed one headlight bezel on the vehicle to be missing and the windshield to be cracked; however, I observed the hood was free of dents as well as the upper radiator support. I further observed the fan shroud was intact. I observed the front bumper did not appear to have been replaced and was also free of damage as was the main grill insert portion.

I took 3 Polaroid pictures of the van (see attached). I asked [REDACTED] where the vehicle was on the day incident S99-00242 occurred. [REDACTED] stated the van was in storage at Chilton at that time. [REDACTED] stated he just recently brought the vehicle out of storage to begin using it as a work vehicle.

At this time, this vehicle does not appear to be the suspect vehicle for incident S99-00242. A copy of this incident should be forwarded to Det. Michel and incident commander, Lt. M. Bushman, for their review.

No further action taken at this time. ALColborn /bjc

12/01/99 0100hrs Contact made by phone with Dispatch at Door County SO. They dispatch for Sturgeon Bay PD through the night. Suspects name is a Michael Mano, very well known to their area, they will attempt to find a accident report and forward to me. Phone and fax information left with them. M.J. Bushman

12/01/99 @ 0145 Hrs.: I, Lt. M. Bushman, received a phone call from Sgt. Gary Rabach from Sturgeon Bay PD. Sgt. Rabach is very familiar with MICHAEL MANNO. The incident which was referred to as taking place at COUNTRY KITCHEN in Sturgeon Bay was an incident that happened on 01/02/99. Apparently, MANNO was "booted" out of COUNTRY KITCHEN, and he went back to demand an apology as he identified himself as a police officer. Eventually, he drove his vehicle across the lawn and left the COUNTRY KITCHEN parking lot. The vehicle he was operating at the time was a black and medium blue Chevrolet Blazer. Sgt. Rabach referred to the vehicle as "winter junk." He could not recall if there was specific grill or hood damage but went on to describe the vehicle as raised quite high with exceptionally large tires. This would not be a match for the type of vehicle we are looking for.

Sgt. Rabach said MANNO would be a good suspect if we good place him in our area as that would be the type of incident he may be involved in. With the incident at COUNTRY KITCHEN, he was charged with Disorderly Conduct and Impersonating a Police Officer. He served his time in the Co. Jail starting in June 1999.

Sgt. Rabach stated, just to give me an idea on the type of individual we are dealing with, on 03/28/99, MANNO again became involved in an argument in a parking lot with an individual. He took his truck, pushed it up against the vehicle, and then pushed the vehicle around the parking lot several times. He left prior to police arriving; however, they located him within a relatively short...

The faxed copy of the description of the incident and some specific pieces of evidence on our hit and run were forwarded to Sgt. Rabach. He stated he would personally go and check the van out which is parked at MANNO'S residence outside overnight. If there is anything truly consistent with what we are looking for, he will call us back.

It sounds doubtful this would be the vehicle involved as Sgt. Rabach was talking to a second individual, attempting to get a full description of the vehicle. Because of the height of the vehicle and the type of tires which were definitely observed in a short period of time before the accident on the vehicle and shortly after the accident, finding they were consistent both times, it is doubtful MANNO is involved in this incident.

Sgt. Rabach decided to go and make one final check himself. If anything is out of place or appears as though it belongs to our hit and run, he will call me back. I do not anticipate him calling back.

A faxed copy of MANNO'S contact sheet from Sturgeon PD and his 10-27 are attached.

12-01-99 @ 0730 hrs.: I, Deputy E. Glaeser, acting on information received from Deputy Inspector Tisler, did contact Outagamie Co. SD, Sgt. Harris, in regards to this incident. Sgt. Harris indicated to me that through a process of several contacts and different agencies, he was requested to check on a veh. that was presently located in the Town of Nichols, WI. The veh. in question was a close match to our suspect hit & run veh. and it was in fact a 1979 Chevy Suburban Truck. Sgt. Harris indicated to me that he had one of his officers presently out with the veh. and he indicated to me that he would relay information in regards to the vehicle's condition and specifics about the condition of the veh.

10-28 that was run on the veh. which was WI RP# VCL320 indicated the owner would be a PETER J. STILTJES from Black Creek area. In speaking to Sgt. Harris of Outagamie Co., he was able to provide a phone # for STILTJES, but he indicated to me that presently STILTJES was not at home, but his officers would attempt to contact him at his place of employment. A short time later, I did receive a telephone call from MR. STILTJES and I requested him in regards to this veh. STILTJES indicated to me that he recently purchased the veh. from a BRIAN OPELT of Black Creek. STILTJES said that OPELT had apparently made the improvements to the veh., that being a paint job, and replacing front end parts on the veh. prior to selling it to STILTJES.

12-01-99 @ 0830 hrs.: I, Deputy E. Glaeser, was again contacted by Sgt. Harris of Outagamie Co. Sheriff's Dept. and he did indicate to me that he had personally contacted BRIAN OPELT in regards to this veh. and made a determination that OPELT had done the repairs to the veh. in question approx. 2 years prior to this date and Sgt. Harris reassured me that he made a verification of the repairs and the time line associated with those repairs. Due to the fact that the veh. was repaired in excess of a year prior to our

Manitowoc County SO is investigating a Fatal Hit & Run Accident from 01/10/99 0225hrs on CIH CR South of the City of Manitowoc. CIH CR is roadbed from the Old 141 highway and is currently a frontage road for I-43. Suspect vehicle struck a 17 year old young man walking South on the West shoulder. Victim was then dragged 300 Ft. down the roadway and left to die. Victim was 6'1 210 pounds.

Suspect vehicle is a 1985-1987 (some very early 1988) Chevrolet Pickup, Suburban, K-5 (full size) Blazer or 1989-1991 Chev van. Damage will be extensive to the grill some hood and possibly bumper. There were parts from the engine fan shroud at the scene indicating the radiator support wall was pushed backward turning the shroud into the fan. The radiator did not leak. Damage concentration would be just to the left of center (if facing vehicle front) between the Chevrolet emblem and passenger side headlamp. No glass or lense material found at scene. There may be windshield damage. Vehicle is a low line Chev product like a Custom Deluxe or Scotsdale version, single rectangular semi round headlamp at each side of grill. Vehicle should be standard height, no lift kit, tires 7 1/4 inch wide non aggressive thread, your basic Fleet Farm special.

Request your assistance in checking the above listed vehicle in your area, call MTSO and speak with Lt. Michael J. Bushman for further detail. [redacted] M.J. Bushman

12/01/99 Appleton can you make contact and determine how long owner had the vehicle? Does any of the above information match the damage or repaired area? Get a brief history of the vehicle, current and past owners for this year starting 01/01/99. Snap a picture if your unsure. I work 8PM to 4AM. M.J. Bushman

Officer Clement reporting:

On 12-01-99 at approximately 6:45AM, I Deputy Robert Clement #241, was given paperwork from Manitowoc County Sheriff's Department regarding a vehicle that was believed to be involved in a fatal hit and run on CTH CR in the County of Manitowoc on 01-10-99 at 2:25AM. The vehicle was described to be a 1985-1987 Chevrolet pickup, Suburban, K-S (full size) Blazer or 1989-1991 Chevrolet van with possible front end damage to the grill, bumper, and possibly the windshield. The suspect vehicle is believed to be owned by Peter J. Stiltjes, m/w, DOB: [REDACTED], with a possible address of [REDACTED] Muelemans Road, Black Creek, WI 54106, in the County of Outagamie.

Upon arrival to [REDACTED] Muelemans Road at 7:56Am, I spoke to Alan J. Stiltjes, m/w, DOB: [REDACTED], phone [REDACTED]. Alan stated to me that Peter, who is his brother, lives in the apartment behind the Dew Drop Inn, [REDACTED] Main Street, Nichols, WI 54152. Alan also stated to me that his brother Peter owns an older model Chevy Suburban which he has only owned for approximately one month. I then went to [REDACTED] Main Street in Village of Nichols to speak with Peter. Upon arrival at 8:18AM, I established that Peter wasn't home but the green Chevy Suburban was in the driveway. At this time, I called my supervisor S/Sgt. Herres #214, and informed him of the situation. The vehicle's license plate VCL320 matched the plate which was given to me by Manitowoc County. S/Sgt. Herres called Sgt. Pamerter #248 to take pictures of the Chevy Suburban.

The description of the 1979 Chevy Suburban is that it was previously white. It is now painted over to be green in color. The above vehicle has new tires, new bumpers, four round headlights, two of the headlights in front of the grill, rusty body, and a replacement grill. Upon looking at the engine, the fan shroud is in tack but could be new. The vehicle's VIN is [REDACTED].

Upon investigation it was found that the previous owner of the 1979 Chevy Suburban who Peter Stiltjes bought the listed vehicle from was Brian D. Opelt, m/w, DOB: [REDACTED], phone: [REDACTED], address of [REDACTED] Town Hall Road, Seymour, WI 54165. I tried to contact Mr. Opelt at home but was unsuccessful. However, S/Sgt. Herres contacted Mr. Opelt at work by telephone. Opelt stated the grill on the Suburban was replaced approximately 2 ½ years ago. S/Sgt. Herres confirmed this.

End of report.

O NIER WALTER R. [redacted] OREGON ST, GREEN BAY [redacted]

12/16/99 @ 1840 Hrs.: I, Lt. M. Bushman, made contact with WALTER NIER. He stated he just walked in the door and had not even taken off his coat. He seemed somewhat bothered about me stopping at his residence to talk to him about this complaint but was very cooperative on the phone. I told him I was investigating a hit and run accident and I received an anonymous Crime Stopper report from Green Bay on a vehicle that he may have owned. I then went through the list of previously owned vehicles provided by DOT.

I started with the 1981 Chevrolet truck listed. NIER had to search his memory. He stated it was a pickup truck, beige and brown in color, and he bought it from someone out of Forestville. The engine blew, and he sold it to a party in Green Bay.

The next vehicle was a 1979 Ford LTD which he said he sold approximately 4 years ago.

The 1989 Chevrolet which was listed is an extended cab truck, silver over burgundy with a burgundy cap. NIER stated it looks like the current, today's model. I took this to mean it was the current, rounded-nose body style. This would not be the type of vehicle we are looking for.

I asked if anyone else in his house has a Chevrolet truck, Blazer, Suburban, or van that he may occasionally use. He stated he is 67 years old, lives with his wife alone, and their children are in their 40s and have moved on. He said he has never owned a Chevy van, Blazer, or Suburban.

NIER again asked my name, dept., and phone number, having his wife write it down as if he was somewhat skeptical of who was calling. He said he used to get to Manitowoc as he played for the Manitowoc Chiefs and still gets invitations to special events. He stated he does not come to Manitowoc very often, especially for their parties, because he knows he would be drinking and then has to drive 32 miles home and would not want to be arrested.

I then brought up the Crime Stopper Interview Form from the anonymous party in Green Bay

CASE NUMBER: 599-09845 CLASSIFICATION: _____

INCIDENT: _____

DATE AND TIME: _____

REPORT CONTINUED:

specifically if he was involved in an accident on 01/02/99 in Green Bay, and he stated he was. He then changed the subject. I noted, on his DL record, he was convicted on 02/22/99 of OWS and on 08/02/99 for Failure to Stop for an Accident, both of these stemming from an incident on 01/02/99. I suspect he did not stop because he was suspended. When he got home, officers could not prove OWI as they made contact at a later time.

NIER also questioned the time of the accident and where it took place. He stated he works for the [REDACTED] approximately 12 hours a day and would keep his ears open if he has any further information. He advised me that I should feel free to call him at any time if there are any other questions.

I, Lt. Bushman, do not believe this is our suspect, although he was somewhat evasive with his answers; however, he does not have a vehicle that matches the description of the vehicle we are looking for. The Crime Stopper report stated NIER'S vehicle is possibly a match to the one we are looking for. NIER is a reported heavy drinker.

12/16/99 @ 1930 Hrs.: Contact was made with the anonymous complainant in this Crime Stopper. I advised him that I did some follow-up on it and just wanted to make sure the vehicle we were talking about is one in the same. I advised him the vehicle is a 1989 Chevrolet truck, silver and burgundy with a burgundy cap. I asked him if this was the vehicle he was calling in. The complainant stated this was definitely the vehicle he wished to report. I pointed out to him that particular vehicle did not fit the body style we were looking for and asked if there was any other vehicle that he might have been talking about. The complainant stated no, that was the vehicle, and he knows he was involved in an accident where he evaded police; therefore, he thought he would be a good suspect.

This is not the party we are looking for. MJBushman  /bjc

02/11/00 @ 0400 Hrs.: I, Deputy E. Glaeser, was assigned this complaint by Lt. O'Hearn. I was informed to complete follow-up on this Crime Stopper report and attempt to make contact with the owner of the suspect vehicle. In observing the 10-28 information of WI truck RP 620186, it indicated this belongs on a 1989 Chevy truck listing to JOHN LAMBERT of Mishicot. I will attempt to make contact with the owner of the vehicle.

02/11/00 @ 0700 Hrs.: I attempted contact at [REDACTED] Lambert Rd, Mishicot, but met with negative results. A message was left on the answering machine for LAMBERT in regard to this vehicle, and I requested he contact me at MTSO.

02/12/00 @ 0725 Hrs.: I was contacted by LAMBERT in regard to this incident. LAMBERT was informed that a Crime Stopper report had been received on his vehicle having front end damage. He indicated this was the case. LAMBERT stated his vehicle was a 1989 Chevy 3/4 ton pickup truck. He stated he had been involved in a car-deer accident in late 1999 in Manitowoc Co. LAMBERT told me the report should be on file with MTSO. He further relayed his vehicle does not meet the suspect profile of our hit and run vehicle as he relayed the grill on his pickup is chrome in color and his vehicle has double headlights.

Due to the fact I was the south beat car on today's date, I indicated to LAMBERT that his information would be checked in our in-house computer and that I would still have to make a personal check of the vehicle and I would do so on 02/13/00 in the early morning hours.

02/12/00 @ 0800 Hrs.: I got a confirmation from Dispatch that LAMBERT had reported a car-deer accident on 11/09/99 in direct accordance to the information that he relayed to me. A check of LAMBERT'S vehicle will be made by me on 02/13/00.

Pending further follow-up. EJGlaeser /bjc

O	Peroutka, Scott R.	S	R	5/18/	Tannery Rd, Mishicot	

02/15/00 @ 2245 Hrs.: I, Lt. M. Bushman, made contact with SCOTT PEROUTKA at [redacted] Tannery Rd, Mishicot. I read some of the information from the Crime Stopper complaint which was anonymous accusing PEROUTKA of possibly being involved with the RICK HOCHSTETLER incident. I questioned whether he had a mini-van may have been involved in an accident approximately a year ago. He immediately stated yes, he did. He stated the incident happened near ECK FOUNDRY, just north of the City of Manitowoc. Ruzek's Wrecker pulled him from the ditch, and MTPD should be aware of the incident as they were on the scene.

He then took me out to look at his 1988 Ford mini-van, brown in color, with WI RP TGW430. It was immediately noted that the Ford mini-van had nothing in common with the suspect vehicle we are looking for. MJBushman /bjc

03-11-00 @ 0840 hrs.: I, Deputy E Glaeser, spoke to [REDACTED] in regards to our hit & run investigation. [REDACTED] told me he is a student at the UW Milwaukee and he recently noticed one of our hit & run investigation signs posted at a car auction in the City of Fond du Lac. [REDACTED] told me that he has noticed a veh. that matches our suspect description parked on the upper story of a parking lot at Union Garage at UW Milwaukee campus. [REDACTED] described the veh. as a brown & tan Chevy 20 van and he also stated it displays WI RP# LPR845. [REDACTED] told me that he has noticed the veh. parked there several times in the early afternoon hours and when he noticed the right front damage to the grill area of the van and the damage to the right side of the van, he decided to call MTSO to report this veh.

When I asked [REDACTED] to describe the area of damage, he told me it would be to the upper right grill area and he stated it was approx. 6" by 8" wide. [REDACTED] also stated that the grill composition would be a flat silver in color and he described the head lamps as being square with a single head lamp on either side of the grill.

[REDACTED] also told me that he had never seen the operator of the van but he has seen it at the UW parking lot at least on 3 separate occasions.

I ran a 10-28 on RP# LPR845. It does indicate the registered owner to be a CHARLES CHERNEY of West Allis. The RP# would be for a 1985 Chevy Truck. Dispatch was able to locate a telephone # for MR. CHERNEY and attempt will be made to contact him regarding the damage to the veh.

03-11-00 @ 0924 hrs.: I, Deputy Glaeser, spoke to CHARLES CHERNEY in regards to this incident. CHERNEY told me that the veh. in question is actually registered to his father, CHARLES SR., but he did relay to me that the damage to the right front grill area was sustained to the van last year while CHARLES JR. was operating the veh. CHARLES told me that he struck a deer on his way home from a car show in Iola and he described the damage to the grill and the right side of the veh. consistent with what [REDACTED] reported to me. CHARLES CHERNEY did state to me; however, that the amount of damage to the grill area was very minimal and he stated in fact he still had the grill pieces, they never fell out of

REPORT CONTINUED:

the grill. CHERNEY said that most of the damage to the van is from when the deer struck the passenger's side door and directional turn signal area. I asked CHERNEY if the accident had been reported to any law enforcement agency and he told me that it was not, but that it was checked over by an insurance adjuster and his father was paid out a claim for the damage on the veh. CHERNEY did state that there were still hairs imbedded from the deer in the upper hood area and on the side door of the van.

When I asked CHERNEY to describe the area of damage on the grill, he stated to me that it was an area of about 2-4 square inches of grill that was broken, but he again reiterated that he still had those grill pieces.

Due to the fact that this particular damage area is inconsistent with our suspect veh., the CHERNEY veh. can be eliminated from suspicion and it should further be noted that the information on the veh. and on CHARLES CHERNEY was entered onto the FBI investigation program. No further action taken. EGlaser/ *ETG* klf

O	VETTER	14700	BARRY	J	[REDACTED] N 44th St, Manitowoc	[REDACTED]

12/27/00 @ 1345 Hrs.: I, Lt. M. Bushman, met with the complainant in the front office of the Administrative building. [REDACTED] stated he regularly travels on I-43 and he has seen a full-sized Blazer parked in a gully alongside I-43, east side of the road, between the Manitowoc River and CTH P. He stated he first saw it about a year ago and it bothers him each time he goes by, wondering if it perhaps was the hit & run vehicle as it was a box-type Chevrolet Blazer.

12/30/00 @ 2134 Hrs.: I easily located the gully by the description given to me by [REDACTED]. After a short walk, I was able to observe the Chevy parked at a distance in a group of trees. The vehicle had WI RP CBZ482, last registered 09/98, on a 1977 Chevrolet. The vehicle was registered to BARRY VETTER of [REDACTED] N 44th St, Manitowoc.

Upon close inspection, there was no damage noted to the front grill area, and the vehicle was not consistent with the exact type of vehicle we were looking for. The headlights were round, and the grill work was old and had been in the vehicle for quite some time; however, it was an aftermarket-type grill, not original. The tire design on the vehicle also did not match, and the vehicle appeared to be sitting at this current location for quite some time.

This would definitely not be the vehicle we are looking for reference the hit & run.

02-04-2000 @ 0938 hrs.: I, Deputy E. Glaeser, was given information from dispatch in regards to a suspect veh. matching the description of our hit & run profile. Dispatch informed me that Inspector Petersen requested we have an officer check a truck parked in the parking lot across from Late's in the old Richter Vinegar Co. property. Upon my arrival at that location, which would be [REDACTED] S. 9th St., City of Manitowoc, I did meet with the party who requested the check, MR. ROBERT VAN. VAN told me that he had recently purchased a 1986 Chevy 3/4 ton pickup truck and he wished that the veh. be checked over in regards to our hit & run inquiry.

In checking the veh., running the registration, and checking the VIN, it did indicate it was a 1986 Chevy Custom Deluxe, gray in color. The veh. displayed WI RP# CD54905 and did appear to be in refurbished condition. Inspecting the front end of the veh., I did note that it had a heavy duty plow assembly attached to the frame and front bumper area. I did note that the front grill area was consistent with our hit & run suspect veh. and in checking the plastic & chrome light trim pieces, it did appear that the screws had been replaced on those items and had been replaced with torques head screws. I did note that the inside screws holding the main grill frame to the front end did appear to be in a rusted condition. In further checking the veh., I did not note any damage to the fan shroud and in inspecting the right front end of the veh., it did appear that there was a possibility that the right front fender had been replaced, as it didn't show as much wear or rust as the left front fender.

In speaking to MR. ROBERT VAN, he indicated to me that he had recently purchased the veh. approx. 3 months ago from a party by the name of DEAN FERRY and at this time it was MR. VAN's request to find out if the veh. had been checked and compared to our hit & run profile. VAN did indicate to me who he bought the truck from and he said he had no idea how long MR. FERRY had the truck before he sold it to him. I did indicate to MR. VAN that it did appear the truck had been modified, but it was important at this time to speak to the former owner to find out when any modifications had been done to the truck.

At the time I was given this Crimestopper report, I was on my way into the department for court at 1000 hrs. and was unable to complete follow up on the first day. I will complete

follow up on this incident on 02-05-00.

02-05-00 @ 0800 hrs.: I, Deputy E. Glaeser, did speak by telephone to MR. DEAN FERRY in regards to this incident. MR. FERRY acknowledged that he had recently sold the veh. to ROBERT VAN and when I questioned him in regards to any modifications he had done to the truck, he told me that the truck was in very good shape when he bought it in February of 1999 and the only modifications that he did to the truck was to put some sport stripes on the side of it. According to MR. FERRY, he bought the truck from a co-worker, and at this point he wasn't sure what the co-worker's name was. MR. FERRY did indicate that it was a strong likelihood that the old registration papers and purchase contract that had that particular party's name on it would be in the glove box of the truck. MR. DEAN FERRY told me that if I would call him back later in the morning, he would more than likely be able to provide that information.

02-05-00 @ 0820 hrs.: I, Deputy E. Glaeser, was recontacted by DEAN FERRY and he provided a name of CHRISTOPHER J. BOTTERON as the party he had purchased the veh. from in February of 1999. In speaking further with MR. FERRY, I asked him if he had put the hardware and assembly for a plow on the truck after he bought it, and he told me that all the plow hardware was on the truck when he purchased it from BOTTERON. FERRY was able to provide me with a phone # for CHRISTOPHER BOTTERON and he again stated he bought the truck from BOTTERON in February of 1999.

02-05-00 @ 1015 hrs.: I, Deputy E. Glaeser, made telephone contact with CHRISTOPHER BOTTERON. MR. BOTTERON acknowledged that he was the former owner of the 1986 Chevy Truck involved in this incident. BOTTERON told me that he did sell the veh. in February of 1999 to a DEAN FERRY, a party he worked with. According to BOTTERON, he did not do any body work on the veh. and the only alterations he made on the veh. through the entire time that he owned it was he put different tires on the truck. CHRISTOPHER BOTTERON told me that the torques head screws in the head light molding were apparently changed before he took possession of the truck and he stated that he could check his record, but he believed he bought the truck in October or November of 1997. BOTTERON said that the snow plow hook up and assembly was on the truck when he purchased it in 1997 and he never made any modifications to it. BOTTERON told me the did purchase the veh. from Terps and it was possible that Terps had done the body work prior to his taking possession of it.

Taking all this information into consideration and observing that the plow hardware and mounting assembly on the truck does appear to have been in a long standing state, that being covered with road grime and corrosion. It should be noted that even with a different set of tires on the truck, it would not match our suspect veh. profile and this particular veh. can be eliminated from our suspicion in our hit & run incident. Information on the veh. and the three parties I had contact with during this investigation will be entered into the FBI master computer. It should be noted that a check was made during this investigation and none of the parties were listed in the master file look up. EGlaeser/

It should also be noted that another subsequent check was made of the FBI program. It indicated this particular vehicle owned by CHRISTOPHER BOTTERON was checked in February 1999, indicating it was checked within a month of the accident. That particular entry indicated there was no damage on the vehicle.

No further action taken. EJGlaeser *ESTW* /bjc

01/10/00 @ 2030 Hrs.: MTSO received a Crime Stopper complaint about the RICK HOCHSTETLER hit and run accident. The caller stated there was a Chevy van with RP UFL164 which looked suspicious with a missing grill and replaced passenger door. The van was tan with a brown stripe, and it had a blue passenger door. The vehicle is being driven in the Baraboo area.

I, Lt. M. Bushman, made contact with Sgt. Schauf of Baraboo PD. He was advised of the Crime Stopper report, and I faxed him some details of the hit and run accident along with the Crime Stopper interview form. Sgt. Schauf advised me on the phone that he personally would make contact with the registered owner of the vehicle, ROBERT MITCHELL, who lives at [redacted] Oak St, Baraboo.

01/10/00 @ 2214 Hrs.: Sgt. Schauf called MTSO reference the request for follow-up. He met with the owner, ROBERT MITCHELL, and found the vehicle had been damaged in an incident in the City of Baraboo. The repairs made to the van did match the accident report filed on 03/08/99, Baraboo PD #99-1157. The damage was consistent with their report and not related to our hit and run.

This complaint can be closed out. MJBushman /bjc

01/09/00: I, Deputy A. Colborn, responded to MTSO Jail Lobby where I made with a subject who at this time wishes to remain anonymous. The individual informed me he had a "gut feeling" that THOMAS KORINEK may be a suspect for the fatal hit and run from S99-00242.

The individual showed me some evidentiary type items that he felt may implicate KORINEK. After reviewing the items, I informed the individual that at this time, I did not feel the items that he showed me had any bearing on incident S99-00242. I informed him that I do not feel these items implicate KORINEK in that incident.

At this time, it does not appear KORINEK is a suspect in incident S99-00242. No further action taken at this time, pending new information and/or evidence implicating KORINEK and/or eliminating KORINEK as a suspect. A copy of this incident should be forwarded to Incident Commander, Lt. M. Bushman, upon completion of typing.

It should further be noted an alpha check through WI State Patrol was run. Results show no vehicle matching the description of the suspect vehicle for incident S99-00242 is registered to KORINEK (see attached results of alpha check). ALColborn /bjc

05/10/01 @ 1130 Hrs.: I, Deputy E. Glaeser, was assigned to follow-up on this Crime Stoppers report. In checking the information, it indicated that [redacted] heard information from [redacted] that THOMAS SCHINDLER was going home in the direction of the fatal accident that happened in Manitowoc Co. along CTH CR near Silver Creek Rd.

I checked our in-house FBI file. It did not provide any information on THOMAS SCHINDLER. A check was made of in-house records, and it showed an Appleton address for SCHINDLER but no phone number. In checking with State Patrol, Dispatch provided an alpha check and according to the State Patrol, they listed no vehicles to SCHINDLER. In checking with Information, they provided a telephone number for SCHINDLER from Menasha.

I made numerous attempts to contact SCHINDLER but was unsuccessful.

An attempt was made to contact [redacted]. After several attempts at contacting him, I was unsuccessful.

05/15/01 @ 0945 Hrs.: I spoke to [redacted] in regard to this complaint. [redacted] told me that she had been given the information about SCHINDLER being a suspect from [redacted]. She relayed that [redacted] could confirm the information.

05/16/01 @ 0740 Hrs.: I was contacted by [redacted] in regard to this complaint. I questioned [redacted] about any information he may have on SCHINDLER operating the vehicle as reported by an anonymous complainant. [redacted] told me that was report was false and that he had no information whatsoever about SCHINDLER. He did not have any idea who would have reported such a matter. I asked [redacted] if he ever said anything about SCHINDLER possibly driving a white Blazer on the night of the fatal 10-50 on 01/10/99 on CTH CR. [redacted] told me he had absolutely no information and he did not want to take a guess at who may have been responsible for that incident. [redacted] further relayed to me that he never made any statements in regard to any speculation about anyone being responsible for driving the suspect vehicle on the night in question.

02/12/01 @ 1048 Hrs.: I, Deputy Novak, was sent to check on a vehicle parked in a ravine area on the east side of I-43, just south of CTH P. A caller to MTSO felt this vehicle may be connected to the HOCHSTETLER hit & run incident.

The vehicle in question clearly visible from I-43 has no front end damage and appears to be a junked vehicle parked at the rear of the property located at [REDACTED] CTH P. The vehicle is also a Dodge Ram which is not the suspect vehicle in the hit & run incident.

No further action taken. RANovak *[Signature]* /bjc

This information received from Corrections Officer William Stricklin while at Central Control at approx. 2230 on 7-11-01 when Huber inmate returned to jail. This information was relayed to Sgt. Janssen for follow up. LH 957

I, Det. Sgt. Lenk, spoke to [REDACTED] regarding information that she believed was vital to the hit & run homicide investigation of S99-00242. [REDACTED] stated she knows that PETER AHRENS [REDACTED] a 1985 GMC truck, blue and silver in color. She stated, in January 1999, PETER became a very strange-acting person which ultimately resulted in a [REDACTED]. [REDACTED] believes that since then, PETER had the 1985 GMC truck in his possession. She knows the truck at that time had over-sized tires and a snowplow on the front of it. [REDACTED] stated the grill was damaged, she believes, by the snowplow, according to PETER. [REDACTED] said the damage to the grill was in the lower left corner and was approximately 7" x 5-1/2" in size. [REDACTED] stated she knows the plow was on in December 1998 and that PETER kept the plow on for the entire winter months. [REDACTED] stated she also knows that the grill on the truck was painted a shiny, silver color with black in the areas that were not painted.

According to the description of the Evidence that was left at the crime scene, the information supplied by [REDACTED] on this vehicle does not match the vehicle Evidence which we currently have. This Crime Stopper report can be considered closed. JMLenk /bjc

Information received from an anonymous source was that TIMOTHY CHRISTENSEN has a 1987 Chevy van with front end damage that he wants GREGORY MCCRACKEN to repair for him while he (CHRISTENSEN) is incarcerated at MTSO Jail. This van has been in storage for the last couple of years. CHRISTENSEN advised MCCRACKEN that he had the windshield replaced already but still needs the grill and front end repaired.

I, Det. Sgt. Lenk, checked the Jail records for January 1999 and found that CHRISTENSEN was not incarcerated during that time frame. In a record check for that time, it showed that CHRISTENSEN was the registered owner of a 1985 Chevy full-size van which at that time had WI RP TNM391, VIN [REDACTED].

I met with MCCRACKEN at an address of [REDACTED] 24th St, Two Rivers, to view the van which belonged to CHRISTENSEN. It was a mid-80s Chevy van with the entire front end replaced and no grill. The van was in poor condition. Several photos were taken of the van at this location. According to MCCRACKEN, CHRISTENSEN said he had some work done on this van at DRAMM COLLISION & REPAIR but that they did not finish the job.

This van was not the vehicle used in the hit & run fatal 10-50 due to the fact that the FBI Crime Lab has excluded vans from the list of possible vehicles. Also, the repairs done to this van would negate any possible evidence from this accident scene.

This Crime Stopper can be considered closed at this time. JMLenk /bjc

0	VERTZ	RONALD SR	W. B. 1945	[REDACTED]		CTH K, Whitelaw			

10-01-01 @ 1031 hrs.: I, Lt. Schetter, was notified by dispatch that a party was providing information ref. Crime Stopper # S99-00242 (HOCKSTETLER death investigation.) The dispatcher indicated that the female party appears to have some information and is turning over to the shift commander to provide any possible further information. The caller did indicate that she would identify herself, but wants to remain strictly anonymous and would only want her information available to investigators if in fact they need to call her back for further information. With this, I received the following identification of the caller as [REDACTED] address [REDACTED], phone [REDACTED], cell phone [REDACTED]

Crime Stopper provided the following information. They believe that a person that should be looked at is identified as a RON VERTZ whose family lives on CTH K and is considered somewhat secluded or very quiet. Caller stated that she is familiar with RON VERTZ, as she used to work in a local restaurant with a friend and met him on occasion. At or about the time of the HOCKSTETLER death, the caller indicated that she knew RON VERTZ had drove around in a Chevy Suburban type vehicle. She stated that she also noted that approx. two months ago, there are two vehicles sitting in the yard and the third one is no longer there. Several months ago, they also ran into RON VERTZ and asked him what had happened to his third Chevy Suburban in which he indicated that he had transmission problems with it and was working on getting it fixed. This struck her somewhat suspiciously, as there was two other Suburban in the driveway that could be used for parts and the fact that the Suburban had come up missing shortly after the HOCKSTETLER incident.

The caller also indicated that RON VERTZ would brag on several occasions that he would get highly intoxicated or drunk and then would drive on "no name roads" throughout the night until he sobered up on several different occasions.

The caller then indicated that she wants the Sheriff's Dept. to be aware of this information, as she continues to think about the information she provided that RON VERTZ may be the suspect in this matter and due to the fact that the family does not have a lot of social ties or friends that it would be easy for the information to be kept more secret. I informed the caller that this information will be passed onto an investigator and that if

10/03/01 Complaint forwarded to SGT.LENK, who assigned Det. Michel. Det. Michel and I discussed the incident and I agreed to accompany him to view the suspect vehicles when he makes contact. MJBushman

12/18/01: I, Det. Michel, along with D.I. M. Bushman went to the VERTZ residence located at [REDACTED] CTH K, Whitelaw, where we met with RONALD VERTZ, SR. Upon entering the yard, the 2 Suburbans mentioned in this report were observed parked amongst numerous other vehicles. Both Suburbans were facing the road and readily identified as not matching the grill description of the suspect vehicle.

In questioning VERTZ on the possession of Suburbans over the past 2 years, he identified the 2 currently at his residence and a third which he stated was not mechanically road-legal and had been transferred to use at a farm in northern WI. VERTZ stated this vehicle had been in inventory in his yard but had not been used due to its condition. VERTZ also stated that none of his vehicles received any front end damage, and he recalled having been checked near the time of the incident we were investigating by TRPD officers.

VERTZ was very cooperative and did allow us to look around the property as he has 10-20 vehicles in various conditions parked around the buildings. Most of these vehicles were Chevrolet products and appeared not to be operable. The vehicles of interest which were checked were: 1 Suburban bearing WI RP PCH319, expiring 2000; a second Suburban bearing WI RP HSM175, expiring 1993; a pickup truck bearing WI RP BE49539, expiring 1995; and 2 vans-- one a brown GMC, the second a white Chevrolet, each bearing no RPs. None of these vehicles displayed any indication that they were the suspect vehicle.

Through inspection of the vehicles located on the VERTZ residence and interview with VERTZ, it was concluded that the vehicles are not suspected in the investigation of incident S99-00242. There is no further follow-up intended reference this Crime Stoppers report.

10/10/01 @ 0900 Hrs.: I, Deputy E. Glaeser, was given information referred to me by D.I. M. Bushman in regard to follow-up on a possible Crime Stopper complaint for incident S99-00242. The information was that a female TRPD officer had taken a complaint on a different matter from [REDACTED] while at TRPD. While this officer was speaking with [REDACTED], he noticed the reward poster for information in regard to the HOCHSTETLER case. Apparently, [REDACTED] relayed information that his father, [REDACTED] had several vehicles that matched the description of the suspect vehicle. Specific information was relayed to the TRPD officer that one vehicle in particular was repaired by [REDACTED] specifically the grill area, front bumper, and bug deflector.

Note: I checked the in-house FBI computer program on both [REDACTED] and [REDACTED]. I noted there were no entries for either one of these parties on vehicles that had been checked in regard to our original incident.

An attempt will be made to contact [REDACTED] in regard to the specifics of this information. Due to the fact I had other calls and follow-up work to do, I will complete follow-up of this particular case upon my return to work on 10/13/01.

back that [REDACTED] contact me at MTSO.

10/15/01 @ 0500 Hrs.: I, Deputy Glaeser, received a telephone call from [REDACTED] and arrangements were made for me to speak with him at his residence at 0600 hours today.

10/15/01 @ 0600 Hrs.: I spoke to [REDACTED] at his residence in regard to this incident. Upon my first contact with [REDACTED] he was observed to be standing at the top of the staircase at his residence. He motioned for me to come into the residence. Upon entering the residence, I noted the heat was extremely intense in his apartment, and I estimated the temperature to be approximately 80 degrees. The subject identified himself as [REDACTED] and he told me that I would have to speak loudly because he was deaf and that his hearing aids did not work too good.

I entered [REDACTED]'S residence where he asked me to be seated in the living room. When I asked [REDACTED] if he knew why I was there to talk to him, he explained to me that he was "pissed off at [REDACTED] for not putting a new boiler in the residence. He stated his heat costs have been outrageous for the last year. He indicated that he was "pissed off" at his [REDACTED] for not purchasing a new boiler for the building. [REDACTED] told me, "I'm deaf, just about blind, and fucking crazy." [REDACTED] went on to tell me that he believes his father is "as crazy as he is."

When I asked [REDACTED] if he knew the reason I was there to speak to him, he indicated it had to do with the hit & run and the HOCHSTETLER case. I asked [REDACTED] if it was true that he spoke to a TRPD officer in regard to the information on the hit & run. He indicated he spoke to Officer Peters and that he did relay information to her in regard to possibly suspecting his father as being the driver of the hit & run vehicle. [REDACTED] told me he "just wishes he had some solid evidence" that would indicate who might be possibly involved in the incident.

I asked [REDACTED] if it was true that he told the TRPD officer that one of his father's vehicle had sustained damage consistent with the hit & run. He told me that the more he thought about it, the more he believes his father is "just crazy." In speaking specifically in regard to evidence linking his father to this possible suspect vehicle, [REDACTED] told me the truth of the matter was that his father is a rather odd individual and he has been known to paint his whole 27' boat by hand with a paint brush.

The truth of the matter in regard to damage to his father's Suburban was that [REDACTED] thought it was quite odd that his father [REDACTED] took a bug deflector off the vehicle because it had a chip in it or because one corner of it was broken. [REDACTED] stated he noted his father used a paint brush and touched up some paint on the bumper. [REDACTED] told me the truth of it was he really had no evidence implicating his father may have been the operator of the hit & run vehicle in this particular case.

[REDACTED] did, however, tell me that he had been thinking about the incident recently and his concern was that his father, [REDACTED] was a bad alcoholic who had 5-6 drunk driving convictions on his record. He indicated that his father also had a tendency to register

vehicles in his, [REDACTED], name. [REDACTED] told me he was quite worried that through the police investigation, officers may find a vehicle that was operated by his father at the time of the hit & run but would have been registered to himself ([REDACTED]). [REDACTED] also told me that he knows his father, [REDACTED] has a Warrant out of SHSO for OWI. [REDACTED] told me that he has been trying to talk his father into coming back to WI to face up to his mistakes that he has made in the past and possibly enter an alcohol treatment facility.

I, Deputy Glaeser, asked [REDACTED] if he had any information that was pertinent to the hit & run investigation. He told me, at this time, he did not have any solid evidence or, for that matter, any evidence at all.

No further action taken. EJGlaeser *EJG* /bjc

10-09-01 1404 hours

On the above date and time, I, Officer Peters, responded to the Police Department to speak with an individual who requested to speak to an officer. Upon arrival, I spoke with complainant, [REDACTED]. I escorted [REDACTED] into an interview room and asked him what the problem was today. [REDACTED] replied that the problem was booze. [REDACTED] stated that his father, [REDACTED], has a problem with alcohol and needs to be helped. [REDACTED] stated that his father, [REDACTED] has a warrant in Shawano County for OWI and is hiding out in Florida using a fake ID. [REDACTED] also stated that his father owes taxes, and [REDACTED] afraid that he will be kicked out of the place he is living, due to outstanding bills.

[REDACTED] then informed me that he may have information regarding a hit and run that happened approximately 2 ½ years ago. [REDACTED] indicated that approximately 2 ½ years ago [REDACTED] had owned 3 Suburbans. [REDACTED] recalled waking up in the middle of the night and observing his father replacing one of the grills in the Suburban. [REDACTED] also saw [REDACTED] repainting parts of the Suburban near the bumper on the passenger side, and also noticed that a part of the bug deflector was broken. [REDACTED] stated that the Suburban was either cream or light tan in color and the bug deflector was either smoke colored or red. [REDACTED] stated that it is possible that his father [REDACTED] may have been involved in this accident.

I did make contact with Deputy Inspector Bushman of Manitowoc County Sheriff's Dept. I informed Bushman of the information regarding the Suburban information I had received.

It should be noted that [REDACTED] is very hard of hearing, and also appeared to be somewhat mentally unstable.

O MARQUARDT ¹⁴¹²²⁰⁶ MANNON M [REDACTED] [REDACTED] N Maribel Rd, Maribel [REDACTED]
V HOCHSTETLER ¹⁴¹²²⁰⁶ RICHARD D 05/13/81

01/10/02: I, Deputy A. Colborn, received contact from an MTSO employee who resides in the Village of Maribel who informed me that he observed a full-size Chevy pickup truck bearing WI RP 494508 in Maribel. This individual also informed me that the truck, in December, had a missing front grill, a large dent in the front bumper, and another dent on the right front fender. This individual now informs me that the vehicle has since been repaired. The individual told me that he first noticed the damage to the truck around the end of November 2001 and that the truck was damaged at least until the end of December 2001. This individual informed me that the next time he observed the truck, the damage was repaired, somewhere around the first week of January 2002.

A check of the RP (494508) revealed that it is assigned on a 1987 Chevy pickup truck belonging to MANNON MARQUARDT of [REDACTED] N Maribel Rd, Maribel. This would be the residence where the complainant informed me that he observed the truck parked.

02/02/02: I was finally able to make contact with the owner of the vehicle, that being MANNON MARQUARDT. I further observed the 1987 Chevy pickup truck which was dark blue in color parked in the driveway. I observed the vehicle to not have any front end damage whatsoever. I observed a small dent in the right front fender. Looking under the vehicle, I did not observe any type of biological evidence. I further observed the truck to be a 4-wheel drive vehicle.

Contact was made with MARQUARDT who identified himself as the owner of the vehicle. MARQUARDT stated he has owned the vehicle for approximately 2 years and when he purchased the vehicle, there was no front end damage. MARQUARDT stated, in November 2001, he struck a deer. MARQUARDT stated there should be an accident report on file with MTSO, although he could not recall the name of the officer who handled the car-deer accident. MARQUARDT further stated that he purchased the grill and front bumper from TISLER'S AUTO SALVAGE. MARQUARDT stated he repaired the vehicle himself at his garage.

A check of MARQUARDT through MTSO in-house did reveal that on 11/11/01 at 0535 hours, he reported a car-deer accident to Deputy O'Connor who did complete a non-reportable WI driver report of accident (see attached). On the accident form, the front of the vehicle is circled, indicating that the damage occurred to the front of the MARQUARDT vehicle.

At this time, the damage to the MARQUARDT vehicle does appear to be consistent with the damage listed on the driver report of accident by Deputy O'Connor. It does not appear that the MARQUARDT vehicle is involved in incident S99-00242. No further action taken at this time. A copy of this incident should be forwarded to Det. Sgt. Lenk upon completion of typing. ✓ALColborn /bjc

01/31/02: I, D.I. M. Bushman, received this Crime Stoppers Interview Form and complaint. The caller is anonymous and did not give a call-back number. The caller believes that AL and JOANN HOLTZ may know something about the accident because they did not feel any remorse after hearing about the accident. I do not believe that this information is valid enough to go and question AL and JOANN about this hit & run accident. The caller advised, at the time this complaint was filed, they would call back on Monday in the p.m.; however, that call never came. It is now approximately 1 month since this complaint has been filed and we still have not received a call-back validating any information that would be suspicious.

W GASSER LAVERNE (aka JACK) F [REDACTED] [REDACTED] CTH G, Crivitz [REDACTED]
V HOCHSTETLER RICHARD D 05/13/81

01/11/02 @ 1107 Hrs.: I, Lt. Schetter, was notified by Dispatch that a person was on the telephone, reporting information reference Crime Stoppers and the HOCHSTETLER hit & run fatal accident. With this, a phone call was placed through the Shift Commanders' Office to obtain further information.

I spoke with a male party who identified himself as LAVERNE (aka JACK) GASSER who resides on CTH G in Crivitz, WI. GASSER indicated that he observed a brownish Chevy pickup truck approximately 1 month ago in Marinette Co. that jogged his memory about the fatal accident which occurred in Manitowoc Co. GASSER further indicated that on yesterday's date, he observed a story on one of the local news stations, indicating that MTSO still has not located the suspect vehicle regarding this matter and provided a phone number. With this, GASSER once again checked the area where he last noted the Chevy pickup truck and confirmed that it was still at the location in Marinette Co. and wishes to notify MTSO of this possible vehicle.

GASSER also indicated that this vehicle is located approximately 20-25 miles east of Crivitz and that it is an older model Chevy pickup truck with damage to the front bumper, the grill is broken out in the upper right headlight area, and a piece of grill is missing in the lower left corner area. There also is no front RP attached to this pickup truck, and it appears to be parked on private property next to a lean-to.

GASSER further indicated that he would be willing to meet with an officer to take him to the vehicle in question so that they can inspect it further to see if it would be related to this criminal matter.

I made contact with MRSO and spoke to Sgt. Evancheck. I requested their assistance regarding this matter. Sgt. Evancheck indicated that they would assign an officer to meet up with GASSER, inspect the vehicle, take photos, and forward the photos to our dept. to see if further investigation is warranted. With this, I typed up a request and faxed it to MRSO, pursuant to the above information (see attached).

I request that the findings and any further information be forwarded to D.I. M. Bushman who is considered the lead investigator reference this matter. GJSchetter /bjc

01/28/02: I, D.I. M. Bushman, received a packet of information from MRSO Deputy Sgt. Matthew D. Evancheck. Sgt. Evancheck made contact with the witness in this complaint and was escorted to the suspect vehicle. There are 8 photos of a 1/2-ton red custom 1985-1988 Chevy pickup with MI RP 1469GQ, no expiration sticker is visible.

The photos show pieces of the grill on the passenger and driver side which are missing. Several key pieces of grill found at the HOCHSTETLER hit & run scene are still intact on this truck. The chrome bumper has a rounded, impact dent with the RP should be which would be consistent with striking a rounded object, something like a tree. There was no hood or radiator damage which is apparent from the photos.

I do not believe that this is the suspect vehicle we are looking in the HOCHSTETLER incident.

Contact was made by phone with Sgt. Evancheck. I thanked him for his assistance and the photos. MJBushman /bjc

To: Marinette Co. S.O.

We received a Crime Stoppers call reference a fatal hit and run accident that occurred in our county on Jan 10th 1999. The person calling resides in your jurisdiction and we are requesting your assistance to get some information from the vehicle in question.

The suspect vehicle we are looking for should be a 85-89 Chevrolet pickup, blazer, or van style with square type front grill. There should be damage to front grill area, with pieces missing.

Our caller is a Laverne (Jack) F Gasser. He resides at [REDACTED] Cth G Crivitz WI with a phone number of [REDACTED]. Mr. Gasser would be willing to meet with an officer and take the officer to vehicle in question.

Gasser indicates that he has observed a brownish chev pickup truck parked on some property about 20-25 miles east of Crivitz. This vehicle appears abandoned and has pieces of the front grill missing along with damage to front bumper. There is no front reg. plate attached to vehicle. Mr. Gasser would be willing to meet with an officer and take him to the location of this truck for an officer to check it out.

We are asking if an officer could meet with Mr. Gasser and inspect the vehicle further and pass along any information available. Things of interest to us would be a VIN number, color, year of vehicle, description of damage and anything else that of interest. We would also greatly appreciate some pictures of vehicle, concentrating on the front of the vehicle. If you could forward your findings to our Department sending it attention to Deputy Inspector Bushman ASAP

If you have any questions you can contact us at [REDACTED] and ask to speak with the shift commander.

Thanks for all your assistance.

Lt. Gregg J Schetter

02/20/02: I, D.I. M. Bushman, received this Crime Stoppers report in my drawer with the Crime Stopper Interview Form attached. The caller is listed on the form and he is an employee of MILLS FLEET FARM. While working, the caller did observe a black Chevrolet Suburban with no grill and driver side damage. The caller felt the vehicle may have been involved in the HOCHSTETLER fatal hit & run accident (S99-00242). This call was placed on 02/15/02 while the caller had the vehicle inside at FLEET FARM. No squad was immediately sent, and the vehicle left the area.

A possible RP is QRT821 or QRZ821. Both RPs were run through DOT as an auto and as a truck RP by Dispatch. There is no record for that RP.

Five attempts were made to contact PHILIP KOCH at his home phone of [REDACTED] and his cell phone of [REDACTED]. Messages were left on the answering machine; however, there was no response.

At this time, this complaint can be closed, pending new leads. MJBushman /bjc

08/16/02 @ 1135 Hrs.: I, Deputy E. Glaeser, was informed by D.I. M. Bushman of a Crime Stoppers complaint with information on a vehicle that could be connected to the RICHARD HOCHSTETLER incident.

08/17/02 @ 0558 Hrs.: I ran the RP of RCY445, and it indicated that the vehicle was registered as a 1986 Chevy van to JOHN BEHRMANN from Main St in Mishicot.

I responded to ██████ S Main St, Mishicot, where I observed the front end of the vehicle. It should be noted the truck in question is a gray Chevy _____ van, full-size, and it did have damage to the grill area and a dent to the front bumper. Attempts to contact BEHRMANN at his residence met with negative results.

It should be noted that one of the members of Dispatch is familiar with BEHRMANN. This party relayed that BEHRMANN damaged the vehicle by striking a tree on his own property within the last year.

08/17/02 @ 1100 Hrs.: I received a telephone call from BEHRMANN. He indicated to me that his vehicle had been checked earlier, near the time of the HOCHSTETLER hit & run. The vehicle checked out at that time. BEHRMANN stated he struck a tree on his property and damaged the front grill within the last 6 months. He further relayed that just the other day, he removed the rest of the grill pieces because he was afraid of them falling out onto the roadway. BEHRMANN was advised that I checked the front of the vehicle and it did appear that the damage was inconsistent with our hit & run complaint.

Information on BEHRMANN'S vehicle, his date of birth, and his address were entered onto the FBI program.

No further action needed. EJGlaeser

05/30/02: Information on this Crime Stopper was that RICKEY HAUCKE got rid of a van shortly after the fatal accident involving RICHARD HOCHSTETLER (see incident S99-00242). This is an invalid complaint due to the lack of information. There is no call-back number. The person remained anonymous and hung up before any information could be received. According to the FBI lab analysis which was done on the parts and pieces from the grill, a van is not a vehicle to be looked at; therefore, this Crime Stopper can be closed.

10/28/03: I, D.I. M. Bushman, took a phone call from RICHARD BUDA reference the RICHARD HOCHSTETLER hit & run (refer to incident S99-00242). BUDA is an over-the-road trucker who has the occasion to be in the Markesan area, making deliveries to the DEL MONTE FOOD PLANT. BUDA observed a burgundy, 1980s Chevy van which appeared to fit the description of the suspect vehicle in the HOCHSTETLER fatality. The van had right front damage, and it appeared to have a grill which did not fit for that particular model held in place in the front. It was parked "For Sale" at a white house at the intersection of CTH A and CTH S in Green Lake Co.

Contact was made with GREEN LAKE CO. SHERIFF'S DEPT. to assist with follow-up, and Det. TIMOTHY LUEPTOW was assigned the case. Det. LUEPTOW went to the location and took 10 digital representations of the van and then E-mailed them to my E-mail address at MTSO.

Inspector R. Hermann and I viewed all 10 of the photos provided. Both agreed that the van should not be considered a suspect vehicle in the HOCHSTETLER fatality. Several quick reasons include the style of the van (that being more of a deluxe model) and the configuration of the headlights and the grill which would be original in the van (it does not match the description of the pieces of evidence found at the scene).

The E-mail correspondence and 2 of the printed 10 photos are attached. ^{H0084} MJBushman /bjc

Deputy Inspector Bushman requested officer check a truck at [REDACTED] 26th St with WI registration [REDACTED]. He received an anonymous tip that this vehicle may have been involved in a fatal hit and run in Manitowoc County in 1999. I had phone contact with Dep Insp Bushman and confirmed this vehicle's grill did not match the grill of the suspect vehicle. Parts collected at the scene and retained as evidence. The owner stated he has owned the vehicle since at least 1989. Please forward to Dep Insp Bushman at MTSO ASAP.

10/28/03: I, Det. Remiker, spoke with D.I. M. Bushman reference this complaint. D.I. Bushman stated an individual by the name of MARC LECLAIR came to MTSO to provide some information reference the fatal hit & run accident on CTH CR which occurred in 1999 (see incident S99-00242). D.I. Bushman provided the following information to me reference his contact with LECLAIR.

LECLAIR stated he had some information to provide reference the hit & run fatal accident on CTH CR in which a young male subject was struck and killed by a hit & run vehicle. LECLAIR was bothered by some observations that he had the day after the accident occurred. LECLAIR identified a male subject by the name of CHOU HER. LECLAIR stated HER worked at NATURAL OVENS with him at the time of the accident. LECLAIR stated the day after the accident occurred, HER was late for work. LECLAIR thought this was very unusual because HER normally would arrive prior to other individuals arriving for work. LECLAIR stated he believed HER operated a pickup truck with a cap.

LECLAIR stated a call was placed to HER'S residence a day after the accident occurred because HER was not into work yet. LECLAIR stated HER'S wife answered the phone and indicated that HER was not home at the time. LECLAIR indicated that a second phone call was placed to HER'S residence. At that time, LECLAIR talked with HER who indicated that he was on his way to work. LECLAIR believed that this was very suspicious because the first call indicated he was not home and the second call indicated he was home. LECLAIR stated HER arrived at NATURAL OVENS with his son's vehicle which LECLAIR identified as a Mitsubishi. LECLAIR thought this was very suspicious. LECLAIR indicated that HER always drove an old pickup truck (he indicated he did not know the make or model). LECLAIR stated HER then began operating a newer vehicle which he believed was a Toyota Tundra shortly after the accident.

LECLAIR stated, once HER arrived at work, several individuals were looking outside of NATURAL OVENS, toward the scene of the accident. LECLAIR indicated there were "a hundred squads" outside near the traffic accident scene. LECLAIR stated HER refused or did not look outside as others were looking at the traffic accident scene.

LECLAIR stated another individual who he worked with by the name of TODD NEFF may have also had similar observations and may be able to provide further information.

D.I. Bushman indicated to me that he placed a phone call to a subject at DOT. Arrangements

were made to conduct a vehicle record check on CHOU HER which would indicate any vehicles registered or owned by CHOU HER in the past. Arrangements were made to have the record check faxed to MTSO.

10/28/03 @ 0939 Hrs.: The record check was faxed to D.I. Bushman. The record check dated back to 1996; and areas were highlighted on the record check, referring to CHOU HER'S vehicles. Upon reviewing the 8-page record check, it was noted that all vehicles registered and owned by HER were of a foreign make and model. One vehicle did reveal a 1993 Chevrolet make vehicle. Authorities have determined that the suspect vehicle involved in the hit & run is definitely a 1985-1989-year vehicle. Based on the records provided by DOT, CHOU HER did not have any vehicles owned or registered to him, similar to the vehicle being pursued as the hit & run vehicle.

It was determined to make contact with TODD NEFF in an attempt to obtain further information.

10/28/03 @ 1445 Hrs.: I, Det. Remiker, placed a phone call to TODD NEFF'S residence at [REDACTED] I received no answer at the residence.

10/28/03 @ 1820 Hrs.: I again attempted contact with NEFF but met with negative results.

10/31/03 @ 0850 Hrs.: I attempted contact at NEFF'S residence and again received no answer.

10/31/03 @ 1450 Hrs.: I placed a phone call to NEFF'S residence but met with negative results.

11/01/03 @ 0840 Hrs.: I called Information who provided me with the same phone number for NEFF at the S 7th St address.

11/03/03 @ 1905 Hrs.: I attempted contact with NEFF again but met with negative results.

11/07/03 @ 0915 Hrs.: I attempted contact with NEFF but met with negative results.

11/10/03 @ 0847 Hrs.: I again attempted contact with NEFF but met with negative results.

I will continue to attempt to contact NEFF for further follow-up on this incident. I believe contact with NEFF is vital, prior to conducting any further follow-up.

11/18/03: I, Det. Remiker, met with TODD NEFF at his address on S 7th St in the City of Manitowoc. I informed NEFF that I was investigating this incident reference the hit & run which occurred. NEFF was asked about an individual who he worked with at NATURAL OVENS around the time of the incident.

NEFF recalled CHOU HER as a co-worker of his. NEFF stated he recalled the date that the

accident was being investigated by officers outside of NATURAL OVENS. NEFF stated he did not see anything out of the ordinary, nor does he recall any actions by HER that would lead him to be suspicious of his involvement in the accident. NEFF stated he does not recall HER operating an older pickup truck during this time. NEFF stated he is positive that the only vehicles HER was operating at this time were of a foreign make. NEFF stated he knows that HER did not own or operate a 1985-1989 model pickup truck or this type of vehicle during the time. NEFF assured me that HER only operated vehicles such as Nissan, Isuzu, and Toyota trucks. NEFF stated he would recontact me if he could remember any other specifics reference this complaint.

I, Det. Remiker, went to CHOU HER'S residence on S 10th St in the City of Manitowoc. HER was not home at this time, but I spoke with several family members who were present. I was advised by the family members that HER has never owned a vehicle similar to what was described to the family. HER'S family stated all vehicles that HER operated in the past were of a pickup type of vehicle and either Isuzu, Toyota, or Nissan types. HER'S family stated HER did not own a Chevrolet or GMC type of vehicle similar to the make and model being pursued. HER'S family requested my business card which was provided to them for HER to contact me at in the future.

At this point, I believe there is no evidence to link CHOU HER or any of CHOU HER'S vehicles to this incident. In speaking with NEFF, he was clear that HER did not own or operate a vehicle similar to the vehicle involved in the hit & run. Also, records through DOT do not show a vehicle owned or registered to CHOU HER similar to the vehicle involved in the hit & run.

I will speak with CHOU HER once he contacts me to verify some information.

At this point, this case can be closed, pending any new leads. DERemiker /bjc

Contact was made with CHOU HER at his residence. A discussion took place with HER reference him owning any vehicles within the time frame of the suspect vehicle involved in the hit & run accident. HER was very consistent with his information, including the vehicles that he owned and had registered at the time the accident occurred. HER stated he never owned a vehicle at the time of the accident between a 1985 and 1989 year of vehicle. HER indicated the only American-made vehicle that he owned around that time was a 1993 Chevrolet vehicle.

All indications are that CHOU HER or any vehicles owned by CHOU HER were not involved with this accident. This incident can be closed. DERemiker /bjc

11/17/03 @ 1845 Hrs.: I, Det. Remiker, received a phone call from an anonymous source, stating that he had some information reference the fatal hit & run accident on CTH CR in 1999. The informant advised me that he heard TIMOTHY CHRISTENSEN may have been involved in the fatal accident. The informant stated he has spoken to individuals who work with CHRISTENSEN at BURGER BOAT in the City of Manitowoc. The informant stated employees from BURGER BOAT are hesitant to contact law enforcement to provide the information because they are afraid of CHRISTENSEN. The informant stated the suspect vehicle involved in the accident was a green Chevrolet van which CHRISTENSEN purchased from FL and drove to Manitowoc with. The informant stated CHRISTENSEN received some repair work done on the van at a location on STH 42, north of Two Rivers. This was all of the information that was provided to me. The informant stated he wished to remain anonymous.

11/18/03 @ 1300 Hrs.: I contacted the DMV and spoke with a male subject by the first name of "DOUG." DOUG stated he would be able to provide information to me from the DMV records which would contain registered vehicles registered to TIMOTHY D. CHRISTENSEN from the City of Manitowoc.

11/18/03 @ 1350 Hrs.: I received a fax from the DMV. This information contained data, showing that TIMOTHY D. CHRISTENSEN from the City of Manitowoc had a 1985 Chevrolet truck registered to him. I was informed that the vehicle had been re-registered to a different owner, as of 07/28/03. The 1985 Chevrolet truck contained a VIN of ██████████ The vehicle previously contained a WI RP of TNM391.

Upon running the VIN from the 1985 Chevrolet van, I found that it is now registered to MARY KLEIN.

I was able to identify the location where the informant stated CHRISTENSEN received repair work done to the vehicle. I found that the repair shop located at the corner of STH 42 and E Hillcrest Rd is DAMM AUTO REPAIR.

I checked KLEIN'S residence on Marshall St in the City of Manitowoc on numerous occasions but was not able to locate the suspect van.

11/18/03 @ 1530 Hrs.: A gold-colored van was parked on Marshall St, in front of [REDACTED] Marshall St. The van contained WI RP NJR245. Upon running this RP, I found the VIN matched the VIN on the van which had previously been owned by CHRISTENSEN. Upon visual inspection of the van, I was not able to identify any obvious damage or obvious repair work done to it.

I, Det. Remiker, was able to locate an MTSO incident from 06/30/01, during which Lt. Lenk conducted follow-up reference the same suspect vehicle (see incident #S01-05773). At that time, it was determined by Lt. Lenk that the van was not involved in the accident.

11/18/03: Sgt. A. Colborn and I went to DAMM AUTO REPAIR in an attempt to speak with the owner. We were not able to locate anyone at the repair shop.

We went to DENNIS DAMM'S residence in the City of Manitowoc, but we could not locate him.

11/19/03 @ 1420 Hrs.: Sgt. Colborn and I went to DAMM AUTO REPAIR where we met with DENNIS DAMM who was given the information reference our investigation. DAMM stated he would be willing to provide some paperwork for review reference some auto body repair done to the 1985 Chevrolet van. DAMM explained that the suspect van was on his property for a lengthy period of time, even prior to the accident.

DAMM recalled that CHRISTENSEN had been involved in a traffic accident with another vehicle and was awaiting some repair work done. CHRISTENSEN had a work estimate completed by DAMM on 06/15/99. The work estimate also detailed information that parts were ordered for the vehicle in 11/99. DAMM stated he knows that this vehicle was not involved in the pedestrian hit & run accident. DAMM stated this would not be possible because the vehicle was on his property, awaiting repair work, at the time the accident occurred. DAMM stated he also would be able to provide the VIN from the vehicle that he conducted repair work on. We asked DAMM to recontact us with the VIN to verify that the suspect vehicle was in fact the vehicle that he completed repair work on.

11/20/03: DAMM placed a phone call to me, verifying the same VIN as the 1985 Chevrolet van which is currently owned by MARY KLEIN.

MTSO in-house records were checked in an attempt to verify that CHRISTENSEN was involved in an accident which caused damage to his vehicle. There were 2 accidents in 1986 at which time accident reports were completed by MTPD. One accident was incident #M96-05787 which occurred on 06/17/96, Document #5130207.

Sgt. Colborn retrieved this Document from MTPD. The accident listed an accident date of 06/17/96 at 1814 hours. The individual listed as Unit #1 was CHRISTENSEN, operating a 1985 Chevrolet truck, brown in color. The vehicle's VIN matches the VIN on the vehicle which we have been investigating as a possible suspect vehicle. Upon further review of the accident report, it shows that CHRISTENSEN received moderate damage to the front and front quarter panel areas of the van. This information would be consistent with the information provided by DAMM, that CHRISTENSEN was involved in a different motor vehicle accident which would

There are no indications to link CHRISTENSEN or the 1985 Chevrolet van to the fatal hit & run accident on CTH CR (incident #S99-00242). No further follow-up will be done.

09/12/04: An anonymous caller gave MTSO the following information. He would not say why he feels this way, but he thinks a 1991 Chevy 1/2 ton pickup truck, white in color, owned by MICHAEL WAUTELET of Kewaunee may be the truck from the RICHARD HOCHSTETLER hit & run fatality accident (see incident S99-00242). He said MICHAEL and CATHERINE WAUTELET recently bought a new truck and may have either traded this one in or given it to their son. If they gave it to their son, it would still be registered in their names. The caller would not provide a phone number to call him back at but stated he would call me, D.I. M. Bushman, on 09/13/04 or 09/14/04.

The vehicle that the anonymous caller is referring to is actually a 1992 Chevy truck, white in color, bearing a VIN of ██████████

I, D.I. M. Bushman, did not receive a phone call reference this compliant.

A 1991 Chevy truck would not match the suspect vehicle in the HOCHSTETLER case.

A call was placed to Vehicle Records at DOT, phone of ██████████ I spoke with JOE and requested that a check be made of all vehicles listing to MICHAEL, CATHERINE, and KEVIN WAUTELET for the years of 1997, 1998, and 1999.

Within an hour, I received a call-back and the following vehicle information listed below was obtained (also, a fourth party by the name of MATTHEW WAUTELET with the same address was noted):

- MICHAEL & CATHERINE
 - 1991 Dodge auto
 - 1985 Dodge auto
 - 1996 Chevy auto

09/14/04 An anonymous caller gave MTSO the following information. He wouldn't say why he feels this way, but thinks a 91 white Chev. 1/2 ton pick-up truck owned by Michael Wautelet of Kewaunee may be the truck from the Hochstetler fatality. He said the Wautelet's recently bought a new truck and may either traded this one in or given it to their son. If they gave it to their son it would still be registered in their names. Caller would not provide a phone number to call back on but stated they will call DI Bushman 9-13 or 9-14. The vehicle the anonymous caller is referring to is actually a white 92 Chev. Truck with vin number [REDACTED]

I, DI Bushman, did not receive a phone call reference this complaint. A 91 Chev truck would not match the suspect vehicle in the Hochstetler case. A call was placed to Vehicle records at the DOT [REDACTED] and I spoke with Joe. A request was made to check all vehicles listing to Michael, Catherine, and Kevin in the year 1997, 1998, and 1999. Within an hour I received a call back and the following vehicle information listed below was obtained. Also a fourth party (Matthew) with the same address and last name was noted.

06/25/04: I, Det. Remiker, received information from Lt. Lenk reference information that GBPD Officer Bourdelais may have reference a hit & run fatal accident in Manitowoc Co. I received the information that Officer Bourdelais spoke with a male subject about a hit & run fatal accident in Manitowoc Co. approx. 5-7 years ago. Officer Bourdelais may have some information on who committed the act and what happened to the vehicle. I received information that the vehicle that was involved in the fatal hit & run accident was a Chevrolet pickup truck. I also received some phone numbers to make contact with Officer Bourdelais.

06/25/04: I attempted contact with Officer Bourdelais' cell phone. I left a voice mail on the recording.

06/28/04 @ 1420 Hrs.: I again attempted contact with Officer Bourdelais. I received the voice mail on his cell phone. I previously was informed that Officer Bourdelais works the shift from 1900-0330 hours.

06/28/04 @ 2000 Hrs.: I made contact with GBPD Dispatch. I was advised that Officer Bourdelais was on his days off.

06/29/04 @ 1516 Hrs.: I received 2 voice mail messages from Officer Bourdelais. Officer Bourdelais stated he has a male informant by the name of ██████████ who lives in the City of Green Bay who provided information about a possible hit & run fatal accident which occurred approx. 5-7 years ago. Officer Bourdelais identified the male subject involved with the possible accident as STEVEN MANDERS who lives at a Grant St address in the City of DePere. Officer Bourdelais provided the following information about what information he received.

Officer Bourdelais stated the vehicle was a 1978 Chevrolet pickup truck which was light gray and blue in color. Officer Bourdelais stated the front grill was smashed and that there was flesh and hair located on the truck and/or grill area. Officer Bourdelais stated ██████████ was told that MANDERS claimed to have hit a deer. He parked the vehicle at an uncle's residence for approx. 3 years. Officer Bourdelais stated the vehicle was then taken to a location described as LASH STEEL & RECYCLING in Brown Co. Officer Bourdelais stated the information he received indicated that this accident occurred just outside the Village of Denmark. Officer Bourdelais stated he believed the accident happened on a "main drive" just inside Manitowoc Co. Officer Bourdelais stated MANDERS was living across from a cheese factory in Denmark when the accident occurred. Officer Bourdelais stated ██████████ is an informant of his and provided this information that ██████████ received directly from

location in Calumet Co. but has since been directed to a location just outside of Denmark, inside Manitowoc Co.

Based on the information I received from Officer Bourdelais, there are several inconsistencies in the unsolved fatal hit & run accident involving RICHARD HOCHSTETLER (see incident S99-00242). The vehicle attempting to be located in the hit & run accident is a 1985-1989 truck. The unsolved fatal hit & run accident in Manitowoc Co. is not in the vicinity of the Denmark area, but there are some consistencies reference the time frame when the accident occurred.

I will conduct some further follow-up and attempt to make contact with MANDERS reference this incident. Further follow-up is forthcoming. DERemiker /bjc

- O KOZLOSKI 149889 PAUL B [REDACTED] Locust Rd, Little Suamico [REDACTED]
- O LASH STEEL & RECYCLING 220398 [REDACTED] Riverview Dr, Green Bay [REDACTED]

I, Det. Remiker, made contact with PAUL KOZLOSKI at LASH STEEL & RECYCLING in the City of Green Bay. KOZLOSKI stated he would check their records and determine the year of the vehicle which was turned over to the business for disposal.

I received a call-back which indicated that the vehicle which was turned over for disposal was definitely a 1978 Chevrolet pickup truck. Based on the information that was provided on the documents for the disposal records, there was no indication of any damage to the front portion of the vehicle. The vehicle has since been disposed of.

I have made several attempts to make contact with STEVEN MANDERS reference this complaint. I received information previously by Officer Bourdelais that MANDERS resides at various hotels within the City of Green Bay. MANDERS does not have a permanent residence where he can be contacted at.

Based on the information that I received from the GBPD officer and LASH STEEL & RECYCLING, all indications are that the information received is not consistent with the information from the HOCHSTETLER hit & run incident. The vehicle that was allegedly involved in the accident was prior to the time frame identified as the vehicle used in the accident. With the exception of the vague time frame when the accident occurred, there is no additional information that would be consistent with the unsolved hit & run accident.

Unless I receive further information on the whereabouts of STEVEN MANDERS, I believe that no further follow-up is necessary and this incident can be closed. DERemiker /bjc

V HOCHSTETLER RICHARD D ¹⁴⁶⁰³⁴ 05/13/81

03/30/04 @ 1130 Hrs.: I, Det. Remiker, went to a location just south of [REDACTED] CTH CR, Manitowoc. I received information previously by Sgt. A. Colborn that there was a vehicle parked on the property which may be a suspect vehicle in the fatal hit & run accident from 1999 (incident S99-00242).

I walked the property and observed the vehicle which was severely damaged. The vehicle did not contain an engine. Based on my observations, it looked as though the vehicle had been parked at this location for several years. The vehicle contained a 13-digit VIN, that being [REDACTED]. Dispatch ran this VIN; however, it came back "Not on File." I was advised that the 13-digit VIN on this vehicle would indicate that the vehicle is a pre-1980s model. The vehicle also had a front end grill which contained a single, round headlight assembly.

All indications are that this would not be a suspect vehicle for the fatal hit & run accident on CTH CR in 1999. All indications are that the vehicle is a junked vehicle that has been parked at this location for numerous years.

No further follow-up is needed. DERemiker /bjc

07/09/04 @ 1130 Hrs.: I, D.I. M. Bushman, was handed this complaint reference the possibility of a RICHARD HOCHSTETLER hit & run fatal accident vehicle. I attempted several contacts with the complainant, GEORGE MOTT, from 1130-1225 hours. This resulted with no one answering at the phone number which MOTT provided.

I attempted contact with the vehicle by taking an unmarked unit and going to 141 SPEEDWAY. No vehicle matching the description provided was located.

According to the 10-28 attached to this complaint, the vehicle comes back to RONALD ROZUM from Polifka Rd, Whitelaw. I completed a drive-by of the residence, observing a 1988 GMC truck with front end damage parked in plain view in the driveway. It was obvious from a distance that the vehicle parked in the driveway was not involved in the HOCHSTETLER incident because of the design of the front end of the truck. I took a closer look at the vehicle. I matched the 297F Farm RP which was provided by the complainant. This is not the vehicle involved in the HOCHSTETLER incident.

The grill, headlight assemblies, and model do not match those which we are looking for.

V HOCHSTETLER ¹⁴⁶⁰³⁴ RICHARD D 05/13/81
O KRAEMER (24281) SCOTT P [REDACTED] [REDACTED] S 23rd St #1016, Manitowoc [REDACTED]

03/10/04 @ 1815 Hrs.: I, Det. Remiker, received information from a male subject who wished to remain anonymous. The male subject stated he had some information reference the fatal hit & run accident on CTH CR (incident S99-00242). The male subject stated he observed an older model Chevy Suburban parked in a yard on Northeim Rd, just south of Carstens Lake Rd. The informant stated he looked at the vehicle and he believed there was extensive front end damage and repair done on the Suburban. The informant stated the vehicle is parked in a yard with a "For Sale" sign displayed and he did not observe any RPs.

03/11/04: I went to Northeim Rd, south of Carstens Lake Rd. I observed a gray-colored Chevy Suburban parked in the yard at [REDACTED] Northeim Rd. Upon visual inspection of the Suburban, I noticed there was a WI RP displayed on the rear of the vehicle, that being WI RP 957ARP. I attempted to obtain a VIN from the vehicle but was unable to locate one. I observed the front grill area of the vehicle. It looked like repairs had been done to it which included a new front grill, and the front headlight assembly was a single headlight which was round in shape. The vehicle was a Custom Deluxe 10 Chevrolet Suburban which also had some parking stickers on it from the State of TX.

I ran a registration check on the displayed RP which came back on a 1974 Chevrolet truck registered to SCOTT KRAEMER from the City of Manitowoc. Investigators are looking for a 1985-1989 Chevrolet vehicle with a single headlight assembly. This vehicle is several years older than the suspect vehicle.

I met with Inspector R. Hermann who agreed to go to the location where the Suburban was to verify that it was in fact a 1974 model. Without obtaining a VIN, it is difficult to determine if the vehicle is in fact a 1974 model. Inspector Hermann and I went to Northeim Rd and looked at the vehicle. Inspector Hermann verified that the vehicle is in fact an early 1970s model Chevrolet Suburban and does not fall within the 1985-1989 range of the vehicle which is being attempted to be located.

Based on my investigation and the information provided by Inspector Hermann, it is clear that the vehicle parked on Northeim Rd is not a suspect vehicle in the fatal hit & run traffic accident in 1999.

This incident can be closed. DERemiker /bjc

MTSO received an anonymous complaint of a vehicle seen at the UNI-MART located at █████ 16th St, Two Rivers, on 02/20/04, which matched the RICHARD HOCHSTETLER suspect hit & run vehicle. The suspect vehicle was described as a white van with a red pin stripe and "License Applied For Registration" on the rear of AC1892. There was cardboard in the grill, and there was no front RP. The caller felt this could be related to incident S99-00242.

Dispatch was able to obtain registration number AC1892 which was issued to BUDGET AUTO of █████ Pennsylvania Ave, Sheboygan.

Contact was made with TIM SMITH, a sales person at BUDGET AUTO. SMITH advised that the vehicle we are questioning is a Dodge cargo van, white in color. He was unsure if there was a red pin stripe. It may have been added since the vehicle was sold. SMITH advised there was cardboard in the grill because the current owner was having trouble with heating the vehicle. The current owner is HIRAM ROSALES ANDRADE of █████ Sheridan Ave #F8, Sheboygan.

Dodge cargo vans do not fit the description of the suspect vehicle we are looking for.

02/02/04 @ 1304 hrs. Deputy Siders received information from DI Bushman reference a male subject who had purchased a 1986 Chev van approx. six months ago with Wi RP of AN43711. Vehicle would match a description of a suspect vehicle used in the HOCHSTETLER hit and run fatality (homicide). He wanted to have deputies look at the vehicle to make sure this was not the vehicle used in the hit and run fatality.

I, Deputy Sider along with Sgt. Colborn, did respond to [REDACTED] S 24th St, Manitowoc. While at the residence, Deputy Sider and Sgt. Colborn did look at the vehicle. This was a 1986 Chev van, blue in color, the grill on this vehicle did not match the grill that was used in the hit and run fatality. The grill had the dual headlight pattern, we were looking for the head lamp over parking brake lamp grill. Also the damage to this grill was very minor, there was only one piece of the grill missing, this would be the top upper piece next to the hood. At that time we determined this was not the vehicle used in the hit and run fatality.

After leaving the residence, DI Bushman was contacted immediately and informed of the findings of this vehicle. No further law enforcement action taken. D. Siders /cb

01/12/04: I, D.I. M. Bushman, received a phone call from [REDACTED] who wished to remain anonymous. [REDACTED] wanted to report that shortly after the RICHARD HOCHSTETLER incident on 01/10/99, a Chevrolet pickup truck was parked in one of the outbuildings behind RONCALLI HIGH SCHOOL. The vehicle was owned by a janitor, WILLIAM KRAEMER. The truck remained in the garage for an extended period of time. [REDACTED] felt this truck matched the description which was given of the suspect vehicle in the HOCHSTETLER accident. No other information as far as color, year, or whether there was damage on the vehicle was given. [REDACTED] never saw the front of the vehicle; however, they thought it was suspicious because it was parked in the garage. [REDACTED] had no idea if the vehicle was still there or if it had been moved.

Contact was made with DOT, the Vehicle Records Division, phone of [REDACTED]. I explained to the representative what I was looking for as I have obtained information in the past in this fashion. They did a search for all vehicles which may match the description of the suspect vehicle.

Approx. 1 week later, information was received in the mail (see attached). The only vehicle that comes close to the description listing to WILLIAM was a 1987 Chevrolet truck. The attendant who did the search wrote in pen below the description "Chevy Suburban with auto plate--this is only one."

Information was provided to Deputy E. Glaeser who has assisted with numerous follow-up complaints in the HOCHSTETLER incident. He will make contact with WILLIAM at RONCALLI HIGH SCHOOL or at his residence to check the suspect vehicle. MJBushman /bjc

01/23/04 @ 0800 Hrs.: I, Deputy E. Glaeser, was given information from D.I. M. Bushman in regard to a possible suspect vehicle to check at RONCALLI HIGH SCHOOL. Information relayed to me was that there was a party by the name of WILLIAM KRAEMER who apparently owns a vehicle matching the description of our hit & run vehicle. This particular truck apparently has been stored in a garage on the west end of the property at RONCALLI HIGH SCHOOL. Further information relayed from D.I. Bushman was that the vehicle had been stored at this location for an extended period of time. The anonymous informant indicated they thought this was rather odd.

01/23/04 @ 0930 Hrs.: I made contact at the office of RONCALLI HIGH SCHOOL. Upon speaking with the Principal (MR. OLSON), I received permission to speak with WILLIAM KRAEMER in

regard to this vehicle. In speaking with the Principal, prior to meeting with WILLIAM, he did acknowledge that WILLIAM is a maintenance employee/janitor for RONCALLI HIGH SCHOOL. He stated WILLIAM has permission to have several of his personal vehicles stored on RONCALLI HIGH SCHOOL property, in the garage facilities. According to the Principal, WILLIAM is a valued employee and they look at the storage of his vehicles as a type of "fringe benefit."

01/23/04 @ 0940 Hrs.: I, Deputy Glaeser, spoke with WILLIAM in regard to follow-up on a Crime Stopper complaint reference the suspect vehicle. WILLIAM explained to me that he did in fact store his 1987 Chevy Suburban in a garage on the west end of the RONCALLI HIGH SCHOOL property. He further relayed that he would be more than willing to allow this officer access to the vehicle so that it could be checked over.

WILLIAM escorted me to an outbuilding/garage which was on the west end of the RONCALLI HIGH SCHOOL property. Upon entering the building, WILLIAM explained that he realizes he had special privileges at the school and he considers himself very fortunate to be able to store some of his personal property in the storage buildings. It should be noted, while I was en route to this storage building, WILLIAM informed me that he was quite glad to hear that officers are still investigating Crime Stopper tips in regard to the RICHARD HOCHSTETTLER hit & run incident. WILLIAM stated his son, LUKE KRAEMER, originally called in the complaint. WILLIAM stated LUKE is now an officer for WSP and he is stationed out of Sheboygan.

Upon entering the storage building, I noted there was a dark-colored Jeep which had a trailer and several snowmobiles behind it. WILLIAM stated this vehicle belongs to LUKE. In the rear corner of the garage, I noted there was a blue tarp hanging from the ceiling and it appeared that a section of the room was cordoned off. WILLIAM directed me to the rear section of this garage. He indicated this is where the truck is stored. WILLIAM stated this particular vehicle was a 1987 Chevy Suburban. WILLIAM stated he uses the truck very seldom. He primarily uses it as a tow vehicle when he goes camping in the summer.

In observing the vehicle, it did appear to be a full-size Chevy Suburban, blue and light blue in color. The description of the vehicle, the front end specifically, would be rectangular headlamps with a square and rectangular grill. The center Chevy emblem inside the grill was large in nature and chrome in color. In observing the front headlights and headlight trim, I noted all parts did appear to be complete on the vehicle. In touching the front grill area, it did appear that one of the fasteners may have been broken from the right side of the grill, as the grill did swing out several inches, if it was manipulated by hand. There did not appear to be any missing parts of the grill or headlamp trim areas.

In speaking to WILLIAM, I noted to him that this particular vehicle was in quite nice condition and it was apparent that it had been well taken care of. WILLIAM stated the vehicle does not get used on a regular basis. He further stated that his son or his son-in-law rebuilt the vehicle for him in the past. In checking the body lines on the vehicle, I noted it was apparent the vehicle had been painted sometime in the past as in observing the door post between the front and back doors on the driver side, there was an area where

the paint undercoat had not been feathered completely. It was apparent that the vehicle had been painted sometime within the recent past.

It should be noted, while I was checking the vehicle for damage, I was speaking to WILLIAM as he was standing in my near proximity. WILLIAM stated LUKE apparently had been coming home from the City of Manitowoc on the evening of the hit & run. LUKE apparently drove past the victim while he was traveling on CTH CR. According to WILLIAM, LUKE turned around and went back to the area where he located something on the side of the roadway. This was later determined to be the remains of RICHARD HOCHSTETLER. According to WILLIAM, when LUKE saw all of the blood, he realized it was a body. At that time, he traveled to the City of Manitowoc and called the incident in.

WILLIAM was asked to open the hood on the vehicle so that I could check the radiator and the fan cowling. He did comply with my request. In checking the engine compartment, I did note that the fan shroud was complete and it did not appear to be damaged.

At this point, I cross-referenced the VIN as provided by D.I. Bushman with the one displayed on the vehicle. The VIN was [REDACTED]. The RPs displayed on the vehicle were 324FBS. In running a 10-28, it did indicate that the RPs are for a 1987 Chevy Suburban, registered to WILLIAM M. or CINDY M. KRAEMER of [REDACTED] S 26th St, Manitowoc.

Upon confirming the VIN and the RP, I further asked WILLIAM if the vehicle had ever been checked during the hit & run investigation. WILLIAM stated he believed that Sgt. Senglaub had checked over the vehicle very early in the investigation. I noted that I would be checking that information, in the hopes it had been entered on our FBI program. WILLIAM also offered to me that his family owns another Suburban similar to the description of this one. He stated this was the plow truck that he keeps at his residence. I informed WILLIAM that at this point, I would not be checking that vehicle but I would note it in my report.

Upon exiting the RONCALLI HIGH SCHOOL facility, I made a telephone call to D.I. Bushman, relaying to him my findings reference inspection of the vehicle. I informed D.I. Bushman that this particular vehicle does appear to be a type match for our hit & run vehicle. I further indicated to him that WILLIAM KRAEMER was very cooperative in allowing access to the vehicle and with the vehicle's present condition, it did not appear to have damage, other than a loose grill piece on the front right side.

D.I. Bushman was informed that according to WILLIAM, it was his son, LUKE, who called the incident in. D.I. Bushman was able to acknowledge this fact. D.I. Bushman further stated that the anonymous caller who revealed the information of the vehicle's location relayed to him that LUKE apparently suffered some type of stress as a result of finding RICHARD HOCHSTETLER and allegedly sought out counseling or guidance from the priest at RONCALLI HIGH SCHOOL very near this incident time frame. I further indicated to D.I. Bushman that every attempt would be made to verify the contact information on WILLIAM'S vehicle and to attempt to verify if the vehicle had been checked in the past.

01/28/04 @ 2030 Hrs.: I, Deputy Glaeser, spoke to Deputy Raube in regard to the FBI

program. I asked Deputy Raube to be sure that the program was accessible and available for verification of vehicles.

I, Deputy Glaeser, further spoke at this time with Sgt. Senglaub, asking him if he remembered a party by the name of WILLIAM KRAEMER. Sgt. Senglaub acknowledged in the affirmative that he realized who WILLIAM was. He stated WILLIAM is the janitor and maintenance man at RONCALLI HIGH SCHOOL. I asked Sgt. Senglaub if he ever checked any of WILLIAM'S vehicles in regard to the RICHARD HOCHSTETLER hit & run investigation. Sgt. Senglaub indicated to me that he could not recall ever checking any of WILLIAM'S vehicles in regard to the hit & run.

01/29/04 @ 0400 Hrs.: I, Deputy Glaeser, cross-referenced the FBI data program for information on WILLIAM KRAEMER'S vehicle. I met with negative results. The vehicle was checked by VIN, by RP, and by WILLIAM'S last name. All searches met with negative results. It does appear that the information on this particular vehicle or any vehicle owned by WILLIAM had never been entered into the system, although the possibility does exist that it may have been checked but the information was just not entered.

01/29/04 @ 1200 Hrs.: I, Deputy Glaeser, relayed the information in regard to this follow-up to D.I. Bushman.

This report can be ended, pending further follow-up. EJGlaeser /bjc

02/03/04: Deputy E. Glaeser believed there were several more questions that needed to be asked of LUKE KRAEMER, and they are listed below. LUKE is currently attending the WSP Academy and will be back to work on 02/17/04 at 1500 hours. On 02/18/04, LUKE works at 1400 hours; and on 02/19/04, he has a troop meeting to attend. LUKE works late nights on the weekends. Per District 3 Capt. Pichette, we should go ahead and call him through the District 3 radio and have him call or come to MTSO. LUKE may come in to MTSO on-duty.

Questions:

1. The 1987 Chevrolet Suburban is stored in a remote location which aroused suspicion. Even inside the building, a tarp was hung to shield the vehicle from view. If used seldom, by whom? For what? When? Where?

RESPONSE:

RONCALLI HIGH SCHOOL has an annual fund raising candle sale. When the product arrives, it is stored in the same building and is open to the public to pick up the product for delivery to their customers. WILLIAM KRAEMER does not wish to answer parents' questions about his special fringe benefit privilege to park the vehicle on the RONCALLI HIGH SCHOOL property, so it is shielded from view. The vehicle is driven by WILLIAM to pull his camper up north in the summer months, maybe 7-8 times a year.

2. The vehicle is spotless and shows sign of recent repairing. WILLIAM, the owner, acknowledges the vehicle had body work done recently by his son or father-in-law's son. Deputy Glaeser's comment was that the vehicle was "spic & span clean." When

was it done?

RESPONSE:

The vehicle was repainted 5-6 years ago. There was no damage repaired, only rust fixed. As far as LUKE knows, the vehicle had never been repaired for front end damage. The vehicle was bought and used by WILLIAM.

3. LUKE located the victim while on his way home from the City of Manitowoc to his home address of [REDACTED] S 26th St. Where was he coming from? U-turn? LUKE left the scene and went into the City to report the accident. Why not home? Where was it reported?

RESPONSE:

LUKE and his friend (ANDREW SWETLIK) had gone to a dance club in Appleton the night of the incident. He was on his way home on CTH CR from dropping off friends in the City. He was driving a small Toyota car when he saw something unusual in the road. He thought it may be a body and turned around in the first driveway on Silver Creek Rd, east of CTH CR, to go back. He did not get out to check the body. He was now facing north and sped up into the City to report the incident at the SHELL STATION which he thought would be the closest phone open to the public at 0230 hours. When asked if he saw any police, he recalled seeing a squad EB on CTH CL, assuming they were headed for the gas pumps at DPW but did not see a squad at the gas station. He asked for a phone and was directed by the attendant to the pay phone. LUKE told the attendant he needed to call about a man struck by a car on CTH CR and was allowed use the regular line.

4. Deputy Glaeser felt the vehicle in storage is a very good match--the front grill, headlamp assembly, tires, and bumper height. Who checked it? WILLIAM stated he thought the truck may have been checked by Sgt. Senglaub. There is no record of the vehicle being checked in the FBI program on the computer. There is no in-house record it was checked. Sgt. Senglaub was questioned, and he responded, "I honestly don't remember. I know it wasn't at his house, maybe at school. I honestly don't remember."

RESPONSE:

WILLIAM told his son he was surprised no one from the police checked the Suburban.

5. A rumor reported LUKE needed extended counseling after finding the dead body. Counseled by whom? Can we talk to them?

RESPONSE: LUKE stated he did not receive counseling after the incident. He did talk with his parents throughout the weekend of the incident and for months after the incident, he admits he may have avoided driving through the area. He stated it still reminds him of the incident when he sees the cross which was erected on the side of the road near the accident site.

6. WILLIAM has a marriage relationship (father-in-law) with a body shop in Cleveland, that being KJ COLLISION REPAIR. The current body shop owner has a first name of "KEN" and is approx. 52 years old. The shop is in Cleveland, on Dairyland Dr, and is in the business subdivision just south of the old WAYSIDE.

RESPONSE:

WILLIAM'S Chevrolet Suburban was repainted at KJ COLLISION REPAIR. There was no impact damage, just rust.

02/17/04 @ 1510 Hrs.: LUKE came to MTSO for an interview and to meet with Lt. Lenk, Det. Jacobs, and me (D.I. M. Bushman) in the Admin. Conference Room. No one was in their office, and the outer door was closed. I advised LUKE of the purpose for meeting her in private and explained the nature of the questions. LUKE showed minor symptoms of nervousness (slight finger twitch), until he was advised of the reason for our meeting. Immediately, LUKE began to relax and sit in an open posture, displaying desire to be very cooperative. He answered all questions completely and without hesitation.

Det. Jacobs and Lt. Lenk were requested to observe body language and analyze answers as I proceeded through the list. Det. Jacobs was asked if he had any additional questions, and his response was, "Absolutely not." Lt. Lenk asked LUKE if he knew how long the vehicle was stored at RONCALLI HIGH SCHOOL, and he stated he thought it was there since 1997 or 1998.

It was our group's unanimous opinion at the conclusion of this interview that LUKE was telling the truth and showed no signs of deception in his responses to our list of questions. The final question: Would WILLIAM allow officers to look at his Chevrolet Suburban one more time? The purpose of the final check is to have someone with body shop experience view it and check for replacement of front end parts. He responded, "No problem."

Contact was made with WILLIAM, and arrangements were made to view the Suburban on 03/02/04 at 1330 hours. Inspector R. Hermann will accompany me to RONCALLI HIGH SCHOOL.

03/02/04: WILLIAM, Inspector R. Hermann, and I met outside of the storage building west of RONCALLI HIGH SCHOOL. After the first look at the Chevrolet Suburban in the storage building, it was obvious that it was not the suspect vehicle. This vehicle has a different grill and headlamp design which indicated to us that it is not consistent with the parts found at the scene.

This incident can be closed. MJBushman  /bjc

On January 10th 1999 at approximately 2:10am I was traveling Southbound on County Trunk CR. I then witnessed a body laying in the middle of county Trunk CR and Silver Creek road. I turned around and headed North bound and went to Larry's Shell station to call the police to the location. I came back to the scene and noticed another vehicle stopped with her hazard lights on. I asked if she had called the police and she had called also. We then waited at the scene for police officers to arrive.

It also could be noted that as I was headed South bound the first time I did pass a ~~the~~ full size truck headed north bound, the truck did not have a cab.

On 1-10-99 about 5-10 minutes after 2am I was traveling NB on HWY CR and observed someone walking SB on the west side of the road approx 1/2 mile N of Silver Creek Rd. I proceeded NB to Viebahn and made a left turn and then made another (L) turn onto Hecker Rd. I deliver papers and delivered 8 papers from the time I saw the subject and when I observed a subject lying in the middle of the road on HWY CR at Silver Creek Rd. After making the turn onto Hecker Rd. I traveled SB until Silver Creek Rd. and then made a left and proceeded to HWY CR. I made a (R) turn onto CR and observed some body laying in the middle of the road. There were no other vehicles around and I called 911 using my cellphone at 2:25 am. Between the time I observed the male walking and made a (L) turn on Viebahn I saw 2 cars and 2 trucks traveling SB on CR. I didn't observe the color or make of any of the vehicles. When I saw the body it was not moving. All 4 vehicles observed by me were not together and it was the 2 cars first and then the 2 trucks. Both trucks had caps on back. 02/03/04 Deputy Glaeser believed there were several more questions that needed to be asked of Luke Kraemer and they are listed below. He is currently attending Wisconsin State Patrol Academy and will be back to work, February 17, at 3 PM. On the 18th he works at 2 PM, and on the 19th he has a troop meeting to attend. He works late nights on the weekend. Per District Three Capt. Pichette, go ahead and call him through District 3 radio and have him call you or come to MTSO. He may come in to MTSO on duty.

Questions:

- 1) The 87 Chevrolet suburban is stored in a remote location which aroused suspicion. Even inside the building a tarp was hung to shield the vehicle from view. If used seldom, by whom? For what? When? Where? **Response:** Roncalli has an annual fund raising candle sale. When the product arrives, it is stored in the same building and is open to the public to pick-up the product for delivery to their customers. William Kraemer does not wish to answer parents questions about his special fringe benefit privilege to park the vehicle on Roncalli property, so it is shielded from view. The vehicle is driven by William Kraemer to pull his camper up north in the summer months, maybe 7-8 times a year.
- 2) The vehicle is spotless and shows sign of recent repainting. William Kraemer, the owner, acknowledges the vehicle had body work done recently by his son or father in-laws son. Deputy Glaeser's comment was that the vehicle was Spic & Span clean. When was it done? **Response:** The vehicle was repainted 5-6 years ago. There was no damage repaired, only rust fixed. As far as Luke knows the vehicle had never been repaired for front-end damage. The vehicle was bought used by William Kraemer.
- 3) Luke Kraemer located the victim while on his way home from the City of Manitowoc to his home address of [REDACTED] S. 2^{6th} street. Where was he coming from? U-turn? Luke left scene and went into the city to report the accident? Why not home? Where was it reported? **Response:** Luke Kraemer and friends (Andy Swetlik) had gone to a dance club in Appleton the night of the incident. He was on his way home on CTH CR from dropping off friends in the City. He was driving a small Toyota car when he saw something unusual in the road. He thought it may be a body and turned around in the first driveway on Silver Creek Road east of CTH CR to go back. He did not get out to check the body. He was now facing north and sped up into the city to report the incident at the Shell Station, which he thought would be the closest phone open to the public at 0230 hours. When asked if he saw any police he recalled seeing a squad eastbound on CTH CL assuming they were headed for the gas pump at DPW but did not see a squad at the gas station. He asked for a phone and was directed by the attendant to the pay phone. Kraemer told her he needed to call 911 about a man struck by a car on CR and was allowed to use the regular line.
- 4) Deputy Glaeser felt the vehicle in storage is a very good match. The front grille, headlamp assembly, tires, and bumper height. Who checked it? Owner stated he thought the truck may have been checked by Deputy Senglaub. There is no record of the vehicle being checked in the FBI program on computer. There is no in-house record it was checked. Deputy Senglaub was questioned, "I honestly don't remember, I know it wasn't at his house, maybe at school, I honestly don't remember." **Response:** William Kraemer told his son he was surprised no one from the police checked the suburban.

- 5) A rumor reported Luke Kraemer needed extended counseling after finding a dead body. Counseled by whom? Can we talk to them? **Response:** Luke Kraemer stated he did not receive counseling after the incident. He did talk with his parents throughout the weekend of the incident and for months after the incident he admits he may avoid driving through the area. He stated it still reminds him of the incident when he sees the cross which was erected on the side of the road near the accident sight.
- 6) William Kraemer has a marriage relationship (father in-law) with a body shop in Cleveland, the KJ Collision Repair. Current body shop owner has a first name of "Ken" and is approximately 52 years old. Shop is in Cleveland on Dairyland Drive is in the business subdivision just south of the old wayside. **Response:** William Kraemer's Chevrolet Suburban was repainted at the KJ Collision Repair. No impact damage, just rust.

02/17/04 1510 hours Luke Kraemer came to MTSO for interview and met with DI Bushman, Lt. Lenk and Det. Jacobs in the Administration conference room. No one was in their office and the outer door was closed. DI Bushman advised Luke of the purpose for meeting here in private and explained the nature of the questions. Trooper Kraemer showed minor symptoms of nervousness (slight finger twitch) until he was advised of the reason for our meeting. Immediately he began to relax and sat in an open posture displaying desire to be very cooperative. He answered all questions completely, without hesitation.

Det. Jacobs and Lt. Lenk were requested to observe body language and analyze answers as DI Bushman proceeded through the list. Det Jacobs was asked if he had any additional questions and his response was "Absolutely Not." Lt. Lenk asked Luke Kraemer if he knew how long the vehicle was stored at Roncalli? The answer; Luke thought since 97-98.

It was our groups unanimous opinion at the conclusion of this interview that Luke Kraemer was telling the truth and showed no signs of deception in his responses to our list of questions. The final question. Would William Kraemer allow officers to look at his Chevrolet Suburban one more time? The purpose of the final check is to have someone with body shop experience to view it and check for replacement of front-end parts. His response "No Problem."

Contact made with William Kraemer and arrangement made to view the suburban 03/02/04 at 1:30 PM. Inspector Hermann will accompany me to Roncalli.

03/02/04 Inspector Hermann, DI Bushman and William Kraemer met outside the storage building west of Roncalli High School. After the first look at the Chevrolet Suburban in the storage building it was obvious it was not the suspect vehicle. This vehicle has different grille and headlamp design which indicated to us it is not consistant with the parts found at the scene. This incident can be closed. M.J.Bushman

01/29/04: I, Det. Remiker, received this incident reference some follow-up to a hit & run accident that occurred in 1999. Information was received by MTSO reference a vehicle that may have been involved in the fatal hit & run accident on CTH CR (incident S99-00242).

01/29/04 @ 1620 Hrs.: I made telephonic contact with ADAM HUSS. HUSS stated he purchased a van approx. 6 months ago from an elderly female subject from the City of Two Rivers. HUSS stated he responded to an advertisement in the HERALD TIMES REPORTER and purchased the vehicle from the elderly female subject. HUSS stated, at this point, he does not know the names of the elderly couple who he purchased the vehicle from. HUSS stated he knows that the husband of the elderly couple recently passed away. HUSS stated he was told by the elderly couple that the van had been placed in storage for approx. 5 years, prior to HUSS' purchase. HUSS stated the bottom portion of the van has been recently painted.

The vehicle currently is bearing WI RP AN43711. The vehicle's VIN is [REDACTED]. The vehicle is a 1986 Chevrolet van.

HUSS stated the vehicle is normally kept in the garage at his S 24th St address in the City of Manitowoc. HUSS stated he is available at 1530 hours. HUSS stated I was welcome to stop at the residence and enter the garage to look at the van at any time.

02/02/04 @ 1530 Hrs.: I went to [REDACTED] S 24th St, Manitowoc, and attempted contact at the residence, but no one was home. I entered the north garage door entrance and observed a blue-colored Chevrolet van. The van is a Beauville model of van. The van is a full-size van. Upon inspection, the van has a 4-headlight system in front of the vehicle. The van has 2 fog lamps behind the front, plastic grill area. Also, upon inspection of the hood and windshield area, I noticed that the hood looked to be the original, factory hood. I did not observe any color discrepancies inconsistent with the other top color of the van.

Based on the information on the suspect grill and headlight assembly, I believe the vehicle that I inspected was not the vehicle involved in the fatal hit & run accident.

No further follow-up is necessary /bjc
