Shortly after 0100 hours we received information from OCPD that they had located Jordan's 1972 Cutlass that was used in the homicide. The car was disabled at the 7-11, 122<sup>nd</sup> and May Avenue. I proceeded with other detectives to the location. Upon arrival we called for the manager to come in so that we might view the tape from the security camera. The manager arrived at approx. 0300 hours and Chris Jordan viewed the tape pointing out Demond Coleman in the tape. While at that location I assisted Detective DeMoss as he impounded and inventoried the 1972 Cutlass.
